to sports; on-line betting services; organization of sporting and cultural events and activities, namely, organization of winter sports competitions; organization of exhibitions for cultural or educational purposes; production of radio and television programs featuring coverage of sporting events; ticket booking services for shows and sporting events; timing of sports events; entertainment information and information on education, provided online from a data bank or the Internet; electronic game services provided on the Internet; virtual reality game services provided online from a computer network; providing on line non-downloadable electronic publications in the nature of books, magazines in the field of skiing; publication of texts other than publicity texts, including regulations, norms and standards with respect to winter sports and Nordic skiing; providing sporting results, namely, providing information about winter sports competition results; information services concerning sports and sporting events; organizing and conducting award ceremonies and gala ceremonies for entertainment purposes

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For advertising services; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; advertising by sponsoring, namely, promotion of goods and services through sponsorship of sports events; online advertising and marketing services; commercial business management; commercial administration of the licensing of the goods and services of others; providing office functions; advertising services, namely, advertising promotion of third-party goods and services by means of contractual agreements, especially sponsoring partnership and licenses with regard to the transfer of reputation, image and sympathy derived from cultural and sporting events, especially winter sports events and competitions; advertising services, namely, promoting the goods and services of others by the means of driving the public to consider goods or services that are presented to them with specific signs, emblems or messages for attracting their attention; advertising services, namely, promoting the goods and services of others by the means of image transfer; rental of advertising space of all type and on all media, whether digital or not; commercial administration of the licensing of the goods and services of others relating to the participation of teams in winter sports competitions, and promotion to the public and interested media of support for said teams; business administration consultancy services; organization of exhibitions for commercial or advertising purposes; advertising promotion of sporting competitions and events for use by others; advertising promotion of concerts and of cultural events for others; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents in the nature of photocopying services; computer file management, namely digital file management comprising a portfolio of images and video sequences intended for use under license in traditional advertising and in the advertising promotion of behavior; business management relating to e-commerce, namely providing consumer information on products via telecommunication networks for advertising and sales purposes; retail store services and wholesale store services featuring clothing, footwear, headgear; retail store services and wholesale store services featuring sports goods; retail store services and wholesale store services featuring jewelry, timepieces, fashion accessories, bags, souvenirs; all of the foregoing not in connection with the processing, verification, authorization, transfer and authentication of payments, funds, and credit, debit, prepaid cards, and not in connection with financial technology software or services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For downloadable electronic publications in the nature of books, magazines in the field of skiing; protective helmets for sports; protective helmets for skiing and snowboarding; eye glasses, sunglasses, sports goggles; protective ski and snowboard masks for the prevention of accident or injury; life-saving devices in the event of an avalanche, namely locating apparatus and instruments in the nature of electronic transmitters and receivers, signaling whistles and signal alarms; electronic display boards and timing sensors; downloadable and recorded game software; downloadable and recorded computer game software for mobile telephone receivers; all of the foregoing not in connection with the processing, verification, authorization, transfer and authentication of payments, funds, and credit, debit, prepaid cards, and not in connection with financial technology software or services

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For broadcasting of television programs and televised shows in the field of winter sports; streaming of audio and video content in the field of winter sports on the Internet; streaming of winter sports competitions on the Internet; broadcasting of television programs featuring winter sports competitions via satellite or by cable networks; news agency services for electronic transmission in the field of winter sports; providing access to a commercial website on the Internet; television broadcasting services in the field of winter sports provided via the Internet; providing access to chat lines, chat rooms and forums on the Internet, including the mobile Internet; streaming of data; providing access to an Internet site for information in the field of winter sports

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For clothing, namely, pants, shirts, sweaters, vests; footwear, headwear; sports clothing, namely, sports pants, sports shirts, sports sweaters, sports vests, sports bra; sports footwear; ski and snowboard anoraks; after-ski boots; stocking caps; hoods; ski and snowboard boots; ski and snowboard suits; ski and snowboard gloves; ski and snowboard pants; bags specially designed for ski and snowboard boots

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For providing online non-downloadable interactive computer software applications for enabling users to experience virtual reality sports entertainment; providing online non-downloadable interactive computer software applications for enabling users to note the performance of an athlete, to vote for an athlete, as well as record their comments, and also enabling them to consult ratings, votes and comments from other users; hosting software for use by others for enabling users to identify themselves and vote for athletes participating in a winter sports competition and providing a website featuring technology enabling users to identify themselves and vote for athletes participating in a winter sports competition; technical consultancy in the field of design and development of ski slopes for competition and courses of freestyle skiing and freestyle snowboarding; all of the foregoing not in connection with the processing, verification, authorization, transfer and authentication of payments, funds, and credit, debit, prepaid cards, and not in connection with financial technology software or services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For syrups and powders for making non-alcoholic fruit juice beverages; drinking waters; mineral and aerated waters; non-alcoholic beverages, namely, non-alcoholic fruit juice beverages; isotonic beverages; fruit and vegetable-based beverages; fruit and vegetable juices; iced fruit beverages; beers; highly fermented strong dark beers; light beers and high fermentation beers, low alcohol and alcohol-free beers

International Classes 32 - Primary Classes **US Classes** 45, 46, 48 **International Class Title** Light Beverages

International Registration 1660978 **International Registration Date** Jan. 25, 2022

GOODS AND SERVICES INFORMATION

For Precious metals and their alloys; jewelry, precious and semi-precious stones; timepieces and chronometric instruments

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For vehicles, namely land vehicles, motorized snow scooter vehicles, snowmobiles; bicycles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For video game apparatus, namely, video games consoles, video games machines; Christmas tree decorations; playing cards; plush toys; scratch cards for playing lottery games; ski sticks; ski poles for roller skis; ski bindings; bags especially designed for skis; skis; snowboards; roller skis; protective vests for athletic purposes used while exercising; elbow and knee pads for sports

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For education, namely, conducting courses, workshops, seminars in the field of winter sports; providing of training in the field of winter sports; entertainment, namely, organization of winter sports competitions; sporting and cultural activities, namely, organization of winter sports competitions; televised cultural and sporting entertainment, namely, providing an ongoing television programs in the field of winter sports, including skiing and snowboarding; organization of winter sports competitions and in particular skiing and snowboarding; entertainment in the nature of live winter sports competitions; entertainment in the nature of live sporting events and shows relating to winter sports; entertainment services provided at sports events or in relation to sports events, namely, live musical performances; organization of real and virtual sports competitions, in particular winter sports competitions; interactive entertainment services, namely, providing an on-line computer game; providing sports entertainment via an interactive website, namely, providing e-sports competitions; digital video, audio and multimedia entertainment publishing services; betting and gambling services in connection with or in relation

to sports; on-line betting services; organization of sporting and cultural events and activities, namely, organization of winter sports competitions; organization of exhibitions for cultural or educational purposes; production of radio and television programs featuring coverage of sporting events; ticket booking services for shows and sporting events; timing of sports events; entertainment information and information on education, provided online from a data bank or the Internet; electronic game services provided on the Internet; virtual reality game services provided online from a computer network; providing on line non-downloadable electronic publications in the nature of books, magazines in the field of skiing; publication of texts other than publicity texts, including regulations, norms and standards with respect to winter sports and Nordic skiing; providing sporting results, namely, providing information about winter sports competition results; information services concerning sports and sporting events; organizing and conducting award ceremonies and gala ceremonies for entertainment purposes

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For advertising services; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; advertising by sponsoring, namely, promotion of goods and services through sponsorship of sports events; online advertising and marketing services; commercial business management; commercial administration of the licensing of the goods and services of others; providing office functions; advertising services, namely, advertising promotion of third-party goods and services by means of contractual agreements, especially sponsoring partnership and licenses with regard to the transfer of reputation, image and sympathy derived from cultural and sporting events, especially winter sports events and competitions; advertising services, namely, promoting the goods and services of others by the means of driving the public to consider goods or services that are presented to them with specific signs, emblems or messages for attracting their attention; advertising services, namely, promoting the goods and services of others by the means of image transfer; rental of advertising space of all type and on all media, whether digital or not; commercial administration of the licensing of the goods and services of others relating to the participation of teams in winter sports competitions, and promotion to the public and interested media of support for said teams; business administration consultancy services; organization of exhibitions for commercial or advertising purposes; advertising promotion of sporting competitions and events for use by others; advertising promotion of concerts and of cultural events for others; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents in the nature of photocopying services; computer file management, namely digital file management comprising a portfolio of images and video sequences intended for use under license in traditional advertising and in the advertising promotion of behavior; business management relating to e-commerce, namely providing consumer information on products via telecommunication networks for advertising and sales purposes; retail store services and wholesale store services featuring clothing, footwear, headgear; retail store services and wholesale store services featuring sports goods; retail store services and wholesale store services featuring jewelry, timepieces, fashion accessories, bags, souvenirs; all of the foregoing not in connection with the processing, verification, authorization, transfer and authentication of payments, funds, and credit, debit, prepaid cards, and not in connection with financial technology software or services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For downloadable electronic publications in the nature of books, magazines in the field of skiing; protective helmets for sports; protective helmets for skiing and snowboarding; eye glasses, sunglasses, sports goggles; protective ski and snowboard masks for the prevention of accident or injury; life-saving devices in the event of an avalanche, namely locating apparatus and instruments in the nature of electronic transmitters and receivers, signaling whistles and signal alarms; electronic display boards and timing sensors; downloadable and recorded game software; downloadable and recorded computer game software for mobile telephone receivers; all of the foregoing not in connection with the processing, verification, authorization, transfer and authentication of payments, funds, and credit, debit, prepaid cards, and not in connection with financial technology software or services

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For broadcasting of television programs and televised shows in the field of winter sports; streaming of audio and video content in the field of winter sports on the Internet; streaming of winter sports competitions on the Internet; broadcasting of television programs featuring winter sports competitions via satellite or by cable networks; news agency services for electronic transmission in the field of winter sports; providing access to a commercial website on the Internet; television broadcasting services in the field of winter sports provided via the Internet; providing access to chat lines, chat rooms and forums on the Internet, including the mobile Internet; streaming of data; providing access to an Internet site for information in the field of winter sports

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For clothing, namely, pants, shirts, sweaters, vests; footwear, headwear; sports clothing, namely, sports pants, sports shirts, sports sweaters, sports vests, sports bra; sports footwear; ski and snowboard anoraks; after-ski boots; stocking caps; hoods; ski and snowboard boots; ski and snowboard suits; ski and snowboard gloves; ski and snowboard pants; bags specially designed for ski and snowboard boots

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For providing online non-downloadable interactive computer software applications for enabling users to experience virtual reality sports entertainment; providing online non-downloadable interactive computer software applications for enabling users to note the performance of an athlete, to vote for an athlete, as well as record their comments, and also enabling them to consult ratings, votes and comments from other users; hosting software for use by others for enabling users to identify themselves and vote for athletes participating in a winter sports competition and providing a website featuring technology enabling users to identify themselves and vote for athletes participating in a winter sports competition; technical consultancy in the field of design and development of ski slopes for competition and courses of freestyle skiing and freestyle snowboarding; all of the foregoing not in connection with the processing, verification, authorization, transfer and authentication of payments, funds, and credit, debit, prepaid cards, and not in connection with financial technology software or services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For syrups and powders for making non-alcoholic fruit juice beverages; drinking waters; mineral and aerated waters; non-alcoholic beverages, namely, non-alcoholic fruit juice beverages; isotonic beverages; fruit and vegetable-based beverages; fruit and vegetable juices; iced fruit beverages; beers; highly fermented strong dark beers; light beers and high fermentation beers, low alcohol and alcohol-free beers

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of two overlapping curved arrows, with one of the two arrows having a filled circle attached to its tail end near the upper-right of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1661045 **International Registration Date** Dec. 14, 2021

GOODS AND SERVICES INFORMATION

For Lighting devices, namely, lighting devices for theatrical productions, lighting devices for taking pictures ; Illuminants, namely, lighting fixtures, lamps, led lighting installations; Electronically controlled lighting devices, namely, spotlights, electric lamps, LED light fixtures; Electric luminaires being electronically controlled; Lighting equipment, namely, electronically controlled lighting devices and lighting equipment in the nature of LED lighting fixtures, lamps, spotlights, with the aforementioned being for use in the construction of light, sound, image, and stage installations; LED spotlights; Lighting devices for RGB LED technology and for LED white mixing techniques, namely, lighting control panels, LED spotlights, LED lighting fixtures; Lighting controls being infrared or radio frequency for controlling the aforementioned devices incorporating LED technology; Motor-driven spotlights as far as included in this class

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Advertising services by means of electric and electronic apparatus and instruments for controlling light, sound and image installations; advertising services by means of mixing desks, controllers and computer software for controlling light, sound and image installations; advertising services by means of lighting devices, illuminants and lighting equipment

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Electric and electronic apparatus and instruments, namely, printed circuit boards and electronic circuit boards for controlling or regulating lighting, light, sound or image installations; Mixing desks and controllers for controlling the aforementioned apparatus, namely, lighting panel control board, sound boards, audio mixing consoles, video mixing desks; Electric control instruments and devices, namely, electronic control panels for LED lighting control; PC cards, namely, graphics cards, sound cards, PCMCIA cards, network cards, microchip cards, electronic circuit cards, integrated circuit cards; Light Emitting Diodes (LEDs); Electric and electronic apparatus specifically for LED technology, namely, electrical controllers, remote controls for LED lighting, wireless controllers for controlling the function of LED lighting, electrical power supplies, electronic control gears for LED lamps and light fixtures, LED drivers, electronic control panels for controlling LED lighting, lighting controls, and lighting ballasts; Apparatus and controllers for RGB LED technology and for LED white mixing techniques, namely electronic control panels, lighting controls; Downloadable and recorded computer software for controlling the aforementioned apparatus, instruments and controllers; Stage installation devices, namely, devices for playing sound and illumination in the nature of lighting controls, sound boards, audio speakers

