For Totalizators being electronic machines for recording and registering bets and distributing money to winners; biometric passports; e-passports; adding machines; circular slide rules; slide- rules; magnetic encoders; computer monitors; optical character readers; blank optical data carriers; printers for use with computers, namely, for printing documents; central processing units (CPU); data processing equipment being readers; data processing equipment being scanners; disk drives for computers; electronic tags for goods; pocket calculators; mouse pads; wrist rests for use with computers; encoded identification bracelets, magnetic; encoded key cards; joysticks for use with computers, other than for video games; protective films adapted for computer screens; covers for personal digital assistants (PDAs); covers for tablet computers; interactive touchscreen terminals; electronic interactive whiteboards; electronic sheet music, downloadable; personal digital assistants (PDAs); thin client computers; hand-held electronic dictionaries; downloadable graphics for mobile phones; laser projection devices for the projection of virtual keyboards; data gloves; trackballs being computer peripherals; stands adapted for laptops; ticket printers; haptic suits, other than for medical purposes; neural helmets, not for medical purposes; cooling pads for laptop computers; internal cooling fans for computers; portable document scanners; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled, for printers and photocopiers; money counting and sorting machines; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; pedometers; counters being coin counting or sorting machines; apparatus to check franking; apparatus to check stamping mail; counterfeit coin detectors; dictating machines; invoicing machines being automated billing machines for generating invoices; quantity indicators being level indicators; hemline markers; parking meters; voting machines; abacuses; electronic agendas; egg timers being sandglasses; hourglasses; automated teller machines (ATM); credit card terminals; self-checkout terminals; punched card machines for offices; blueprint apparatus being blueprinting machines; phototelegraphy apparatus; teleprinters; teletypewriters; plotters; facsimile machines; time clocks being time recording devices; scales; weighing machines; weighbridges; letter scales; test weights; balances being steelyards; lever scales being steelyards; steelyards being lever scales; precision balances; baby scales; scales with body mass analysers; scales with body mass analyzers; bathroom scales; surveying chains; slide calipers; jiggers for measuring spirits; dressmakers' measures being measuring tapes; appliances for measuring the thickness of leather; compasses for measuring; measuring rulers; carpenters' rules; measuring rules; micrometer gauges; micrometers; apparatus for measuring the thickness of skins; screw-tapping gauges; marking gauges for joinery purposes; verniers; T-squares for measuring; squares for measuring; square rulers for measuring; ring sizers; finger sizers; reflective articles for wear, being clothing for the prevention of accidents; flashing safety lights being luminous traffic signals; signal bells; mechanical signs; signs, luminous; neon signs; naval signalling apparatus being buoys; road signalling panels, luminous or mechanical; road signals, luminous or mechanical; signalling whistles; vehicle breakdown warning triangles; beacons, luminous; road signs, luminous or mechanical; signalling buoys; fog signals, non-explosive; marking buoys; light-emitting electronic luminous pointers; traffic-light apparatus; safety traffic cones; digital signs; rescue laser signalling flares; rescue flares, non-explosive and non-pyrotechnic; luminous warning signs; luminous safety signs; speaking tubes; aerials; antennas; anti-interference devices being filters for radio interference suppression; branch boxes being signal splitters for electronic apparatus; switchboards; sonars; telephone receivers; transmitters of electronic signals; electric navigational instruments; radiotelephony sets; radiotelegraphy sets; radar apparatus; vehicle radios; electro-dynamic apparatus for the remote control of signals; sound locating instruments being electronic devices used to locate lost objects employing radio frequency; telegraphs; masts for wireless aerials; telephone transmitters;

