Mark Literal(s) UNIVERSITY OF SCIENCE AND TECHNOLOGY OF CHINA 1958

CASE IDENTIFIERS

Serial Number 79338827 **Application Filing Date** Jan. 20, 2022 **Register** Principal **Mark Type** Service Mark **Publication Date** May 21, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a circular design with the Chinese characters "ZHONG GUO KE XUE JI SHU DA XUE" arranged within the top half of the circle and the wording "UNIVERSITY OF SCIENCE AND TECHNOLOGY OF CHINA" arranged within the bottom half of the circle. Centered in the circle is a design of a plum blossom. Within the blossom is an open book with four arches extending above them, ending in a rocket design. "1958" is also within the center of the blossom. **Disclaimer** "UNIVERSITY OF SCIENCE AND TECHNOLOGY OF CHINA" AND "1958" **Transliteration** The non-Latin characters in the mark transliterate to "ZHONG GUO KE XUE JI SHU DA XUE" and this means "UNIVERSITY OF SCIENCE AND TECHNOLOGY OF CHINA" in English.

Mark Literal(s) SHOPADVIZOR INTERCONNECTING PEOPLE & BRANDS

CASE IDENTIFIERS

Serial Number 79350108 **Application Filing Date** Aug. 02, 2022 **Register** Principal **Mark Type** Service Mark **Publication Date** May 21, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the blue stylized wording "SHOPADVIZOR", where the term "SHOP" is in thin font and the term "ADVIZOR" is in bold font. Underneath the wording "SHOPADVIZOR" is the phrase "INTERCONNECTING PEOPLE & BRANDS" in smaller blue stylized font. Above the term "SHOPADVIZOR" is the design of two overlapping magnifying glasses where the center is the image of a target. The outer magnifying glass is blue, the inner magnifying glass is orange, and the inner target is yellow. The target and magnifying glasses are separated by white borders throughout. **Color Drawing** Yes **Color Claimed** The color(s) blue, orange, yellow and white is/are claimed as a feature of the mark. **Disclaimer** "SHOP ADVISOR INTERCONNECTING PEOPLE & BRANDS"

RELATED PROPERTIES INFORMATION

GOODS AND SERVICES INFORMATION

For Semi-conductors based on arsenide and antimony, mixed v group four and five element alloys; semiconductors, including superlattice structures, infrared wave semiconductor lasers for non-medical purposes; longwave infrared spectral band lasers not for medical use; infrared lasers not for medical use; photodiodes; p-i-n photodiodes; lasers for industrial use; lasers for measuring purposes; lasers for scientific use; optical semiconductor amplifiers; semiconductor apparatus; semiconductor chips; laser diodes; laser equipment for nonmedical purposes; laser installations, other than for medical use; measuring, detecting, monitoring and controlling devices, namely, non-veterinary measuring and monitoring devices for measuring, monitoring and controlling milk quality parameters, detecting deaseases of dairy herd, measuring blood composition and physiological condition, diet monitoring, metabolism monitoring, optical mastitis detection, optical ketosis and acidosis detection, animal heat detection; diagnostic apparatus, not for medical or veterinary purposes, namely, apparatus for measuring, monitoring and controlling milk quality parameters, chemical milk composition, detecting deaseases of dairy herd, measuring blood composition and physiological condition, diet monitoring, metabolism monitoring, optical mastitis detection, optical ketosis and acidosis detection, animal heat detection; monitoring apparatus and instruments, namely, non-veterinary measuring, monitoring and controlling instruments for measuring milk quality parameters, detecting deaseases of dairy herd, measuring blood composition and physiological condition, diet monitoring, metabolism monitoring, optical mastitis detection, optical ketosis and acidosis detection, animal heat detection; physical analyzing apparatus other than for medical use, namely, spectroscopic liquid composition analyzers, quality analyzers, contaminant detection analyzers; physical analyzers other than for medical or veterinary use, namely, optical apparatus for analyzing milk and blood, other physiological liquid composition, quality and contamination; sensors, detectors and monitoring instruments, namely, tunable laser based

spectroscopic sensors, infrared optical spectroscopic sensors; spectrum analyzers, other than for medical use, namely, optical spectrometers, laser spectrometers; testing and quality control devices in the nature of laser based spectrometers for monitoring material composition, quality, contamination; testing apparatus for diagnostic purposes, not for medical purposes, namely, laser based apparatus for testing gas, liquid and solid composition by means of tunable laser absorption spectroscopy; biosensors in the nature of laboratory instruments for composition analysis by optical spectroscopy, detection of contamination or other agents for research and quality control use; sensors and analyzers, for agricultural use, namely, optical composition analyzers by laser spectroscopy for milk, blood or other biological sample; bioreactor sensors being electric sensors not for medical use; bioreactors for laboratory use; photoelectric sensors; dewing sensors being humidity sensors; humidity sensors; impact sensors being electric sensors; temperature sensors; pollutant sensors; smoke sensors; heat sensors; light sensors; electronic sensors; magnetic sensors being electric sensors; ultrasonic sensors; flame sensors being electric sensors; vibration sensors; infrared sensors; measuring sensors being electric sensors; fire sensors; motion sensors being electric sensors; pressure sensors; laser sensors being optical sensors; digital electric sensors; range sensors being sensors for the determination of distance; object detecting sensors being electric sensors; air quality sensors; sensors for determining temperature; electronic sensors for measuring solar radiation; oxygen sensors, not for medical use; Light Detection and Ranging apparatus being lidar apparatus; instruments for measuring milk quality parameters; apparatus for measuring milk quality parameters; devices for measuring milk quality parameters; liquid level sensors; liquid content sensors being electric sensors; liquid content analyzers; downloadable mobile apps being software for use with mobile devices for measuring, monitoring and controlling milk and blood content, for monitoring individual animal as well as group of individual animals for milk and blood content, managing the herd based on the content data in the form of nutrition control, veterinary treatment; downloadable mobile application software for measuring, monitoring and controlling milk and blood content, for monitoring individual animal as well as group of individual animals for milk and blood content, managing the herd based on the content data in the form of nutrition control, veterinary treatment; downloadable software for monitoring milk content of the farm animals, as well as monitoring health, nutrition and selection status for both individual and group of animals; downloadable software for management of dairy farms, namely, software for measuring, monitoring and controlling milk quality parameters, detecting diseases of dairy herd, monitoring feed efficiency, veterinary treatment efficiency; downloadable software for milk analysis in dairy farms for measuring, monitoring and controlling milk quality parameters, detecting diseases of dairy herd, monitoring feed efficiency, veterinary treatment efficiency

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Application service provider (ASP) services, featuring software for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; rental of computer software and programs for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; Platform as a Service (PaaS) featuring software for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management,

evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; Software as a service (SaaS) featuring software for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; Platforms for artificial intelligence as software as a service (SaaS) featuring software for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; Software as a service (SaaS) featuring software for deep neural networks for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; Software as a service (SaaS) featuring software for deep learning for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture; Software as a service (SaaS) featuring software for machine learning for dairy herd management, namely, for monitoring and analyzing economic data relating to dairy herd management, evaluating dairy herd feed efficiency, milk composition monitoring, herd selection management, veterinary treatment efficacy monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, and animal heat detection, for use in the field of agriculture

GOODS AND SERVICES INFORMATION

For Paper stock; digital printing paper; fiber paper; supercalendered printing paper; wood pulp paper; folders for papers

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For publishing of books, magazines, newspapers, brochures, flyers; publication of magazines; publishing of web magazines; multimedia publishing of magazines; publishing services for the publication of magazines; publication of books, magazines, almanacs and journals; electronic online publication of periodicals and books; consultation services relating to the publication of magazines; publication of electronic books and periodicals on the internet; motion picture film production services; production of cinematographic films; film directing, other than advertising films; motion picture song production; movie studio services; audio recording production; video production; production of audio entertainment services in the nature of production of multimedia content; photography services; audio and video editing services; videotape production; production of music; provision of video recording studio services; publication of books; electronic desktop publishing services; publishing of electronic publications; reference libraries of literature and documentary records

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Analogue to digital converters; antennas for wireless communications apparatus; contacts, electric; conductors, electric; electric circuits and electrical circuit boards; electric circuit closers; electric circuit interrupters; electromagnetic conduits; electromagnetic coils; electronic semi-conductors; electronic memory circuits; integrated circuit memory cards; receiving terminals for electrical and electronic signals; integrated RFID chip labels; flexible circuit boards; printed circuit boards; semi-conductors; semiconductor chips; semi-conductor memories; semi-conductor memory units; electrical circuit boards; multichip modules for RFID connection between paper and smartphone; commutators; switches, electric; transmitters for the

transmission of electric signals; transmitters for the transmission of electronic signals; transmitters of electronic signals; downloadable and recorded electrical engineering software for facilitating RFID-based communication; downloadable and recorded software for operating machines for producing interactive print products; memory apparatus, namely, integrated circuit with storage capabilities; memory devices, namely, integrated circuit with data storage capabilities; memory expansion modules; electronic coils; holders for electric coils; electric current breakers; electric circuit distributors; joining units in the nature of electrical contacts; electric switch plates; electrical switch assemblies, namely, membrane switches; aerials; electrical antenna transmission wire; antennas and aerials as components; antennas and aerials as communications apparatus; electronic components for aerials; computer chips; components for computers, namely computer servers for data processing; computer hardware for data storage; downloadable and recorded computer graphics software; downloadable and recorded computer operating systems; microchips; buffer memory devices for computers; intelligent gateway routers for real-time data analysis; servers for web hosting; downloadable and recorded computer software for use as an application programming interface (API) for advertising purposes; Internet of Things (IoT) range extenders in the nature of antennas; integrated circuit cards; smart card readers; IC card readers; integrated circuit chips; chipsets in the nature of integrated circuits; chip coils in the nature of electrical chip inductors; computer chipsets; computer chipsets in the; nature of integrated circuits for use in transmitting data to and from a central processing unit; blank electronic chip cards; electronic chip for the manufacture of integrated circuits; multiprocessor chips; radio-frequency identification (RFID) readers; electronic displays, namely, digital advertising signage; editing machines for movie films; film recorders; editing machines for movie films in the nature of a film cutting apparatus; film reproducing apparatus; film production apparatus in the nature of cameras; film recording apparatus; exposed camera film, exposed slide films; exposed cinematographic films; motion-picture cameras for self-developing film; scientific research and laboratory apparatus, namely, microscopes, computers; computer hardware for scientific research and laboratory apparatus, namely, neural-networks-engines; magnets, magnetizers; demagnetizers; magnets, namely for industrial use; audio/visual and photographic devices, namely microphones, cameras; apparatus and instruments for accumulating and storing electricity, namely electric accumulators; multimedia terminals, namely, computer terminals for displaying advertising; electric terminal controllers for computer terminals for displaying advertising; downloadable and recorded information retrieval software applications for displaying advertising; data processing apparatus

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For User interface design; graphic design services; computer security consultancy in the field of IT service management (ITSM); IT consultancy, advisory and information services; consulting in the field of IT project management; IT security services in the nature of protection and recovery of computer data; computer software design and updating; computer aided design services; computer aided design of molds; computer design services; new product design; design, maintenance and updating of computer software; design, maintenance, rental and updating of computer software; software design and development; design and development of data processing systems; design and development of data retrieval software; design and development of data processing apparatus; design and development of image processing software; design and development of operating system software; design and development of computer hardware and software; animation design for others; database design and development; graphic arts design for promotional displays; design of computer operating system software; design of computer databases; design of computer hardware; design of computer hardware and software; software design for others; computer system design; design of home pages; design of homepages and websites; design of information technology

systems relating to management; entertainment services, namely, model-making services used for production of special effects for use in motion pictures; design of optical components; design of optical and micro-optical components; product design in the field of communication tools connecting analog and digital media; smartphone software design; design of computer software for embedded devices; video game software design; design of telecommunications apparatus and equipment; business card design; graphic arts design; packaging design; design services for computer programs; graphic and graphic arts design services for print material and trade fair booth and exhibition booth for exhibitions; graphic illustration services; custom design of software packages; customized design of computer hardware; customized design of computer software; technical design for computer hardware communication tools connecting analog and digital media; technological design for communication tools connecting analog and digital media; technological design for computer hardware communication tools connecting analog and digital media; multidisciplinary visual design services; scientific design services for computer hardware communication tools connecting analog and digital media; scientific services and design relating thereto for computer hardware communication tools connecting analog and digital media; scientific and technological design for computer hardware communication tools connecting analog and digital media; programming of software for online advertising; Hosting an interactive website for advertising the goods and services of others; maintenance and updating of computer software; updating of software for data processing; consultancy in the field of software design; providing technical advice relating to computers and software; consultancy relating to software for communication systems; providing temporary use of on-line non-downloadable software for web site development; providing temporary use of non-downloadable software to enable content providers to track multimedia content; computer programming and software design; software development; software development, programming and implementation; development, updating and maintenance of software and database systems; development and maintenance of computer software; development of computer hardware and software; development of software for digital signal processing; development of software for automated business process discovery (ABPD); development of virtual reality software; development of software for multimedia data storing and recalling; development of computer game software; design of software for use with printing machines; design, development and implementation of software; design and development of multimedia products; design and development of software for control, regulation and monitoring of solar energy systems; design and development of software for website development; design of computer-based information systems relating to finance; computer programming; research in the field of computer programs and software; computer software research; consultancy relating to the maintenance and updating of computer software; consultancy relating to the computer hardware design, development and testing; software as a service (SAAS), namely, hosting an interactive website for advertising the goods and services of others; software customization services; maintenance of software used in the field of e-commerce; Software as service (SAAS) services feature in software for artificial intelligence content hosting for advertising purposes; programming of software for market research purposes; programming of software for evaluating customer behavior in online shops; programming of software for website development; computer software consultancy; software engineering; software engineering services for data processing programs; creation of computer software; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; maintenance of software for communication systems; maintenance of computer software; data mining; research in the field of artificial intelligence; providing temporary use of on-line, non-downloadable artificial intelligence computer programs on data networks that enable users to access the latest versions of AI software without installing them on their own computer systems, improve productivity, efficiency, and decision-making abilities by leveraging the capabilities of AI technology, reduce costs associated with investing in expensive hardware and software infrastructure required for running AI programs locally, increase accessibility by making AI programs

available over a data network, such as the internet, from anywhere at any time, utilize AI programs for a range of applications, such as natural language processing, computer vision, machine learning, and predictive analytics, benefit from the scalability and flexibility of cloud-based AI services, which can dynamically adjust computing resources to meet changing demand; website design; website development services for others; programming of web pages; building and maintaining websites; website development for others; hosting of web sites; computer programming for others in the field of web design; web site design consultancy; hosting web sites; updating websites for others; designing websites for advertising purposes; creating web pages for others; creating and maintaining websites; computer services, namely, hosting the websites of others; compilation of research information into computer databases; designing and developing webpages on the internet; IT consulting in the field of installing web pages on the internet for others; creation of websites for third parties; designing and implementing web sites for others; creating and maintaining web sites for others; design and creation of homepages and web pages; design and updating of home pages and web pages; creating electronically stored web pages for online services and the internet; providing information in the field of interior design via a website on the internet for others; technical research regarding communication tools connecting analog and digital media; research in the field of physics; scientific research; industrial research in the field of advertising and user experience; technological research advisory services in the field of advertising and user experience; Technological research in the field of advertising and user experience; computer aided industrial research in the field of advertising and user experience; computer aided scientific research services; technical research in the field of data processing for advertising and user experience enhancement; research in the field of computer hardware; research in the field of data processing technology; research in the field of communications technology; research relating to the development of computer hardware; research in the field of information technology; research relating to the computerized automation of industrial processes; research relating to the computerized automation of technical processes; research and consultancy services relating to computer software; research and consultancy in the design and development of computer hardware; research and development services in connection with physics; research and development services in the field of chemistry; research and development services relating to computer hardware; research relating to the development of computer software; research and development of new products for others; research in the field of technology provided by engineers; research to develop new products; technical research relating to computers; technical research in the field of aeronautics; technological research relating to computers; preparation of technological research reports in the field of advertising and user experience; technical research in the field of advertising and user experience enhancement; scientific research and development; Scientific analysis in the field of advertising and user experience enhancement; computer consulting in the field of social media advertising and user experience enhancement; computer consulting in the field of advertising and user experience enhancement; engineering services relating to information technology; information technology consulting; provision of information relating to information technology; outsource service providers in the field of information technology; creating and designing website-based indexes of information for others using information technology services; providing user authentication services using biometric hardware and software technology for e-commerce transactions; development of computer hardware for compression and decompression of multimedia contents; development of computer hardware for digital signal processing; development of computer hardware for audio and video operators; development of computer hardware for multimedia data storing and recalling; design and development of computer hardware architecture; design and development of software and hardware for signal amplification and transmission; design of computer hardware for audio and video operators; design of computer hardware for digital signal processing; design of computer hardware for multimedia data storing and recalling;

design of computer hardware for compression and decompression of multimedia contents; design of computer hardware for processing and distribution of multimedia contents; computer services, namely, design of computer information systems

RELATED PROPERTIES INFORMATION

International Registration 1689003 **International Registration Date** Jun. 30, 2022

GOODS AND SERVICES INFORMATION

For Machines for cutting, drilling, abrading, sharpening and surface treatment of fiber optic cables and electric cables; air compressors being machines; electrical hand tools, namely, compressed air guns; electric compressors being machines; compressed air tools being machines for installation of fiber optical networks; electric compressors being machines; electrical hand tools, namely, hand-held electric splicers, electric handheld crimpers, all for installing fiber optic networks; electrical drilling screw drivers for installation of fiber optical networks; air blown fiber installation tools, namely, compressed air guns and air compressors for use of compressed air for installation of fiber optical cable in cable channels, both being machines; air blown fiber pistol, namely, compressed air guns being machines for installation of fiber optical cable; tools for blowing and pressing of optical fiber or cable into pipes, namely, compressed air guns and air compressors, both being machines; installation tools for cables, namely, compressed air machines, electrical drilling screw drivers being machines, air blown fiber pistols being machines in the nature of pistol for installing fiber optic networks, compressed air guns being machines and air compressors being machines for use of compressed air for installation of fiber optical cable in cable channels; pipe cutting machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Education and teaching, namely, conducting classes and training in the field of fiber optical cable installation; conducting of trainings in the field of fiber optics and fiber optical cable installation; fiber optical training; tutoring, instruction and teaching regarding security technology, information technology, programming, IT management services, planning, design, installation and service of fiber networks or other types of communication nets, and related technology