GOODS AND SERVICES INFORMATION

For Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating and water distribution, as well as sanitary installations, namely, lighting installations, heating units for industrial purposes, cooking stoves, refrigerating machines and installations, clothes drying machines, water purification units, water sterilizers; lighting apparatus and accessories, namely, ceiling light fittings, lamp bases, lamp shades; LED luminaires; LED lamps; LED strips, namely, LED light strips for decorative purposes; underwater LED lights; LED flashlights; LED candles; LED light bulbs; LED landscape lights; LED light machines; flameless LED electric candles; safety LED lamps; LED lighting fixtures; lighting installations, fitted with LED; color-changing LED light fixtures; lighting apparatus with light-emitting diodes (LED), namely, lighting apparatus for vehicles, LED light apparatus that clips on to a handbag, used to illuminate a handbag, lighting apparatus for theatres, clubs and discotheques; LED light assemblies for luminous illuminated signs; built-in smart lighting fixtures for indoor and outdoor use; smart floor lamps and table lamps; smart integrated electric luminaires; smart lighting panels for spacecraft and aerospace vehicles; smart lighting strips, namely, strip lighting for indoor use; smart lighting spotlights; outdoor light accessories, namely, light bulbs; accessories for wall lights, other than switches, namely, light bulbs; security lighting, namely, safety lamps for underground use; ceiling lighting; electric lighting apparatus, namely, LED (light emitting diode) lighting fixtures, LED lighting fixtures for indoor and outdoor lighting applications, electric lighting fixtures, theatrical stage lighting apparatus; fluorescent lighting fixtures; computer-controlled lighting apparatus, namely, LED (light emitting diode) lighting fixtures, LED lighting fixtures for indoor and outdoor lighting applications, electric lighting fixtures; lighting apparatus comprising solar cells, namely, solar-powered all-weather lights; lighting fixtures; infrared light fixtures; lighting strips, namely, LED light strips for decorative purposes; lamp bases; lighting bars in the nature of LED light assemblies for

street lights, signs, commercial lighting, automobiles, buildings, and other architectural uses, namely, for backlighting signs, for use in store windows, for installation on the outside of buildings, for installation on ceilings, for use around mirrors, and for other decorative purposes; light bulbs; electric light bulbs; fluorescent electric light bulbs; fluorescent light bulbs; halogen light bulbs; incandescent light bulbs; light bulbs for gas discharge lamps; light bulbs for flashlights; adjustable light bulbs; light bulbs with effects; light bulbs with integrated camera; light bulbs with integrated amplifier; cable lights for lighting, namely, LED light strips for decorative purposes; light chains being structural parts of lamps; sockets for electric lights; lanterns for lighting; spotlights; spotlights for home lighting; security lighting incorporating an infrared activated sensor, namely, safety lamps for underground use; lighting fixtures for use with security systems; lamps; wall lamps; LED safety lamps; lights mounted on walls; architectural spotlights for mounting on the ground; halogen electric luminaires; light panels, namely, flat panel lighting apparatus; lampshades; screens for controlling light, namely, filters for use with lighting apparatus; blinds for controlling light, namely, filters for use with lighting apparatus; ceiling lights; light poles being structural parts of lamps; light projectors; smart projectors for lighting; smart outdoor projectors for lighting; flashlight pointers; light reflectors; lamp holders, namely, lamp bases; fluorescent lamp tubes; electric candles; ceiling fans with integrated lighting; air treatment apparatus, namely, ionization apparatus for the treatment of air; air sterilizing apparatus with smart UVC technology; Electric space heaters; smart electric space heaters; fans, namely, fans for air conditioning apparatus, electric heating fans, electric fans for personal use; smart fans, namely, fans for air conditioning apparatus, electric heating fans, electric fans for personal use; humidifiers; dehumidifiers; radiators; domestic heating apparatus, namely, hot-water space heating apparatus, steam heating apparatus, space heating apparatus, floor heating apparatus; solar energy heat accumulators for heating; heating apparatus operated by solar energy, namely, solar heat collection panels; portable heating apparatus, namely, portable electric heaters; heating apparatus and installations, namely, hot-water space heating apparatus, steam heating apparatus, space heating apparatus, floor heating apparatus; electric apparatus for water heating, namely, hot water heaters; hot water electric boilers; domestic electric boilers; electric boilers; electric air heaters, namely, hot-air space heating apparatus; water heaters; heat accumulators; heat recovery units, namely, heat recovery ventilators; heat regenerators, namely, heat generators; fireplaces; heating elements; electric stoves; heating hot plates; water coolers and heaters; cooling apparatus, namely, solar-powered cooling units, cooling units for industrial purposes, cooling installations for water; refrigerating apparatus, namely, refrigerating machines and installations; water supply control apparatus, namely, water control valves for faucets; regulating apparatus for gas installations, namely, safety accessories for gas pipes, namely, flashback arrestors and reverse flow check valves; fuel economizers, namely, gas purification machines; heat accumulator; electric thermal heat accumulators; combined cooling and heating apparatus, namely, HVAC units; ventilation apparatus, namely, ventilating fans for commercial and industrial use, heat recovery ventilators, energy recovery ventilators, ventilation hoods for laboratories; electric heaters for commercial use; electric air conditioners; HVAC equipment for air treatment, namely, HVAC units; air treatment equipment, namely, ionization apparatus for the treatment of air; air filtering installations; air purifiers; temperature responsive control apparatus for central heating radiators, namely, thermostatic valves; temperature sensitive switches for central heating radiators, namely, thermostatic valves; temperature regulators for central heating radiators, namely, thermostatic valves; temperature sensors for central heating radiators, namely, thermostatic valves; control devices for heating installations, namely, thermostatic valves; thermostatic valves; smart thermostatic valves; smart temperature regulators, namely, thermostatic valves; smart consumption temperature regulators, namely, thermostatic valves; electric heating and cooking apparatus, namely, hot-water space heating apparatus, cooking ovens, cooking ranges; clothes dryers; refrigerators

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely, distance measuring apparatus, surveying compass needles, gravity measuring instruments, photographic cameras, apparatus for checking flight parameters; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity consumption or distribution, namely, apparatus and instruments for conveying, distributing, transforming, storing, regulating or controlling electric current, resistors for distributing or controlling electric current, electrical gang boxes; sound, image or data recording, transmission, reproduction or processing apparatus and instruments; recorded or downloadable media, namely, visual and audio recordings of manuals in the field of computers, Pre-recorded DVDs featuring music; Downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; blank digital or analog recording and storage media, namely, blank digital storage media, blank digital audio tapes, blank recordable DVD-Rs; computing devices, namely, computers; computers and computer peripherals; Downloadable software for monitoring, analyzing, controlling and executing operations in the physical world; Downloadable software for home automation, namely, for controlling networked devices in the internet of things (IoT), operating internet-enabled and connected lighting apparatus and home security alarms; artificial intelligence software, namely, downloadable computer software using artificial intelligence for machine learning; Downloadable support software, namely, for diagnosing technical problems; Downloadable artificial intelligence software for monitoring; Downloadable software for controlling machines; Downloadable computer software for time control, namely, for monitoring and reporting the time; Downloadable computer software for the remote control of security apparatus; Downloadable voice recognition software; Downloadable facial recognition software; Downloadable geographic information system (GIS) software, namely, for database management; Downloadable biometric system software for identification and authentication of persons; Downloadable closed-circuit television (CCTV) software, namely, for controlling closed-circuit television cameras, uploading images, recording videos; Downloadable software for the remote control of telephone apparatus, mobile telephone apparatus; Downloadable software for the remote control of electric lighting apparatus; magnetic recording media, namely, blank magnetic data carriers; data storage media, namely, blank tapes for storage of computer data, external computer hard drives, computer network-attached storage (NAS) hardware; digital recording media, namely, blank digital storage media, blank digital audio tapes, blank recordable DVD-Rs; optical data media, namely, blank optical disks, blank optical data carriers, blank recordable optical disc; sound recording disks, namely, blank CD-ROMs for sound recording, sound recorded magnetic cards, sheets and tapes, blank recordable CD-Rs; flash memory computer card adapters; USB adapters, namely, USB dongles being wireless network adaptors; computer data storage apparatus, namely, blank tapes for storage of computer data, external computer hard drives, computer network-attached storage (NAS) hardware; computer program storage apparatus, namely, blank tapes for storage of computer data, external computer hard drives, computer network-attached storage (NAS) hardware; information storage devices, namely, blank tapes for storage of computer data, external computer hard drives, computer network-attached storage (NAS) hardware; memory devices, namely, memory boards, memories for use with computers, memory cards; USB hardware; computer memory hardware; computer network-attached storage (NAS) hardware; readers, namely, optical readers, RFID readers, Optical character readers, USB card readers; sound reproduction apparatus; image reproduction apparatus; data reproduction apparatus; rapid scan cameras; scanners; home automation devices, namely, home automation systems comprised

of computer hardware, wireless and wired controllers, and downloadable software for automating appliances, lighting, HVAC, security, electrical power; home automation systems, namely, home automation hubs comprised of voice-activated speakers, computer hardware, and recorded software for controlling networked devices in the internet of things (IoT), operating internet-enabled and connected lighting apparatus and home security alarms; signal cables for information technology, audio-video and telecommunications, namely, cables for optical signal transmission; photographic and audiovisual devices, namely, photographic viewfinders, photographic filters; analog converters, namely, analog to digital converter (ADCs); analog-to-digital signal converters; multi-port controllers, namely, data access port for use with electrical control panels for connecting multiple data and electrical devices; communication equipment, namely, headsets for remote communication, apparatus for transmission of communication, communications servers; equipment and accessories for data processing, namely, memories for data processing equipment, data processing equipment, data processing equipment, namely, couplers; instruments for data capture, namely, scanners; timers; multimedia computer terminals; receiving computer terminals for signals; wireless communication apparatus, namely, headsets for remote communication, apparatus for transmission of communication, communications servers; microwave communication apparatus, namely, microwave transmission apparatus for delivering radio programs and messages, microwave antennas, microwave communications apparatus to transmit communications from a vehicle to another vehicle, or from a vehicle to a satellite; apparatus for communication via cable, namely, telecommunication cables; electric communication apparatus, namely, apparatus for transmission of communication, antennas for wireless communications apparatus, communication modems; electronic telecommunication apparatus, namely, telecommunication exchangers, telecommunication cables, telecommunications transmitters; apparatus for surveillance of targets, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; image transmission apparatus; sound transmitting apparatus; signal transmission apparatus, namely, cables for optical signal transmission; telecommunications apparatus, namely, telecommunication exchangers, telecommunication cables, telecommunications transmitters; electric mobile digital communication devices, namely, smartphones, mobile phones, mobile or portable fax machines; base station controllers (BSC) for telecommunications, namely, electronic controllers for industrial equipment; communication controllers, namely, electronic controllers for industrial equipment; smart controllers, namely, electronic controllers for industrial equipment; infrared controllers, namely, electronic controllers for industrial equipment; router electronic controllers; link port electronic controllers; hub controller, namely, electronic controllers for industrial equipment; computer network hub for communication; connectors for telecommunications apparatus, namely, telephone connectors, connection cables, cable connectors; radio-frequency identification devices, namely, transponders; emitters, namely, radio and telephone transmitters; USB hubs; fuses; electronic communication installations, namely, headsets for remote communication, apparatus for transmission of communication, communications servers; optical communication instruments, namely, optical fiber cables, optical filters, cables for optical signal transmission; telecommunication switches; microphones for communication devices; analog signal processors; digital signal processors; radio-clocks being time clocks; portable radios; radio frequency receivers; mobile data receivers; repeaters for radio and television stations; signal repeaters for radio and television stations; electric resistors for telecommunications apparatus; communication servers; telecommunication distribution circuit boards; electric transformers for telecommunications apparatus; transmitters, namely, pressure transmitters, temperature transmitters, radio-frequency transmitters; transmission pipes, namely, cables for optical signal transmission; smart communications gateway routers; gateway routers for the Internet of things (IoT); smart gateway routers for data pre-processing; smart gateway routers for software-defined storage; smart gateway routers for real-time data analysis;

downloadable software for planning, integrating and optimizing smart city applications; computer peripherals adapted for use with computers and other smart devices; biometric readers, namely, biometric scanners; computers and computer hardware; air analysis apparatus; smart audio speakers; smart combined audio speakers; audio speakers with smart LAN (local area network) hardware amplifier; Data processing equipment, namely, couplers; multi-channel analyzer in the nature of electronic products for the generation, measurement, and analysis of audio signals, namely, audio analyzers; electrical energy analyzers, namely, electrical energy utilization metering devices; image analyzers, namely, raster image processors; luminescence analyzers, namely, electronic sensors for measuring solar radiation; data processing equipment; audio processing apparatus in the nature of audio processing equipment, namely, limiters and compressors; apparatus for measuring air current, namely, air analysis apparatus; computer peripheral apparatus; calculators; programmable logic controllers; voice command devices, namely, digital voice signal processors; electronic data processing equipment; voice identifiers, namely, digital voice signal processors; instruments for analyzing photographs in the nature of filters for use in photography, namely, photographic filters; computer network servers for home automation; electronic control systems for machines; Blank USB port cards; apparatus for recording sound and images; photographic equipment, namely, photographic viewfinders, photographic filters, photographic cameras, photographic flashbulbs; recording devices for sound and image media, namely, sound recording apparatus, apparatus for recording distance, film recording apparatus; playing devices for sound and image media, namely, digital audio and video recorders and players; audiovisual apparatus, namely, audiovisual receivers; amplifiers; audio apparatus, namely, digital audio tape players, audio dubbing apparatus, audio cables and radio receivers; electric cables for the transmission of sounds and images; electric cables for transmitting and receiving cable television signals; network tracking cameras; network monitoring cameras for surveillance; LAN (local area network) hardware cameras; smart cameras; motion-activated cameras; remote controls for televisions, stereo and radio apparatus; multifunctional remote controls for radios, televisions, stereos; touch screens, television receivers and cinema and video apparatus, namely, projection screens; wireless audiovisual receivers; electronic audio and video signal distribution systems comprising digital signal processors, cables for optical signal transmission, digital voice signal processors; video imaging systems comprising electronic cards for processing images, time lapse image recorder, video recorders; optical viewfinders; fluorescent screens; computer monitors with light-emitting diodes (LEDs); Flat panel display screens; LED displays; LED televisions; television apparatus for projection purposes; camcorders; electric couplings; plug adapters; telecommunication cables; coaxial cables; ethernet cables; optical cables; USB cables; luminous USB cables; cable connectors; loudspeaker electric switches; fiber-optic receivers for telephone, audio, video; audio adapter cables; electrical network supply apparatus, namely, uninterruptible electrical power supplies; uninterruptible power supply apparatus, namely, batteries; regulated power supply apparatus, namely, batteries; apparatus and instruments for controlling electricity, namely, apparatus and instruments for controlling electric current; apparatus and instruments for accumulating and storage of electricity, namely, accumulators; apparatus and instruments for distributing electricity, namely, apparatus and instruments for distributing electric current; photovoltaic apparatus for electricity generation, namely, photovoltaic solar panels for the production of electricity; apparatus for increasing energy efficiency, namely, electrical energy utilization metering devices; load banks; electric and electronic components in the nature of capacitors, connectors, filters, oscillators, relays, switches, transformers, resistors, semiconductors, integrated circuits, rectifiers, transistors; AC/DC alternating current to direct current converters; DC/AC direct current to alternating current converters; galenite detectors for use in electronics, namely, galena crystal detectors for use in electronics; piezoelectric lighters, namely, piezoelectric switches; charging stations for electric vehicles; electric filters for radio interference suppression; earthing systems and apparatus,

