For Machine parts, namely, bearings; handles for machines, namely, crank handles, clamping handles, and milling control handles; gear wheels, being parts of machines, not for land vehicles; vibration mounts, namely, shock absorbing mounts for machines; hoist rings for machines; printing machines for commercial or industrial use; 3D printing machines for commercial or industrial use; inking apparatus for commercial or industrial printing machines; laminating machines; milling machines and milling machine tools; machine coupling and transmission components except for land vehicles; incubators for eggs; automatic vending machines; leveling devices, namely, leveling mounts for machines; non-metal hand wheels being parts of milling machines; metal feet being parts of milling machines; non-metal feet being parts of milling machines; metal hand wheels being parts of milling machines; metal gear levers being parts of machines; metal cam levers being parts of machines; metal industrial control levers and metal clamping levers being parts of machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Non-metal components for furniture, cabinets, doors, packaging containers, and machinery, namely, bumper feet, bumper guards, plastic door stops, knobs, door handles, hinges, latches, catches, and closures; plastic tube and furniture fittings, namely, plastic tubular furniture legs and support structures being furniture parts; general purpose plastic hardware other than plumbing fittings, namely, washers, bushings, nuts, bolts, screws, washers, clamps, latches, hinges, locks, grommets, ferrules for placement at the ends of tubes and bars, thread protectors for pipes and tubes, retaining rings, retaining clips, and rivets; plastic valves other than valves for machines; containers made of thermoplastics materials for the packing of goods; packaging containers of plastic; plastic boxes; plastic storage containers, namely, plastic storage containers for commercial or industrial use

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Unprocessed synthetic resins, plastics, or adhesives for industrial purposes; chemicals used in industry, science and photography; chemicals for use in the manufacture of inks and coatings; fire extinguishing compositions; alcohols for industrial purposes; tempering preparations and soldering chemicals; carbon for filters; chemical preparations, mineral substances and unprocessed plastics, each in the nature of filtering materials for the life sciences industry, the medical device industry, the cosmetics industry, the water filtration industry, the tobacco industry, or the automotive industry; specialty chemicals, namely, chemical additives for general industrial use in the manufacture of a wide variety of goods; chemical substances for preserving foodstuffs; manures; taggants, namely, inorganic phosphors, for use in manufacture, for authentication and tracking purposes; cell growth media for growing cells for use in scientific research, namely, fibre or porous plastic surface active media used in life science assays

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For ID card printers, namely, thermal printers for printing on plastic ID cards; software for the design and creation of printed ID cards; electronic and magnetic ID cards for use in providing individual identifying information; ID cameras, namely, cameras for generating photos for ID cards, passports and personal identification; security passes, namely, blank smart cards for providing individual identifying information and recording individual access control information; visitor passes, namely, blank smart cards for recording and providing individual identifying information; security wristbands, namely, wearable integrated circuit modules, in the form of wristbands, for authenticating individual identifying information; hologram apparatus; encoded micro particulates, tags and taggants of plastic, metal or silicate for use in the field of passive labeling for authentication purposes; taggant readers, namely, handheld readers for detecting and reading taggants; circuit board hardware, namely, circuit boards and host bus adapters, housings and indicator lights for circuit boards; fibre optic components, namely, fibre optic couplings, fibre-optic cables and junction sleeves for fibre optics; protective headwear, namely, protective helmets; protective head guards for industrial purposes; protective eyewear; protective work gloves; protective gloves for industrial use; protective respirators other than for artificial respiration; hazard warning cones, namely, cones for alerting others about potential hazards; hazard warning triangles; warning flags; fire extinguishers; parts of telephone and computer printer apparatus, namely, plastic or foam feet for telephones and printers; laboratory filters, namely, pipette tip fibre filters; laboratory filters, namely, fibre or porous plastic filters for DNA purifications; laboratory filters, namely, fibre or porous plastic filters for protein isolation; laboratory filters, namely, fibre or porous plastic filters for sample preparation in laboratory; laboratory filters, namely, fibre or porous plastic filters for column chromatography in laboratory; ink-jet printers; inking monitors, namely, monitoring apparatus for measuring ink application, consumption and saturation levels during printing