telerupters being electromechanical relays; telecommunications transmitters; modems; answering machines; cordless telephones; radio pagers; satellite navigational apparatus being satellite-aided navigation systems; walkie-talkies; hands-free kits for telephones; transponders; cell phone straps; cell phones; cellular phones; wearable activity trackers; protective films adapted for smartphones; satellite finder meters; telecommunication apparatus in the nature of wireless receivers in the form of jewellery; telecommunication apparatus in the nature of wireless receivers in the form of jewelry; foldable smartphones; mobile phone screen protectors; mobile phone ring holders; mobile phone ring stands; holders adapted for mobile telephones and smartphones; in-car telephone handset cradles; dashboard mats adapted for holding mobile telephones and smartphones; missile warning systems; navigation systems for autonomous ships; lanyards for cell phones; gimbals for smartphones; acoustic conduits; coin-operated musical automata being musical juke boxes; juke boxes, musical; demagnetizing apparatus for magnetic tapes; magnetic tape drives; cabinets for loudspeakers; tone arms for record players; recording devices for sound carriers; monitoring apparatus being video monitors, other than for medical purposes; acoustic diaphragms being electroacoustic transducer; loudspeakers; cleaning apparatus for phonograph records being phonographic record cleaning kits comprised primarily of replacement stylus needles and also including cleaning solution and brushes; cleaning apparatus for sound recording discs being magnetic head cleaners; sound recording strips being sound recording and sound reproducing apparatus and instruments; audio- and video- receivers; coin-operated mechanisms for television sets; megaphones; sound reproduction apparatus; needles for record players; styli for record players; television apparatus for projection purposes; teleprompters; speed regulators for record players; apparatus for changing record player needles; head cleaning tapes for video recorders; horns for loudspeakers; acoustic couplers; juke boxes for computers; cassette players; personal stereos; DVD players; digital photo frames; baby monitors; video baby monitors; electric and electronic effects units for musical instruments; audio interfaces; equalisers being audio apparatus; equalizers being audio apparatus; subwoofers; audio mixers; rearview cameras for vehicles; wah-wah pedals; ear pads for headphones; earpieces for remote communication; head- up display apparatus for vehicles, namely, transparent electronic displays for providing users with navigational and operational information; wearable audio speakers; thin film audio speakers; wireless speaker microphones; headsets; headsets for playing video games; musical instrument digital interface controllers being audio interfaces; portable audio speakers; effects pedals for guitars; video mixing desks; enlarging apparatus namely, machines and apparatus for enlarging photographs; close-up lenses; frames for photographic transparencies; photography darkroom lamps; drying racks for photography; apparatus for editing cinematographic film; shutter releases for photography cameras; shutters for photography cameras; centering apparatus for photographic transparencies; transparency projection apparatus; flash-bulbs; projection screens; screens for photography cameras; drainers for use in photography; photographic racks being photography drying racks; spools for photography cameras; epidiascopes; cases especially made for photographic apparatus and instruments; photographic light exposure meters; film cutting apparatus being apparatus for viewing cinematographic film when editing to determine the best cut-point; filters for use in photography, namely, photographic filters; drying apparatus for photographic prints; glazing apparatus for photographic prints; photography apparatus being screens for photoengraving; heliographic apparatus; photography apparatus being carriers for dark plates; photography darkroom lamps; magic lanterns; photography apparatus being speed measuring apparatus; photography apparatus being washing trays; stands for photographic apparatus; viewfinders, photographic; photography apparatus being photographic transparency projection apparatus; photography apparatus being diaphragms; filters for ultraviolet rays, for photography; tripods for cameras; electrified rails for mounting spot lights; flashlights for use in photography; lens hoods; thermal imaging cameras; selfie lenses for cameras; flash lamps for smartphones; selfie ring lights for smartphones; gimbals for digital cameras; particle accelerators; acidimeters for batteries; hydrometers; actinometers;