namely, earthing cables and earth terminals; SCART electric sockets; network supply units, namely, power supplies; electrical energy units, namely, power supplies; electric control circuits; electronic control circuits for industrial equipment; mobile electric socket strips; antenna jacks being electric sockets; network electronic circuit boards; computer network hubs; mains battery chargers; LED light controllers; LED flat panel display screens; electronic control mechanisms, namely, lighting ballasts for LED lamps and light fixtures; Accessories for wall lights, namely, electric switches; antennas and components thereof, namely, antenna filters; temperature control apparatus, namely, temperature controllers for industrial equipment; light electrical signal attenuators; lighting ballasts; multiple smart socket electric outlets; smart socket electric outlets; multiple socket electric outlets with surge protection; electrical distribution bars, namely, distribution transformers; electric circuit components, namely, electric circuit switches and openers; electronic components in the nature capacitors, connectors, filters, oscillators, relays, switches, transformers, resistors, semiconductors, integrated circuits, rectifiers, transistors; Electronic wireless internet controllers for industrial equipment; IR electronic controllers for industrial equipment; terminal electronic controllers for industrial equipment; Wireless internet electric plugs; multiple network access server hardware bases; Wireless internet electric sockets; socket electric converters; electric socket covers; adapter electric plugs; dustproof electric sockets for mobile phone connectors; remote-controlled electric sockets; electric power plugs; electric relay sockets; safety electric sockets; electric plugs; Electronic ballasts for lighting; smart switches; Wireless internet electric switches; Electronic proximity switches; electric sensor switches; temperature switches; small smart automatic electric switches; smart magneto-thermal electric switches; electromagnetic switches; rotary electric switches; magnetic electric switches; switches for lighting; switches for electric lamps; touch screens; electric outlet plates; fluorescent lamp electrical reactors for electric lighting; strips of multiple electric plugs; phase change regulators for communications apparatus, namely, phase modifiers; light dimmers; electric light dimmers; electric circuits and cards with integrated circuits; push buttons, namely, electric control panels; electrical power supply sockets; transistors; electric light regulators, namely, light dimmers; thermionic tubes; connections for electric lines; electric line conditioners, namely, connections for electric lines; electric cable couplings; extension cables; wire connectors; electric wiring; connection boxes for telephone cables; cable protector sleeves; electrical extension cords; Phone extension leads; electric accumulators; battery adapters, namely, electric adapter cables; electric adapter cables with and without USB; electricity storage apparatus, namely, accumulators; battery starter cables; energy load banks; auxiliary battery for mobile telephones; battery cases; nickel-cadmium storage batteries; batteries for lighting; electric batteries; batteries for pocket lamps; batteries for projectors; batteries for mobile telephones; rechargeable batteries; batteries rechargeable with solar energy; solar batteries for household use; smart battery chargers; smart induction battery chargers; battery chargers; wireless chargers; chargers for electric accumulators; USB battery chargers; portable battery chargers; direct current power supplies; electric dry cells and batteries; lithium batteries and dry cells; solar batteries; power units, namely, batteries; power line conditioners; power adapters; electrical adapters; power amplifiers; electrical energy control apparatus, namely, electric control devices for energy management; apparatus for monitoring electricity supply networks, namely, electric control devices for energy management; apparatus and instruments for accumulating the use of electricity, namely, accumulators; apparatus and instruments for regulating the use of electricity, namely, voltage regulators; autotransformers; starter cables for batteries; electricity connection box, namely, electric junction boxes; electric switch boxes, namely, electric junction boxes; comparators; commutators; smart wall commutators; electrical controllers for industrial equipment; Current converters; power dividers, namely, power switches; electric current switches; current electricity limiters; electric distribution control panels; current rectifiers; lighting regulators, namely, light dimmers; power controllers; transformers; light dimmers being regulators; smart consumer regulators, namely, light dimmers; smart radio-frequency power meters; photovoltaic apparatus and

installations for generating solar electricity, namely, photovoltaic cells and modules; solar panels for production of electricity; image amplifiers; thermal imaging apparatus for night vision, namely, night vision goggles; thermal imaging apparatus, namely, thermal imaging systems, not for medical use; distance recording apparatus; devices providing night vision, namely, night vision goggles; magnifying peepholes for doors; laser equipment for non-medical use; security check apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; telecommunications switchboards; automatic switchboards; alarm switchboards; signaling apparatus, namely, signal mirrors, rotating lights, optical signaling cables, railway signals; electric security monitoring apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; target surveillance apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; optical target monitoring apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; optical target surveillance apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; electric target surveillance apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; smoke detector apparatus, namely, smoke detectors; life-saving apparatus and instruments, namely, life-saving capsules for natural disasters, life-saving rafts, life boats; electric and electronic security apparatus and instruments, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; electric surveillance apparatus, namely, electric and electronic video surveillance installations, security control panels and motion detectors, closed circuit TV systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; fire control apparatus, namely, fire-extinguishers; anti-theft devices, other than for vehicles, namely, burglar alarms, alarm monitoring systems, electronic warning bells, warning triangles; audio and video devices for monitoring babies, namely, baby monitors; electronic devices for monitoring babies, namely, baby monitors; access control devices, namely, electronic access control systems for interlocking doors; warning and alarm equipment, namely, burglar alarms, alarm monitoring systems, electronic warning bells, warning triangles; protection and security equipment, namely, burglar alarms, alarm monitoring systems, personal security alarms; security control instruments, namely, security control panels and motion detectors; flashing safety lights; baby video monitors; video surveillance systems, namely, camera hardware systems for IP (Internet protocol) video surveillance; electronic security systems for home networks, namely, electric and electronic video surveillance installations; acoustic alarms; alarms, namely, burglar alarms, alarm monitoring systems, personal security alarms; electric alarm bells; remote burglar alarms; electronic anti-theft burglar alarms; anti-theft burglar alarms; fire alarms; natural gas alarms; smoke alarms; security alarms; alarms for the detection of inflammable gases; intruder identification apparatus, namely, security alarms; security cameras; Passive infrared (PIR) presence detectors, namely, infrared sensors; gas detectors for detecting the presence of gas; fire detectors; flame fire detectors; radiation detectors; electric smoke detectors; alarm signal satellite receivers; alarm sensors; electric current sensors; electric smoke sensors; electric fire sensors; microwave-type intruder

electric sensors; electric flame sensors; alarm control systems, namely, access control and alarm monitoring systems; warning bells; alarm bells, electric; electronic warning bells; electric metal bells for alarms; alarm emergency signal transmitters; alarm central units; central locking apparatus for doors, namely, digital door locks; automatic access control apparatus, namely, electronic access control systems for interlocking doors; electric access control apparatus, namely, electronic access control systems for interlocking doors; remote control apparatus for opening and closing doors, namely, keypads for electric garage door openers and closers; entry control apparatus for wireless internet garage doors, namely, keypads for electric garage door openers and closers; remote control apparatus for smart garage doors, namely, keypads for electric garage door openers and closers; remote control apparatus, namely, remote controls for smart blinds; remote control apparatus, namely, remote controls for smart curtains; remote control apparatus, namely, remote controls for smart awnings; automatic access-security apparatus, namely, electronic access control systems for interlocking doors; automatic security barriers, namely, electronic access control systems for interlocking doors; smart electronic padlocks; electric door locks; digital door locks; smart door locks; electric locks; electric locks with alarm; electronic locks; smart electronic locks; radio frequency-controlled locks; card-operated electronic locks; security lights for outdoor use, namely, security light curtains for perimeter access control; automatic access control installations, namely, electronic access control systems for interlocking doors; access computer interfaces for networks managed by private networks; encoded key cards; access control cards, namely, magnetically encoded key cards; signaling optical lamps; optical lamps; luminous signs; signal optical lanterns; optical lanterns; Safety equipment, namely, beacon lights; electric door bells; electric buzzers; electronic and wireless electric door bells; electronic timing apparatus, namely, time clocks; chronographs for use as specialized time recording apparatuses; electronic synchronization control instruments, namely, data synchronization cables; electronic kitchen timers; weighing apparatus and instruments; temperature indicator apparatus, namely, temperature indicators; weather stations, namely, digital weather station instruments; smart weather stations, namely, digital weather station instruments; temperature sensors; thermometers not for medical purposes; infrared thermometers not for medical purposes; digital thermometers, other than those with a medical purpose; electronic thermometers, other than for medical use; earth test connections, namely, earth cables; ammeters; smart meters, namely, gas meters, electricity meters, water meters, digital pH meters; smart temperature control apparatus, namely, temperature controllers for industrial equipment; process control apparatus, namely, electronic controllers for industrial equipment; monitoring and control apparatus, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals, electronic carbon dioxide monitors, other than for medical purposes, electronic controllers for industrial equipment; electronic control apparatus, namely, electronic controllers for industrial equipment; control apparatus for lighting; control apparatus for smart lighting; programmable control apparatus, namely, programmable electronic controllers for industrial equipment; infrared remote control apparatus, namely, remote controls for radios, televisions, stereos; remote control apparatus, namely, remote controls for radios, televisions, stereos; remote control apparatus, namely, remote controls for air conditioning installations; remote control apparatus, namely, remote controls for controlling lighting; heat regulating apparatus, namely, thermostats; thermostatic control apparatus, namely, thermostats; apparatus for controlling energy, namely, electric control devices for heating and energy management; heat-regulating apparatus, namely, thermostats; boilers control instruments; thermostatic electronic controllers for thermostats; electric controls, namely, electric control devices for energy management; programmable electronic controls for lighting apparatus and instruments; remote controls for radios, televisions, stereos; wireless remote controls for portable electronic devices and computers; remote controls for mobile electronic devices; remote controls for audiovisual equipment; remote controls for window shades; remote controls for projectors; remote controls for multimedia systems; sound-sensitive remote controls for lighting apparatus and instruments; thermal controls, namely,

electric control devices for outdoor lighting fixtures; electric control devices for managing heat; remote ignition, namely, keyless entry system and keyless ignition switch system for automotive vehicles comprised of a microprocessor, electronic signal receiver, and keyfob with electronic signal transponder; control stations, namely, programmable electronic controllers for industrial equipment; differential switches; smart differential switches; temperature electricity limiters for machines; remote controls of electric installations; temperature monitors for central heating radiators, namely, temperature switches and sensors for monitoring hydraulic or pneumatic systems; lighting control panels; electric control panels; central heating programmers, namely, programmable electronic controllers for industrial equipment; smart irrigation programmers, namely, programmable electronic controllers for industrial equipment; wireless internet irrigation programmers, namely, programmable electronic controllers for industrial equipment; radio receivers for remote controls; heat regulators, namely, thermostats; water temperature regulators, namely, temperature switches; electric timers; programmable timers; wireless internet thermostats; room thermostats; digital climate control thermostats; digital thermostats for air conditioners; electric thermostats; mechanical room thermostats; smart thermostats; water leak detection alarms, namely, leak detectors for vacuum pumps; radar antennas; gas flow control apparatus, namely, gas flow monitors; microwave detection apparatus, namely, gamma radiation detector for electronic detection of hidden contraband; fire detection apparatus, namely, fire alarms; heat detection apparatus, namely, fire alarms; ultraviolet detection apparatus in the nature of devices emitting ultraviolet (UV) light for detecting counterfeit money; infrared detection apparatus; radar apparatus; sonar apparatus, namely, sonars; electronic monitoring apparatus, other than for medical use, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals; apparatus for monitoring the level of liquids, namely, liquid level sensors; apparatus for monitoring heat consumption, namely, electric control devices for heating management; apparatus for monitoring water consumption, namely, water meters; apparatus for monitoring gas consumption, namely, gas meters; ultrasonic diagnostic apparatus, not for medical use, namely, ultrasonic sensors; biosensors for measuring distance, chemical levels in aqueous solutions, not for medical use; motion detectors; sirens; alarm sirens; door and window opening detectors in the nature of electronic apparatus, namely, motion detectors; detectors, namely, filling level detectors, magnetic object detectors, carbon dioxide detectors; combined smoke and carbon monoxide detectors; approximation detectors, namely, proximity sensors; cable metal detectors; heat detectors, namely, fire and smoke detectors; flammable gas concentration detectors, namely, gas meters; ultrasonic flaw detectors; leak detectors for vacuum pumps; carbon dioxide detectors; combustion gas detectors, namely, gas meters; smoke detectors; spindle detectors, namely, metal detectors; infrared detectors; Electromagnetic measurement detectors; microwave radar detectors; carbon monoxide detectors; proximity detectors, namely, proximity sensors; radar detectors; gamma ray radiation detectors; electronic glass breakage detectors; laser detectors for use on vehicles; magnetic object detectors; passive infrared detectors; infrared scanners; luminescence scanners; photodetectors, namely, ultrasonic flaw detectors; electronic switches with motion detection; interfaces for detectors; temperature monitors for household use, namely, thermostats; electronic temperature monitors, other than for medical use, namely, thermostats; radar; radar receivers with amplifiers; sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment; active infra-red sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment; electronic anti-intrusion ultrasonic wave sensors; automatic solar tracking sensors; electronic heat sensors; electronic window opening and closing detection sensors; electronic object detecting sensors; electronic door opening and closing detection sensors; remote sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment; fiber-optic sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment; mass flow sensors for use in controlling the actuation and operation of

automotive safety apparatus and equipment; magnetic flux sensors use in controlling the actuation and operation of automotive safety apparatus and equipment; gas sensors for measuring gas concentration; humidity sensors with integrated digital and analog output circuitry used in automotive, appliance and light industrial applications to sense both relative humidity and temperature environmental conditions; electronic smoke sensors; pyroelectric infrared sensors; passive infrared sensors; IoT (Internet of Things) sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment; LED position sensors; presence sensors, namely, electrical sensor apparatus for sensing the presence of individuals or objects by contact or pressure; proximity sensors; electronic measuring sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment; remote temperature sensors; air temperature sensors; monitoring sensors, detectors and instruments, namely, proximity sensors, magnetic object detectors, carbon dioxide detectors; digital sensors for use in controlling the actuation and operation of automotive safety apparatus and equipment, not for medical use; thermal sensors, namely, thermostats; scales; remote control electric couplings; air quality monitor, namely, air analysis apparatus; automatic thermostats for central heating radiators