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Retail store and online store services featuring fiber optics, cabling, electronic cables, optical cables, cable systems, hand tools for pipes and cables

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Maintenance and repair service of fiber optics, optical cables, electronic cables, cable system, fiber access terminals, cabling, transport net, measuring instruments, sensors, machines and apparatus for cutting, drilling, abrading, sharpening and surface treatment, electrical hand tools, electrical drilling screw drivers, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance; installation of fiber optics; installing optical cables and pipes; air blown installation in aerial tubes for access networks, namely, services for installation of optical fiber cables in aerial tubes using compressed air tools

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling of electricity; measuring instruments, namely, instruments for measuring the thickness of fiber optic cable parts, instruments for measuring properties of optical test signals transmitted or reflected in optical fibers and instruments for measuring the length and data transmission performance of fiber optic cables and networks; detecting and monitoring instruments, indicators and controllers, namely, instruments for measuring reflection, relaxation and length of fiber optic networks; optical sensors; instruments, apparatus and equipment for wireless transmission, namely, wireless optical transmitters; Downloadable computer operating programs for use in controlling and managing fiber optic networks in a fiber optic cable infrastructure; Downloadable computer programs for calculating the measurement of fiber optic cables and for assessment of performance of fiber optic cables and networks for use within the field of fiber optic networks and infrastructure; Downloadable computer operating software for controlling and managing computer hardware used in the field of fiber optic networks and infrastructure; Downloadable computer software for calculating the measurement of fiber optic cables and for assessment of performance of fiber optic cables and networks for use within the field of fiber optic networks and infrastructure; computer networks, namely, computer networking hardware; apparatus and instruments for electricity, namely, electrical cables with integrated fittings, namely, cordsets; cables for electricity, namely, electric cables and hybrid cables; electrical and electronic components, namely, connectors for electrical cables, ducts for electric cables, electric adapter cables, Ethernet cards, feeder cables, fiber interconnection cable, gender changers for coaxial cables, junction boxes for housing cable joints, junction sleeves for electric cables, power cable sheathes, audio and video receivers, audio and video transmitters, fiber optic transmitters and receivers, fiber optic amplifiers; electrical cables and wires; electronic cables; optical distribution frames, namely, fiber optic cables and protective sheaths for fiber optical cables; joint closures for fiber optical cables and optical distribution frames, namely, fiber optic couplings; fiber optical connectors, electrical connectors; Earthing apparatus, namely, cables for earthing

and grounding bushings and grounding clamps specially adapted for coaxial cables; optical cables; Signal cables for IT and telecommunication, namely, cables for optical signal transmission and data transmission cables; Micro-fiber cables, micro-electrical cables, nano-fiber cables, nano-electrical cables, electric connecting cables, optical connecting cable, electro-optical connecting cables; cables for data and signal transmissions and fiber optical cables for installation in duct systems; cables for data and signal transmissions and fiber optical cables for direct buried installation; cables for data and signal transmissions and fiber optical cables for air installation; cables for data and signal transmissions and fiber optical cables for indoor and outdoor installation; cables for distribution of electrical power; power cables; hybrid cables, namely, power and fiber optical hybrid cables; underwater telecommunication cables; cables for transmission of data; cables for optical signal transmission; electronical and fiber optical connecting cables; ducting for electric cables; Fiber optic cable terminal blocks; Fiber optic cable terminal cabinets for splicing fiber optic cable; Fiber optic cable terminal box for splicing fiber optic cable; fiber optic cable termination boxes; fiber optical cable distribution hubs, namely, fiber splicing cabinets with fiber optical cable splitters; fiber optics; fiber optical cable adapters; fiber optical cables; fiber optical couplings; coupling sleeves for fiber optic cables; housings for fiber optical cables; fiber optical cable termination panels; Fiber optical telecommunication apparatus, namely, optical distribution frames, optical distribution frames hardware enclosures, junction boxes for fiber optic cable splices, and metal cabinets specially adapted to protect telecommunications equipment in the nature of fiber optic cables for use within the field of fiber optic networks and infrastructure; fiber optics for transmission of sound and images; Fiber optic pigtails, namely, fiber optic cables with mounted connectors; junction boxes for housing of cable joints; Electro-optic transducer; Media converter, namely, customer premise equipment (CPE) in the nature of computer network hubs, switches and routers, residential network gateway routers (RG), set-top boxes, network modems, home computer networking adapters and computer optical network terminal (ONT); Replacement parts and accessories for the aforementioned goods included in this class, namely, stands specially adapted for telecommunication hardware, cabinets specially adapted to protect telecommunication equipment in the form of fiber optical cables, end caps for protecting cables and blow tips for blown fibers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Flexible pipes and flexible tubes and non-metallic fittings therefor and fittings for rigid pipes, all non-metallic; non-metallic flexible pipes for use underground; plastic flexible pipes intended for buried installation and blowing of fiber or cable

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, namely, namely, hand-operated cable splicers, hand-operated cable benders, hand-operated cable strippers, hand-operated cable cutters, hand-operated cable opener; sheath cutter being a hand-operated tool, namely, knife for stripping optical fibers and other cable cores; razor knives; multi purpose knives for cables and ducts; scissors, namely, hand-operated scissors for stripping optical fibers and other cable cores; pipe cutting tools, namely hand-operated pipe cutters; tools for tearing up pipes, namely, hand-operated cutting tools for tearing up pipes for micro cables and lose pipe cables; tools for tearing up micro ducts longitudinally, namely, hand-operated cutting tools for tearing up pipes for micro cables and lose pipe cables; cable openers, namely, hand tools for stripping optical fibers and other cable cores; micro cable inner tube opener, namely, hand tools for opening of inner tube of micro cables and stripping optical fibers and other cable cores

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Scientific and technological services, namely, development, testing and analysis of telecommunication equipment, data communication equipment, fiber optics, electronic cables and fiber optical cables; development of telecommunication equipment, data communication equipment, fiber optics, electronic cables and fiber optical cables for others; custom made design and development of fiber optical networks; design services relating to cabling and fiber optics; Engineering services, namely, technical project planning for fiber optic networks; consulting in the field of planning of electronic, fiber optic and electro-optic communications networks; technical advisory relating to planning of electrical communication networks and fiber optics; technical measuring services; Testing and evaluation of the goods of others to determine conformity with certification standards and quality control for others

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal products for use in communication networks, namely, non-electric cable joints and cable linkages of metal, poles of metal for electric lines, cable ducts of metal not for electric purposes, binding screws of metal for cables, clips of metal for cables; pipes, tubes and industrial hoses, and fittings therefor, of metal; cables of metal, non-electric, for data and signal transmission; copper cables non-electric, for data and signal transmission; non-electric cable boxes of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

Mark Literal(s) ENERGYTAG

CASE IDENTIFIERS

Serial Number 79352523 **Application Filing Date** Apr. 13, 2022 **Register** Principal **Mark Type** Service Mark **Publication Date** May 21, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized wording "ENERGYTAG." To the right of the wording is a design consisting of a series of oblong dots abutting a series of circular dots where the oblongs and circular dots are each arranged diagonally and appear as two halves of the same square-like shape.

RELATED PROPERTIES INFORMATION

International Registration 1689623 **International Registration Date** Apr. 13, 2022

GOODS AND SERVICES INFORMATION

For Business development, administration and management of energy rating schemes; advertising services; promotion of energy conservation and resource efficiency; promoting the sale of goods and services of others through the distribution of promotional material; collection of data in relation to energy production for business purposes; market research; business development services relating to energy supply; business management and administration; provision of commercial business information relating to energy industry; business information, advisory and consultancy services, all relating to the aforesaid services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Provision of information, advice and consultancy services relating to the production of energy and generating electricity

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Testing, analysis, and evaluation of the goods and services of others to determine conformity with certification standards; testing services, namely, product quality testing and testing the goods and services of others to determine conformity with certification standards; quality control for others, of goods and services and authentication services in the field of digital certificates; providing temporary use of non-downloadable cloud-based software for energy performance monitoring services; the commissioning of research into energy efficiency, namely, scientific research in the field of energy efficiency; technological consultancy in the fields of energy production; research into and testing of renewable energy generation equipment; scientific and technological services, namely, research and design relating to energy production equipment and

sources; scientific and technological service, namely, research and design in the field of energy production; energy auditing; providing information, advice and consultancy services relating to environmental testing and inspection; software development and research services all relating to evaluation of energy production; creating, maintaining and hosting web sites; providing information, advice and consultancy in relation to the aforesaid services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

CASE IDENTIFIERS

Serial Number 79352615 **Application Filing Date** May 26, 2022 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** May 21, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The trade mark consists of the fancy word roda (not translatable into italian), written in fancy characters, each letter being separated from the other by a vertical line; the mark may be reproduced in any colour and size. **Translation** The English translation of "RODA" in the mark is wheel.

RELATED PROPERTIES INFORMATION

International Registration 1689836 **International Registration Date** May 26, 2022

GOODS AND SERVICES INFORMATION

For Non-metal gazebo structures; portable gazebos not primarily of metal; portable buildings, not of metal; prefabricated garden structures, not of metal for storage; prefabricated garden sheds of non-metallic materials for storage; non-metal decking, non-metal fences, non-metal floor and non-metal wall panels, non-metal pergolas, arches being non-metal structural items, non-metal structural pylons for garden kiosks and open pavilions, non-metal beams, garden kiosks being non-metal open pavilions to use in the garden as a cover from the sun and weather for people who want to relax, non-metal utility poles, non-metal window screens, non-metal rails, portable gazebos not primarily of metal, non-metal portable buildings, prefabricated non-metal storage structures, non-metal garden sheds, non-metal open pavilions, namely non-metal frames, non-metal structural components being arches and pylons; garden ornaments of natural stone or concrete, including balustrades, columns, statues, columns and garden kiosks, excluding construction products; exterior roller window shades of plastic; non-metal exterior roll shutters

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Planters for flowers and plants; pot holder; cutting boards for the kitchen; cooking utensils, namely, cooking forks, serving fork, spatulas for kitchen use, serving tongs, meat tongs, pastry brushes, brushes for basting meat; household or kitchen storage containers of plastic for food; household barbecue cooking utensils , namely, barbecue forks, barbecue tongs, barbecue turners, cleaning brushes for barbecue grills ; kitchen or household utensils , namely, knife boards, knife blocks, knife rests, knife rests for the table, dishwashing brushes; barbecue gloves for household use; cooking pans; oven cooking utensils, namely, forks, tongs, turners; portable kits for cooking outdoors comprised of namely, forks, tongs, turners, cleaning brushes

for barbecue grills

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Carpets, doormats, textile floor mats for use in the home mats, linoleum and carpet tiles for covering floors; decorative upholstery of non-textile materials for use on walls, namely, non-textile wall paper

International Classes 27 - Primary Classes **US Classes** 19, 20, 37, 42, 50 **International Class Title** Floor Coverings

For Garden parasols for protection from the sun, wind and/or rain; frames for parasols; Adhesive coverings of leather for use on furniture

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Indoor and outdoor furniture; garden furniture, in particular chairs, seats, divans, armchairs, bean bag chairs, stools, footrests, tables, deck chairs, garden benches, beach chairs, beach beds, all the above goods in wood, cork, cane, wicker, rattan, bamboo, canvas, metal, combinations of the above mentioned materials or goods of plastic not included in other classes; cushions for divans and chairs; mirrors and furniture frames; letter boxes, not of metal or masonry; slatted outdoor furniture sun screens; screens of reed; beach beds incorporating wind shields; trolleys being furniture; fitted furniture; fitted coverings for furniture; flower pot stands; pedestals for flower pots

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Electric lamps and hanging lamps in particular for parasols and/or gazebos and/or garden tensile structures; equipment and installations for lighting, cooking, water distribution, namely, desk and floor lights for outdoor and garden lanterns, kitchen sinks incorporating integrated worktops, kitchen sinks, kitchen sink sprayers, cooking ovens, cooking stoves, smoke generators for cooking, apparatus for cooking, namely, cooktops; lighting apparatus, namely, lighting installations; ceiling lighting fittings; garden lighting installations; electrical lighting fixtures; cooking stoves; electric stoves; kitchen sinks incorporating integrated worktops; Extractor hoods for kitchens; cooking equipment and installations, namely, electric or gas ovens that can be used outdoors, electric or gas cooktops that can be used outdoors, modular kitchens that can be used outdoors; barbecue apparatus, namely, barbecue smokers, barbecues and grills, barbecue smoker cooking grates, barbecue smoker cooking grids, fitted covers for barbecue grills, roasting spits [electric] for use with barbecues; lamps for outdoor use; cooking hobs, namely, electric cooktops that can be used outdoors, gas cooktops that can be used outdoors; bakers' ovens; gas operated apparatus for cooking, namely, gas ovens that can be used outdoors, gas cooktops that can be used outdoors; smoke cooking units, namely, smoke generators for cooking; cooking apparatus, namely, roasting spits for cooking ovens; lanterns for lighting; water fountains; fireplaces

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Manufacture of indoor and outdoor furniture, lighting systems, outdoor kitchens and manufacture of outdoor products being outdoor furnishing complements namely outdoor hand-woven rugs, poufs, gazebo, screens, lanterns and planters, to the order and specification of others; custom manufacture of furniture

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Architectural services; architectural design and urban planning services; interior and exterior furniture design consultancy

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Transportable buildings of metal; framework of metal for building; metallic storage structures for use in the garden; modular metallic structures for use as garden gazebos; arches of metal namely, pre-fabricated metal architectural columns, metallic structures for arbors and kiosks for the gardens, namely, metallic structures for open pavilions; pergolas primarily of metal; metal gazebos; portable gazebos primarily of metal; storage shelters of metal; fire surrounds being mantles and mantle-pieces of metal; buildings, transportable, of metal; tent pegs of metal; outdoor roller shades of metal being metal exterior roller blinds for guiding light; tool storage containers of metal sold empty for storage of goods; chimneys of metal; fireplace grates of metal; modular steel chimney systems components in the nature of metal chimneys, metal chimney caps, metal chimney cowls; shelving frames of metal other than furniture being freestanding dividers; shelf supports of metal other than parts of furniture, namely, brackets; canopies of metal incorporating fixed or movable slats; component parts and fittings, excluding goods for building construction, namely, steel frames, stainless steel screws, bolts, and nuts, brass handles for doors and windows, zinc coated chains

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Registration 1690921 **International Registration Date** Feb. 11, 2022

GOODS AND SERVICES INFORMATION

For Surgical apparatus and instruments for medical use; medical and veterinary apparatus and instruments, namely, optical spectroscopic blood composition analyzers, spectroscopic optical blood analyzers, optical spectroscopic milk composition analyzers and bio-substance composition analyzers, all the aforesaid for veterinary purposes; artificial limbs; artificial eyes; artificial teeth; suture materials; massage apparatus; devices for blood analysis; sensors being apparatus for blood analysis; devices for measuring blood sugar; electric instruments for medical use in the diagnosis of blood being medical diagnostic apparatus for testing blood; medical diagnostic devices for measuring blood lactate; medical diagnostic apparatus in the nature of transdermal sensors, devices, and apparatus for performing blood analysis; medical diagnostic apparatus in the nature of handheld devices, apparatus, analyzers for blood analysis

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Semi-conductors based on arsenide and antimony, mixed v group four and five element alloys; semiconductors, including superlattice structures, and high electron mobility transistors structures; infrared wave semiconductor lasers for non-medical purposes; long-wave infrared spectral band lasers with rectangular, ridge or rib waveguide based on aluminum, gallium, indium, arsenic and antimony for industrial use; surface-emitting lasers not for medical use; infrared lasers not for medical use; quantum wells infrared photodetectors; type-II superlattice detectors; photodiodes; avalanche photodiodes, p-i-n photodiodes, quantum cascade lasers not for medical use; terahertz quantum cascade lasers not for medical use; Schottky diodes; heterostructural bipolar transistors; high-frequency high electronic mobility field transistors; resonant tunnel diodes; lasers for industrial use; lasers for measuring purposes; lasers for scientific use; optical semiconductor amplifiers; semiconductor apparatus; semiconductor chips; optical apparatus and instruments, namely, optical sensors, laser spectrometers, tunable wavelength lasers, spectroscopic sensors, liquid and gas composition analyzers, inspection apparatus, Frequency-