aerometers; air analysis apparatus; alcoholmeters; alidades; food analysis apparatus for analyzing moisture and texture of food; altimeters; ammeters; anemometers; comparators; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tires; rods for water diviners; meteorological balloons; barometers; betatrons; pressure indicator plugs for valves; galvanometers; spirit levels; capillary tubes for samples for laboratory use; boiler control instruments; marine compasses; thread counters; metronomes; speed checking apparatus for vehicles being speed indicators; retorts for use in high temperature chemical reactions; retorts' stands for use in high temperature chemical reactions; crucibles for laboratory use; laboratory equipment being cupels; cyclotrons; densimeters; laboratory trays; metal detectors for industrial or military purposes; smoke detectors; distance measuring apparatus; apparatus for recording distance; distance recording apparatus; range finders; telemeters; pressure measuring apparatus; dynamometers; water level indicators; electric loss indicators being electronic indicator panels; measuring devices, electric, being electronic devices for measuring electric current; kilometer recorders for vehicles; mileage recorders for vehicles; test tubes; balancing apparatus being precision balances; ergometers not for medical purposes; material testing instruments and machines being electronic apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials; depth gauges; gasoline gauges; petrol gauges; fermentation apparatus for laboratory use; plumb bobs; plumb lines; high-frequency apparatus being switches; frequency meters; gas testing instruments; gasometers; surveying instruments in the nature of levelling staffs; surveying instruments in the nature of levelling rods; graduated glassware; measuring glassware; hygrometers; clinometers; gradient indicators; inclinometers; slope indicators; taximeters; vacuum gauges; speed indicators; electrical inductors; furniture especially made for laboratories; lactodensimeters; lactometers; lasers, not for medical purposes; electronic data loggers; sounding lines being echo sounding devices; surveyors' levels; manometers being pressure gauges; pressure gauges; mercury levels being measuring apparatus; precision measuring apparatus being precision balances; meteorological instruments; microtomes; nautical apparatus and instruments, namely, underwater housings for cameras, underwater enclosures for cameras and underwater enclosures for photographic lenses; levels being level indicators for determining horizontal balances; levelling instruments being rods; observation instruments being observation rockets; octants; ohmmeters; wavemeters; oscillographs; acid hydrometers; salinometers; steering apparatus, automatic, for vehicles, namely, simulators for the steering and control of vehicles; laboratory pipettes; surveying instruments being plane tables; planimeters; polarimeters; pressure measuring apparatus; pressure indicators; pyrometers; protractors; saccharometers; probes for scientific purposes; satellites for scientific purposes; diaphragms for scientific apparatus; teaching apparatus being teaching robots; sextants; simulators for the steering and control of vehicles; sounding apparatus and machines being open-wire transmission machines and apparatus; sounding leads being phone extension leads; spherometers; sulfitometers; tachometers; temperature indicators; theodolites; thermostats for vehicles; revolution counters being scintillation counters; urinometers; viscosimeters; voltage regulators for vehicles; voltmeters; stills for laboratory experiments; azimuth instruments; directional compasses; densitometers not for medical purposes; chemistry apparatus and instruments, namely, fluid handling device used for disposable bioprocessing applications and parts and fittings therefor; incubators for bacteria culture; distillation apparatus for scientific purposes; dosimeters; furnaces for laboratory use; ovens for laboratory use; chromatography apparatus for laboratory use; measuring spoons; marine depth finders; wind socks for indicating wind direction; resuscitation mannequins; crash test dummies; laboratory centrifuges; Petri dishes; Pitot tubes; Stroboscopes; temperature indicator labels, not for medical purposes; accelerometers; connected bracelets being magnetically encoded identification bracelets; calorimeters; flowmeters; needles for surveying compasses; infrared detectors; digital weather station instruments; thermo-hygrometers; teaching robots; resuscitation training simulators; magnetic resonance imaging