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of a blue, orange, and red "K". **Color Drawing** Yes **Color Claimed** The color(s) blue, orange, and red is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1666148 **International Registration Date** Feb. 28, 2022

GOODS AND SERVICES INFORMATION

For Demonstration of goods; conducting of advertising multimedia programs; organization of exhibitions and fairs for commercial or advertising purposes; rental of advertising space and rental of advertising time in any communication media; promotion and retail store services featuring computer tools, software, and other computer programs; commercial business management; providing office functions; compilation and systematization of data in a central file being computer databases; computer file management; data office functions, namely, data search in computer files for others; business analysis and information in the nature of drawing up of statistics; Providing office functions for inputting, editing, compiling and processing data, namely, for recording, transcribing and systematizing written communications and sound or image recordings; business management and organization consultancy; business analyses; marketing services; compilation of information for business purposes; arranging subscriptions to a service provider for access to a computer or data transmission network, particularly to a global communication network or a private or restricted-access network; arranging subscriptions to telecommunication services for others; updating of data in computer databases; market study and analysis of market studies; commercial support services for digital transformation, namely, providing business support staff services; commercial support services in the field of innovation and data management, namely, providing business support staff services; retail store services in the field of computer software and telecommunications; business advice in consumer goods in the field of software; advice relating to search engine optimization for sales promotion; arranging of contracts, for third parties, for providing services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Apparatus and instruments for recording, transmission or reproduction of sound or images; data processing equipment; computer peripheral devices; computers; downloadable electronic publications, namely, magazines in the field of technology; computer documentations in electronic form, namely, downloadable software in the field of data management; Downloadable software manuals in the form of operating and user instructions for computers and software, stored in digital form; portable electronic devices for the reception, storage and transmission of data and messages; Downloadable data synchronization programs; Downloadable software for accessing, browsing, and consulting online databases, customer relationship management, accounting, data and content management, application development, augmented reality simulation, creating and designing websites, web content management, application development, mail server and cloud server management, business management, inventory, cybersecurity, and automated data storage; Downloadable application software for providing social networking services via the internet; Downloadable software development tools; Downloadable electronic device software drivers for allowing computer hardware and electronic devices to communicate with each other; Downloadable software programs for operating computer systems; image bank in the nature of downloadable database management software; equipment for processing information in the form of electronic data for connecting to a global communication network, in particular, the internet, television channels, radio channels, telephone networks and telecommunication networks; computer servers; computer email servers; communication servers being computer hardware; Downloadable software databases containing codes for programming remote control units

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific evaluations, assessments and research in the field of technology; technological advisory services provided by engineers and scientists in scientific and computer technological fields; cybersecurity consulting services with respect to technology and computers concerning the security of computer data and personal and financial information; telecommunication technology consultancy services; quality control for others; industrial analysis and research services in the field of computer technology, namely, research and development of new products and services for third parties in the field of computer technology; design and development of software or computer applications; design and hosting of computer websites on the Internet; hosting of servers, namely, hosting the web sites of others on a computer server for a global computer network; advice regarding website design; creation and maintenance of websites for third parties; technical support, namely, advice and consulting in the field of cloud computing; development, installation, repair, maintenance and updating of software, computer programs; maintenance of computer software; design, maintenance and updating of software, namely, telecommunication network search engine; computer programming services; providing application services, namely, temporary rental of computer application software for database management; Consulting in the field of telecommunications technology; computer system design; computer system analysis; consultancy relating to design and development of computer programs and software; conversion of data or documents from physical to electronic media; technical project study, namely, conducting of feasibility studies in the field of new technologies and digital transformation; computer data recovery; information technology (it) consultancy; software as a service featuring software for processing shipping operations via computer networks, intranets and the Internet, customer relationship management, augmented reality simulation, application development, data and content management, creating and designing websites, web content management, application development, mail server and cloud

server management, business management, inventory, cybersecurity, and automated data storage; platform as a service featuring software for data and content management, customer relationship management, augmented reality simulation, for application development, creating and designing websites, web content management, application development, mail server and cloud server management, business management, inventory, and automated data storage; computer system integration services; development of databases and data banks; conducting feasibility studies relating to software; research and consulting services relating to computer program and software development; application service provider, namely, hosting of third-party application software; information technology advice and assistance services in the form of computer software implementation; design and development of new computer software technologies for third parties; security services for computer networks in the nature of administering digital certificates; management of computer projects; consultancy with respect to pharmaceutical research and development; development of pharmaceutical products

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Medical apparatus and instruments for diagnostic radiopharmaceutical use; diagnostic, examination and monitoring equipment for medical purposes, namely, radiological apparatus for medical purposes and electromagnetic medical diagnostic imaging apparatus; diagnostic apparatus for medical purposes, namely, ultrasound diagnostic apparatus, ultrasound medical diagnostic apparatus, and x-ray diagnostic apparatus; medical imaging apparatus, namely, radiography apparatus; magnetic resonance imaging (MRI) apparatus, MRI instruments, MRI scanners, and MRI diagnostic apparatus, all for medical purposes; optical scanners for medical inspection purposes for use in optical microscopy, spectroscopy, endoscopy, ophthalmoscopy and tomography; scanners for medical use for producing pictures of the human body; scanners for medical diagnosis for producing pictures of the human body; x-ray scanners for medical use; apparatus and instruments for use in medical analysis, namely, body composition analyzers for medical purposes; tools for medical diagnostics, namely, computed tomography (CT) apparatus

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Education and online education, namely, training classes, tutorial sessions, and seminars in the field of magnetic resonance imaging (MRI) medical procedures, operation of MRI apparatus and equipment, MRI apparatus technology, MRI software, and advances in MRI procedures

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For diagnostic apparatus for research laboratory use, namely, research laboratory analyzers for thermal imaging; educational apparatus namely, electronic clinician training simulators; medical diagnostic simulators for use as teaching aids for biopsy, endoscopy, laparoscopy and angioplasty procedures; downloadable and recorded software for computer system, application and database integration and development, for controlling and managing access to server applications, for document

management and database management, for processing digital images, graphics and text, for organizing and viewing digital images, and for creating searchable databases of information and data; downloadable and recorded web application software for computer system, application and database integration and development, for controlling and managing access to server applications, for document management and database management, for processing digital images, graphics and text, for organizing and viewing digital images, and for creating searchable databases of information and data; downloadable and recorded graphical user interface software; interfaces for computers; downloadable and recorded simulation software, namely, virtual reality training simulation software in the field of medical diagnostics and medical imaging apparatus and educational simulation software in the field of medical diagnostics and medical imaging apparatus; downloadable and recorded web application simulation software, namely, virtual reality training simulation software in the field of medical diagnostics and medical imaging apparatus and educational simulation software in the field of medical diagnostics and medical imaging apparatus; downloadable and recorded software relating to the medical field, namely, software for operating medical imaging equipment; downloadable and recorded software for controlling medical apparatus and instruments; downloadable and recorded software for monitoring and controlling medical diagnostic, examination and monitoring equipment; downloadable and recorded software for use in medical decision support systems, for providing medical information to medical providers in connection with making decisions about the diagnosis and treatment of patients; downloadable and recorded monitoring software for controlling magnetic resonance imaging (MRI) apparatus; downloadable and recorded software for controlling magnetic resonance imaging (MRI) simulators; downloadable and recorded software for controlling magnetic resonance imaging (MRI) diagnostic apparatus; downloadable and recorded image generation software; downloadable and recorded image processing software; downloadable and recorded image analysis software; downloadable and recorded software for controlling and monitoring medical simulators; downloadable and recorded software platforms for operating medical imaging apparatus and instruments for use in the fields of medical education and medical imaging education; downloadable and recorded software development tools; downloadable and recorded magnetic resonance imaging (MRI) software development tools; medical diagnostic magnetic resonance imaging (MRI) simulators for use as teaching aids for magnetic resonance imaging (MRI) procedures; magnetic resonance imaging (MRI) simulator platforms, namely, magnetic resonance imaging (MRI) simulators for use as teaching aids for magnetic resonance imaging (MRI) procedures; magnetic resonance imaging (MRI) noise simulators for use as teaching aids for magnetic resonance imaging (MRI) procedures; magnetic resonance imaging (MRI) apparatus, not for medical purposes; scanners; image scanners; x-ray scanners other than for medical use; magnetic resonance imaging (MRI) scanner simulators for use as teaching aids for magnetic resonance imaging (MRI) procedures; downloadable and recorded virtual and augmented reality software for medical teaching; downloadable and recorded software for generating virtual images; downloadable and recorded software for accessing, browsing and searching online databases; apparatus for generating virtual images, namely, computer hardware and medical diagnostic simulators for use as teaching aids for medical training for magnetic resonance imaging (MRI) procedures; downloadable and recorded virtual reality software for medical teaching; downloadable and recorded educational software for medical instruction; downloadable and recorded web application educational software for medical instruction

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Medical imaging services; optical medical imaging services for medical diagnostic use; medical analysis services relating to the treatment of patients

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Scientific and technological services, namely, scientific research and analysis in the field of medical technology, magnetic resonance imaging (MRI) medical procedures, operation of MRI apparatus, MRI apparatus technology and equipment, MRI software, and advances in MRI procedures; biological research; clinical research in the field of medical imaging apparatus; medical research; biotechnological research; IT consultancy, namely, consulting in the field of IT project management; software development, programming and implementation; providing online non-downloadable software for magnetic resonance imaging (MRI) medical procedures and for operation of MRI apparatus and equipment; providing temporary use of online non-downloadable software for accessing and using a cloud computing network; design and development of computer software for simulators; design and development of software for use with medical technology; design and development of computer software for medical simulators; design and development of virtual reality software; product design and product development in the field of medical technology; design and development of medical diagnostic apparatus; software as a service (SaaS) services featuring software for generating images and virtual images, processing of images and virtual images, and transmission of images and virtual images; software as a service (SaaS) services featuring software for use in medical decision support systems, for providing medical information to medical providers in connection with making decisions about the diagnosis and treatment of patients; software as a service (SaaS) services featuring software for operating and controlling medical apparatus and instruments, MRI apparatus, MRI simulators, and MRI diagnostic apparatus; software as a service (SaaS) services featuring educational software for providing instruction in the field of magnetic resonance imaging (MRI) medical procedures; software as a service (SaaS) services featuring magnetic resonance imaging (MRI) simulation software; software as a service (SaaS) services featuring medical simulation software; platform as a service (PaaS) featuring computer software platforms for generating images and virtual images, processing of images and virtual images, and transmission of images and virtual images; platform as a service (PaaS) featuring computer software platforms for use in medical decision support systems, for providing medical information to medical providers in connection with making decisions about the diagnosis and treatment of patients; platform as a service (PaaS) featuring computer software platforms for operating and controlling medical apparatus and instruments, MRI apparatus, MRI simulators, and MRI diagnostic apparatus; platform as a service (PaaS) featuring educational computer software platforms for providing instruction in the field of magnetic resonance imaging (MRI) medical procedures; platform as a service (PaaS) featuring computer software platforms for transmission of images and audio visual content, platform as a service (PaaS) featuring computer software platforms for medical simulations and magnetic resonance imaging (MRI) simulations; developing computer programs for simulating experiments or series of experiments in a virtual laboratory or a virtual environment

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Financial services, namely, strategic financial advisory services; financial information services; financial management services; financial analysis services, financial management for businesses; analyzing and compiling data for measuring the financial performance of businesses; cash management advisory services; financial advisory and consultancy services; strategic financial advisory services provided to businesses in the area of finance; financial advisory and consultancy services, namely, advisory services in the field of financial transaction processes; information, advice and consultancy in relation to all of the aforesaid services

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Business assistance, management and administrative services; accountancy financial record keeping for regulatory compliance purposes, business accounting purposes, statutory compliance purposes, cash flow management purposes, financial performance monitoring purposes, financial modelling purposes, financial planning purposes, payroll management purposes, financial data recordal and integration purposes; business auditing; administrative support services, namely, management and processing of business administrative, accounting and financial data; data processing services; business consultancy and advisory services; systematization of data in computer databases; database management; business support services, namely, business consulting to freelancers, start-ups, existing businesses and non-profit organizations; business data analysis; business operation, business administration and office functions; preparation of business reports; business consultation in the field of business process improvement; business computerised accounting services; accounting for third parties; accounting for third party businesses; financial records management; business advice relating to finance; providing office functions; updating and maintenance of data in computer databases; subscription-based retail and online retail store services in the field of computer software; information, advice and consultancy in relation to all of the aforesaid services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable software for managing, for advising and reporting on and for assisting with business accounting, payroll, tax and financial functions, human resource services, business management services and financial services; downloadable software, namely, software for managing business processes and functions; downloadable software for managing financial processes and functions; downloadable financial management software; downloadable accountancy software; downloadable software for managing business and financial transactions; downloadable software for managing business financial accounts; downloadable office and business application software for managing, for advising and reporting on and for assisting with business accounting, payroll, tax and financial functions, human resource services, business management services and financial services; downloadable data and file management and database software; downloadable business management software; downloadable software for use in the field of finance, namely, software for financial advisory and consultancy services, financial record keeping, strategic financial advisory services, administration of financial affairs, financial information services, financial management services, financial analysis services, financial management for businesses, financial performance monitoring services, financial modelling services, business accounting, payroll, tax and cash flow management services; downloadable office productivity software, namely, word processor software, spreadsheet software, reporting and presentation software; downloadable electronic publications in the nature of reports, journals, books, articles, presentations and newsletters in the fields of software, human resources, business management, accountancy, payroll, tax and finance; electronic databases in the fields of software, human resources, business management, accountancy, tax, payroll and finance recorded on computer and digital media; downloadable electronic computer training manuals in the fields of software use, software troubleshooting and debugging, software design, software development, software repair, software maintenance, software engineering, software creation, software installation, human resources, business management, accountancy, payroll tax and finance management; downloadable electronic computer training reference materials in the nature of worksheets, articles, discussion guides, manuals, reference sheets, process summary documents, instructional videos, instructional audio recordings, instructional slideshow presentations in the fields of software use, software troubleshooting and debugging, software design, software development, software repair, software maintenance, software engineering, software creation, software installation, human resources, business management and finance