Modulated Continuous Wave (FMCW) LiDAR; laser diodes; laser equipment for non-medical purposes; laser installations, other than for medical use; laser pointers; lasers, not for medical purposes; lasers not for medical use; light-emitting electronic pointers; luminous pointers; pointers in the nature of light-emitting electronic pointers; solid-state lasers not for medical use; measuring, detecting, monitoring and controlling devices, namely, milk analyzers, biological substance analyzers, spectroscopic sensors, blood analyzers, optical analyzers for milk composition and quality, diagnostic apparatus for individual animal disease detection, food testing, biofuel testing, and blood testing, optical analyzer for milk quality parameters, all the aforesaid for non-medical purposes; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for contamination detection, diagnostic apparatus for animal heat detection, diagnostic apparatus for animal disease detection, diagnostic apparatus for animal insemination detection, diagnostic apparatus for liquid composition analysis; monitoring apparatus and instruments, namely, electronic apparatus for measuring, monitoring and controlling milk quality parameters; monitoring instruments, namely, optical in-line liquid composition monitor, optical contamination monitor, optical fermentation state monitor; physical analyzing apparatus other than for medical use, namely, liquid analyzers, gas analyzers, food analyzers, tissue analyzers; physical analyzers other than for medical use, namely, apparatus for analyzing gas; sensors, detectors and monitoring instruments, namely, milk composition analyzers and milk parameter meters; skin moisture analyzers, not for medical purpose; spectrum analyzers, other than for medical use, namely, laser spectrometers, tunable wavelength laser spectrometers, tunable laser radiation absorption spectroscopes; testing and quality control devices in the nature of spectral composition analyzers, laser spectrometers, in-line in-flow spectrometers; testing apparatus for diagnostic purposes, not for medical purposes, namely, apparatus for testing liquid and gas composition, for detecting one or more trace elements and contaminants, apparatus for monitoring liquid or gas composition, for detecting concentration levels of one or more constituent; electro-optical systems in the nature of wavelength-tunable laser spectrometers, non- medical wavelength tunable lasers, photodetectors, laser illuminators, laser targeting devices, laser pointers, laser aiming devices, and laser systems being non-medical lasers for defense and security; telescopic aiming sights; electronic telescopic target sights for guns; laser target sights for guns; telescopic target sights for guns; infrared target markers being infrared illuminators; laser designator being non-medical lasers; designator sights being optical lens sights; night vision goggles; infrared scanners; infrared sensors; infrared detectors; passive infrared detectors; passive infrared sensors; infrared optical apparatus in the nature of imaging systems in the infrared spectral range, imaging devices in the infrared spectral range, infrared scopes and aiming devices; infrared detection apparatus; infrared locating apparatus being electronic electro-optical devices for locating hot and warm objects, people, vehicles, airplanes, and houses in the thermal radiation spectral band, detecting optical lenses and optical systems comprising optical lenses for detecting objects at a distance via retro- reflection, non-medical direct detection ranging beam lasers; infrared devices in the nature of infrared sensors for aiming weapons; short-wave infrared and long-wave infrared systems in the nature of imaging systems based on infrared sensors, focal plane arrays; high-power mid-infrared non-medical lasers for directional infrared countermeasure systems; devices providing night vision, namely, night- vision monoculars, binoculars and multinoculars based on image intensifying tubes, night vision systems based short-wave infrared imagers and focal plane arrays SWIR cameras, extended SWIR cameras, night vision systems based on thermal radiation imagers such as uncooled and cooled VOx focal plane arrays, type-II superlattice, Mercury Cadmium Telluride, and quantum well infrared photodetectors (QWIP); telescopic thermal weapon sights; tactical laser thermal weapon sights; thermal imaging cameras; surveillance cameras; electro-optical sensors; sighting telescopes for firearms; transdermal sensors not for medical use; transdermal laboratory devices in the nature of optical sensors, spectroscopic sensors for use in the fields of sport, fitness and healthcare for scientific or laboratory use; bio-sensors being electric sensors not for medical use; electric sensors and analyzers

comprised primarily of electric sensors, for agricultural use; bioreactor sensors being electric sensors not for medical use; bioreactors for laboratory use; fermentation analyzers being apparatus for laboratory use; fermentation apparatus for laboratory use; fermentation monitor being apparatus for laboratory use; gas sensors for measuring gas concentration; apparatus for analyzing gases; photoelectric sensors; dewing sensors being humidity sensors; humidity sensors; impact sensors being electric sensors; temperature sensors; pollutant sensors; smoke sensors; heat sensors; light sensors; electronic sensors; magnetic sensors being electric sensors; ultrasonic sensors; flame sensors being electric sensors; vibration sensors; measuring sensors being electric sensors; fire sensors; motion sensors being electric sensors; pressure sensors; laser sensors being optical sensors; digital electric sensors; range sensors being sensors for the determination of distance; object detecting sensors being electric sensors; air quality sensors; sensors for determining temperature; electronic sensors for measuring solar radiation; oxygen sensors, not for medical use; light detection and ranging apparatus being lidar apparatus; instruments for measuring milk quality parameters; apparatus for measuring milk quality parameters; devices for measuring milk quality parameters; liquid level sensors; liquid content sensors being electric sensors; liquid content analyzers; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; alcohol testing apparatus, namely, blood alcohol concentration level monitoring device; downloadable mobile apps being software for use with mobile devices for farm management, animal health management, diet monitoring, herd management, livestock health management; downloadable mobile application software for livestock production management, herd management, animal health management, veterinary care management, herd selection management; wearable activity trackers; smartwatches; handheld devices in the nature of handheld tablets, cell phones, laptops, computers and computer screens, electric sensors and analyzers in the nature of laser based spectroscopic sensors in the field of sport, fitness and healthcare, for scientific or laboratory use; downloadable software for animal health performance tracking, metabolism and recovery monitoring, dietary monitoring, storing and managing physiological marker dynamics, animal metabolism, animal recovery, and animal fatigue in the field of agriculture; downloadable software for dairy farms, namely, software for monitoring dairy farm economics, herd performance, feed efficiency, herd health, veterinary treatment efficiency and selection monitoring; downloadable software for milk analysis in dairy farms; downloadable software for liquid analysis; downloadable software for fermentation monitoring; downloadable software for fitness and health monitoring; downloadable software for blood analysis

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Application service provider (ASP) services, namely hosting, managing, developing, analyzing, and maintaining applications, software and web sites of others in the fields of dairy farming; rental of computer software and programs for measuring, monitoring and controlling milk quality parameters, detecting diseases of dairy herd in the field of agriculture; platform as a Service (PaaS) featuring software for dairy herd management, namely feed efficiency monitoring, milk composition monitoring, herd selection monitoring, veterinary treatment efficiency monitoring, herd health state monitoring, detecting pre-clinical and clinical cases of acidosis, ketosis, mastitis, detecting animal heat, detecting animal diseases in the field of agriculture; platforms for artificial intelligence as software as a service (SaaS) featuring software for measuring, monitoring and controlling milk quality parameters, detecting diseases of dairy herd in the field of agriculture; software as a service (SaaS) featuring software for measuring, monitoring and controlling milk quality parameters, detecting diseases of dairy herd, measuring blood composition and physiological condition, diet monitoring, metabolism monitoring in the field of agriculture; software as a service (SaaS) featuring software for deep neural networks for measuring, monitoring and controlling

milk quality parameters, detecting diseases of dairy herd, measuring blood composition and physiological condition, diet monitoring, metabolism monitoring in the field of agriculture; software as a service (SaaS) featuring software for deep learning for measuring, monitoring and controlling milk quality parameters, detecting diseases of dairy herd, measuring blood composition and physiological condition, diet monitoring, metabolism monitoring in the field of agriculture

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

CASE IDENTIFIERS

Serial Number 79354811 **Application Filing Date** Jun. 16, 2022 **Register** Principal **Mark Type** Trademark **Publication Date** May 21, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a 3D design of a bottle with a rounded cap. The interior lining of the bottle consists of an asymmetrical oblong shape that appears a short distance inside the exterior walls. The interior lining consists of asymmetrical sloping lines that are not parallel to the exterior walls or each other. The word "LOEWE" appears centered at the top of the front face of the container. The upper part of the cap contains four copies of the letter "L" in a stylized font, so that each letter is the mirror image of the others. The broken lines depicting the exterior walls as well as the cap that is attached to the container body indicate placement of the mark on the goods and are not part of the mark.

For Furniture; mirrors; picture frames; articles of furniture and furniture in wood, cane, rush and wicker; picture frames, wooden bed frames; figurines and signs of wood; furniture and furniture in plastic materials; statues, figurines, works of art, ornaments and decorations, made of plastics; plastic furniture; metal furniture; camping furniture; mattresses; pillows

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Perfume, solid perfumes, deodorants for personal use, cologne; non-medicated soaps, non-medicated soaps in liquid form, non-medicated soap bars, bath foam for personal hygiene; shampoo, shower and bath gels; hair lotions and conditioners; aftershave; toothpastes; essential oils; preparations for the permanent waving and curling of hair; hair gums; hair dyes; face creams for cosmetic use; cosmetics; mascara, eyeliner, eyeshadow, make-up pencils; non-medicated toiletries, namely, cosmetic face packs; lipsticks, foundation; body creams; nail varnishes, nail strengthening preparations, nail varnish removers; sun-taning oils and creams, sun creams; detergents for household use, hair bleaches, fabric softeners, bleaching preparations for cosmetic purposes, fabric softeners and other laundry substances; preparations for cleaning, polishing, degreasing and abrading for household purposes

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Downloadable and recorded software for use in creating and designing virtual reality and augmented reality software; recorded computer software and downloadable computer software and file application software for facilitating interaction and communication between humans and digital platforms, namely, bots, virtual agents and virtual assistants; downloadable computer application software for mobile phones, smartphones, computers, tablets, smart glasses, digital video eyewear, wearable digital electronic devices, namely, glasses, goggles, and headsets, head mounted displays, near eye display systems, communications networks, cloud computing services, and computer systems for communicating between the devices, networks and services; downloadable computer application software for smart glasses, near eye display systems, and head mounted displays for displaying icons and determining and responding to user selection of icons; downloadable and recorded augmented reality software; downloadable and recorded augmented reality software for interactive entertainment for playing computer games; downloadable and recorded augmented reality software for navigating an augmented reality environment; downloadable and recorded augmented reality software for playing sport games; downloadable and recorded augmented reality software for users to experience augmented reality visualization, manipulation and immersion; downloadable and recorded computer application software for smartphones and mobile devices in the fields of fitness and sport exercise featuring personal training services, coaching, workouts and fitness assessments; downloadable and recorded computer software and computer

application software for mobile phones and personal digital devices that provides a fitness assessment and fitness score by comparing previous athletic performances and fitness levels with future athletic performances and fitness levels, and provides advice and customized workouts for improving in specific areas of a particular sport or fitness activity; downloadable and recorded computer software and computer application software for mobile phones and personal digital devices that monitor, track, and compare sport activity and fitness level; downloadable and recorded computer software and computer application software for mobile phones and personal digital devices regarding athletic skill and sport training activity; downloadable and recorded computer software and computer application software for mobile phones and personal digital devices for monitoring, uploading, and downloading data regarding sport activity, fitness training, and fitness level to the internet and other computer and electronic communication networks; downloadable and recorded computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content and electronic publications; downloadable and recorded computer software for fitness, fitness assessments, and sport activities; downloadable and recorded computer software for managing information regarding fitness and sport program; downloadable and recorded mixed reality software for interactive entertainment; downloadable and recorded mixed reality software for navigating a mixed reality environment; downloadable and recorded mixed reality software for object tracking, motion control and content visualization; downloadable and recorded augmented reality sport game software; computer hardware featuring downloadable and recorded augmented reality sport games; downloadable software for enabling electronic devices to share data and communicate with each other; downloadable software to allow users to perform e-commerce transactions via the internet and communications networks; downloadable computer software that enables online users to make payments and transfer funds; downloadable software for accessing social platforms where interaction between fans and sport team is allowed; downloadable software for searching, displaying, reading, and recommending sports events and information; downloadable software in the field of blockchain for playing computer games; downloadable software for use with digital currency, crypto currency and virtual currency; downloadable digital currency wallet and storage services software; downloadable computer software for use as a cryptocurrency, digital tokens, crypto tokens wallet for playing computer games; downloadable software for exchanging digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; electronic security tokens in the nature of a foblike devices used by an authorized user of a computer system to facilitate authentication; downloadable software for use as a security token; downloadable virtual reality software for users to experience virtual reality visualization, manipulation and immersion; downloadable virtual, augmented, and mixed reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual, augmented, and mixed reality experiences; downloadable virtual reality software for playing computer sport games; recorded virtual reality software for playing computer sport games; downloadable virtual reality game software; downloadable virtual goods, namely, computer programs featuring articles of clothing, sport player characters, sport apparel and sport equipment for use in online virtual worlds; downloadable multimedia file containing artwork, text, audio, images and video relating to sport players, equipment and games authenticated by non-fungible tokens (NFTs); downloadable and recorded computer software and computer application software for mobile phones and personal digital devices to coin and release authenticated virtual goods, namely, articles of clothing, sport player characters, sport apparel and sport equipment embedded in multimedia files; security tokens being encryption devices; electronic security token in the nature of a fob-like device used by an authorized user of a computer system to facilitate authentication; computer hardware; computer peripheral devices; wireless computer peripherals; wearable activity trackers; wearable digital electronic devices, namely, glasses, goggles, and headsets; virtual reality headsets; virtual

reality headsets adapted for use in playing video games; augmented reality headsets; virtual reality glasses; augmented reality glasses; wearable digital electronic communication devices, namely, watches, bracelets, and wristbands that are comprised of downloadable and recorded software that communicates data to personal digital assistants, smartphones, and personal computers through internet websites and other computer and electronic communication networks; rechargeable external battery packs for use with mobile electronic devices; power charging and power management devices for mobile electronic devices; protective covers and cases for mobile electronic devices, namely, tablet computers; covers for mobile phones; holders, armbands, clips and carrying cases specially adapted for mobile electronic devices, namely, tablet computers; SIM cards; magnetic tickets, namely, magnetic coded cards, for use at tickets in sport and entertainment events; video, music and data carriers, namely, blank cassettes, tapes, records, discs, CDs and DVDs, USB keys, and flash memories; blank digital compact discs, blank floppy discs, electric wires and electric switches; television sets and decoders; LCD and plasma televisions; video monitors; radios; music and video players/recorders; cordless telephones; radio-transceivers and emitters; photographic and video cameras; radio and TV relay stations, radio and television aerials, wireless transmitting stations; earbuds, headphones and earphones; multimedia projectors, picture projectors, multimedia projectors and enlarging apparatus; cash registers; calculators; fire extinguishers; computers, personal digital assistants (PDA), PC tablets; computer printers for printing documents; computer mice, mouse pads, joysticks for use with computers, other than for video games, graphic tablets; computer hardware and microprocessors; modems; fax machines; MP3 players and CD players; sound amplifiers, Hi-Fi surround sound systems; cordless and cellular telephones; smartphones; surveying apparatus and instruments; apparatus for filming and broadcasting TV shows; decorative magnets and magnetic postcards; spectacles, sunglasses, goggles for use in sports; optical lenses; checking, supervision, life-saving and teaching apparatus; protective helmets for sports and safety at work, mouth guards for sports; abdomen, chest, elbow and leg protectors for protection against injury other than parts of sports suits or adapted for use in specific sporting activities

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Suits made of leather; ladies', men's and children's clothing, namely, shirts and shorts; shirts, blouses, skirts, clothing jackets, gilets, trousers, shorts, vests, jerseys being clothing, pajamas, stockings, sports shirts, corsets being clothing, slips being underclothing, garters, pants, petticoats, clothing of leather, namely, gloves and coats; outerwear apparel, namely, coats; wind resistant hoodies; articles of sports clothing and sportswear, namely, sports jerseys; sports uniforms; footwear, namely, slippers, shoes, sport shoes, boots, sandals, loafers; headscarves; ties as clothing; foulards being clothing, raincoats, overcoats, coats, greatcoats; bathing costumes; sports outfits, anoraks; ski trousers; water resistant jackets; furs being clothing; scarves and mufflers; hats; gloves; bathrobes; belts made of leather and imitation leather; aprons

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

GOODS AND SERVICES INFORMATION

For Cryptocurrency trading services for members of an online community, provided via a global computer network; cryptocurrency services in the nature of financial exchange of virtual currency, incorporating cryptographic protocols used to operate and create applications and blockchains on a decentralized computer platform and as a method of payment for goods and services; Commercial business incubation services, namely, facilitating and arranging the financing of start ups and new companies; Financial consultancy services in the field of blockchain, cryptocurrency and digital assets; Financial investment brokerage services; Providing financial services with respect to securities and other financial instruments and products, namely, trading of and investments in securities and financial instruments and products for others; Financial research and information services; Financial advisory and consultancy services; all in the field of cryptocurrency

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Educational services, namely, preparing, holding and organizing seminars, workshops, in person forums, lectures and academic conferences in the field of blockchain technology; Educational services, namely, conducting classes, seminars, conferences, workshops in the field of blockchain technology; non-downloadable electronic publications in the nature of books, newsletters, and journals in the field of blockchain technology; Electronic publishing services, namely, publication of text and graphic works of others on on-line featuring blockchain technology

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Business incubator services, namely, providing business management advisory services and consultancy in the field of corporate growth strategy, innovation and growth processes; talent management agency services for start-ups and young companies; Management consulting and advisory services in the areas of talent management strategies for start-up businesses and young companies

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable computer software aiming to enable the creation of decentralized software applications to be deployed using blockchain technology; downloadable computer software aiming to enable the creation of software applications to be deployed using blockchain technology; downloadable computer application software for the operation of blockchain-based platforms; downloadable electronic publications in the nature of e-books in the field of blockchain technology; downloadable software for generating cryptographic keys for receiving and editing cryptocurrency; Downloadable software for managing crypto asset transactions using blockchain technology; Downloadable software for operating currency exchanges utilizing blockchain technology; Downloadable compilation software for managing cryptocurrency and digital assets transactions using blockchain technology

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing online non-downloadable software aiming to enable the creation of software applications to be deployed using blockchain technology; design of computer software for the blockchain industry, the cryptocurrency industry and the digital asset industry; computer platform as a service (PaaS) featuring a decentralized computer software platform aiming to enable the operation of scalable computer solutions, as well as the storage, deployment and functioning of decentralized software applications; platform as a service (PaaS) featuring computer software platforms for use in the exchange of cryptocurrency using blockchain technology; computer programming services in the field of computer platforms on the Internet; Technology specification, namely, analyzing technology requirements and developing recommendations for the computer software and systems and other technology needed to meet those requirements, in the field of digital currency assets and the mining of crypto assets

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Automatic guided vehicles and laser guided, self-driving land vehicles for transporting, packaging, palletizing and storing of goods and structural parts therefor; forklift trucks and structural parts therefor

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles; packaging machines, sealing machines for industrial purposes, automatic industrial labelling machines for applying labels to pallet goods and packaging containers, material handling machines, namely, palletizers, depalletizers, pallet reversers, case elevators, automatic pallet dispensing machines, automatic slip sheet dispensing machines; tape dispensing machines for industrial use; stacking machines; machine tools for cutting, shaping, and finishing plastic, wood and paper and for compacting, grinding, and removing waste material; motors and engines, other than for land vehicles; machine couplings and transmission components except for land vehicles; industrial robots; industrial robots for loading, unloading and transferring of materials, packaging containers, pallets and conveyors; power operated lifting and moving equipment, namely, material lifting platforms, pallet trucks in the nature of hydraulic jacks and pallet fork lifters; Conveyors being machines for pallets and unit handling; machines for bagging, packing, packing carton boxes, packing cases, palletizing and wrapping; machines and machine tools for handling, transporting, hoisting and stacking of materials and pallets; belt, roller, carpet, chain and pallet conveyors and pneumatic transporters used on packaging lines for fluids, liquids or beverages; mechanical and hydraulic lifts and replacement parts therefor, namely, steps, rollers for steps, pallets, rollers for pallets, and handrails; systems for vertical, horizontal and sloping transport, namely, hydraulic conveyors, mechanical railed lifting conveyors, pneumatic conveyors, screw conveyors, staged and segmented conveyors; pneumatic and hydraulic directional control valves for use in automated packaging and storing machinery; loading and unloading machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Installation, maintenance and repair services of machines, namely, machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles, packaging machines, sealing machines for industrial purposes, automatic industrial labelling machines for applying labels to pallet goods and packaging containers, material handling machines in the nature of palletizers, depalletizers, pallet reversers, case elevators, automatic pallet dispensing machines, automatic slip sheet dispensing machines, tape dispensing machines for industrial purposes, stacking machines, machine tools for cutting, shaping, and finishing plastic, wood and paper, machine tools for compacting, grinding and removing waste material, machine tools for operating turning tools, industrial robots, industrial welding robots, industrial robots for loading, unloading and transfer of materials, packaging containers, pallets and conveyors, machines for bagging, packing, packing carton boxes, packing cases, palletizing and wrapping, machines in the nature of belt, roller, carpet, chain and pallet conveyors and transporters used on packaging lines for fluids, liquids and beverages, hydraulic conveyors, mechanical railed lifting conveyors, pneumatic conveyors, screw conveyors, staged and segmented conveyors, mechanical and hydraulic lifts and replacement parts therefor, namely, steps, rollers for steps, pallets, rollers for pallets, and handrails