(MRI) apparatus, not for medical purposes; height measuring instruments; teaching apparatus in the nature of hairdressing training heads; nanoparticle size analysers; nanoparticle size analyzers; droppers for measuring, other than for medical or household purposes; dust measuring apparatus in the nature of portable ultrafine dust meters; scanners for performing automotive diagnostics; electrolysis apparatus for laboratory use; apparatus for generating gas for calibration purposes; apparatus for testing breast milk, other than for medical or veterinary use; bioreactors for laboratory use; bioreactors for cell culturing for scientific research; alcohol breath testing units; wheel alignment meters; ozone generators for calibration purposes; ozonizers for calibration purposes; apertometers; lenses for astrophotography; containers for microscope slides; eyepieces being eyeglasses; optical lenses being microscope objectives; microscope objectives being diffraction apparatus; microscopes; refractometers; mirrors for inspecting work; optical lamps; optical lanterns; optical lenses; magnifying glasses; micrometer screws for optical instruments; scientific and technical apparatus, namely, optical mirrors; prisms for optical purposes; optical glasses; apparatus and instruments for astronomy being astronomical spectrographs; photometers; microscope objectives being refractors; spectroscopes; spectrograph apparatus; stereoscopes; stereoscopic apparatus being stereoscopes; binoculars; sighting telescopes for firearms; telescopic sights for firearms; optical condensers; telescopic sights for artillery; sheaths for electric cables; magnetic wires; identification threads for electric wires; identification sheaths for electric wires; telegraph wires; materials for electricity mains being electric wires and cables; copper wire, insulated; telephone wires; junction sleeves for electric cables; battery starter cables for motors; coaxial cables; fiber optic cables; fibre optic cables; electric wire harnesses for automobiles; coils, electric; electromagnetic coils; amplifiers; amplifying tubes; amplifying valves; electrical transformers; electrical distribution boxes; thermionic tubes; thermionic valves; battery terminals; printed circuits; pantographs being electric current collectors; switchboxes; commutators; capacitors; condensers; conductors, electric; electricity conduits; electric circuit closers; electricity connectors; junction boxes; contacts, electric; regulating apparatus, electric, being apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; converters, electric; switches, electric; electricity limiters; electric plugs; current rectifiers; electric current cell switches ; electricity reducers being electronic controllers used to reduce power consumption; circuit breakers; electrical circuit distribution boards; electrical distribution consoles; fluorescent screens; electrical ducts; electrical control panels; connections for electric lines; connections, electric; couplings, electric; relays, electric; thermostats; fuses; galena crystal detectors for use in electronics; armatures for use in electrical apparatus; inverters; time switches, automatic; resistances, electric; rheostats; choking coils for use in electrical apparatus; wire connectors; remote control telemetering apparatus; vacuum tubes for radios; variometers; fuse wire; holders for electric coils; discharge tubes, electric, other than for lighting; electric discharge tubes, other than for lighting; optical fibres; light dimmers, electric; light regulators being light dimmers, electric; covers for electric outlets; lighting ballasts; electromagnetic solenoid valves; voltage surge protectors; electric light dimmers in the nature of stage lighting regulators; light-emitting diodes (LED); triodes; step-up transformers; electrical adapters; electronic numeric displays; climate control digital thermostats; piezoelectric sensors; organic light-emitting diodes (OLED); quantum dot light-emitting diodes (QLED); electric sockets; parking sensors for vehicles; amplifiers for servo motors; electronic controllers for servo motors; controllers for servo motors, electric; electric actuators; electric linear actuators; electro- dynamic apparatus for the remote control of railway points; electric remote control apparatus for remote ignition; igniting apparatus, electric, for Igniting at a distance; heat regulating apparatus being electric control devices for heating management; electric installations for the remote control of industrial operations; electric apparatus for commutation; lightning arresters; lightning conductors; lightning rods; ionization apparatus for scientific or laboratory use, and not for the treatment of air or water; fire extinguishers; fire beaters being fire extinguishing apparatus; fire hose nozzles; fire engines; fire