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Computer software development, programming and implementation; application service provider (ASP), namely, hosting computer software applications for others; hosting computer websites; software as a service (SAAS) services featuring software for accountancy, financial record keeping for regulatory compliance purposes, statutory compliance purposes, cash flow management purposes, financial performance monitoring purposes, financial modelling purposes, financial planning purposes, payroll management purposes, financial data recordal and integration purposes, business auditing, management and processing of business administrative data, financial advisory and consultancy services, financial information, management and analysis services, managing business processes and functions, financial processes, information and affairs for businesses featuring tax, invoicing, credit control, payroll and accountancy and business operation, business administration and office functions; platform as a service (PAAS) featuring computer software platforms for use in accountancy, financial record keeping for regulatory compliance purposes, statutory compliance purposes, cash flow management purposes, financial

performance monitoring purposes, financial modelling purposes, financial planning purposes, payroll management purposes, financial data recordal and integration purposes, business auditing, management and processing of business administrative data, financial advisory and consultancy services, financial information, management and analysis services, managing business processes and functions, financial processes, information and affairs for businesses featuring tax, invoicing, credit control, payroll and accountancy for businesses and business operation, business administration and office functions; computer software design, development and maintenance services; computer software consultancy; advisory services relating to computer software; computer software consultancy services; design, development, maintenance, updating and installation of computer software; design of information technology systems and computer software relating to finance, financial functions and processes; cloud computing featuring software for use in accountancy, financial record keeping for regulatory compliance purposes, statutory compliance purposes, cash flow management purposes, financial performance monitoring purposes, financial modelling purposes, financial planning purposes, payroll management purposes, financial data recordal and integration purposes, business auditing, management and processing of business administrative data, financial advisory and consultancy services, financial information, management and analysis services, managing business processes and functions, financial processes, information and affairs for businesses featuring tax, invoicing, credit control, payroll and accountancy for businesses, and business operation, business administration and office functions; server hosting; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, resolving computer hardware and software problems; technical writing for others in the fields of software, human resources, business management, accountancy, tax, payroll and finance; technical support, namely, providing computer facilities for the electronic storage of digital data; technical support, namely, providing computer facilities for the electronic storage of digital data of others; data automation and collection service using proprietary software to evaluate, analyze and collect service data; design and maintenance of computer databases; technical support services, namely, monitoring of network systems, servers and web and database applications; computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for creating searchable databases to allow users to perform, on-line, the collection and analysis of financial, accounting and business information and data; technical support services, namely, providing backup computer programs and facilities; technical support services, namely, monitoring technological functions of computer network systems; technical support services, namely, provision of technical support in the operation and supervision of computing software and networks; technical support services, namely, migration of datacenter, server and database application software; technical support services, namely, technical administration of computer servers and computer software for others; technical support services, namely, technical administration of computer software and computer applications for others; technical support services, namely, remote technical administration and management of hosted computer software and hosted computer applications; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application system software; consulting services in the fields of selection, implementation and use of computer software systems for others; rental of computer software for business, administrative, accounting and financial management services; information, advice and consultancy in relation to all of the aforesaid

International Registration 1677983 **International Registration Date** Apr. 22, 2022

GOODS AND SERVICES INFORMATION

For Installation, maintenance and repair services of inspection of artificial vision technology machines and equipment for diagnosis and verification of faults, defects or errors; installation of automation equipment for industrial manufacturing processes; repair and maintenance of optical machines and instruments; maintenance of equipment for data processing; maintenance of automated machinery for artificial vision technology; inspection of automobiles and their parts prior to maintenance and repair; provision of information on automotive repair or maintenance; all of the foregoing relating to artificial vision technology

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Photographic, optical, measuring, signaling, detecting, testing and inspecting apparatus and instruments, namely, Electro-optical instruments for use in inspection and measurement of defects in vehicle parts and pieces; optical inspection apparatus for industrial use; electric ultrasound flaw detectors in vehicles and integral parts thereof; measuring devices, namely, measuring equipment to inspect the adequacy of sealer and mastic application and detect defects related with bead continuity, bead width, bead length and bead position; detecting devices, namely, paint quality detection devices to detect small defects in vehicle coating; monitoring devices, namely, electronic device for monitoring and inspecting the quality of glazing in vehicles to prevent the entry of water and verify the absence of air bubbles; electrical controlling devices; Scientific

apparatus, namely, sensing and signaling devices for testing and quality control of materials processing by laser; visual monitoring apparatus namely, a system consisting of cameras and lasers for scanning tires and obtaining three-dimensional models on which software algorithms perform, read and analyze all the writings and symbols imprinted on tire automatic lettering; diagnostic apparatus for testing the gap and flush of doors and vehicle parts, not for medical use; central processing units (CPU) for processing information, data, sound or images; apparatus for data processing in real time; optical sensors; optical viewfinders; cameras for monitoring and inspecting vehicles in an industrial installation; computer display monitors providing a full panoramic view of a vehicle; data processing equipment; Downloadable computer software for use in database management and obtaining reports as a spreadsheet for the analysis of defects in vehicle components; downloadable computer software for performing diagnostics and troubleshooting; downloadable computer software for scanning images; downloadable computer software for processing digital images; downloadable computer software for providing a full panoramic view of a vehicle; downloadable software for controlling industrial processes; downloadable computer programs for optical character recognition; all of the foregoing relating to artificial vision technology

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Engineering services; computer engineering services; engineering services in the field of robotics; technical research in the field of computerized automation of industrial processes; quality control testing of industrial machinery; monitoring of quality control processes; inspection of defects in vehicle parts and components thereof for quality control; design of corrective treatments to fix defects in vehicle structures; creation of control computer programs for automatic measurement, assembly, adjustment and visualization related thereto; creation, maintenance, conservation and adaptation of computer software; design and development of computer software for image processing; design of specialist machinery for use in the manufacture of vehicles; design and development of diagnostic apparatus for artificial vision technology; all of the foregoing relating to artificial vision technology

International Registration 1684638 **International Registration Date** Apr. 15, 2022

GOODS AND SERVICES INFORMATION

For Electric vehicles charging services, installation, maintenance and repair of charging stations; charging of electric vehicles in the context of an electric vehicle charging infrastructure to enable consumers to recharge electric vehicles, by the purchase of electricity for such vehicles through a network of distribution centres, installations, storage solutions and outlets

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Charging stations for electric vehicles; apparatus and instruments for charging and controlling electric vehicles namely, charging stations for charging electric vehicles, remote controls for remote observation, management, and operation of charging stations for charging electric vehicles, voltage regulators for vehicles; Downloadable and recorded software and hardware for operation of charging stations for charging of electric vehicles; Downloadable and recorded computer software applications to locate charging stations; data processing equipment, namely, electronic display and computer interfaces, encoded module cards containing programming used to access and monitor charging stations for charging electric vehicles and electronic components in the nature of card readers and electronic computer chip readers for use in conjunction with computers, all with the purpose of enabling automated roaming setup between vehicle charging station operators and e-mobility service providers and with the purpose of enabling vehicle charging station information exchange, charge detail record exchange and the exchange of smart-charging commands between parties, all relating to electric charging of vehicles; Downloadable and recorded software, namely, open standard software and protocol software for charging electric vehicles; Downloadable and recorded software for automated roaming setup between vehicle charging station operators and e-mobility

service providers and for vehicle charging station information exchange, charge detail record exchange and the exchange of smart-charging commands between parties, all relating to electric charging of vehicles

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Testing, analysis and evaluation of vehicle charging station and electric vehicle services in the field of charging electric vehicles to determine conformity with established accreditation standards; computer services, namely, cloud-based management intelligence Platform as a service (PAAS) featuring computer software platforms for data collection, data storage, analytics, rate and timing control, and monitoring of electric generation and demand; Software as a service (SAAS) services featuring software for operating computer systems and computer networks that control charging apparatus and other remotely-controllable electric loads, for electric grid operators, utility companies, and energy market participants in the residential, commercial, and industrial markets; Software as a service (SAAS) services featuring software for remote management of aggregated electric demand, electric vehicle charging stations, energy storage systems, and other electric loads and generating systems; services, namely, Software as a service (SAAS) services featuring collection, storage, analysis, control and management of data in the public, residential, commercial and industrial markets for use in optimization of electric vehicle charging equipment and apparatus and other electric loads and generation; computer services, featuring a cloud-based intelligence Platform as a service (PAAS) featuring computer software platforms for data optimization of load balancing, energy prices and environmental signals; computer services, namely, operating computer systems and computer networks featuring software that control charging apparatus and other remotely controllable electric loads, for use by electric grid operators, utility companies and energy market participants in the residential, commercial, and industrial markets; computer services, namely, providing online non- downloadable software for management of aggregated electric demand, electric vehicle charging stations, energy storage systems and other electric loads and generating systems; providing software as a service (SaaS) services featuring software for remote management of electric vehicle charging stations and control of networked electric vehicle charging stations and other electric loads and generating sources; computer programming featuring communication, monitoring and control of electric vehicles

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Financial services, namely, financial advisory services and leasing back of energy generating assets or property to customer; bill payment services; bill consolidation services; payment administration, namely, payment processing services involving processing electronic payments, payment verification services, bill payment services in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the provision, supply, management, monitoring, generation, use, and consumption of utilities in the nature of electricity, water, and natural gas; credit services, namely, providing loans and credit to customers; provision of finance for credit sales, namely, providing financing to energy and utility providers and customers using energy and utilities; credit services, namely, providing loans and credit to customers; provision of finance for credit sales; hire purchase financing; insurance services, namely, insurance brokerage and underwriting home and contents, accident insurance services; warranty services, namely, extended warranty services in the nature of service contracts; financial guarantee services; financial consultancy in the energy and power sectors; financial partnership services, namely, financial advisory and consultancy services to energy and utility providers in establishing partnerships and financial advisory and consultancy services to providers in the field of customer relationship management, energy, water, waste management, telecommunications, and network distribution in establishing partnerships; financial services relating to the use of energy efficient gas and electric services and appliances, namely, financial advisory and consultancy services provided to consumers and users of energy and utilities; awarding of grants in relation to the use of energy efficient gas and electric services and appliances; brokerage of carbon offsets; brokerage of carbon credits; issuing of tokens of value in relation to incentive schemes for the purpose of reducing levels of carbon dioxide and/or other greenhouse gases in the atmosphere; information, advisory and consultancy services relating to all the aforesaid

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Business administration, business advice, business management analysis, business data analysis, business assistance, business consultancy, business information, business management, business project management services, business organisation, business planning, business strategy, business supervision; business management of electricity transmission, supply and distribution apparatus, including demand response and load balancing services; compilation and provision of business data, information, statistics; compilation, analysis of information and data in the nature of statistics for business purposes; electronic data collection for business purposes in the field of customer relationship management, energy, water, waste management, telecommunications, and network distribution, data management, namely, electronic data collection for business purposes in the field of customer relationship management, energy, water, waste management, telecommunications, and network distribution, data processing, data retrieval for business purposes; database management; compilation of information into databases; updating and maintenance of data in databases; utility bill management services, namely, tracking, reporting, analyzing and delivering energy information in the form of utility bills and utility meter data rate schedules; billing services in the field of energy; advertising; marketing; retail services in connection with the sale of gas, electricity, oil-gas, oil, fuel, namely, retail energy provider services that allows customers to purchase gas, electricity, oil-gas, oil, and fuel and renewable energy; procurement of contracts concerning energy supply; commercial trading, arranging or buying contracts for third parties and business risk management relating to gas, power, water and electricity supply services; energy price comparison services; import-export agencies in the fields of energy and power; consulting and information on consumption of energy and power; organisation, operation and supervision of incentive and loyalty schemes, namely, providing incentive award programs through issuance and processing of loyalty points for purchase of a company's goods and services and to promote the sale of products and services of others; operation and supervision of an incentive scheme for the purpose of reducing levels of carbon dioxide or other greenhouse gases; consultation services and provision of information on the cost of electricity, gas and energy; invoicing services in the field of energy; preparing and/or writing of business reports; information, advisory and consultancy services relating to all the aforesaid

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, repair and maintenance of electrical appliances, frequency and power meters; installation, repair, maintenance and servicing of power generating apparatus and installations; installation, repair, maintenance and servicing of energy-saving apparatus; installation, repair, maintenance and servicing of energy supply installations; electrical wiring services, namely, installation of electrical wiring; installation, maintenance, repair and servicing of gas and electric transmission lines; installation, maintenance, repair and servicing of apparatus and instruments using gas or electricity; maintenance and repair of computer hardware, servers and routers; information, advisory and consultancy services relating to all the aforesaid; installation of computer hardware, servers and routers