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electronic apparatus and installations for the remote control of industrial operations; electronic interface equipment for machine tools to input or output CNC (computer numerical control) data; sensors and detector units for use in controlling the actuation and operation of automotive safety apparatus and equipment; industrial automation controls; security control panels and motion detectors; lasers for industrial use; laser object detectors for use on vehicles; laser speed detectors; lasers for measuring purposes; computer hardware and downloadable software for machine tools and control and guidance machines, namely, downloadable software for use in monitoring and controlling of industrial processes, namely, packaging, sealing, labelling, data tracking, material handling, palletizing, depalletizing, pallet reversing, case elevating, automatic pallet dispensing, automatic slip sheet dispensing, adhesive tape dispensing, stacking, cutting, molding, finishing, compacting, grinding of materials, removing of waste material, and operating turning tools; computer hardware and downloadable software for technology relating to warehousing, namely, downloadable software for use in automating warehousing data, managing transactional data, providing statistical analysis, and drafting notifications and reports in the field of warehousing; computer hardware and downloadable software for palletizers and depalletizers, namely, downloadable software for use in automated processes of palletizing, depalletizing and pallet reversing; global positioning systems for use in vehicles; electronic devices for locating and tracking vehicles using cellular radio modules, recorded computer software for displaying the vehicle's location, computer hardware, sensors for determining position, motion detectors, wireless transmitters and receivers, computer network interface devices, and global positioning satellite receivers and transmitters; electronic control systems for machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles, electronic control systems for packaging machines, electronic control systems for sealing machines for industrial purposes, electronic control systems for automatic industrial labelling machines for applying labels to pallet goods and packaging containers, electronic control systems for material handling machines in the nature of palletizers, depalletizers, pallet reversers, case elevators, automatic pallet dispensing machines, automatic slip sheet dispensing machines, tape dispensing machines for industrial purposes, and stacking machines; electronic control systems for machine tools for cutting,

shaping, and finishing plastic, wood and paper, for compacting, grinding and removing waste material, and for operating turning tools

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technical consultancy in relation to technical research in the field of industrial material handling; conducting technical project studies in the nature of technical research for others in the field of industrial packaging

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Displaying advertisements for others; rental of advertising space; rental of digital signs and equipment in the nature of digital signage monitors, video monitors and electronic display screens embedded in vehicle charging stations for advertising purposes; out-of-home advertising services, namely, rental of advertising space, and preparing and placing advertisements for others; out-of-home media placement services, namely, creating advertising material, providing and placing advertisements for others; business planning consultancy relating to the physical placement of electric vehicle charging stations; auctioneering provided on the internet; online auctioneering services via the internet; on-line trading services in which seller posts products to be auctioned and bidding is done via the internet; organisation of internet auctions; arranging and conducting of internet auctions; auctioneering services; dissemination of advertisements via the internet; dissemination of advertising for others via the internet; dissemination of advertising for others via an on-line communications network on the internet; rental of advertising space on the internet; providing and rental of advertising space on the internet; provision and rental of advertising space and time on communication media; business administration assistance, management and administrative services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Charging of electric vehicles; battery charging services for electric vehicles; charging station services for plug-in hybrid vehicles; installation, maintenance and repair of charging stations and chargers for electric vehicles; vehicle fueling services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Charging stations for electric vehicles; charging stations for plug-in hybrid vehicles; electric vehicle supply equipment, namely, charging stations, battery and electrical power charging connectors, charging cables, communication antennas, radio frequency identification (RFID) readers, curved video and flat panel screen displays, electrical contactors, circuit breakers, printed circuit boards, communication modems, and connection cables sold as a unit; media service kiosks and digital media information station systems comprising primarily of video display monitors and computer hardware and computer touchscreens for use in providing information; digital media kiosks comprised of computers, computer hardware, communications recorded software and computer hardware for telecommunications, and video display monitors for use in delivering electronic media content, to provide advertising, sponsorship, promotional and other marketing opportunities for businesses; downloadable computer application software for mobile phones and tablets, namely, software for locating and navigating to electric vehicle charging stations; downloadable software to manage electric vehicle supply equipment and electric vehicle supply networks, to monitor electric vehicle supply equipment activity, and to collect and report data on electric vehicle supply equipment usage; electric power distribution apparatus; apparatus and instruments for transforming the distribution or use of electric current; apparatus and instruments for switching the distribution or use of electric current; apparatus and instruments for regulating the distribution or use of electric current; apparatus and instruments for conducting the distribution or use of electric current; photovoltaic solar hybrid modules for converting solar electronic radiation to electrical energy; photovoltaic cells and modules for generating solar electricity; apparatus and instruments for accumulating and storing electricity, namely, electric batteries used to store electrical energy from the grid and for the grid; photovoltaic modules for generating electricity; downloadable communication software for providing access to the internet; downloadable communications computer programs for providing access to the internet and the worldwide web; downloadable communications computer programs for providing access to the internet; downloadable application software for social networking services via the Internet; downloadable computer application software for streaming audio-visual media content via the internet; downloadable data and file management and database management computer software; downloadable computer software for social networking and messaging via the Internet; downloadable computer software to enable the provision of information in the fields of vehicle charging, energy management, discount and payback systems and advertisement via the Internet; downloadable computer software for providing access to electronic media in the fields of vehicle charging, energy management, discount and payback systems and advertisement via the Internet; downloadable computer software for managing electricity usage content and advertising content on vehicle charging stations; downloadable application computer software for managing vehicle charging, energy management, managing discount and payback systems and advertisement; downloadable computer software for managing vehicle charging, energy management, managing discount and payback systems and advertisement; Internet of Things gateways, namely, electric sensors focusing functions in the area of vehicle charging, energy management, discount and payback systems and advertisement; point-to-point communications equipment, namely, computers, recorded computer software, computer hardware, and electronic transmitters and receivers to transfer data, images, videos, invoicing information and advertisements between vehicle charging stations and back-end computer software system; computer hardware modules for use in electronic devices using the Internet of Things, namely, microcontrollers for managing vehicle charging, energy management, discount and payback systems and advertisement; data storage devices and media, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network or with usage of cloud services; measuring devices, namely, energy meters for tracking and monitoring energy charge levels and energy usage, camera systems comprised of cameras, video cameras and a remote video

monitoring system consisting primarily of a camera and video monitor for recording and transmitting images to a remote location and electronic-based instruments for measuring environmental parameters including humidity and temperature; electrical controllers and voltage and current regulators; sensors, detectors and monitoring instruments, namely vehicle charging electric sensors, electricity charge level detectors and battery monitors for use with energy management; apparatus, namely, vehicle electric charging cables and electric connectors, instruments, namely, energy management voltage regulators, and cables for electricity; recorded content, namely, vehicle charging station interface programs in the nature of recorded computer software for use as an application programming interface (API), recorded computer software for energy management, discount and payback systems comprised of recorded computer software for financial transaction management and recorded computer software for advertising; information technology and audio-visual, multimedia and photographic devices, namely, vehicle charging station components in the nature of computer monitors, computer monitor mounts, computer monitor frames, cameras, audio speakers and display screens for use in delivering electronic media content, energy management recorders in the nature of electronic data recorders, discount and payback systems in the nature of electronic data recorders for tracking financial information based on energy usage, and interactive advertisement media kiosks system comprised primarily of computers, computer hardware, computer peripherals, and computer touchscreens for use in displaying advertisements; measuring, detecting, monitoring and controlling devices, namely, vehicle charging detectors for detecting charge levels, associated costs and charge time, battery monitors and electronic controllers for electricity distribution and charge levels, energy management detectors for detecting energy usage and volume of energy dispensed, battery monitors and electronic controllers for managing financial information for discount and payback systems and electronic controllers for managing display and distribution of advertisements

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Generation of power; providing technical information and advisory services relating to the generation of electricity from wave energy; generation of electricity using solar energy; generation of electricity from wave energy; leasing of energy generating equipment; energy production

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Electrical energy from renewable sources; electrical energy from wind power; electrical energy from solar power

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Computer programming for the energy industry; design and development of energy management software; programming of energy management computer software for others; design and development of software for control, regulation and monitoring of solar energy systems; server hosting services, software as a service featuring software for use in database management and file management, for service desk management, and for accounting, in the fields of vehicle charging, energy management, discount and payback systems and advertisement, software as a service featuring web-based software for providing access to the Internet and for social networking and messaging via the Internet, software as a service featuring web-based software for providing information in the fields of vehicle charging, energy management, discount and payback systems and advertisement via the Internet, for providing access to electronic media in the fields of vehicle charging, energy management, discount and payback systems and advertisement via the Internet, and for managing vehicle charging, energy management, and discount and payback systems, and rental of computer software for database management, vehicle charging

station operation and energy management; media data duplication and conversion services of electronic information, data coding services, namely, computer programming services for others; computer software development, programming and implementation; information technology consultancy services relating to installation, maintenance and repair of computer software; science and technology services, namely, research and technological consultation in the technology fields of vehicle charging, energy management, and discount and payback computer hardware systems

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1706158 **International Registration Date** Oct. 13, 2022

GOODS AND SERVICES INFORMATION

For Land vehicles; machines for locomotion by land, air or water, all the aforementioned in the field of exploiting and distributing of energy, petroleum and petrochemical products, gas and renewable energy sources, namely, tanker trucks, oil tankers, trucks and tankers for transporting liquefied natural gas and compressed natural gas, hydrogen tankers, freight trains **International Classes** 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Parts of machines, namely, adaptors for pipes in the nature of valves as machine components; compressed air pumps; compressed air power-operated sprayers; pneumatic grease guns operated by compressed air; air condensers; filters for cleaning cooling air, for engines; machine tools, in particular motorised and hydraulic processing units for the powering use of rotating and oscillating tools, fixing devices for workpieces based on clamping, adhering and vacuum technology, linear and rotation axes for compacting powder materials, crushing rock, suction devices for compacting powder materials, crushing rock, tool cooling devices in the nature of engine cooling radiators and oil coolers for motors and engines, safety devices and computer numerical control (CNC) control apparatus for machines and apparatus used in the field of energy, petroleum and petrochemical products, gas and renewable energy sources; internal combustion engine igniters, namely, spark plugs; motor fans, namely, electric fans for motors and engines; wind generators, namely, generators for wind turbines; vacuum pumps for machines; engine or engine parts, namely, fuel pumps; pumps for engines, namely, oil pumps; engine shafts, namely, crank shafts for machines used in the field of energy, petroleum and petrochemical products, gas and renewable energy sources; power generators, namely, AC generators; loading and unloading handling machines, namely, cargo handling machines; dynamos; control cables for machines, engines or motors; engines, namely, engines not for land vehicles; mine extractors,

namely, mine borers; earthworks machinery for work, namely, earth moving machines, namely, scrapers, graders, backhoes, scarifiers, loaders and excavators; electricity generators; belts for machines, namely, alternator belts; steam engine boilers; mining machines for mines; mines drilling rigs, namely, mining drill sharpeners; backup generator arrays, namely, emergency power generators; hydraulic turbines, other than for land vehicles; waste disposal units

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Steam generators; cooking apparatus, namely, cooktops; air cooling apparatus; drying apparatus, namely, dryers used for the removal of solid, liquid and vapor contaminants from compressed air and gases being dryers for the removal of water vapor from compressed air and gases, drying apparatus for chemical processing, chemical fiber drying apparatus, industrial dryers for heating and dehumidifying, ventilation and water supply apparatus, namely, direct vents for gas appliances; lighting installations; heating installations; steam production installations, namely, steam generators; heating cooking installations, namely, combination steam and convection ovens for cooking; ventilation installations, namely, air impellers for ventilation; water distribution installations and sanitary facilities, namely, pressure regulators for sanitary installations

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Advertising; business management, organization and administration consultancy; providing office functions; holding company services, namely, business management services and business administration services for subsidiaries and affiliates performed for third parties; holding company services, namely, providing business promotion and business consultancy services for subsidiaries and affiliated companies performed for third parties; commercial holding company services performed for subsidiaries and affiliated companies, namely, business operation and business risk management performed for third parties; holding company services, namely, business management services provided for subsidiaries and affiliated companies performed for third parties; holding company services, namely, providing business management, business administration, business promotion, and business consultancy services for others, namely, performed for third parties; commercial holding company services performed for third parties, namely, business operation and business risk management; holding company services, namely, business management services provided to third parties; business consulting and information services; brand promotion services, namely, promoting the goods and services of others over the Internet; business management for a trade company and for a service company; energy price comparison services; electronic order processing for others; import-export agencies in the field of energy; procurement of contracts for others concerning the purchase of energy supply; billing services in the field of energy; assistance and consultancy services in the field of business management of companies in the energy sector; acquisition of business information relating to company activities in the nature of business information services; business management of electric vehicle fleet

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of machinery; maintenance of energy consumption reduction system adaptors for pipes to improve energy efficiency; installation and repair of electrical appliances; repair of electricity transmission lines; quarry exploitation, namely, quarrying services; ore mining, namely, mining for precious metals; construction of structures for the storage of natural gas; construction of structures for the production of natural gas; natural gas refueling service for motor vehicles; waste removal cleaning, namely, hazardous waste clean-up services; construction of structures for the transportation

of natural gas; construction services, namely, construction information services; pipeline construction; construction project management services in the field of construction of offshore oil and gas facilities; plant construction and construction project management services for businesses in the energy production and transmission sector; construction of wind energy facilities; construction of wave energy power plants; factory construction; providing of services, namely, maintenance and regular servicing for vehicles; construction services, namely, building construction; installation and repair services of vehicles, namely, vehicle repair and maintenance; mining extraction; oil and gas drilling; building construction; repair of vehicles; installation services of vehicle security devices; vehicle battery charging; installation of electric vehicle charging infrastructure; maintenance of electric vehicle charging infrastructure

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments in the field of energy, petroleum and petrochemical products, gas and renewable energy sources, namely, microscopes and their parts, GPS navigation device, cameras and films being exposed camera film, technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids, conductivity meters, electronic devices for measuring electric current, radiation measuring instruments, gasometers being measuring instruments, heat and fire detecting apparatus being heat, smoke and fire detectors, gas detecting apparatus being gas detectors for detecting the presence of gas, leak detection apparatus being detectors for detecting leaks in installations and apparatus used in the field of exploiting and distributing of energy, petroleum and petrochemical products, gas and renewable energy sources, namely for detecting water leaks, oil leaks, vacuum, gas leaks of any kind and partial discharges of electricity in order to enhance performance, power and safety during the production, storage and distribution of energy; systems for reservoir monitoring, imaging, production monitoring, control and maintenance of oil, gas and injection wells, namely, hydraulic, electrical, electronic, fiber optic and cable-less and low power activated or acoustic and radio systems comprised of meters and sensors that measure pressure, humidity, temperature and that include alarm and reporting functions; robotic systems, namely pressure sensors, electric sensors, liquid level sensors, gas sensors for measuring gas concentration and temperature sensors, effectors being mechanical and electromechanical grippers and process tools, microprocessors, radio receivers, mobile data receivers, radio transmitters, digital transmitters and power controllers, electrical controllers and electronic controllers for use with power converters; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electricity limiters, electricity meters, electricity distribution consoles, earth cables, electrical cables, power cables, wire connectors for electricity, solar panels for the production of electricity, photovoltaic installation apparatus, namely, solar modules for production of electricity, solar thermal and electric receivers, tracking mechanisms and concentrating optics, and control algorithms, and photovoltaic systems that convert sunlight into electric and thermal energy; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media, namely, downloadable software for database management, for use as a spreadsheet, for word processing in the field of energy, petroleum and petrochemical products, gas and renewable energy sources; mechanisms for coin-operated apparatus; cash registers, calculating machines; computers and computer peripheral devices; fire-extinguishing apparatus; charging stations for electric vehicles; metal electrical network lines, namely, connections for electric lines; optical and mechanical measuring

devices, namely, laser distance meters

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Distribution, transport and storage of gas and electricity, namely, energy and electricity distribution; water supplying; transport by pipeline; distribution of renewable energy; distribution of wind energy; distribution of solar energy; distribution of hydroelectric energy; transportation of waste; electricity storage, namely, distribution and transmission of energy and electricity; transport and distribution of natural gas and liquefied gas; waste disposal transportation; disposal transport of waste; electricity distribution services; waste removal transport, namely, transport of waste; waste removal transportation being transport of waste; distribution and transmission of electricity; distribution of electricity; storage of electricity, namely, distribution and transmission of energy and electricity; transport of natural gas; electricity distribution; storage of liquefied natural gas on ships; removal of waste, namely, collection of domestic and industrial waste and trash; transport of liquefied natural gas by sea; supplying of electricity; waste transport; electricity distribution via wires; public utility services in the nature of natural gas distribution; marine transport of liquefied natural gas; domestic and industrial waste collection; electricity supplying and distribution; distribution of electricity to households; storage of waste; electricity supply services, namely, electricity distribution; waste storage; transport and storage of waste; electricity distribution and supply