pumps; fire boats; sprinkler systems for fire protection; fire hose; fire-extinguishing balls; radiological apparatus being x-ray apparatus for industrial purposes; X- ray tubes not for medical purposes; X-ray apparatus not for medical purposes; radiology screens being x-ray apparatus for industrial purposes; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; anti-glare glasses; visors for helmets; protective suits for aviators; life-saving rafts; protective helmets; protective industrial respiratory masks, not for medical purposes; solderers' helmets; diving suits; fire escape ladders; workmen's protective face-shields; spark-guards being face shields for protection against fire; railway traffic safety appliances being traffic safety cones; nets for protection against accidents; life nets; safety nets; safety tarpaulins; filters for respiratory masks for the prevention of accident or injury, not for medical purposes; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; clothing for protection against fire; garments for protection against fire; oxygen transvasing apparatus in the nature of self-rescue apparatus, namely, oxygen breathing units; ear plugs for divers; personal protective equipment (PPE), namely, teeth protectors; protection devices being gloves for protection against X-rays, not for medical purposes; life buoys; life jackets; life belts; bullet-proof vests; bullet-proof waistcoats; divers' masks; knee-pads for workers; fall protection equipment for fall restraint and fall arrest, namely, harnesses; fire blankets; shoes for protection against accidents, irradiation and fire; nose clips for divers and swimmers; asbestos safety screens for firemen; riding helmets; protective clothing especially made for use in laboratories; bullet-proof clothing; life-saving capsules for natural disasters; reflective safety vests; mouth guards for sports; head guards for sports; snorkels; survival blankets to prevent injury due to hypothermia; lifeboats; weight belts for divers; body harnesses for support when lifting loads; safety vests incorporating airbags for safety purposes for fall protection; evacuation chairs; dust masks incorporating air purification; insulating gloves for protection against accidents; dry suits; dive skins; wet suits; whistle alarms; acoustic alarms; alarm installations; fire alarms; alarm bells, electric; push buttons for electric alarm bells; magnifying peepholes for doors; warning bells; locks, electric; sirens; theft prevention installations, electric, being burglar alarms; anti-theft warning apparatus being anti-theft alarms, other than for vehicles; electric buzzers; electric door bells; smoke detectors; electronic access control systems for interlocking doors; padlocks, electronic; eyeglass chains; spectacle chains; eyeglass cords; spectacle cords; correcting contact lenses; eyeglass lenses; spectacle lenses; eyeglass frames; spectacle frames; pince-nez; containers for contact lenses; eyeglass cases; spectacle cases; 3D spectacles; color blindness correction glasses; colour blindness correction glasses; spectacles for correcting color blindness; spectacles for correcting colour blindness; contact lens cases incorporating ultrasonic cleaning functions; accumulators, electric, for vehicles; accumulator jars; battery jars; accumulator boxes; plates for batteries; ignition batteries; anodes; anode batteries; high tension batteries; chargers for electric accumulators; galvanic cells; galvanic batteries; grids for batteries; accumulators, electric; cathodic anti-corrosion apparatus being an electronic device for eliminating corrosion from a boat lift in sea water; anticathodes; photovoltaic cells; cathodes; solar batteries; solar panels for the production of electricity; chargers for electronic cigarettes; charging stations for electric vehicles; batteries for electronic cigarettes; photographic transparencies; camera films, exposed; cinematographic film, exposed; X-ray films, exposed; X-ray photographs, other than for medical purposes; egg-candlers; dog whistles; decorative magnets; electrified fences; electronic collars to train animals; sports whistles; animal signalling rattles for directing livestock; eyewear; smart glasses; smartwatches; smart rings; downloadable software for generating cryptographic keys for receiving and spending crypto assets; downloadable computer software for managing crypto asset transactions using blockchain technology; digital collectibles in the nature of downloadable image files of clothing authenticated by non-fungible tokens (NFTs); calculating machines; data processing apparatus; computer memory devices; computers; recorded computer operating programs; identity cards, magnetic; blank