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating and/or controlling electricity, namely, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electric current; apparatus and instruments in the nature of batteries, circuit breakers, electric control panels, electric apparatus for commutation, electricity distribution boxes, consoles and boards, electric branch boxes, junction boxes, electric converters, electric transformers for load balancing electricity; apparatus for energy control and/or electricity load management, namely, electric control devices for heating and energy management, electricity routers, electrical circuit boards; downloadable computer software for use in energy demand response and load balancing; scientific, electronic, photographic, cinematographic apparatus and instruments, namely, cameras, computers, scales; optical inspection apparatus and instruments, weighing apparatus and instruments, and electricity and energy measuring apparatus and instruments in the nature of electronic devices for measuring electric current; electric apparatus, namely, apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; scientific apparatus and instruments for measuring electricity and energy use, transmitting electrical signals, checking electrical signals and energy use; blank magnetic data carriers; recording disks in the nature of blank record disks; calculating machines and data processing apparatus; apparatus for monitoring domestic or industrial consumption of electrical energy, gas, heat, and water; apparatus for analysing electricity signals, current and voltage; electrical apparatus and instruments for processing storing, transmitting, distributing or receiving data; instruments and installations for encoding, decoding, transcoding, encrypting, deciphering, recording, transmitting and reproducing images and information; computer communication, office automation, home automation and building automation electronic terminals; blank magnetic and optical data media, computer interfaces, data reading devices for data processing, optical disk drive, micro processors, central processing devices being computer central processing units; downloadable software for customer relationship management in the fields of energy, water, waste management, telecommunications, and network distribution; downloadable software for the management, tracking, and monitoring of the generation, use, and consumption of utilities in the nature of electricity, water, and natural gas for use in the field of the provision, supply and generation of energy, energy use and consumption, downloadable software packages for customer relationship management in the fields of energy, water, waste management, telecommunications, and network distribution; downloadable software packages for the management, tracking, and monitoring of the generation, use, and consumption of utilities in the nature of, electricity, water, and natural gas for use in the field of the provision, supply and generation of energy, energy use and consumption; downloadable and recorded data banks for customer relationship management in the fields of energy, water, waste management, telecommunications, and network distribution; downloadable and recorded data banks in the field of the provision, supply and generation of energy, energy use and consumption and database management systems consisting of recorded and downloadable software; electrical and electronic apparatus and instruments for use in or in relation to the generation or distribution of power, gas, water, electricity, in respect of controlling and managing the aforesaid sources of power; batteries; chargers for batteries, including vehicle batteries; charging points for electric vehicles; circuit breakers, electric control panels, electric apparatus for commutation in the nature of commutators, electricity distribution boxes, consoles and boards, electric branch boxes, junction boxes, electric converters, electric transformers; branch and distribution boxes being electric junction boxes and distribution boxes for electrical power, electrical cables, conductors, conduits, connectors and switches; electrical connection insulation apparatus, namely, insulated electrical connectors; insulation resistance metres; insulation testers, namely, insulation resistance meters; electric door bells, alarms in the nature of fire alarms; fuses and fuse wires; electric locks; sheaths for electric cables for mechanical protection of the cables; protective clothing, namely, clothing

for protection against fire, accident or injury; safety apparatus and instruments, namely, helmets, eyewear; intercommunication apparatus, namely, telephones, receivers; telecommunications apparatus and instruments, namely, telephones, receivers; electronic and infrared remote control devices, namely, for controlling gas, electricity and energy usage; apparatus for use in remote control of electricity, gas, heat, water and energy supplies; remote switching apparatus and instruments, namely, remote circuit breaker control switch operators; power generation monitoring apparatus, namely, power controllers; downloadable computer software and computer software platforms comprising downloadable computer software for use in or relating to the generation or distribution of power, gas, water or electricity; downloadable computer software and computer software platforms comprising downloadable computer software for use in the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; solar panels for electricity generation; fuel meters; fuel measuring and dispensing equipment, namely, electric control devices for heating and energy management; electronic control, monitoring, regulating, and measuring devices for heating, cooling and ventilating systems; lighting controls; external power supplies; devices for monitoring and conserving energy use, namely, electronic energy meters for tracking and monitoring energy usage, radio frequency repeaters used in long range communication for tracking and monitoring energy usage; electronic devices for tracking energy use, namely, energy submeters for tracking and monitoring energy usage; solar photovoltaics, namely, photovoltaic cells, photovoltaic inverters; energy regulators, namely, voltage regulators; energy control devices in the nature of electric control devices for electricity, heating and energy management; thermal energy measuring apparatus in the nature of remote sensors for use in measuring thermal energy waves; solar energy collectors for electricity generation; electric control devices for energy management; parts and fittings for all the aforesaid goods; downloadable mobile applications for managing the supply, control, monitoring, generation, use and consumption of energy in the fields of renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; downloadable mobile applications for customer relationship management in the fields of energy, water, waste management, telecommunications, and network distribution; downloadable electronic publications in the nature of magazines, newsletters, articles, brochures, prospectuses, in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; downloadable publications in electronic format in the nature of magazines, newsletters, articles, brochures, prospectuses, in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Licensing services, namely, licensing of computer software in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; licensing of technology; licensing of intellectual property; licensing of databases; licensing

of research and development; licensing of software; licensing of software, databases and technology in the field of the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; information, advisory and consultancy services relating to all the aforesaid

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication services, namely, providing fiber optic network services, telephone line services and broadband services; communication services, namely, providing electronic transmission of information stored in a database via interactively communicating computer systems in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; providing access to databases; providing user access to platforms and portals on the Internet; computer bulletin board services, electronic bulletin board services; chat room services for social networking; electronic messaging services; information, advisory and consultancy services relating to all the aforesaid

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Power supply and distribution, namely, distribution and transmission of electricity, gas and renewable energy; energy distribution; storage of energy and fuels, namely, storage of fuels, storage of gas; leasing the use of power lines to third parties for the transmission of electricity; gas and electricity storage, supply and distribution services; storage, distribution, transportation and delivery of gas and gaseous fuels; transmission and/or distribution and/or supply of gas, electricity and other energy sources; electricity supply services; electricity distribution; Distribution of energy, namely, electricity, power and energy demand response and balancing services; distribution and supply of energy from wind, solar, wave, geothermal, solid waste and other renewable sources; information, advisory and consultancy services relating to all the aforesaid

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Advisory, information and consultancy services relating to scientific research, research and development, energy measurement, engineering in the field of energy management and efficiency; energy monitoring, namely, data analysis and data monitoring of energy prices, energy use, energy distribution and energy consumption, namely, metering and monitoring electric power consumption by customers, for customers and for electric power providers; energy auditing; programming of energy management software; technical data analysis services, namely, data mining, analyzing scientific data, analyzing engineering data in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; technical data analysis services relating to energy supply and distribution, namely, data mining, analyzing scientific data, analyzing engineering data; computerised information storage services; consultancy and advisory services relating to technical data analysis of energy consumption and distribution in the field of energy saving, namely, relating to data mining, analyzing scientific data, analyzing engineering data; platform as a service (PaaS) featuring computer software platforms for use in customer relationship management in the fields of energy, water, waste management, telecommunications, and network distribution, and for use in

the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; platform as a service (PaaS) featuring computer software platforms for use in the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of computer platforms; hosting of computer platforms on the internet; design and updating of software databases, namely, maintaining and updating computer software; design, installation and development of software databases; design, development of computer hardware, servers and routers; providing online non- downloadable software for database management; software as a service (SaaS) services featuring software for use in customer relationship management in the fields of energy, water, waste management, telecommunications, and network distribution, and for use in the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; software as a services (SaaS) services featuring software for communicating with customers in the field of customer relationship management; software as a service (SaaS) services featuring software for the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of energy and power management systems; research in the field of energy; organisation of energy efficiency projects in the nature of engineering services in the field of energy efficiency; energy efficiency management and consultancy, namely, consulting services in the field of energy measurement to improve energy efficiency; auditing energy consumption of buildings; energy conservation management consulting services, namely, consulting regarding energy auditing, engineering services in the field of energy efficiency; preparation of scientific, technical, and technological reports on energy consumption of buildings; auditing of energy consumption and of efficiency of operation of appliances and safety checking of appliances and pipework; environmental testing of gas and electricity generating plants, gas and electric appliances, pipework, transmission lines and apparatus and instruments utilising gas and electricity; prospecting and exploiting natural, fossil and nuclear fuel resources, namely, mining exploration, mineral exploration services in the field of natural, fossil and nuclear fuel resources; provision of scientific information, advice and consultancy in relation to carbon offsetting; development and implementation of processes which are intended to reduce levels of greenhouse gases in the atmosphere, namely, environmental engineering; scientific research and consultancy, all relating to the aforesaid services; geological surveys; industrial design services; preparation of technological reports on energy consumption of buildings; auditing of energy use and energy conservation and of efficiency of operation of appliances and safety checking of appliances and pipework; engineering services; studies in research on environmental conservation, natural wealth and sustainable development in the field of environmental protection, environmental science, environmental engineering; scientific and industrial research in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; studies and consulting on the environment, ecology and sustainable development in the field of environmental protection, environmental science, environmental engineering; research on energy and renewable energy in the field of environmental protection, environmental science, environmental engineering; expert appraisal services in the fields of the

environment, energy, including new energies, natural wealth and sustainable development in the field of environmental protection, environmental science, environmental engineering; technical evaluation and estimate services concerning energy consumption, namely, environmental engineering; technical services for collecting information from remote energy consumption calculators for others; environmental assessment, consultancy, monitoring services; providing advice on environment related issues, namely, technical consulting in the field of environmental engineering; provision of scientific information, advice, and consultancy in relation to development of programmes and campaigns to the public regarding environmental and conservation issues; consultancy in relation to the conservation of energy, namely, consulting regarding energy auditing, engineering services in the field of energy efficiency; providing technical advice relating to energy-saving measures, namely, providing advice relating to engineering, providing advice relating to scientific research advice; technology transfer services being the transfer of technical and/or professional know-how relating to all the foregoing services, namely, providing scientific research information in the field of customer relationship management, energy, water, waste management, telecommunications, network distribution, and the supply, management, control, monitoring, generation, use and consumption of energy, renewable energy, energy for electric vehicles and of utilities in the nature of natural gas, electricity and water; information, advisory and consultancy services relating to all the aforesaid

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "BENEQ" in stylized font and to the left a circular design created by five small circles with the outer half of each circle being shaded and the inner half of created by horizontal lines with a space separating each half.

RELATED PROPERTIES INFORMATION

International Registration 1689209 **International Registration Date** Sep. 06, 2022

GOODS AND SERVICES INFORMATION

For Coating machines and machine tools for use in chemical, material being physical, optical and mechanical processes and in production in the field of functional coatings and nanotechnology, namely, coating machines for atomic scale layer deposition and replacement parts therefor

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Training in the field of coatings of metals and non-metals

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Maintenance of coating machines

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Measuring and controlling apparatus and instruments, namely, thermometers not for medical use, barometers, densitometers not for medical use, viscosity meters, liquid level meters, flow meters, and machine vision applications consisting of cameras, computers and optical sensors to optically measure flame, all for use in chemical, material being physical, optical and mechanical processes and production in the functional surfaces sector and nanotechnology

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Treatment of materials in the nature of coating of metal and nonmetal surfaces by means of atomic layer deposition; treatment of materials by application of thin film coating of industrial products, electronic components and machine parts

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Research and development of coatings for metals and non-metals; expert advice being advisory services for others relating to the development of coatings for metals and nonmetals; expert advice being advisory services for others relating to the quality control of coatings for metals and nonmetals; expert advice being advisory services for others relating to the testing of coatings for metals and nonmetals; scientific expert advice, namely, providing scientific advice relating to coatings for metals and nonmetals; technical expert advice being technical advisory services relating to coatings for metals and nonmetals

RELATED PROPERTIES INFORMATION

International Registration 1689588 **International Registration Date** Apr. 15, 2022

GOODS AND SERVICES INFORMATION

For Electric vehicles charging services, installation, maintenance and repair of charging stations; charging of electric vehicles in the context of an electric vehicle charging infrastructure to enable consumers to recharge electric vehicles, by the purchase of electricity for such vehicles through a network of distribution centres, installations, storage solutions and outlets

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Charging stations for electric vehicles; apparatus and instruments for charging and controlling electric vehicles namely, charging stations for charging electric vehicles, remote controls for remote observation, management, and operation of charging stations for charging electric vehicles, voltage regulators for vehicles; Downloadable and recorded software and hardware for operation of charging stations for charging of electric vehicles; Downloadable and recorded computer software applications to locate charging stations; data processing equipment, namely, electronic display and computer interfaces, encoded module cards containing programming used to access and monitor charging stations for charging electric vehicles and electronic components in the nature of card readers and electronic computer chip readers for use in conjunction with computers, all with the purpose of enabling automated roaming setup between vehicle charging station operators and e-mobility service providers and with the purpose of enabling vehicle charging station information exchange, charge detail record exchange and the exchange of smart-charging commands between parties, all relating to electric charging of vehicles;

Downloadable and recorded software, namely, open standard software and protocol software for charging electric vehicles; Downloadable and recorded software for automated roaming setup between vehicle charging station operators and e-mobility service providers and for vehicle charging station information exchange, charge detail record exchange and the exchange of smart-charging commands between parties, all relating to electric charging of vehicles

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Testing, analysis and evaluation of vehicle charging station and electric vehicle services in the field of charging electric vehicles to determine conformity with established accreditation standards; computer services, namely, cloud-based management intelligence Platform as a service (PAAS) featuring computer software platforms for data collection, data storage, analytics, rate and timing control, and monitoring of electric generation and demand; Software as a service (SAAS) services featuring software for operating computer systems and computer networks that control charging apparatus and other remotely-controllable electric loads, for electric grid operators, utility companies, and energy market participants in the residential, commercial, and industrial markets; Software as a service (SAAS) services featuring software for remote management of aggregated electric demand, electric vehicle charging stations, energy storage systems, and other electric loads and generating systems; services, namely, Software as a service (SAAS) services featuring collection, storage, analysis, control and management of data in the public, residential, commercial and industrial markets for use in optimization of electric vehicle charging equipment and apparatus and other electric loads and generation; computer services, featuring a cloud-based intelligence Platform as a service (PAAS) featuring computer software platforms for data optimization of load balancing, energy prices and environmental signals; computer services, namely, operating computer systems and computer networks featuring software that control charging apparatus and other remotely controllable electric loads, for use by electric grid operators, utility companies and energy market participants in the residential, commercial, and industrial markets; computer services, namely, providing online non- downloadable software for management of aggregated electric demand, electric vehicle charging stations, energy storage systems and other electric loads and generating systems; providing software as a service (SaaS) services featuring software for remote management of electric vehicle charging stations and control of networked electric vehicle charging stations and other electric loads and generating sources; computer programming featuring communication, monitoring and control of electric vehicles

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a three-dimensional configuration of product packaging. The packaging consists of clear rectangular box with a brown bottom. Inside the box, the goods are stacked two high and four across. There is a gold wrapper around each good, and a brown and gold striped wrapper at the base of each of the goods. There is a white oval in the middle of each gold wrapper with the wording "FERRERO ROCHER" in brown inside the oval. Around the middle of the box is a gold label with several gold diamonds on the background, and on each side of the box where the label appears there is a white and gold outlined oval with a white background with the wording "FERRERO ROCHER" in brown. Above the wording is a picture of the goods in their gold wrappers stacked in a pyramid shape. The white appearing in the rest of the mark represents shading and is not part of the mark. The broken lines depicting the clear rectangular box indicate placement of the mark on the goods and are not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) white brown and gold is/are claimed as a feature of the mark. **Translation** The English translation of "Rocher" in the mark is "Rock".