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Generation of electricity from solar energy; recycling of waste materials; treatment being the recycling of waste; recycling of waste; generation of electricity; processing of hydrocarbons , namely, fuel processing ; upcycling, namely, waste recycling; waste disposal, namely, treatment of waste; destruction of waste and trash; generation of electricity from wave energy; treatment of natural gas, namely, processing of natural gas; recycling of refuse and waste; incineration of waste and trash; recycling and waste treatment; waste destruction; recycling of waste and trash; recycling of waste products; electricity generation; incineration and destruction of waste; incineration of waste; generation of electricity from geothermal energy; generation of gas and electricity; natural gas liquefaction services; transformation, namely, waste processing; generating of electricity; treatment of waste; waste management services, namely, recycling; waste processing; waste treatment; burning of refuse and waste; processing of hydrocarbon derivatives, namely, fuel processing; generation of electricity from wind energy; waste recycling services; waste incineration; treatment of waste materials; processing of natural gas; transformation, namely, treatment of waste; production of electrical power from renewable sources; transformation, namely, waste treatment; electricity generating; waste materials processing; air purification and treatment of water; printing services; food and drink preservation; production of energy; oil refinery services

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Electrical energy; electrical energy from renewable sources; electrical energy from wind power; electrical energy from solar power; electrical energy from hydroelectric power; industrial oils and greases; gas oil; petrol, namely, gasoline; fuel gases and fuel oil; lubricants and greases for industrial purposes; biofuels; biomass fuel; non chemical additives to motor fuel; vaporised fuel mixtures

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Scientific and technological services and research and design relating thereto, namely, scientific and engineering research in the field of energy; industrial analysis services, namely, analysis of industrial fluids; industrial research in the field of energy; industrial design services; quality control for others; authentication services, namely, authentication in the fields of energy and electricity being authentication of energy sources and networks; design and development of computer hardware and software; conducting evaluations, quality evaluation research and reports related to the fields of refinery of petrochemical and natural gas, namely, product quality evaluation and providing reports with respect thereto

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal pipes; metal pipe couplings for distribution networks; metal cable wire; common metal wires; copper wire not insulated

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Registration 1711176 **International Registration Date** Sep. 27, 2022

GOODS AND SERVICES INFORMATION

For Natural and synthetic textiles materials, namely, linen fibre fabrics, kenaf fibre fabrics, flax fibre fabrics, jute fibre fabrics, cotton fibre fabrics, raffia fibre being fabrics, hemp fibre being fabrics, silkpolypropylene (PP) fibre fabrics, viscose fibre fabrics, polyacrylonitrile (PAN) fibre fabrics, polyester (PES) fibre being fabrics, polyvinyl chloride (PVC) fibre fabrics, polycarbonate (PC) fibre fabrics, polyethylene terephthalate (PET) fibre fabrics, polyimide (PI) fibre fabrics, polytetrafluoroethylene (PTFE) fibre fabrics, polyamide (PA) fibre fabrics, polyethylene (PE) fibre fabrics, polymethyl methacrylate (PMMA) fibre fabrics, polyoxymethylene (POM) fibre fabrics, polyvinylidene fluoride (PVDF) fibre fabrics, polybutylene terephthalate (PBT) fibre fabrics, polyetherketone (PEK) fibre fabrics, polyamideimide (PAI) fibre fabrics, polyetheretherketone (PEEK) fibre fabrics, polyphenylsulfone (PPSU) fibre fabrics, polyphenylene sulfide (PPS) fibre fabrics, polycarbonate (PC) fibre fabrics, styrene-acrylonitrile copolymer (SAN) fibre fabrics, acrylonitrile-butadiene-styrene copolymer (ABS) fibre fabrics, syndiotactic polystyrene (SPS) fibre, polyurethane (PUR) fibre fabrics, mineral fibres in the nature of basalt fibres fabrics, glass fibres fabric, glass fibre fabrics and aramid fibre being fabrics for the treatment of water, waste water, industrial water flows as well as for conditioning drinking water.

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Filters as parts of machines, motors or engines, namely, filter being parts of water purification, conditioning and filtering machines.

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Installations for water purification; water conditioning installations; filters for water filtering apparatus; installations for the treatment of water flows, waste water, drinking water, industrial water with filtering media of natural and synthetic cloth and fabric; systems for the treatment of water flows, waste water, drinking water, industrial water primarily comprised of basins being water purification tanks, baffles, valves, pumps, mechanical filters, gravity filters, filters made of natural and synthetic cloth, membranes, mixers and regulating overflows for use in industrial and municipal installations for filtration and treatment of water flows, waste water, drinking water and industrial water.

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

GOODS AND SERVICES INFORMATION

For Automatic guided vehicles and laser guided, self-driving land vehicles for transporting, packaging, palletizing and storing of goods and structural parts therefor; forklift trucks and structural parts therefor

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles; packaging machines, sealing machines for industrial purposes, automatic industrial labelling machines for applying labels to pallet goods and packaging containers, material handling machines, namely, palletizers, depalletizers, pallet reversers, case elevators, automatic pallet dispensing machines, automatic slip sheet dispensing machines; tape dispensing machines for industrial use; stacking machines; machine tools for cutting, shaping, and finishing plastic, wood and paper and for compacting, grinding, and removing waste material; motors and engines, other than for land vehicles; machine couplings and transmission components except for land vehicles; industrial robots; industrial robots for loading, unloading and transferring of materials, packaging containers, pallets and conveyors; power operated lifting and moving equipment, namely, material lifting platforms, pallet trucks in the nature of hydraulic jacks and pallet fork lifters; Conveyors being machines for pallets and unit handling; machines for bagging, packing, packing carton boxes, packing cases, palletizing and wrapping; machines and machine tools for handling, transporting, hoisting and stacking of materials and pallets; belt, roller, carpet, chain and pallet conveyors and pneumatic transporters used on packaging lines for fluids, liquids or beverages; mechanical and hydraulic lifts and replacement parts therefor, namely, steps, rollers for steps, pallets, rollers for pallets, and handrails; systems for vertical, horizontal and sloping transport, namely, hydraulic conveyors, mechanical railed lifting conveyors, pneumatic

conveyors, screw conveyors, staged and segmented conveyors; pneumatic and hydraulic directional control valves for use in automated packaging and storing machinery; loading and unloading machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Installation, maintenance and repair services of machines, namely, machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles, packaging machines, sealing machines for industrial purposes, automatic industrial labelling machines for applying labels to pallet goods and packaging containers, material handling machines in the nature of palletizers, depalletizers, pallet reversers, case elevators, automatic pallet dispensing machines, automatic slip sheet dispensing machines, tape dispensing machines for industrial purposes, stacking machines, machine tools for cutting, shaping, and finishing plastic, wood and paper, machine tools for compacting, grinding and removing waste material, machine tools for operating turning tools, industrial robots, industrial welding robots, industrial robots for loading, unloading and transfer of materials, packaging containers, pallets and conveyors, machines for bagging, packing, packing carton boxes, packing cases, palletizing and wrapping, machines in the nature of belt, roller, carpet, chain and pallet conveyors and transporters used on packaging lines for fluids, liquids and beverages, hydraulic conveyors, mechanical railed lifting conveyors, pneumatic conveyors, screw conveyors, staged and segmented conveyors, mechanical and hydraulic lifts and replacement parts therefor, namely, steps, rollers for steps, pallets, rollers for pallets, and handrails

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electronic apparatus and installations for the remote control of industrial operations; electronic interface equipment for machine tools to input or output CNC (computer numerical control) data; sensors and detector units for use in controlling the actuation and operation of automotive safety apparatus and equipment; industrial automation controls; security control panels and motion detectors; lasers for industrial use; laser object detectors for use on vehicles; laser speed detectors; lasers for measuring purposes; computer hardware and downloadable software for machine tools and control and guidance machines, namely, downloadable software for use in monitoring and controlling of industrial processes, namely, packaging, sealing, labelling, data tracking, material handling, palletizing, depalletizing, pallet reversing, case elevating, automatic pallet dispensing, automatic slip sheet dispensing, adhesive tape dispensing, stacking, cutting, molding, finishing, compacting, grinding of materials, removing of waste material, and operating turning tools; computer hardware and downloadable software for technology relating to warehousing, namely, downloadable software for use in automating warehousing data, managing transactional data, providing statistical analysis, and drafting notifications and reports in the field of warehousing; computer hardware and downloadable software for palletizers and depalletizers, namely, downloadable software for use in automated processes of palletizing, depalletizing and pallet reversing; global positioning systems for use in vehicles; electronic devices for locating and tracking vehicles using cellular radio modules, recorded computer software for displaying the vehicle's location, computer hardware, sensors for determining position, motion detectors, wireless transmitters and receivers, computer network interface devices, and global positioning satellite receivers and transmitters; electronic control systems for machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles, electronic control systems for packaging machines, electronic control systems for sealing machines for industrial purposes, electronic control systems for automatic industrial labelling machines for applying labels to pallet goods and packaging containers, electronic control systems for material handling machines in the nature of palletizers, depalletizers,

pallet reversers, case elevators, automatic pallet dispensing machines, automatic slip sheet dispensing machines, tape dispensing machines for industrial purposes, and stacking machines; electronic control systems for machine tools for cutting, shaping, and finishing plastic, wood and paper, for compacting, grinding and removing waste material, and for operating turning tools

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technical consultancy in relation to technical research in the field of industrial material handling; conducting technical project studies in the nature of technical research for others in the field of industrial packaging

GOODS AND SERVICES INFORMATION

For Installation, repair and maintenance services for aeronautical and aircraft equipment, flight and avionics control systems and onboard communication and cyber-security systems; installation, maintenance and repair of computer hardware for electronic data processing systems; installation, maintenance, renovation and repair of flight controls for aircraft.

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Downloadable aeronautical information system software; downloadable software for aeronautical information systems; avionics and flight control systems, namely, onboard navigation computers, flight management and autopilot systems in the nature of aircraft navigation systems ; onboard communication and cyber security systems comprising computer hardware and recorded software and transmitters for guiding and piloting solutions, receiving and transmitting connected flight data with active monitoring and failures mitigation capabilities ; computer and electronic navigational and positioning apparatus and instruments for aircraft flight controls; satellite navigation apparatus, namely, satellite-aided navigation systems; radio receivers for sound and signal reproduction; electronic accident signal transmitters; electronic black boxes used as data recorders; downloadable computer software for processing information, computers for aircraft flight controls; downloadable computer software for monitoring, analyzing, controlling and implementing operations for the operation of aircraft flight controls; digital calculators; downloadable computer programs for aircraft flight control operation; downloadable computer software platforms in the form of recorded or downloadable software for operation of aircraft flight controls; interfaces for computers; communication interface units, namely, computer network interface devices namely sensors, computer network switches, wireless transmitters; flight control computers for aircraft; electronic calculators in the nature of aileron, elevator, spoiler calculators being parts of aircraft flight controls; sensors for determining pressure, position, velocity, acceleration and temperature; aircraft flight control actuator and receiver, namely, electric linear actuators, receivers for long-distance

transmission; central processing unit in the nature of computer processors; electronic computer central processing units for aircraft flight control operation; verification being checking apparatus and instruments, namely, apparatus for checking flight parameters; signaling apparatus and instruments, namely, signal processors, warning alert signal; sound transmission apparatus; image transmission apparatus; image reproduction apparatus; sound reproduction apparatus; image recording apparatus; sound recording apparatus; magnetic recording media, namely, blank magnetic sound recording disks.

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Computer platform as a service (PaaS) featuring computer software platforms for use in the defense, aeronautical and aerospace fields for monitoring, analyzing, controlling, implementing operations for the operation of aircraft flight controls; computer services, namely, testing, analysis and monitoring of system algorithms for processing telecommunication and navigation data; technical aeronautical research; quality testing of aircraft flight controls for certification purposes; all the foregoing services in the defense, aeronautical, and aerospace fields.

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1742669 **International Registration Date** Apr. 25, 2023

GOODS AND SERVICES INFORMATION

For Financial advisory services in the field of data centers and energy; bill payment services provided via a website; insurance brokerage services; financial business liquidation services; real estate agency services for sale and rental of buildings, offices and businesses; electronic payment services involving electronic processing and subsequent transmission of bill payment data; collection of debt payments; issuing credit card, debit card, charge card, prepaid card and stored value card services; installment bill payment services; credit card validation, namely, verification services; direct electronic debit card transaction processing; debit account services featuring computer readable card; debit card transaction processing services; electronic purse services, namely, bill payment services provided via an electronic wallet; non-accounting tax consultancy, namely, financial advice relating to tax; fiscal assessments; fiscal valuations; financial affairs and monetary affairs, namely, financial information, management and analysis services; charitable fundraising services; real estate valuation and appraisal services; philanthropic services relating to monetary donations; banking services; financial advisory services relating to personal equity plans; real estate brokerage services; financial sponsorship of cultural events; financial sponsorship of recreational activities; financial sponsorship of sports events; financial estimates, namely, preparation of quotes for cost estimation purposes; safe deposit box services provided in safe deposit facilities; financial evaluations relating to insurance

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Business management of data centers with network infrastructure and the Internet and interconnection for third parties operating; business management services relating to the provision of environmental controls and the provision of energy management, namely, the management and operation of telepresence environments, specifically, the monitoring, control and management of telepresence environments of third parties; the provision of business consultancy services relating to the administration and management of data centers; business management and administration of data centers for third parties;

energy price comparison services; import-export agencies in the field of energy and renewable energy; procurement of contracts for others in relation to the purchase of all kinds of energy; electronic commerce services, specifically, provision of information on goods via telecommunication networks for advertising and sales purposes; sales promotion services for third parties; promotion of the sale of third-party goods and services via promotional events; sales promotion of third-party goods and services through distribution of printed matter and competitions for promotion; market studies and business analysis; analysis of market research data and statistics; analysis of advertising effect and market studies; analysis of business information; business information, research and analysis services; collection and analysis of information and data relating to business management; advisory services in business matters and business strategy; marketing consulting; consulting services relating to business organization and management; business management consultancy; commercial consultancy; industrial management consultancy including cost/performance analysis; accounting; advertising; computerized market study services; advisory services relating to market studies; market study services relating to customer loyalty; information and advisory services with respect to price comparison; commercial business appraisal; business efficiency expert services; administrative processing of purchase orders; services comprising the recording, transcription, composition, compilation and systematization of written communications and recordings, as well as the compilation of mathematical or statistical data; support in the nature of business consulting, assistance, advisory, business management and consultancy services for the organization, administration, operation, management and disposal of commercial businesses and companies involved in the marketing of renewable energies; sales promotion services via affinity and membership cards giving bonus, discounts and rewards; business assistance, advice and consultancy regarding promotional, marketing and advertising services; market research and opinion polling; provision of business and commercial information; providing business and commercial information; business auditing; organizing exhibitions for commercial or advertising purposes; organization of trade fairs; organization and conducting of company fairs; retail and wholesale store services via global communications networks featuring apparatus and instruments for the treatment of computer data and for the accumulation and distribution of energy and renewable energy

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Construction, repair and installation services for data processing centers; building and construction project management of data centers for use of third parties; maintenance and janitorial cleaning services for computer rooms for data storage; installation, repair and maintenance of temperature containment structures in computer rooms for data storage; installation and repair of floors and walls for computer rooms for data storage; services in the field of energy and renewable energy, namely, installation, repair and maintenance services for computer distribution networks for data, energy, electrical energy and renewable energies; rental of apparatus for regulating energy; installation, repair and maintenance services for energy consumption control apparatus and devices, for lighting, heating, steam generation, cooking, refrigerating, drying and ventilation apparatus, regulation and safety accessories, renewable power supplies for heating boilers; installation, repair and maintenance of apparatus and machines for the automated control of lighting, temperature, security and telecommunications in buildings and data centers; construction, installation, repair and maintenance of power plants and buildings and installations for renewable energy; application of coatings to cables; interference suppression in electrical apparatus; power plant construction; construction of wind power plants; providing information relating to the repair or maintenance of consumer electric apparatus; providing information relating to the repair or maintenance of electric lighting apparatus; installation of boilers; installation of photovoltaic cells and modules; installation of aqueducts; installation of electrical machinery and generators; installation of

electrical energy and lighting systems; installation of solar heating systems; installation of solar energy systems; installation and maintenance services for photovoltaic installations; installation and maintenance of computer hardware for data storage; installation and maintenance of thermo-solar installations; installation and repair of electric apparatus; air-conditioning apparatus installation and repair; installation of water plumbing; maintenance of consumer electrical apparatus; maintenance of installations and apparatus generating electrical energy; maintenance, overhaul and repair of electrical energy production apparatus and installations; maintenance, repair and reconditioning of photovoltaic apparatus and installations; renovation, repair and maintenance of electrical wiring; repair of electric power generating installations and apparatus; repair of electrical equipment and electrotechnical installations; maintenance and repair of wind power plants; repair and maintenance of electric generators; maintenance and repair of energy production installations; maintenance and repair of electricity installations; repair or maintenance of electric lighting apparatus; repair or maintenance of consumer electrical apparatus; repair of electric lines; installation of electric wiring services; advisory services relating to the installation of power plants; submarine cable splicing repair services; electrical wiring installation services; repair services for electric generators and turbines; dismantling of electric lines; advice for the construction of installations for generating energy and electricity, of power plants, of thermal power plants, of hydroelectric plants, of hydraulic plants, of reservoirs, of wind farms, of power lines, of underwater turbine farms, of photovoltaic parks, of tidal plants, of geothermal power plants and of biomass power plants

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Security threat analysis services for physical protection of property; providing technical means, namely, security services for buildings, namely, providing physical access to properties via a remote call-in locking device for ensuring the physical security of information and data processing systems, in particular as they pertain to the supply of energy, to air conditioning, to fire protection, to protection against intrusion, in particular by means of video surveillance, and to access control of personnel; physical security advice concerning the physical safety of the information processing systems of companies; legal administration of licenses; licensing of industrial property rights and patents; licensing of research and development, namely, legal services; licensing of patents, registered designs and utility models being patents; legal services, namely, management and exploitation of industrial property rights and copyrights by licensing for third parties