processes; cross beam depth gauges

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Manufacturing services of new products, namely, custom manufacture of synthetic resins, plastics, adhesives, filters, porous substrates, pressure-sensitive adhesive tapes and closures, adhesive magnetic tape, plastic film and plastic bags for packaging, boxes of paper or cardboard for packaging, ink reservoirs being parts of writing instruments, wicks and connectors being parts of writing instruments, cartons made of paper or cardboard, tamper-evident seals, non-metal pipe couplings and joints, plastic pipe collars, non-metal thread protectors for pipes, tubes, tubular goods, connectors, and casings, filters for use in smoking articles, electronic cigarette cartridges, plastic storage containers and packaging for commercial, industrial and domestic use, tamper-resistant seals, injection molded plastic, vinyl dip molded plastic, semi-processed thermoplastics, semi-processed resins, plastics being semi-processed polymer alloys, metal items and components for industrial, automotive, electronics and construction applications, plastic and foam pipe and flange protectors, insulating tape, tear tape, adhesive tape, foam, bonded fiber and porous plastics, ID card printers, electronic and magnetic ID cards, metal components for use in industry and manufacture in the nature of screws and springs, cable ties for securing wires and cables, locks, latches, clamps, bolts, castors, hinges, and catches for use on cabinets, doors, furniture, containers, packaging, and machinery, and non-metal components for furniture, cabinets, doors, packaging containers and machinery

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Plastic cable ties for fastening and securing objects together, such as bundles of wire

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Cigarette filters; cigar filters; pipe filters being parts of smoking pipes; filters for use in hand-assembled smoking articles; filters for use in machine-made cigarettes; manually assembled smoking articles, namely, kits, containing tobacco and paper, for assembling roll-your-own cigarettes and make-your-own cigarettes; cigarette and cigar holders; filter rods, namely, multiple filters for cigarettes, cigars and hand-assembled smoking articles; smokers articles, namely, electronic cigarettes, electronic cigars, electronic pipes, cartridges, namely, electronic cigarette refill cartridges sold empty; liquids and accessories for electronic cigarettes, electronic cigars, electronic pipes and filter tips, namely, chemical flavorings in liquid form used to refill electronic cigarette cartridges, cartridges sold filled with glycols for electronic cigarettes; matches; electronic cigarette liquids, comprised of glycols

International Classes 34 - Primary Classes **US Classes** 2, 8, 9, 17 **International Class Title** Smokers' Articles

For Tamper evident plastic seals, namely, tamper-evident secure adhesive seals for bottle tops and plastic seals for use in preventing and detecting product tampering; pressure sensitive tapes for industrial or commercial use; plastic fittings for non-metallic flexible pipes, namely, flanges, spacers, seals, chocks, caps, connectors, and plugs; adhesive magnetic tape for industrial or commercial use; adhesive magnetic receptive steel tape for industrial or commercial use; gum for packing, namely, gum, glue and gummed tape for packing for industrial or commercial use; injection moulded plastic, namely, semi-finished injection molded products of plastic for use in a variety of industries; vinyl dip moulded plastic; semi-processed thermoplastics; semi-processed resins; plastics, namely, semi-processed polymer alloys; plastic seals for use in commercial or residential construction; plastic and foam pipe and flange protection, namely, plastic and foam padding for thermal and impact

protection of pipes and flanges; insulating tape; tear tape, namely, narrow ribbons of tape, for commercial or industrial use, that aid in the opening of packaging; adhesive tape for industrial and commercial use; plastic tape for masking; hermetic tape, namely, plastic tape for creating hermetic seals; heat insulation foam; plastic packaging, namely, expanded plastic pellets for packaging; lamination overlays, namely, plastic film for use in laminating paper; lamination film, namely, polyurethane film for use in glass laminations; lamination pouches, namely, polyurethane film, sold in pouch form, for use in glass laminations; adhesive tape, namely, film tape, foam tape, bag sealing tape, laminating tape, all for commercial or industrial use; non-slip foam pads, cushions and bumpers, namely, plastic foam padding for impact protection; shaped foam or rubber strips for reducing light or air; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes not of metal; plastic flexible pipes; foam, bonded fibre and porous plastics, all being semi-processed plastics for further manufacture as wound care apparatus and other medical devices, and as cosmetics and noise attenuation products; foam, bonded fibre and porous plastics, namely, semi-processed plastics for further manufacture as products for the transfer, collection and storage of liquids; plastic components; tubing, namely, flexible tubes of plastic