magnetic disks; floppy disc drives; computer keyboards; bar code readers; computer peripheral devices; recorded computer operating software; data processing equipment, namely, couplers; electronic pens; interfaces for computers; magnetic tape units for computers; microprocessors; computer monitors; computer mouse; blank optical discs; computer central processing units; electronic pocket translators; blank integrated circuit cards; notebook computers; video game cartridges; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, newsletters in the field of e-commerce and business; downloadable computer programs for business management in the field of e-commerce and business; recorded computer game software; downloadable ring tones for mobile phones; downloadable music files; downloadable image files of avatars for use in virtual environments; blank USB flash drives; laptop computers; bags adapted for laptops; sleeves for laptops; downloadable computer software applications for mobile devices and computers, namely, downloadable software for financial analysis, planning and management, downloadable software for securing and protecting data on mobile devices and computers, downloadable software for authenticating user identification, downloadable software for controlling access to and communications with mobile devices and computers; tablet computers; memory cards for video game machines; electronic security token in the nature of a fob-like device used by an authorized user of a computer system to facilitate authentication; electronic black boxes for recording data; computer software platforms, downloadable, for application development; downloadable computer screen saver software; computer screen saver software, recorded on computer media; wearable computers in the nature of smartwatches; downloadable emoticons for mobile phones; telepresence robots; downloadable computer game software; downloadable computer software for use as an electronic wallet; biometric identity cards; 3D scanners; quantum computers; head-mounted video displays; wireless portable document printers for use with laptops and mobile devices; software as a Medical Device (SaMD), downloadable, for use as electrocardiographs; user-programmable humanoid robots, not configured; ticket dispensing terminals, electronic; hologram apparatus; time recording apparatus; cash registers; chronographs for use as specialized time recording apparatuses; photocopiers; weighing apparatus and instruments; tape measures; signal mirrors; electronic notice boards; telecommunications transmitters; radios; telephones incorporating intercommunication systems; telephone apparatus; video telephones; navigation apparatus for vehicles; Global Positioning System (GPS) apparatus; Smartphones; mobile telephones; covers for smartphones; cases for smartphones; computer network routers; cases for smartphones incorporating a keyboard; sound recording apparatus; tape recorders; record players; microphones; sound transmitting apparatus; video recorders; camcorders; compact disc players; headphones; portable media players; electronic book readers; virtual reality headsets; security surveillance robots; wearable video display monitors; loud speakers; humanoid robots having communication and learning functions for assisting and entertaining people; cinematographic cameras; cameras; slide projectors; selfie sticks; video projectors; electricity meters; surveying apparatus; thermometers, not for medical purposes; DNA chips; bio-chips for research or scientific purposes; humanoid robots with artificial intelligence for use in scientific research; laboratory robots; periscopes; optical inspection apparatus; telescopes; electric cables; electric wires; magnets; integrated circuits; semiconductors; electronic chips for the manufacture of integrated circuits; semi-conductor memory chips for use in enabling memory; RISC-V (reduced instruction set computer-five) computer chips and central processing units; optical fibers; wafers for integrated circuits; transistors; video screens; printed circuit boards; electronic key fobs being remote control apparatus; fire extinguishing apparatus; protection and safety apparatus, namely, inflatable flotation devices; clothing for protection against accidents, irradiation and fire; life-saving apparatus and equipment being rafts; protective face masks for the prevention of accident or injury; breathing apparatus for underwater swimming; protective industrial respirators for filtering air; underwater breathing apparatus; goggles for sports; protective helmets for sports; headgear being protective helmets; sound alarms; biometric locks; eyeglasses; spectacles; contact lenses;

sunglasses; batteries, electric, for vehicles; battery boxes; battery chargers; batteries, electric; mobile phone chargers; portable power chargers; video disks and video tapes with recorded animated cartoons; photographic slides; humanoid robots with artificial intelligence for preparing beverages; sunglasses for pets