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Architectural research; engineering design and consulting services in the field of construction and operation of data center facilities; rental and provision of facilities for computer location data centers; computer software system design, development, updating, maintenance, and duplication services; computer server outsourcing services and solutions, namely, outsource service provider in the field of information technology consulting relating to installation, maintenance and repair of computer software; technical management and maintenance of server outsourcing solution, namely, information technology systems; technical management of a network of information technology systems, namely, servers, primary and secondary DNS domain name servers, dedicated servers, mail and email servers, mirror servers, and servers for data outsourcing, design, development, updating, maintenance, duplication and production of software; rental of data center facilities being computer rooms in a center data for the storage, custody and traffic of data; programming, design, and updating services for computer software, hardware and firmware; consultancy and advisory services relating to the evaluation, selection and implementation of software, firmware and computer hardware and data processing systems; computer consultancy; computer programming

services for web pages for communications via global computer networks; computer programming services; professional and technical consultancy services with respect to computers; computer services, namely, computer equipment rental services; inspections services for computer system network installation projects for quality control purposes; integral installation services for computer software systems; computer programming services for the analysis of systems and needs; telecommunications engineering and engineering services; scientific and technical research featuring studies, drafting, performance and execution of all types especially in the field of computer engineering; communications network and security network engineering; engineering drawing services; conducting and surveying of general engineering surveys; engineering services; computer engineering; industrial engineering; Telecommunications engineering; technical consulting services in computer media technology; technical, scientific and industrial research services in the field of computer systems; research services with respect to computing, telecommunications and satellite communications; quality control services; monitoring services for systems in the field of computing and telecommunications to ensure proper functioning; web hosting and recovery of computer data in databases and multimedia systems; reconstruction of databases; computer programming; maintenance of computer software, research and development of new products for third parties; security services in the field of information technology, namely, hard drive erasure; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud, mobile or network resources based on assigned credentials to prevent unauthorized third parties from accessing information technology tools; electronic data back-up services and electronic storage services for archiving electronic data in the cloud; design, development, updating, management and duplication of computer software systems; management and virtualization of computer data storage space; technical management of web sites for others on intranets, extranets and Internet sites; consultancy and design services in the computing field; creation and maintenance of web sites for others; hosting computer sites; technical monitoring and inspection, namely, monitoring technological functions of computer network systems; preparation of studies, reports, projects, and appraisals for the installation of data centers and power plants calibration; leasing of data processing equipment; technological planning and design of water and wastewater conduits for cooling industrial plants and computer data storage centers; design and development engineering projects for plants for the generation of energy and electrical energy from renewable sources; technical quality control and inspection of computer services for quality control purposes; drafting of plans and engineering drawings for others, namely, technical studies, reports, projects, and appraisals with respect to energy, electricity and any other renewable energy sources; energy auditing; engineering services for studies and conducting of technical projects for research, development and design of energy, electrical, wind, solar, biofuel, renewable gas and floating photovoltaic technology plants; consultancy in the field of developing energy-saving products; professional engineering consultancy with respect to energy efficiency, energy generation and energy saving; technological consultancy in connection with development of energy production and use; creation, namely, design and development of control programs for electric, wind or solar modules for operation control and activation modules; technical advice related to operation of computers featuring energy-saving measures; design of electric circuit boards; design of energy storage and generation plants and systems; design of electrical, solar, wind and renewable systems; technological planning and design of plants for generating energy, electricity and renewables; design and development of renewable energy generation systems; design and development of software for controlling, regulating and monitoring solar, wind and renewable energy systems; conducting scientific research relating to the use of natural energy; industrial research in the field of energy production; analysis and testing services of electrical engineering apparatus; advisory services relating to energy consumption, namely, consulting services in the fields of energy measurement to improve energy efficiency; technological consultancy services in the field of alternative energy generation technology; engineering services

relating to electrical energy production; technical design of power stations; electrical engineering services; development of testing apparatus for electric cables; development of electricity assemblies; development of integrated designs in the energy field; development of energy and electricity management systems; testing of apparatus in the field of electrical engineering; IT integration services, consultancy and advisory services in information technology; analysis, research, design, development, maintenance and programming of computer programs;Engineering services, namely, engineering for the development of integral energy engineering projects; engineering research services in the field of engineers responsible for technologies, evaluations, estimates, research and reports in the fields of science and technology; preparation, namely, drafting of engineering plan information; project engineering, evaluation and prefeasibility services, namely, conducting scientific feasibility studies; conducting scientific feasibility studies for geolocation and soil compatibility studies for the development of engineering projects; geo-technology and topography surveying services; conceptual design services for computer sites; scientific research for environmental impact studies; technical energy audit services for engineering; development of sustainable engineering project services; non-conventional renewable energy (ERNC) engineering project services, namely, technical project planning and design engineering for lines and substations; engineering services for optimization of network signal, design of electrical infrastructure extension strategies, designs for units and control rooms, design of solar, photovoltaic, wind, biomass and hydroelectric generation systems; design of energy storage systems and integration of multiple sources of generation; labor monitoring and control services of heating, ventilating and air conditioning apparatus; quality control of equipment; preparation, namely, drafting of technical plans and engineering drawings for start-up of generation plants; consulting services in the field of environmental assessments for environmental protection; engineering services featuring project monitoring during construction and operation; rental of data processing equipment and computers

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

CASE IDENTIFIERS

Serial Number 79375755 **Application Filing Date** Jan. 11, 2023 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** May 21, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized wording SENTRIC, with forward slashes within the "S" and "C" and with the "N" inverted.

RELATED PROPERTIES INFORMATION

International Registration 1743768 **International Registration Date** Jan. 11, 2023

GOODS AND SERVICES INFORMATION

For Non-automatic pressure safe control valves for locks for machines; control valves for machines; remote control cables for valves as machine components; pressure valves being parts of machines; fuel valves being parts of machines; hydraulic valves being parts of machines; portable pneumatic and/or hydraulic actuators for valves; mechanical safety valves being parts of machines; mechanical machines in the field of and for use with interlocks and interlock systems for operating valves; mechanical key interlocking devices for valves being parts of machines, namely, modular ball interlocking devices and pressure safe ball interlocking devices; couplings for machines.

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Locks; mechanical locks; safety locks; combination locks; spring locks; lock barrels; non-metallic tumblers being parts of locks; plastic lock cases; releasable locks; rim locks; non-metallic lock bolts; non-metallic keys for operating locks; all of the aforesaid being non-metallic and non-electric; non-metallic electronic safety clamps; parts and fittings for the aforesaid, namely, non-metallic keys for locks.

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Installation, maintenance and repair of locks and locking mechanisms, mechanical interlocking mechanisms, mechanical safety interlocks, security locks, locks and mechanical interlocking systems for vehicles, trailers and loading bays, key operated locking devices of metal, incorporating multiple padlocks and parts of such devices, keys, door locks, lock cylinders, security lock cylinders, locking pins, mechanical lockable couplings, pipe couplings, all of the aforesaid goods being metal; Installation, maintenance and repair of non-automatic control valves being parts of machines or engines, pressure valves being

parts of machines, fuel valves, hydraulic valves, mechanical machines for operating valves, mechanical key interlocking devices for valves being parts of machines, keys and locks for securing valves being parts of machines, remote control cables for valves, coupling machines, couplings for machines; installation, maintenance and repair of interlocks, mechanical, electro-mechanical, motion sensing, and integrated technology interlocks, circuit breakers, electronic key fobs being remote control apparatus, encoded magnetic cards, electro-mechanical control panels, wireless transmitters, telecommunications transmitters, protective and safety equipment for use in machines, radio-frequency identification (RFID) tags, radio-frequency identification (RFID) readers, sensors for the protection and safety of people and objects, electromechanical valve safety equipment, electronic safety clamps, thermally activated manually resettable fire safety valves, access control apparatus, integrated loading bay safety systems, electric locks, electrical locking systems, key operated locking electrical switches, electrically, electronically and electromechanically operated interlocking mechanisms, electromechanical and electronic safety interlocks, safety interlock switches, safety controllers and modules, emergency stop and stop controls, emergency stop devices, namely, push buttons, trip switches, light curtains, touch cable, and interlock switches, sensor switches, electro-mechanical valve safety equipment, electronic door locks, digital door locks, smart door locks, transmitters, electrical transmitters, electric couplings, electromechanical couplings, locking coupling safety products, programmable logic controllers, interlocks for use with programmable logic controllers, programmable logic controllers for use with interlocks; installation, maintenance and repair of locks, mechanical locks, safety locks, safety locking devices, combination locks, spring locks, lock barrels, tumblers, lock bolts, lock casings, releasable locking devices, rim locks, safety locking devices, keys for operating locks, mechanical lockable couplings, all of the aforesaid being non-metallic.

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Interlocks being electric or electronic locks; mechanical, electro-mechanical, motion sensing, and integrated technology interlocks circuit breakers; electronic key fobs being remote control apparatus; magnetically encoded key cards; electro-mechanical control panels for use with interlocks and interlock systems; wireless radio transmitters; telecommunications transmitters; protective and safety equipment for use in machines, namely, protective clothing, protective gloves, helmets and googles; electro-mechanical couplings; radio-frequency identification (RFID) tags; radio-frequency identification (RFID) readers; movement, alarm and locking sensors for the protection and safety of people and objects; electro-mechanical valve safety equipment, for use with interlocks and interlock systems; thermally activated manually resettable fire safety valves; access control and alarm monitoring systems; integrated loading bay safety systems, in the nature of couplings and mechanical and electronic interlocks and interlock systems, including alarms, for use with loading bays; electric locks; programmable locking systems, consisting of electronic cylindrical locksets and keypads; key operated locking electrical switches; electrically, electronically and electromechanically operated interlocking mechanisms in the nature of interlocks, interlock systems and lock sets; electromechanical and electronic safety interlocks being electric or electronic locks, lock sets and locking systems; electric couplings; locking coupling safety products for use with interlocks and interlock systems for loading bays; electric safety interlock switches, electrical safety controllers; integrated circuit modules for safety purposes for use with interlocks and interlock systems; electronic and electric emergency stop controls for use with interlocks and interlock systems to prevent locking and closure in the event of an emergency; emergency signal transmitters; electronic personal emergency response system consisting of a device worn on the body with a button that users push to notify others in the event of an emergency, and a remote unit that dials out on the telephone for help; electric sensor switches; electro-mechanical valve safety

equipment, for use with mechanical and electronic interlocks and interlock systems ; electronic door locks; digital door locks; biometric fingerprint door locks; emergency signal transmitters; electrical transmitters for transmitting alarm and locking instructions to interlock systems; downloadable computer software for use in connection with interlocks and interlock systems; downloadable software for use with sensors; downloadable software which checks various safety parameters and gives authorization to take the necessary steps in the field of locks and interlocks; programmable power logic controllers; mechanical, electro-mechanical, motion sensing, and integrated technology interlocks for use with programmable logic controllers; programmable power logic controllers for use with interlocks.

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific, technological services, namely, research and design of interlocks and interlock systems; engineering, and engineering consultancy services in the field of interlocks and interlock systems; product design and development in the field of interlocks and interlock systems; computer software development in the field of software for use with interlocks and interlock systems; installation, maintenance and repair of computer software for use in connection with interlocks, software for use with sensors, and software which checks various safety parameters and gives authorization to take the necessary steps

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Locks and locking mechanisms; locks of metal for vehicles; mechanical interlocking fastening elements of metal; mechanical safety interlocking elements of metal; security locks; locks and mechanical interlocking fastening elements of metal for loading bays; key operated locking mechanisms of metal, incorporating multiple padlocks and parts of such devices; metal key blanks; metal keys for locks; door locks; lock cylinders; security lock cylinders; metal ball lock pins; mechanical lockable couplings for loading bays, and for use with hydraulic and pneumatic systems; pipe couplings of metal; all of the aforesaid being of metal; electronic safety clamps of metal; parts and fittings for the aforesaid, namely, keys of metal for locks.

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized wording "IN" underlined by a shaded wavy triangle.

RELATED PROPERTIES INFORMATION

International Registration 1748577 **International Registration Date** May 23, 2023

GOODS AND SERVICES INFORMATION

For Transmitters of electronic signals; semi-conductors; integrated circuit module; semiconductors; amplifying tubes, namely, tube amplifiers; eletronic transistors; resistances, electric; transmitting sets for telecommunication comprised of RF power transistors; integrated circuits; semiconductor chips; amplifiers; capacitors; electron tubes

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

BASIS INFORMATION

Currently 66A Yes

OWNER INFORMATION

Owner Name Innogration (Suzhou) CO., Ltd. **Address** Innogration (Suzhou) CO., Ltd. 2F, Buildings 7, No. 1 Huayun Road, SIP, Suzhou 215127 Jiangsu Province CHINA **Legal Entity** CORPORATION **State or Country Where Organized** China

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1748746 **International Registration Date** Jul. 31, 2023

GOODS AND SERVICES INFORMATION

For Building panels, not of metal; ceiling panels, not of metal; cladding panels, non-metallic, for walls; fireproof panels for use in building, non-metallic; fire protection doors, non-metallic, for use in building; multilayer panels of plastic for use in building; wall panels, non-metallic; non-metal floor panels; cladding panels, non-metallic, for building; non-metal roofing panels; wall panels not of metal

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Nickel plating; electroplating; zinc plating; aluminum plating; aluminum-silicon plating; metal plating; metal treating; metal tempering; metal coating, namely, applying decorative and protective coatings to metal by means of galvanization; metal casting; heat treatment and coating of steel sheets; heat treatment and coating of steel plates; heat treatment and coating of steel strips; metal laminating; laminating of steel; laminating of metal; galvanising of metal; cutting of metal plates; cutting of metal sheets; cutting of metal strips

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Acoustic insulating panels; acoustic insulating panels made from non-metallic materials; acoustical insulation barrier panels; composite panels having insulating properties being structural insulated construction panels; fire resistant insulated panels, namely, fire resistant composite panels made of aramid, glass, carbon or ceramic fibers; polyurethane foam for use as heat insulation; heat resistant fabrics in the nature of radiant heat resistant film to be applied to automotive and marine parts; insulating material; insulating materials for insulation against heat; insulating materials made of polyurethane foam; insulating plates being insulating materials; pipe gaskets; packing materials of rubber or plastics

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Technological planning services, namely, programming of computers; scientific and technological services, namely, scientific research; research in the field of materials science; engineering consultancy services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys; metal for building purposes, namely, roofs, walls, floors; brazing alloys; cladding of metal for construction and building; metal rails; reinforcing materials of metal for building; metal cans; metal beverage cans; steel alloys unwrought or semi-wrought; steel alloys; steel sheets; galvanized steel sheets; zinc-coated steel sheets; polymer coated steels; aluminum coated steels; aluminum-silicon coated steels; steel building frames; steel drums, sold empty; sheet metal and steel plates for building; metal hardware in the nature of nuts, bolts, screws; metal shelter structures; metal profiles made of steel; metal tubes; transportable buildings of metal; wires, non-electric, of common metal; welding steel rods; plated steels; modular metal structures with flexible covers for agricultural, commercial or industrial storage; metallic containers for storage; molds of metal for cornices; common metals, unwrought or semi-wrought; pipes and tubes of metal; metallic moulds for metal casting; shutters of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

BASIS INFORMATION

Currently 66A Yes

RELATED PROPERTIES INFORMATION

International Registration 1749229 **International Registration Date** Oct. 07, 2022

GOODS AND SERVICES INFORMATION

For High-performance, high-fluidity self-leveling building materials, namely, self leveling concrete; ceramic building materials, bricks, refractory construction materials, not of metal, namely, ceramic for building; mortars for building; liquid-applied coating waterproofing materials for building, namely, polymeric bitumen emulsion for waterproofing buildings; liquid-applied membrane waterproofing materials being membranes for building, specifically for roofing, floors, and walls; cement and building materials containing cement, namely, mortar for building and construction; waterproof cement; cement molded body for filling holes in wood; plastic building materials, namely, wall panels and pipes not of metal; synthetic building materials, namely, synthetic roofing shingles, synthetic non-metal tiles for use on indoor and outdoor floors; asphalt for building and construction; rubber building and construction materials being rubber flooring, rubber tiles, rubber mats, rubber roofing boards, rubber vibration dampers; plaster for building purposes; lime building and construction materials; plaster for building and construction; drain pipes, not of metal; polyvinyl chloride pipes with coating layer; polyvinyl chloride pipes with fireproof coating and sound insulation layer; transportable buildings, not of metal; non-metallic building materials being concrete, bricks, building glass, semi-worked plastics, semi-worked woods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Dyestuffs; dyestuffs being near-infrared-photosensitive dyes; dyestuffs being near-infrared absorbing dyes; Paints; varnishes; acrylic and epoxy primer paints; primers; undercoating for surfaces to be painted; conductive film-forming paints; moisture proof paints; moisture resistant paints; anti-corrosive paints; anti-rust greases; nonferrous metals in foil or powder form for painters, decorators, printers and artists; pigments

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Chemically activated packs for heating food and beverages; chemically activated packs for cooling food and beverages; cold packs for chilling food and beverages; non-electric portable ice chests for household purposes, namely, for food and beverages; kitchen containers for rice; food preserving jars of glass; drinking flasks for travellers; insulated flasks being vacuum bottles; portable cool boxes, non-electric; heat insulated cooling container for food made of plastic; thermal insulated bags for food or beverages being isothermic bags; industrial packaging containers of glass or porcelain; thermally insulated containers for food; heat-insulated containers for beverages and food; polishing materials of nonwoven fabric being polishing cloths

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Automobiles and their structural and replacement parts and fittings; automobile parts, namely, structural automobile body parts; interior molded products being structural body parts of automobiles; exterior molded products being structural body parts of automobiles; backdoor structural body parts of automobiles; brake fluid reservoir being structural part for land vehicles; replacement washer fluid reservoir for land vehicles; belt pulleys being machine elements for land vehicles; thrust washers being replacement parts for machine elements for land vehicles; power transmissions and gearing being machine elements for land vehicles; high-strength resin gears being machine elements for land vehicles; gas turbines for land vehicles; drive shafts, propeller shafts, transmission shafts, axles and spindles being machine elements for land vehicles; bearings being machine elements for land vehicles; shaft couplings and connecting rods being machine elements for land vehicles; brakes being machine elements for land vehicles; disc brake pads for land vehicles; brake shoes for land vehicles; brake segments for land vehicles; brake linings for land vehicles; automobile bumpers; fenders for land vehicles; rear spoilers for land vehicles; vessels and their structural and replacement parts and fittings; aircraft and their structural and replacement parts and fittings; railway rolling stock and their structural and replacement parts and fittings

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Food wrapping plastic film for household purposes; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns being embroidery design patterns printed on paper; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; shipping labels of paper; emergency drinking water bags made of synthetic resins being plastic for household purposes; food storage bags made of synthetic resins for household purposes; filth storing bags made of synthetic resins for household purposes; simple shopping plastic bags made of synthetic resins; daily necessities packaging film bags of plastic for household purposes; disposable plastic bags made of synthetic resins for household purposes; pastes and other adhesives for stationery or household purposes