For Household and kitchen utensils and containers, namely, pouring and straining spouts, kitchen tongs, strainers, and containers for household use; cake molds, cupcake molds, cookie molds, bread molds for baking, and pizza molds in the nature of pizza pans; kitchen utensils in normal and siliconized version, namely, serving scoops and splatter screens; baking cases of silicone; ice cube moulds; cookery moulds; silicone muffin baking liners; pans, baking good tins sold empty for domestic use, baking trays for bread and pizza being trays for domestic purposes, baking tins for bread sold empty for domestic use, baking trays being crumb trays, and non-electric food blenders and mixers for food preparation; baking tins and trays, whether or not provided with a coating, namely, baking good tins sold empty for domestic use and baking trays being crumb trays

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Machines for the food industry for manufacturing bakery products, namely, dough mixing machines, bread slicing machines, and bread packaging machines; cutting machines, machine tools for food processing, and assembly line conveyor machinery, all for the food industry; bakery machines, namely, dough mixers, dough cutting, kneading and rolling machines; conveyors, namely, conveyor belts, chain conveyors, pneumatic conveyors; parts for the aforesaid goods, included in this class, namely, a conveyor belt washing device affixed to the conveyor with spray bar for flushing the conveyor belt with liquid; roller bearings for machines; gears for machines; machine parts, namely, pistons for machine engines; machine parts, namely, pistons; pistons for engines; machine parts, namely, bearing housings; cases specially adapted for machine tools; machine parts, namely, measuring pistons for machine engines; machine parts, namely, measuring pistons; measuring pistons for engines; aprons, namely, machine parts; springs being parts of machines; machine parts, namely, bearings and bushings; valves being parts of machines; machine wheels; pumps for machines; driving devices for machines being drives for machines and drive belts for machines; engines, other than for land vehicles; hydraulic controls for machines, for the operation of machines and machine engines; combustion engines for machines; cylinders being parts of machines; anti-pollution devices for motors and engines; gear motors, namely, planetary gear motors and gear motors not for land vehicles; machines for mixing calf milk replacement powder with a liquid such as hot water, being mixers for industrial application; equipment for manufacturing and conveying mixtures and liquids, being manufacturing machines for liquid crystal display devices

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Lighting apparatus, namely, lighting installations; stoves, being heating apparatus; apparatus for generating steam; apparatus for cooking, namely, cook-tops; refrigerating apparatus, namely, refrigerators; refrigerators for bakeries; drying apparatus for chemical processing; ventilation apparatus, namely, cordless floor drying cone dolly; water supply apparatus being water filtering apparatus; freezers; deep-freeze cells being deep-freezers; freezing showcases; refrigerated display cabinets; warm and hot-air space heating apparatus; heating apparatus, namely, cooking ovens and baking ovens; bakers' ovens; overlying bed ovens for bakeries being baking ovens; bread making machines; installations for heating water being hot water heating installations and water heaters; Cooling installations for water, freezing installations being freezing showcases, dough proofing units, being heating, cooling, and humidity controlling units for processing dough, drying installations, being industrial dryers for heating and dehumidifying, and pasteurization installations being pasteurizers for use in the food industry; water supply installations, being water purification installations; Covers specially adapted for ventilation apparatus in the nature of cordless floor drying cone dolly; air filter box, being air filter for industrial installations

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Advertising services; marketing services; business assistance and business management services; business administrative services, namely, business administration for others; business consultancy services to companies engaged in food, beverage and food producing machines relating to foodstuffs, beverages and machines producing foodstuffs; business advisory services relating to the operation of franchises; business management assistance in the field of franchising

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, repair and maintenance of machines, machine tools, devices being kitchen equipment, and production lines being industrial conveyor belt equipment used in food preparation; installation, repair and maintenance of lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply apparatus; consultancy relating to the maintenance and repair of pans, baking tins, baking trays and other equipment for the preparation of food, namely, baking ovens; maintenance and repair of pans, baking tins, baking trays and other devices for the preparation of food, namely, food blenders, food mixers, and related to the application of coatings thereon; installation and repair of computer hardware for computer systems; installation, repair and maintenance of computer hardware; camera repair and installation; installation and repair of scientific, photographic, cinematographic, optical, weighing, measuring, signaling, and supervision being checking instruments; installation, maintenance and repair of measuring, signaling and control equipment and instruments; consultancy with regard to the aforesaid services; consultancy relating to the repair and maintenance of transport installations and refrigeration installations being refrigerators; consultancy relating to the installation, repair and maintenance of conveying equipment; consultancy relating to the installation, repair and maintenance of cooling, heating, drying installations being heating and ventilation equipment, baking apparatus and food mixers; consultancy relating to the installation, repair and maintenance of food processing machines and machine tools, food manufacturing equipment machines, and bread-making machines, all for the food industry

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific devices and instruments, namely, fluid handling device used for disposable bio-processing applications; photographic and cinematographic apparatus and instruments, namely, photographic cameras, photographic flashbulbs, cinematographic projectors, and cinematographic machines; optical devices and instruments, namely, optical frequency metrology devices and electro-optical instruments for use in inspection and measurement of industrial components; weighing apparatus and instruments; measuring devices and instruments, namely, fluorometers, wire diameter measuring devices, gravity measuring instruments, and instruments for measuring length; signaling devices and instruments, namely, optical signaling cables; Inspection control devices and instruments, namely, electrical controlling devices; apparatus and instruments for recording and transmission and reproduction of sound and images and data; recorded computer operating system software for the bakery industry; computers; computer hardware; computer peripheral devices; devices and instruments for automatic processing, analyzing and displaying data, namely, couplers and electronic data processing apparatus; measuring devices and instruments to be used in conjunction with camera systems, namely, angle finders; electronic indicators and control instruments, namely, electronic indicator panels, electronic indicator boards, and electronic control circuits for electronic musical instruments; electronic control devices for the operation of light emitting diodes; downloadable computer operating system programs; recorded computer operating system software and downloadable universal peripheral interface software; alarm sensors; optical sensors; radon and carbon dioxide detectors; processors, namely, computer central processing units; photographic cameras; barcode scanners and optical code scanners; barcode readers; handheld code readers being RFID readers; downloadable software for printing and reading barcodes and optical codes; data collectors, namely, data networking hardware devices for aggregating data across multiple network infrastructures and communication portals; portable terminals for data being mobile data terminals; data collectors in the form of handheld electronic devices for collecting and storing

scanned information; data entry terminals being mobile data terminals; frequency converter; electric wires; commutators; servo controllers, namely, electronic servo motor controllers and electronic controllers for servo motors; housings for electrical connectors; step-up transformers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Packaging and storage of goods; consultancy relating to the transportation, packaging, and storage of conveying equipment

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Rental of machines, machine tools, apparatus, production machines and bread mixing machines, all for the manufacture of food for the food industry; rental of apparatus for heating, cooling, drying and ventilation, namely, rental of space heating and cooling apparatus for the food industry

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific research in the field of bakery products and product research and design relating thereto; Industrial analysis and research services, namely, analysis of industrial fluids and industrial research in the field of construction equipment; analysis of technical data, namely, electric meter data analysis; technological consultancy relating to product development in the field of bakeries and kitchen furnishings, shop furnishings, office furnishings and construction equipment and quality evaluation thereof for others; product quality control testing being quality control for others in the field of consumer products; design of computer hardware and software for commercial analysis and reporting; design and development of software and computer hardware; analysis and evaluation of product design and product development, namely, analysis and evaluation of the goods and services of others to determine conformity with certification standards; computer systems design and analysis; designing and developing camera systems; development of wireless communication systems for the transmission of data; development of wireless communication systems for the processing of data; consultancy services relating to the design and development of computer hardware; consultancy services relating to computer software; custom design and development of automated machinery for use in the food industry; analysis of telecommunication signal quality for others; consultancy related to information technology; implementation of software; adaptive and perfective maintenance of software; installation of computer software; installation, maintenance and repair of software for computer systems; technical consultancy relating to the design and development of conveying equipment; technical consultancy relating to the design and development of cooling, heating, drying installations, baking apparatus and mixers; technical consultancy relating to the design and development of machines, machine tools, apparatus, production machine and bread machines for the food and foodstuffs industry

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Silos of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

INTERNATIONAL REGISTRATION INFORMATION (SECTION 66A)

Owner of International Registration Number 1700826 **International Registration Date** Sep. 27, 2022 **Date of Section 67 Priority Claim** Sep. 16, 2022 **Expiration Date** Sep. 27, 2032

EXAMINING ATTORNEY

Examining Attorney JOHNSON, AISHA CLARKE

REASON FOR PUBLICATION

Trademark Registration Issued - Principal Register

Mark Literal(s) GRAND MASTER MEDITATION FOUNDED BY SWAMI VIDYANAND

CASE IDENTIFIERS

Serial Number 79363323 **Application Filing Date** Jan. 13, 2023 **Registration Number** 7390023 **Registration Date** May 21, 2024 **Register** Principal **Mark Type** Service Mark **Publication Date** Mar. 05, 2024

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a design of a rising pink sun within an outline of a lotus flower within a pink semicircle within a larger lotus flower within a larger pink semicircle. Below the design is the outline of a rectangle containing the wording "GRAND MASTER" in pink above a smaller pink rectangle containing the word "MEDITATION" above the wording "FOUNDED BY SWAMI VIDYANAND" in pink. The color gray represents shading only and is not part of the mark. The color white represents background and/or transparent areas only and is not part of the mark. **Color Drawing** Yes **Color Claimed** The color pink is claimed as a feature of the mark. **Disclaimer** "GRAND MASTER MEDITATION" AND "FOUNDED BY" **Name Portrait Consent** The name(s), portrait(s), and/or signature(s) shown in the mark identifies "Swami Vidyanand", whose consent(s) to register is made of record.

RELATED PROPERTIES INFORMATION

International Registration 1714426 **International Registration Date** Jan. 13, 2023

GOODS AND SERVICES INFORMATION

For Conducting yoga classes; providing classes, masterclasses, lectures, workshops, seminars and camps in the field of yoga; providing online non-downloadable videos featuring yoga instruction; yoga instruction; yoga school services, namely, providing instruction in the field of yoga; arranging and conducting yoga teacher training courses in the field of yoga; meditation training

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

GOODS AND SERVICES INFORMATION

For Lifting, loading, and transmission machines for lifting, loading,and transmitting construction materials; Robotic lifting, loading, and transmission machines for lifting, loading, and transmitting construction materials

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Advertising services, marketing services, and public relations; organization of exhibitions and trade fairs for commercial or advertising purposes; development of advertising concepts; provision of an online marketplace for buyers and sellers of goods and services; providing office functions; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machinery; systematization of information into computer databases; telephone answering for unavailable subscribers; Business management,business administration and business consultancy; accounting; commercial consultancy services;Personnel recruitment, personnel placement, employment agencies, and import-export agency services; personnel placement services, namely, placement of temporary personnel; auctioneering; wholesale and retail store services featuring common metals and their alloys and semi-finished products made of these materials, panels, enclosures and boards of common metals used for storage and sheltering purposes, lifting, loading and transmission machines and robotic machines for lifting, loading and transmission purposes elevators, escalators and cranes,measurement apparatus and equipment including those for scientific, nautical, topographic,meteorologic, industrial and laboratory purposes, thermometers, not for medical purposes,barometers, ammeters, voltmeters, hygrometers, testing apparatus not for medical purposes,telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus,microscopes, magnifying glasses, stills, binoculars, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras,

photographic cameras, television apparatus, video recorders, cd and dvd players and recorders,mp3 players, computers, desktop computers, tablet computers, wearable technological devices,namely, smart watches, smart wristbands and head-mounted cameras, microphones,loudspeakers, earphones, telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus,computer printers, scanners, photocopiers, magnetic and optical data carriers and computer software and programs recorded thereto, downloadable and recordable electronic publications,encoded magnetic and optical cards, movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (atm), electronic components used in the electronic parts of machines and apparatus, semi-conductors, electronic circuits, integrated circuits, chips, diodes, transistors, magnetic heads for electronic apparatus,electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and lifesaving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, parts and components thereof, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes, electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit panels, electric resistances, electric sockets, transformers, electrical adapters, battery chargers, electric door bells,electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, digital and electronic panels displays, keyboards, support arms and fittings of support arms in the nature of mounting brackets for operator electronic control panels and enclosures, coupling towers used for operator electronic control panels and enclosures, data processing screens for use as part of electronic kiosks and stands specifically adapted for electronic kiosk data processing screens,signaling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars,night vision apparatus and instruments, decorative magnets, metronomes; Online wholesale and retails store services featuring common metals and their alloys and semi-finished products made of these materials, namely, panels, enclosures and boards used for storage and sheltering purposes, lifting, loading and transmission machines and robotic machines for lifting, loading and transmission purposes elevators, escalators and cranes, measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, thermometers, not for medical purposes, barometers, ammeters, voltmeters,hygrometers, testing apparatus not for medical purposes, telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus, microscopes, magnifying glasses, stills,binoculars, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, cd and dvd players and recorders, mp3 players, computers, desktop computers, tablet computers, wearable technological devices, namely, smart watches, smart wristbands and head mounted cameras, microphones, loudspeakers, earphones, telecommunications apparatus,apparatus for the reproduction of sound or images, computer peripheral devices, cell phones,covers for cell phones, telephone apparatus, computer printers, scanners, photocopiers, magnetic and optical data carriers and computer software and programs recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optical cards, movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (atm), electronic components used in the electronic parts of machines and apparatus,semi-conductors, electronic circuits, integrated circuits, chips, diodes, transistors,magnetic

heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents,irradiation and fire, safety vests and life-saving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, parts and components thereof, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes,electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit panels, electric resistances, electric sockets, transformers, electrical adapters, battery chargers,electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells,digital and electronic signage display panels, keyboards, support arms and fittings of support arms in the nature of mounting brackets for operator electronic control panels and enclosures,coupling towers used for operator electronic control panels and enclosures, data processing screens for use as part of electronic kiosks and stands specifically adapted for electronic kiosk data processing screens, signaling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles,radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes;Electronic catalog services, featuring, common metals and their alloys and semi-finished products made of these materials, namely, panels, enclosures and boards used for storage and sheltering purposes, lifting, loading and transmission machines and robotic machines for lifting,loading and transmission purposes elevators, escalators and cranes, measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, thermometers, not for medical purposes, barometers, ammeters, voltmeters,hygrometers, testing apparatus not for medical purposes, telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus, microscopes, magnifying glasses, stills,binoculars, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, cd and dvd players and recorders, mp3 players, computers, desktop computers, tablet computers, wearable technological devices, namely, smart watches, smart wristbands and head mounted cameras, microphones, loudspeakers, earphones, telecommunications apparatus,apparatus for the reproduction of sound or images, computer peripheral devices, cell phones,covers for cell phones, telephone apparatus, computer printers, scanners, photocopiers, magnetic and optical data carriers and computer software and programs recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optical cards, movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (atm), electronic components used in the electronic parts of machines and apparatus, semi-conductors, electronic circuits, integrated circuits, chips, diodes, transistors,magnetic heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and life-saving apparatus and equipment, eyeglasses, sunglasses,optical lenses and cases, containers, parts and components thereof, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes, electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit panels, electric resistances, electric sockets, transformers, electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, digital and electronic signage display panels, keyboards, support arms and fittings of support arms in the nature of mounting brackets for operator electronic control panels and enclosures, coupling towers used for operator electronic control panels and enclosures, data processing screens for use as