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Exhaust gas treatment apparatus for use with semiconductor manufacturing equipment; dry PFC abatement machines; catalytic PFC abatement machines; acid gas abatement machines; small electric welding machines; machines for dry ice blast cleaning; machines for dry ice particle cleaning; plastic processing machines and apparatus; plastic processing machines in the nature of carbon dioxide high pressure fixed quantity supply device; supercritical gas supply machines for plastic molding; supercritical cleaning and processing machines; metal processing machinery, namely, automatic deburring device; food and

beverage processing machines and apparatus; machinery for food processing and beverage processing, namely, gassing equipment; machines for aerating beverages; meat processing machines; powdered dry ice filling machines for food production; machines for manufacturing dry ice; handy type dry ice maker machines; agricultural machines and agricultural implements, other than hand-operated, namely, cultivators, harvesters, disk harrows, seeders; carbon dioxide supply machines for agriculture; metalworking machines and metalworking machine tools; starters for motors and engines; AC motors and DC motors, not including those for land vehicles but including parts for any AC motors and DC motors; dynamo brushes; carbon brushes for machines; carbon brushes for electrical machines; carbon brushes for automotive electrical components being machines; carbon brushes for motors of electrical household appliances; carbon brushes for motors of power tools; electric brushes for micro motor; equipment for holding carbon brushes for use in rotating electrical machinery; carbon brush rocker being positioning devices for brushes for use in electrical machinery; brakes being machine elements not for land vehicles; disc brake pads being machine elements not for land vehicles; brake systems comprised of brakes being machine elements not for land vehicles; machine elements, namely, hoods, blades, bearing inserts, not for land vehicles; bearings being machine elements not for land vehicles; power tool parts, namely, jigs for metalworking machines and tools; component and replacement parts of metalworking machines and tools; glassware manufacturing machines and apparatus; replacement parts of glassware manufacturing machines and apparatus; semiconductor manufacturing machines; component and replacement parts of semiconductor manufacturing machines and systems; component and replacement parts of plasma etching machines; component and replacement parts of LCD manufacturing equipment; non-electric prime movers, namely, internal combustion engines, not for land vehicles; component and replacement parts of non-electric prime movers; component and replacement parts of gas turbines; component and replacement parts for automobile engines; pistons for engines; oil, gas, air filter for engines; pneumatic and hydraulic machines for press machines, pneumatic and hydraulic machines for cylinders; component and replacement parts of pneumatic and hydraulic machines; vacuum pumps and component and replacement parts thereof; power operated blowers and component and replacement parts thereof; blades for vacuum pumps; power transmissions and gearing being machine elements not for land vehicles; gears, other than for land vehicles; valves being machine elements not for land vehicles; automotive intake manifold; heat insulation spacer being component and replacement parts for vehicle engines; pump insulators being component and replacement parts for vehicle engines; insulators for intake manifold being engine, machine elements for land vehicles; impellers for fuel pump being machine elements for land vehicles

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Industrial freezing machines and apparatus being freezers and freezers for processing foodstuffs; heat exchangers not being parts of machines and their structural and replacement parts and fittings; boilers for heating installations, other than parts of non-electric prime movers or engines; air-conditioning apparatus for industrial purposes; freezing machines and apparatus for industrial purposes; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; radiators for industrial air-conditioning purposes; air conditioners for industrial purposes; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; piping freezing device being a pipe freezing unit comprised of cooling aggregate with refrigerant hoses and deep freezer heads; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; alkaline waste water purification units being neutralizers; electric freezers; purification machines for nitrous oxide

gas; air deodorizing apparatus for industrial purposes; gas scrubbing apparatus; food quick freezing device in the nature of freeze drying equipment, namely, lyophilizers; electric lamps and other lighting apparatus in the nature of lighting installations; chromatography columns for industrial purposes; refrigerated shipping containers; equipment for freezing minced meat in the nature of freeze drying equipment, namely, lyophilizers; ice-cooling refrigerators for household purposes

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Abrasive paper being sandpaper; abrasive cloth; abrasive polishing sand; artificial pumice stone for industrial use; polishing paper; polishing abrasives; abrasives for grindstone, namely, abrasive sheets, abrasive paste, sandpaper and abrasive grain; coated abrasives in the form of belts, sheets, rolls, and discs; polishing preparations, polishing paper, polishing powders, polishing stones, polishing sheets; fine powder abrasives being abrasive powders; abrasives, namely, abrasive sheets, abrasive paste, sandpaper, slurry for lapping process; abrasive preparations for glass substrates, optical glasses, glass photomasks; polishing preparations in the nature of polishing slurry; polishing preparations in the nature of polishing slurry for semiconductors; polishing preparations in the nature of chemical mechanical polishing slurry; polishing paper for polishing pads

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Chemicals, namely, chemicals for use in industry and science; gas for industrial purposes, namely, refrigerant gas for use in industrial cooling systems; industrial chemicals for use in column packing for high performance liquid chromatography; industrial chemicals, namely, a photopolymerization initiator; chemicals for the manufacture of paints; chemicals for the manufacture of fragrance constituents and cosmetics; chemical additives for lubricating oils; industrial chemicals, namely, isobutane; ethylene; aromatic hydrocarbon and non-aromatic hydrocarbon; propylene (propene); methane; industrial chemicals, namely, raffinate; hydrogen; allyl alcohol; n-propyl acetate; acetaldehyde (ethanal); acetic acid; vinyl acetate; ethyl acetate; carbon dioxide in the nature of dry ice; liquefied carbon dioxide for industrial purposes; argon; helium; oxygen for industrial purposes; nitrogen; industrial chemicals, namely, n-methyl-2-pyrrolidone; industrial chemicals, namely, propylene glycol monomethyl ether; industrial chemicals, namely, prolylene glycol monomethyl ether acetate; aromatic and non-aromatic solvents for industrial and commercial use; chemical solvents for industrial use; removing solvents for photoresist for industrial use; aromatic and non-aromatic solvents for industrial and commercial use for printed circuit board for industrial use; ungluing preparations being glue removers; high-purity solvents as cleaning agents for use in manufacturing processes; chemical solvent for liquid crystal display manufacturing; cleaner solvents for use in manufacturing of electronic devices; rinse solvents for manufacturing electronic devices; industrial chemicals, namely, gamma-butyrolactone; industrial chemicals, namely, ethyl lactate; industrial chemicals, namely, hexafluoroethane; industrial chemicals, namely, tetrafluoromethane; industrial chemicals, namely, octafluoropropane; industrial chemicals, namely, octafluorocyclobutane; industrial chemicals, namely, trifluoromethane; industrial chemicals, namely, difluoromethane; industrial chemicals, namely, fluoromethane; ammonia for industrial purposes; nitrous oxide for industrial use; chlorine; industrial chemicals, namely, boron trichloride; industrial chemicals, namely, hydrogen bromide; industrial chemicals, namely, sulfur hexafluoride; industrial chemicals, namely, nitrogen trifluoride; industrial chemicals, namely, hexafluoro-1,3-butadiene; sodium chlorate; sodium hypochlorite; liquid chlorine; caustic soda; hydrochloric acid; sodium cyanide; sulfuric acid; industrial chemicals, namely, amino acetic acids in the nature of glycine; industrial chemicals, namely, ammonium sulphate; industrial chemicals, namely, chlorinated

polyethylene; industrial chemicals, namely, L-tetrasodium glutamate diacetate; acrylonitrile; industrial chemicals, namely, ethylenediaminetetraaceticacid tetrasodiumsalt; industrial chemicals, namely, sodium sulfate; industrial chemicals, namely, liquid chemicals composed of polymers; industrial chemicals, namely, tetramethylammonium hydroxide; industrial chemicals, namely, poly-n-vinylacetamide; industrial chemicals, namely, p-xylylenediamine; industrial chemicals, namely, tetrafluoroterephthalonitrile; industrial chemicals, namely, tetrafluorobenzonitrile; industrial chemicals, namely, p-(aminomethyl)benzoic acid; industrial chemicals, namely, p-cyanobenzylamine; industrial chemicals, namely, p-cyanobenzaldehyde; industrial chemicals, namely, p-cyanobenzoyl chloride; industrial chemicals, namely, p-cyanobenzoic acid; industrial chemicals, namely, ethyl p-cyanobenzoate; industrial chemicals, namely, organic borate compounds; industrial chemicals, namely, multifunctional thiol; industrial chemicals, namely, isocyanate monomer; industrial chemicals, namely, blocked isocyanate monomer; industrial chemicals, namely, isocyanate compounds; industrial chemicals, namely, magnesium ascorbyl phosphate; industrial chemicals, namely, sodium ascorbyl phosphate; industrial chemicals, namely, ascorbyl palmitate trisodium phosphate; industrial chemicals, namely, n-vinylacetamide; industrial chemicals, namely, sodium polyacrylate; industrial chemicals, namely, isophthalonitrile; industrial chemicals, namely, terephthalonitrile; industrial chemicals, namely, sodium dl-a-tocopheryl phosphate; industrial chemicals, namely, butyrolactonethiol; industrial chemicals, namely, methyl hesperidin; industrial chemicals, namely, alumina filler; aluminium oxides in the nature of alumina; alumina; spherical alumina; roundish alumina; industrial chemicals, namely, hexagonal boron nitride powder; industrial chemicals, namely, titanium oxides; mould-release preparations; industrial chemicals for use in charge dissipation for electron beam lithography; industrial chemicals, namely, carbon nanotube; sterilized gas, namely, ethylene oxide for industrial purposes; standard chemical reagent for sterile gas residual analysis; chemical condensed gas used as a propellant for aerosols; refrigerant gas for use in industrial cooling systems, air conditioning systems; food preservation gas; mortar adhesion enhancer; industrial chemicals, namely, polypropylene; industrial chemical agents for use as coatings, other than paints; industrial chemicals, namely, fullerenes and carbons; industrial chemical coating agents for photosensitive insulating films; unprocessed epoxy resins for use in semiconductor encapsulating; liquid industrial chemical encapsulants for semiconductors; industrial chemicals in the nature of a cleaning agent for semiconductor encapsulation molds; detergents for industrial use as part of manufacturing operations; high heat resistance chemical agents for use as coatings for use in manufacture; industrial chemical preparations for forming a moisture-proof insulating layer; industrial chemical preparations for release liner; epoxy resin hardener; industrial chemicals, namely, functional acrylate; ultraviolet curing mold-release agents; reagents for research purposes, namely, chemical analyses; biochemical preparations for scientific purposes; diagnostic reagents for scientific use; reagents for research purposes; scientific and research cell culture medium; chemicals, namely, reagents for cell culture; biological preparation for use in cell cultures other than for medical or veterinary use; cells for scientific and research use; proteins in raw material form for scientific use; diagnostic reagents and diagnostic reagent kits consisting primarily of monoclonal antibodies, buffers, and reagents to monitor toxicity of drugs for research; biopharmacy in the nature of chemical additives for use in the manufacture of pharmaceuticals; chemicals used as raw materials for the manufacture pharmaceutical products; synthetic resins emulsion, unprocessed; glue and adhesives for industrial purposes, not for stationery and household purposes; industrial conductive adhesives; conductive adhesive for die bonding; copolyester resin for adhesives; glue and adhesives for industrial purposes; solvent type adhesives for industrial purposes; adhesives for industrial purposes for folded plate roof ; adhesives for automotive door cloth bonding; adhesives for console decoration; adhesives for rear tray; adhesives for seat back; non-solvent type adhesives for industrial purposes; adhesives for resin panels; hot melt adhesives; adhesives for air filter; adhesives for ceiling brackets; adhesives for ceiling ducts; adhesives for soundproofing material; adhesives for floor carpet; adhesives for

floor carpet molding; adhesives for sealing cardboard boxes; adhesives for carton case; adhesives for bag making; anti-slip adhesives for cardboard boxes; adhesives for attaching straw bags; reactive hot melt adhesives; super-fine-pitch adhesives for housing; adhesives for front door; adhesives for wood panels; adhesives for wrapping; adhesives for seat; adhesives for bookbinding; acrylic and epoxy based adhesives for industrial purposes; plant growth regulating preparations; fertilizers; higher fatty acids for industrial purposes; non-metallic minerals being industrial chemicals; artificial graphite for industrial purposes; graphite powder for industrial purposes; artificial graphite fine powder for industrial purposes; resin-coated foundry sand; foundry sand; graphite for industrial purposes; graphite for industrial purposes; artificial graphite for secondary batteries; glassy carbon; chemical compositions for developing and printing photographs; photosensitive films, unexposed; soldering preparations in the nature of photosensitive solder resist; soldering preparations in the nature of photosensitive solder resist films, unexposed; photosensitive build-up films, unexposed; soldering preparations in the nature of solder resist; reagent paper, not for medical purposes; test paper, chemical; flour and starch for industrial purposes; raw materials being unprocessed plastics; unprocessed artificial resin in the nature of water-absorbing resin; unsaturated polyester resins, unprocessed; vinyl ester resins, unprocessed; unprocessed artificial resins for electronic materials; unprocessed ultrafine cationic acrylic resins; unprocessed polyamide-imide resins; unprocessed water-based acrylic resins for automobile paint; unprocessed artificial ultraviolet curing resins; unprocessed acrylic resins; unprocessed amino resins; unprocessed adipic acid-based polyester resins; unprocessed dimer acid-based polyester resins; unprocessed polyurethane resins for photogravure ink; unprocessed aromatic polyester resins for rigid urethane foam; unprocessed artificial resins for release liner; unprocessed artificial highly functional imide-based heat-resistant resins; unprocessed phenolic resins; unprocessed polyimide resins; unprocessed polyester resins; unprocessed urethane resins; unprocessed artificial photosensitive resins; unprocessed artificial thermosetting resins; unprocessed artificial thermoplastic resins; ceramic particles for industrial use for use as a filtering media in liquid filtration, gas filtration, and air purification; ceramic particles for industrial use for use as a filler in the manufacture of plastics; boron nitride industrial ceramic compositions for sintering; electrically conductive pastes, electrically conductive pastes being conductive adhesives for use in industry; unprocessed unsaturated polyester resins

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Construction of buildings and roads; high-pressure gas plumbing services; cross-section restoration of deteriorated concrete structures; painting of surfaces to prevent concrete corrosion for waterworks; painting of surfaces to prevent concrete corrosion; maintenance of masonry walls and structures and painting for corrosion protection; painting of cross-section; repair or maintenance of measuring and testing machines and instruments; repair and maintenance of medical apparatus and instruments

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Filling column for high performance liquid chromatography, for laboratory use; solid phase extraction cartridges for testing and inspection for laboratory use; sample pretreatment column for laboratory testing and inspection; chromatography columns for laboratory use; graphite electrodes; machines and instruments for measuring screw-threads, radiation levels and machines and instruments for testing asphalt, textiles, plastics, metals; bed leaving sensors for long-term care and watching that detects changes in the movement and posture of the user on the bed; aluminum tubes, as component and replacement parts of electrostatic copier photoconductor drum; internal cooling fans and heatsink for electronic machines and apparatus, namely for computers; electronic semiconductor cooling components for automobiles; personal digital assistants; hard disk drives;

hard disk devices being hard disk drives; blank magnetic recording disks; glass substrate for hard disk drives; SiC epitaxial semiconductor wafer; aluminium indium gallium phosphide LED semiconductor chip; aluminium indium gallium phosphide epitaxial semiconductor wafer; aluminium gallium arsenide LED semiconductor chip; aluminium gallium arsenide epitaxial semiconductor wafer; gallium phosphide LED semiconductor chip; gallium phosphide epitaxial semiconductor wafer; gallium arsenide LED semiconductor chip; gallium arsenide epitaxial semiconductor wafer; MOCVD epitaxial semiconductor wafer; apparatus for high performance liquid chromatography for laboratory use; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; telecommunication machines and apparatus, namely, telecommunication transmitters, telecommunication switches, computer hardware for telecommunications; electronic data processing, telecommunication, measuring, testing machines and apparatus, namely telephones, computers, textile testing machines, semiconductor elements, integrated circuits and their component parts; structural and replacement parts and accessories for personal digital assistants in the nature of protective carrying cases specially adapted for personal digital assistants; RFID tags; contactless electronic and magnetic IC card for use in connection with payment for services; batteries and electrical cells; electric meters and testers, namely, phase indicators, oscillographs, circuit testers; magnetic meters and testers, namely, phase indicators, oscillographs, circuit testers; vehicle battery being automobile battery; battery testers; laboratory apparatus and instruments, namely, laboratory robots, laboratory trays, laboratory chemical reactors, homogenizers, centrifuges, liquid chromatography apparatus for laboratory use; analyzers, not for medical purposes, namely, liquid analyzers, residual gas analyzers; analyzers for laboratory use, namely, liquid analyzers, residual gas analyzers; apparatus for blood analysis, not for medical purposes, namely, research laboratory analyzers for measuring, testing and analyzing blood; apparatus for testing, not for medical purposes, namely, semiconductor testing apparatus, electronic apparatus for testing the curing and drying of elastomeric materials; electromagnetic relays; electromagnetic relay parts, namely, resistors; printed wiring boards being circuit boards and structural parts for printed wiring boards being circuit boards; testing, inspection, and analysis equipment for aerating beverages; grounding devices for railway vehicles being metal grounding bushings and metal grounding clamps; inverter cases for land vehicles; battery trays for land vehicles; electronic door locks for land vehicles; cooling and heat exchanging battery structural parts; cooling and heat exchanging electronic components being structural and replacement parts for electrical power supplies; heat regulating apparatus being electronic control devices for heating management for power distribution and control machines and apparatus; downloadable computer application software for providing materials informatics; downloadable computer programs for providing materials informatics; downloadable electronic publications in the nature of articles, books, and newsletters in the field of chemistry; electric wires and cables; pantographs being current collectors for in-vehicle crane