part of electronic kiosks and stands specifically adapted for electronic kiosk data processing screens, signaling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets,metronomes; Mail order catalog services featuring common metals and their alloys and semi finished products made of these materials, namely, panels, enclosures and boards used for storage and sheltering purposes, lifting, loading and transmission machines and robotic machines for lifting, loading and transmission purposes elevators, escalators and cranes, measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic,industrial and laboratory purposes, thermometers, not for medical purposes, barometers,ammeters, voltmeters, hygrometers, testing apparatus not for medical purposes, telescopes,periscopes, directional compasses, speed indicators, laboratory apparatus, microscopes,magnifying glasses, stills, binoculars, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras,television apparatus, video recorders, cd and dvd players and recorders, mp3 players, computers,desktop computers, tablet computers, wearable technological devices, namely, smart watches,smart wristbands and head-mounted cameras, microphones, loudspeakers, earphones,telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners, photocopiers, magnetic and optical data carriers and computer software and programs recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optical cards, movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (atm), electronic components used in the electronic parts of machines and apparatus, semi-conductors, electronic circuits,integrated circuits, chips, diodes, transistors, magnetic heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and lifesaving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers,parts and components thereof, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes, electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit panels, electric resistances, electric sockets, transformers, electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, digital and electronic signage display panels, keyboards, support arms and fittings of support arms in the nature of mounting brackets for operator electronic control panels and enclosures, coupling towers used for operator electronic control panels and enclosures, data processing screens for use as part of electronic kiosks and stands specifically adapted for electronic kiosk data processing screens, signaling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Measurement apparatus and equipment,namely, calorimeters, all for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes; thermometers not for medical purposes; barometers;ammeters; voltmeters; hygrometers; apparatus for testing gas liquids and solids, not for medical purposes; telescopes;periscopes; directional compasses; laboratory apparatuses being centrifuges; speed indicators, microscopes, magnifying glasses, stills for scientific purposes, binoculars, ovens and furnaces for laboratory use,namely, for laboratory experiments; apparatus for recording, transmission, and reproduction of sounds and images; cameras; photographic cameras; satellite television receiving apparatus;television apparatus for projection purposes; video recorders, CD and DVD players and recorders; MP3 players; computers; desktop computers; tablet computers; wearable technological devices, namely, smart watches, smartwatch bands, head-mounted cameras; microphones; loudspeakers, earphones, telecommunications apparatus, namely, automatic switching apparatus for telecommunication; apparatus for the reproduction of sound and images; computer peripheral devices; cell phones; protective covers for cell phones;telephone apparatus; computer printers for printing documents; scanners being data processing equipment; photocopiers; blank magnetic and optical data carriers; prerecorded magnetic and optical data carriers featuring computer software and programs for data processing; downloadable and recordable electronic publications in the nature of books in the field of astronomy; encoded optical memory card; digital media, namely, prerecorded magnetic and optical data carriers featuring movies, tv series, and video music clips in the field of science; antennas, receiving antennas for satellite broadcasts; amplifiers for antennas; parts of antennas, namely, receiving antennas for satellite broadcasts, and amplifiers for antennas; automatic teller machines (ATM); electronic components in the nature of semiconductors for use in the further manufacture of electronic parts of machines and apparatus; electronic circuits, integrated circuits, integrated circuit computer chips; diodes; electronic transistors; parts of electronic sound recording apparatus, namely, magnetic heads; electronic locks; photocells; remote control apparatus for doors for use in opening and closing doors; optical sensors; counters and quantity indicators, namely automatic pill counters for measuring the quantity of pill consumption; automatic time switches; clothing for protection against accidents; safety vests, namely radiation protection and reflective fire safety vests; life-saving apparatus and equipment, namely, life saving rafts; eyeglasses; sunglasses; optical lenses; optical lens cases; optical lens containers; Apparatus and instruments for conducting, transforming, accumulating, or controlling the distribution or use of electric current; electric plugs; junction boxes; electric switches; circuit breakers; fuses; lighting ballasts; battery starter cables; electric circuit breaker panel boards; electric resistances; electric sockets; transformers; electrical adapters; battery chargers; electric door bells; electric and electronic cables; batteries; electric accumulators; solar panels for production of electricity; fire alarms; antitheft alarms, other than for vehicles; electric alarm bells; electronic apparatus, namely, plasma digital signage display panels; computer keyboards; Support arms and fittings therefor, namely, mounting brackets specifically adapted for operator electronic circuit control panels and enclosures for operator electronic circuit control panels; operator electronic stability apparatus, namely, coupling towers specifically adapted for use with operator electronic circuit control panels and enclosures for operator electronic circuit control panels; Interactive touchscreen terminals and components therefor, namely, data processing screens for use as part of electronic kiosks and stands specifically adapted for data processing screens; Signaling apparatus and instruments, namely, traffic light apparatuses; Luminous traffic signals; mechanical road signs for traffic use; fire extinguishing apparatus; fire engines; fire hose; fire hose nozzles; radar apparatus; sonars; night vision goggles; decorative magnets; metronomes

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Common metals and their alloys; Common metals, semi-finished, for use in further manufacturing; Common metal alloys, semi-finished, for use in further manufacturing; Goods and materials of common metal, namely, building panels of metal, metal enclosures being storage sheds building boards of metal, all used in metal shelter structures or metal storage shelters

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

GOODS AND SERVICES INFORMATION

For Building materials wholly or partly consisting of mineral building materials, cement concrete, plastic concrete, plastic, rubber and rubber substitute materials, earthenware, porcelain, glass, mineral cast iron, in particular for drainage installations in civil engineering projects, water constructions, road building, sports field construction and building construction, namely, prefabricated building elements for the construction of installations, for the collection, treatment and drainage of water, surface water, waste water and other liquids, in particular for channel or surface drainage systems; drainage channels, inflow basins and containers, intermediate containers, catch basins, gutter basins, sludge buckets being gullies, prefabricated inspection chambers, floor drains with and without odor traps, covers, covering grates and covering grid plates, covering plates, manhole covers with and without perforations, dirt bucket sieves and rakes, pipe ducts for walls and windows, all the aforesaid goods not of metal; drainage plates not of metal; shaped parts of plastic for the drainage of buildings, ventilating and aerating grilles, inner and outer shrouds; frames, angle frames, covering grates and floor basins for shoe cleaning apparatus; plastic and wooden doors, door and window frames, pre-fabricated windows, hopper windows and basement hopper windows with and without integrated roller blinds; profiles not of metal for doors and windows, namely, built-in frames, soffit frames, protective grating, grilles, door and window frames, window casements and door leaves, cellar lightwells with and without lightwell grates, drainage pieces for cellar lightwells; building glass for doors, windows for buildings, in particular being single glass, insulating glass and double glass panes, and triple glass panes; doors and windows glass made of plastic or acrylic glass; pipes, not of metal, for civil engineering, hydraulic engineering, road construction, sports field construction and building construction, drainage pipes, aeration and ventilation tubes and inlet and waste water pipes, in particular flexible and non-flexible tubes, telescopic tubes, angled tubes, t-sections for pipes, curved pipes, branching pipes, cleaning tubes, rubble drain pipes, drainage pipes for building; prefabricated construction parts not of metal for the construction of inspection chambers,

flushing shafts and collection pits in drainage installations; including parts and accessories for all the aforesaid goods not of metal; trench bodies and components for infiltration trenches, in particular base elements and side walls for infiltration trenches of plastic, inspection manholes and manhole coverings for infiltration trenches of plastic; fittings for infiltration trenches of plastic; stabilisation fabrics being geotextiles for use in construction

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Machines for sewage treatment, in particular separators, especially separators for light or heavy materials, in particular grease separators, petrol separators, separators for lightweight mineral liquids, starch separators, coalescence separators, hydrodynamic separators; pumping stations being machines; structural parts and accessories being fittings for all of the aforesaid goods included in this class, in particular prefabricated basins and containers, copings, floats, floating valves, bottle-corking machines, inlet locks, sludge outlets, oil suction devices, skimmers, filters, sludge traps

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Control apparatus, regulating apparatus and their parts and fittings, all being for water supply apparatus, water filtering apparatus and water cleaning installations in the field of drainage and waste water technology and for the control of actuators in wastewater and drainage technology, in particular for separators, lift installations, sedimentation and filter installations, clarifying installations and line and point drainage and water reservoirs and retention units

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Installation, telemonitoring for maintenance purposes, maintenance, general inspection and repair in relation to dehydration systems, especially surface drainage installations, infiltration ditches, rainwater utilisation installations, waste water pump stations, backwater protection, pumping stations, sedimentation and filter installations, wet waste disposal systems and waste water cleaning installations, in particular light liquid and grease separators; installation, repair, monitoring services for maintenance purposes, telemonitoring for maintenance purposes and maintenance in relation to window systems and light shafts, especially flood protection cellar window systems and light shafts; installation, cleaning, maintenance, remote monitoring for maintenance purposes and repair of roof drains and roof drainage systems; rental, management and leasing of installations and systems for drainage inside and outside buildings; rental, management and leasing of installations and systems for drainage in the civil engineering and construction sector and rental, management and leasing in relation to installations and systems for drainage in housing technology

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electronic controllers, electronic regulators and electronic control units relating to the field of drainage and waste water technology, in particular for separators, lift installations, sedimentation and filter installations, clarifying installations and line and point drainage and water reservoirs and retention units and for windows, light shafts and ventilators; sensor and detectors, in particular physical and chemical sensors and detectors, in particular for separators, lift installations, sedimentation and filter installations, clarifying installations and line and point drainage and water reservoirs and retention units and for windows, light shafts and ventilators; display and feedback electronic units for use with the aforesaid sensors and detectors, downloadable computer software and hardware for the operation of sensors, controllers, electronic regulators and control units relating to the

field of drainage and waste water technology and for the control of actuators in wastewater and drainage technology, in particular for separators, lift installations, sedimentation and filter installations, clarifying installations and line and point drainage and water reservoirs and retention units; apparatus for recording, storage and processing of weather data for use in controllers, electronic regulators and electronic control units relating to the field of drainage and waste water technology and for the control of actuators in wastewater and drainage technology, in particular for separators, lift installations, sedimentation and filter installations, clarifying installations and line and point drainage and water reservoirs and retention units; electric actuators and their parts and fittings

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Purification, in relation to dehydration systems, especially surface drainage installations, infiltration ditches, rainwater utilisation installations, waste water pump stations, backwater protection, pumping stations, sedimentation and filter installations, wet waste disposal systems and waste water cleaning installations, in particular light liquid and grease separators; purification, in relation to window systems and light shafts, especially flood protection cellar window systems and light shafts

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Consultancy in the field of drainage and separation technology; construction planning support, in particular via the providing of configurators for calculation and planning purposes; technical consulting in the field of engineering related to dehydration systems, especially surface drainage installations, infiltration ditches, rainwater utilisation installations, waste water pump stations, backwater protection, pumping stations, sedimentation and filter installations, wet waste disposal systems and waste water cleaning installations, in particular light liquid and grease separators; technical consulting in the field of engineering related to window systems and light shafts, especially flood protection cellar window systems and light shafts; technical consulting in the field of engineering related to roof drains and roof drainage systems

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal building materials, in particular prefabricated components for the construction of installations for collecting, treating and draining water, surface water, wastewater and other liquids, for drainage installations for civil engineering, hydraulic engineering, road building, sports ground construction and building construction included in this class, in particular for line drainage and surface drainage; metal drainage channels; metal building materials, namely, inflow basins and metal storage tanks, intermediate metal storage tanks, catch basins, gulley holes, sludge buckets being gullies, prefabricated inspection chambers, floor drains with and without drain traps, covers, covering grates, covering grid plates, access covers, shaft covers with and without perforations, dirt bucket sieves and rakes, pipe and flexible pipe connectors, collars, pipe muffs, pipe caps, sealing ends for pipes, pipe ducts for walls and windows, of metal; seepage plates of metal; shaped parts of metal for the drainage of buildings, namely, gutters and downpipes; prefabricated building elements of metal for aerating and ventilating installations, in particular for buildings, namely, inlet and outlet ducts, ventilating and aerating grilles; profiles of metal for building, in particular frames, angle frames, covering grates and floor basins for shoe scrapers, metal doors, door and window frames, pre-fabricated windows, hopper windows and basement hopper windows with and without integrated roller blinds, skylights; sections of metal for doors and windows, namely, built-in frames, soffit frames, protective grating, decorative grilles, window casements and door leaves, cellar light wells with and without light well grates, drainage pieces for cellar light

wells; pipes and tubes of metal in particular for civil engineering, hydraulic engineering, road building, sports ground construction and building construction; drainage pipes, ventilation pipes, supply pipes and waste water pipes included in this class made of metal, in particular flexible and non-flexible pipes, telescopic pipes, ells, t-pieces, pipe bends, branching pipes, cleaning pipes, drainage conduits, drainage pipes for building; prefabricated construction parts of metal for the construction of inspection chambers, flushing shafts and collection pits in drainage installations; and parts and accessories being fittings for all the aforesaid goods

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the graphic depiction of a light green beaker with two light green lines at the neck of the beaker. The beaker contains a liquid in the shape of a circle with a leaf-like design. The circle is divided into three sections, with the left side being a green leaf, the top being light green, and the right side being a dark green leaf with all of the colors overlapping at the bottom of the circle. To the right of the design is the literal element "62LAB" in light green, stylized lettering. Two light green dots appear vertically and slightly angled above the number "6". A second leaf-like design with two leaves appears above and to the right of the number "2". In the second leaf-like design, the left leaf is green and the right leaf is dark green and overlaps with the left leaf. A small circle outlined in light green appears above and to the right of the letter "B". The color white represents background and is not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) light green, green and dark green is/are claimed as a feature of the mark. **Disclaimer** "LAB"