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Metal treating; metal surface treating; metal treating in the nature of metal bending; processing of plastics; processing of rubber; contract manufacturing of cells; contract manufacturing in the nature of production of cell tissue by contract; contract manufacturing in the nature of outsourced cell processing; providing information and advice on cell production for others; manufacture of biopharmaceuticals and pharmaceuticals on consignment for others; contract manufacturing of therapeutic cells; manufacture of contracted cell therapy agents, hematopoietic cells, immune cells, recombinant cells and other modified cells, cells cultured and proliferated in bioreactors, cells for the purpose of regeneration of biological tissues, and other therapeutic cells, for others; providing information and advice in the field of metal treating; providing information and advice

in the field of custom manufacture of metal hardware; providing information and advice in the field of manufacturing of plastics; custom manufacture, purification, extraction, synthesis and processing of resin particles, and providing information and advice in relation thereto; custom manufacture, purification, extraction, synthesis and processing of resin products, and providing information and advice in relation thereto

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Solid lubricants for industrial purposes; industrial lubricants; lubricating graphite; fuels; gaseous fuels; gasoline; propane; kerosene; heavy oils

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Rubber, raw and semi-worked; chloroprene rubber; semi-processed synthetic resin emulsion; plastic semi-worked products being plastic substance, semi-processed; semi-worked products made of synthetic resin in form of pellets, rods, foils, foams, fibers, films and sheets; sheet-shaped semi-worked products of synthetic resin being acrylic resin sheeting for use in the manufacture of laminated glass; laminated sheets made of synthetic resin for use in manufacture; vinyl ester resins, semi-processed; semi-processed thermoplastic polymer resins for use in manufacture; carbon fibres, other than for textile use; plastic films for industrial and commercial packing use; electrical insulators; pipe muffs, not of metal; electrical insulating varnish; plasma spraying materials for electrical insulation and heat insulation being insulating coating; adhesive plastic film for use in commercial or industrial manufacturing being die bonding films; adhesive plastic film for use in commercial or industrial manufacturing being dicing and die bonding integrated films; semiconductor bulk encapsulation molding adhesive tapes; release plastic films for semiconductor molding; adhesive plastic film for use in commercial or industrial manufacturing being dicing films; plastic film for use in commercial or industrial manufacturing being quantum dot films; plastic sheets with quantum dots for use in the manufacture of liquid crystal displays and optical films; pressure-sensitive adhesive coated films for use in commercial or industrial manufacturing; adhesive plastic films for display manufacturing; adhesive tape for fixing semiconductors; plating masking tapes; adhesive tapes, other than stationery and not for medical or household purposes; pressure-sensitive adhesive double-sided adhesive tapes, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for nameplate, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for fixing AV equipment parts, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for foam and heat insulating materials, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for cosmetic compact mirrors, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for foam lining, other than stationery and not for medical or household purposes, for industrial use; low VOC adhesive tapes for foam lining, other than stationery and not for medical or household purposes, for industrial use; PP adhesive tapes for foam lining, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for AV equipment and mobile device housings, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for AV equipment and mobile device housings, other than stationery and not for medical or household purposes, for industrial use; thermoactive and heat-sensitive double-sided adhesive tapes, other than stationery and not for medical or household purposes, for industrial use; adhesive tapes for speakers, other than stationery and not for medical or household purposes, for industrial use; electrically insulating base materials for substrate and insulating base materials for printed wiring boards; insulation resin materials for printed wiring boards; resin films for use in the manufacture of printed wiring board; resin sheets for use in the manufacture of printed wiring board; multi-layer

materials being electrical insulating materials; materials for fine line fabrication being electrical insulating materials; polyimide multilayer materials being electrical insulating materials; low transmission loss adhesive films being electrical insulating materials; polyethylene foam for use in the manufacture of mattresses, footwear, mattress cores, thermal insulation material, insulation material, electrical insulation materials; urethane foam for use in the manufacture of mattresses, footwear, mattress cores, thermal insulation material, insulation material, electrical insulation materials; fiber reinforced plastic semi-worked products in the form of pellets, rods, foils, foams, fibers, films and sheets; semi-worked products of resin for molding in the form of pellets, rods, foils, foams, fibers, films and sheets; light-modulating plastic films for use on windows; non-metal gaskets for industry; junctions for pipes, not of metal; joint packings for pipes; non-metal carbon sealing ring for use as connections seals; floating anti-pollution barriers; electrical insulating tapes; plastic electrical insulating films; electrical insulating paints; insulation sealant; photosensitive electrical insulation materials; polyethylene foam for electrical insulation, heat insulation and soundproofing; masking tape for industrial purposes; adhesive tapes for industrial purposes; resin films with adhesion layer for use in commercial or industrial manufacturing; copper-clad plastic laminate for use in the manufacture of printed wiring boards; thermo setting adhesive resin film for use in commercial or industrial manufacturing; conductive plastic films for use in commercial or industrial manufacturing; semi-processed epoxy resins for encapsulating semiconductors; liquid semi-processed synthetic resins for encapsulating semiconductors; rubber based and resin based sheets for use in semiconductor manufacturing, namely to remove particles from molding die; semi-processed synthetic resin compounds for LED reflectors; polyvinyl chloride flexible pipes with coating layer; polyvinyl chloride pipe joints with coating layer; polyvinyl chloride flexible pipes with fireproof coating and sound insulation layer; polyvinyl chloride pipe joints with fireproof coating and sound insulation layer; vapor grown carbon fiber, not for textile use; anisotropic conductive plastic films for use in commercial or industrial manufacturing; anisotropic conductive plastic tapes for use in commercial or industrial manufacturing; electrically conductive plastic tapes for use in commercial or industrial manufacturing; thermal conductive sheets made of artificial resin and graphite, for the manufacture of semiconductor devices

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Scientific testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs; scientific research in the nature of investigation of technical matters related to temperature control of food and beverages; technological research in the field of chemistry, materials science and electrical engineering; scientific research; scientific laboratory services; contract culturing of cells and tissues for scientific research purposes; scientific research in the nature of developing a cell manufacturing method by contract; advice on the culturing of cells and tissue cells for scientific research purposes; scientific research in the nature of separation and culturing of biological tissues and cells for scientific research purposes; scientific research in the nature of testing and research on cell and tissue culture, and providing information and advice regarding these; consultancy services relating to the cell culturing for scientific research purposes; scientific research in the nature of research and product development on cell and tissue culture, and advice regarding these; scientific research on the separation and culture of living tissues and cells; consultancy services in the development of pharmaceuticals; scientific research in the nature of drug testing and research, and providing information and advice regarding these; scientific research in the nature of testing and research on pharmaceuticals and biotechnology, and advice regarding these; medical research and providing information and advice regarding medical research; design, creation and maintenance of computer programs for operation optimization control systems for electric furnaces for steelmaking; design, creation and maintenance of computer programs for petrochemical plant

operation optimization control systems; scientific research in the nature of implementation of analysis, namely, chemical analysis, physical analysis, and physical property analysis, and provision of information, advice and consultation regarding these analyses; research and development related to scientific analysis, namely, chemical analysis, physical analysis, and physical property analysis, and provision advice, consultation and information relating thereto; scientific research in the nature of environmental research, analysis, diagnosis, technical consultancy in the field of environmental research and provision of information in relation thereto; rental of measuring apparatus; rental of laboratory apparatus and instruments; quality control for others; quality control testing for others

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Iron and steel; nonferrous metals and their alloys; aluminium foil laminated with plastic film; aluminum alloy; extruded material of aluminum alloy; high strength and high wear resistance aluminum alloy; aluminum alloy for corrosion resistant structural members; extruded rod and drawn rod made of aluminum alloy; extruded aluminum powder alloy; casting rods of non-ferrous metals and their alloys; industrial packaging containers of metal; packaging containers of aluminum foil composite; composite lid made mainly of metal laminated with aluminum foil; aluminum laminated film for battery exterior; metal laminated film for battery exterior; metal junctions for pipes; metal flanges; aluminium alloy plate for hard disk; prefabricated building assembly kits of metal; non-ferrous metals and their alloys for sintering; non-ferrous metals and their alloys manufactured by sintering metallurgy; copper and copper alloy foil coated with synthetic resin; resin coated copper foil for printed wiring board; metal hardware in the nature of metal pulleys, springs and valves, not being parts of machines; structural joint connectors of cast iron; metal fire spread prevention pipe joints; metal containers for storage or transport; semi-wrought common metals in foil form; nonferrous metals; aluminum laminate film for lithium ion battery

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

RELATED PROPERTIES INFORMATION

International Registration 1749317 **International Registration Date** May 02, 2023

GOODS AND SERVICES INFORMATION

For Anti-cancer preparations; chemical preparations for sanitary purposes; chemical preparations for medicinal purposes for treating cardiovascular disorders, genitourinary disorders, gynecological diseases and obstetric diseases, cancer and its metastasis, eye disorders, neurologic disorders, psychiatric disorders, endocrine and metabolic disorders, allergic disorders, gastrointestinal disorders, immune diseases and autoimmune diseases, respiratory diseases, musculoskeletal and connective tissue disorders, infectious diseases, dermatologic disorders, hematological disorder, inflammatory diseases, ear, nose, dental and throat disorders, hepatic and biliary disorders, Alzheimer's disease, and diabetes and its complications; diagnostic preparations for medical purposes; medicated toiletry preparations; sanitary preparations for medical purposes; fungicides; sterilizing preparations; disinfectants for hygiene purposes; pharmaceutical preparations for the treatment and prevention of cardiovascular disorders, genitourinary disorders, gynecological diseases and obstetric diseases, cancer and its metastasis, eye disorders, neurologic disorders, psychiatric disorders, endocrine and metabolic disorders, allergic disorders, gastrointestinal disorders, immune diseases and autoimmune diseases, respiratory diseases, musculoskeletal and connective tissue disorders, infectious diseases, dermatologic disorders, hematological disorder, inflammatory diseases, ear, nose, dental and throat disorders, hepatic and biliary disorders, Alzheimer's disease, and diabetes and its complications; pharmaceutical preparations for cancer supportive care; general and topical anesthetic, sedative and analgesic drugs; vaccines

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Personal digital assistants; downloadable and recorded application software for use in medical diagnostic, testing, analysis or provision of medical information; downloadable and recorded computer programs for use in medical diagnostic, testing, analysis or provision of medical information; computers; downloadable and recorded computer programs and software for use in medical diagnostic, testing, analysis or provision of medical information; computer hardware; computer systems; computer terminals; computer peripheral devices; downloadable and recorded game programs for home video game machines; downloadable music files; downloadable image files containing medical and scientific research in the field of pharmaceuticals, medical care and healthcare; downloadable video files featuring medical and scientific research in the field of pharmaceuticals, medical care and healthcare; downloadable digital books in the field of medical and scientific research in the field of pharmaceuticals, medical care and healthcare; downloadable electronic newspapers; downloadable electronic publications in the nature of books featuring medical and scientific research in the field of pharmaceuticals, medical care and healthcare; books featuring medical and scientific research in the field of pharmaceuticals, medical care and healthcare recorded on disc; audio and video recordings featuring medical and scientific research in the field of pharmaceuticals, medical care and healthcare

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Provision of medical and medical pharmaceutical information via the Internet; provision of medical information relating to medical benefits, side effects, interactions of pharmaceuticals and medications; provision of medical information about pharmaceutical products; medical, medicinal and pharmaceutical consultancy; advisory services relating to pharmaceutical products; provision of information on pharmaceuticals and medical services through computer databases; medical testing for the collection of medical information, analysis and provision of medical information for diagnostic or treatment purposes; medical testing; medical consultancy and diagnosis via the Internet; online medical counseling services; remote monitoring of patient health status for medical conditions; remote monitoring of medical data for medical diagnosis and treatment; analysis and provision of clinical data of patients for medical diagnostic or treatment purposes; provision of medical information; physical examination; providing medical information about pharmaceuticals, medical services or health; consultancy services relating to medical services, pharmaceuticals, health or dispensing of medications; consultancy, advisory and provision of information relating to health care; managed health care services; provision of records of personal health information data such as weight, body fat, body temperature, number of steps, sleeping hours and blood pressure; nursing care; rental of medical apparatus and instruments

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; industrial design services; computer software design, computer programming, or maintenance of computer software relating to medical data; design and development of computer software for use with medical technology; development and creation of computer programmes for data processing; rental of computers and software for data processing; computer software design, computer programming, or maintenance of computer software; database design and development; technological advice being technological consulting relating to computers, automobiles and industrial machines; pharmaceutical research; providing information relating to pharmaceutical research; providing information relating to testing or research on pharmaceuticals via the Internet; research and development of pharmaceuticals and biopharmaceuticals for

treatment and diagnosis of human disease; research and survey of pharmaceuticals for gene analysis; providing information relating to research and development of pharmaceuticals in response to customers' request via the Internet; providing information about medical and scientific research in the field of pharmaceuticals; conducting clinical trials for others; clinical trials for pharmaceuticals for others; conducting clinical trials for pharmaceutical products at medical institutions for others; providing information about the results of clinical trials for pharmaceuticals; testing, inspection and research on pharmaceuticals, chemicals, cosmetics or foods and providing information relating thereto; providing medical and scientific research information and results in the fields of technology, science and medicine from an online searchable database; providing information about scientific research in the field of environmental conservation; testing and inspection services relating to scientific research in the field of environmental conservation; providing information about testing or scientific research relating to environmental conservation; rental of measuring apparatus; rental of computers; providing online non-downloadable computer programs on data networks for use in medical diagnostic, testing, analysis or provision of medical information; software as a service [SaaS] featuring software for use in medical diagnostic, testing, analysis or provision of medical information; electronic storage of medical records; electronic storage of records of personal health information data of individuals such as weight, body fat, body temperature, number of steps, sleeping hours and blood pressure; electronic data storage; rental of laboratory apparatus and instruments

GOODS AND SERVICES INFORMATION

For Gas and liquid distribution installations, particularly carbon dioxide distribution terminals in the nature of pipelines, carriers, tanks, and emitters used to receive, temporarily store, and distribute carbon dioxide

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemicals, gases and gas mixtures for research, science and industry, in particular carbon dioxide

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Construction of carbon dioxide production and treatment plants; construction, namely, construction of building structures for the production and treatment of carbon dioxide; construction of building structures for the transportation of carbon dioxide; servicing, overhaul and repair of carbon dioxide capture and treatment plants, gas distribution installations and structural and building components therefor

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Technical monitoring devices, installations and apparatus in the nature of detectors, storage tanks, vaporizers, regulators, and diffusers for the operation of a carbon dioxide capture and treatment plant; devices, installations and apparatus in the nature of detectors and meters for technical control, quantification and certification of the net carbon dioxide emissions reduction of an industrial asset; technical monitoring installations and apparatus in the nature of sensors and detectors for the continuous, real-time and remote tracking of a carbon dioxide capturing and treatment plant; technical monitoring installations and apparatus in the nature of sensors and detectors for improving plant performance and predictive maintenance

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Transportation of carbon dioxide; storage of carbon dioxide; advice and information concerning the storage, transport and distribution of carbon dioxide

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Purification of industrial gases; production and generation of carbon-free energy; production and generation of carbon-free heat; production and generation of carbon-free clinker, lime, cement, agglomerates; production and generation of carbon-free metals and ores; production and generation of carbon-free pulp and paper; production and generation of carbon-free construction materials; production and generation of carbon-free chemical products; production of carbon dioxide; treatment of carbon dioxide; carbon capture and treatment plant services; custom manufacture of products, equipment, installations and systems for use in carbon dioxide capture and treatment plants; advice and information concerning the capture and treatment of carbon dioxide

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and industrial research and development services for environmental protection; engineering, engineering planning and development services for installations for the collection, processing, storage, transport and distribution of carbon dioxide

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of three oblique parallelograms forming a letter "M".

FOREIGN INFORMATION

Priority Claimed Yes **Foreign Application Number** 2176765 **Foreign Application Filing Date** May 07, 2021 **Foreign Registration Number** 2176765 **Foreign Registration Date** Nov. 24, 2023 **Foreign Application/ Registration County** AUSTRALIA **Foreign Expiration Date** May 05, 2031

GOODS AND SERVICES INFORMATION

For Machines and machine tools for the cutting and forming of materials; machines and machine parts for the earth moving, mining, construction and mineral processing and crushing industries, namely, excavators, and mining and earth moving machines; components of mining and earth moving machines, namely, bearings, bushings, buckets, and bucket linings; buckets for earth moving and mining machines, namely, dragline buckets, loader buckets, excavator buckets, face shovel buckets, stemming buckets, and dipper buckets; bucket linings being components of earth moving machines; teeth, jaws and wear components for use in earth moving and mining, namely, wear plates, and wear buttons and donuts; all of the foregoing for use in the mining industry

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Custom steel rolling and fabrication to the order and specification of others, namely, fabrication of structural steel and heavy steel plate to produce earth moving, mining, mineral processing and crushing, and material handling vehicles, machines and equipment, and parts and components therefor; foundry services, namely, metal casting and parts moulding to produce goods suitable for the mining and earth moving industries; custom fabricating, making and manufacturing of goods and materials for others, namely, of earth moving, mining, mineral processing and crushing machines; welding services; treatment of surfaces being the application of protective, wear resistant, anti-rust, and anti-corrosion coatings other than painting; treatment of metals; providing information, consultancy and advice relating to any of the aforesaid services; all of the foregoing for use in the mining industry

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Engineering services; mining engineering services; civil and mechanical engineering services; industrial engineering design services; testing and evaluation of power-operated lifting machines and machinery; monitoring of earth moving, earth conditioning, material handling, construction, mining, and mineral processing and crushing machinery, engines and parts therefor, namely, truck bodies, teeth, adaptors, excavator buckets and bucket linings to ensure proper functioning; inspection of earth moving, earth conditioning, material handling, construction, mining, and mineral processing and crushing machinery, engines and parts therefor, namely, truck bodies, teeth, adaptors, excavator buckets and bucket linings for quality control purposes; testing of earth moving, earth conditioning, material handling, construction, mining, and mineral processing and crushing machinery, engines and parts therefor, namely, truck bodies, teeth, adaptors, excavator buckets and bucket linings; quality control of earth moving, earth conditioning, material handling, construction, mining, and mineral processing and crushing machinery, engines and parts therefor, namely, truck bodies, teeth, adaptors, excavator buckets and bucket linings for others; providing information, consultancy and advice relating to any of the aforesaid services; all of the foregoing for use in the mining industry

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

BASIS INFORMATION

Currently 44E Yes

OWNER INFORMATION

Owner Name Mainetec Pty Ltd **Address** Mainetec Pty Ltd 21 Gateway Drive Paget, Queensland AUSTRALIA 4740

Legal Entity proprietary limited company (p/l or pty.ltd.) **State or Country Where Organized** AUSTRALIA