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Providing laboratory testing services in the fields of cigarettes, cigars, tobacco, tobacco products and electronic smoking devices; providing laboratory research services in the field of tobacco products research; furniture design services; industrial design services; new product design services; design services for packaging; analytical method development, namely, design and development of chemical analysis procedures; chemical analysis; product testing; material testing; quality control for others; research, development, and testing of new products for others; product design and engineering services for others; design of packaging; commercial packaging design; medical packaging design; scientific and technological services, namely, research, and design of filters for cigarettes; scientific and technological services, namely, engineering of production processes for tobacco products; product research and development; research and design services, namely, design and development of computer software

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal components for use in industry and manufacture, namely, screws, springs, cable ties for securing wires and cables, locks, latches, clamps, general-purpose bushings not being machine parts, bolts, castors, hinges, and catches for use on cabinets, doors, furniture, containers, packaging, and machinery; metal components for furniture, cabinets, or doors, namely, cabinet stops, door stops, hinges, catches, metal door handles, metal door knobs; metal structural tubing; metal spacers, namely, general purpose metal spacer brackets; items of metal hardware, other than plumbing fittings, namely, metal ferrules for placement at the ends of tubes or bars; general purpose metal hardware, namely, washers, bushings, nuts, clamps, retaining rings, tie down rings, latches and cable clips; fasteners, namely, metal bolts, screws and rivets; metal chains; metal foil for use on containers and packaging; metal foils for wrapping and packaging; metallic foils, namely, tamper-evident metal foil labels used on shipping boxes; common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; pipes and tubes of metal; metal safes; common metal ores; metal tubing; containers, primarily of metal, for transport, consisting of a steel frame with wood inserts having recesses for protecting tubulars during transport

Serial Number 79097944 **Application Filing Date** Dec. 16, 2010 **Registration Number** 4293861 **Registration Date** Feb. 26, 2013 **Register** Principal **Mark Type** Service Mark Trademark **Date Cancelled** Sep. 15, 2023 **Publication Date** Dec. 11, 2012

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the word "ALNA" with a circle around the first letter "A". The color blue appears in the circle and the letter "LNA" and the color white appears in the first letter "A". **Color Drawing** Yes **Color Claimed** The color(s) blue and white is/are claimed as a feature of the mark. **Color Location** Blue: the letters "l", "n", "a" are blue, the circle around the letter "A" is blue; white: the letter "A" is white.

RELATED PROPERTIES INFORMATION

International Registration 1078869 **International Registration Date** Dec. 16, 2010

GOODS AND SERVICES INFORMATION

For [Paints, varnishes, lacquers, preservatives in the nature of a coating against rust and against deterioration of wood; colorants; mordant dyes, raw natural resins; metals in foil and powder form for painters, decorators, printers and artists]

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For [A full line of] pharmaceutical [and veterinary] preparations, namely, [pain relief medication,] for [the treatment of infectious diseases, respiratory diseases and disorders, cancer, gout, gastro-intestinal diseases, pulmonary hypertension, heart rhythm disorders, hormonal disorders, allergic rhinitis and asthma, diabetes,] skin disorders, wounds,[disorders of the nervous system, the immune system, the cardio-vascular system, the metabolic system, the respiratory system, the musculo-skeletal system, the genitourinary system, inflammatory disorders, gastroenterological disorders,] for the use in dermatology,[oncology, haematology and in tissue and organ transplantation, in ophthalmology and the prevention of osteoporosis; sanitary preparations for medical purposes;] dietetic substances[, namely, foods, sugar, sugar substitutes adapted for medical use, food for babies; medical plasters, materials, namely, bandages for dressings; material for stopping teeth, dental wax; all purpose disinfectants; preparations for destroying vermin; fungicides, herbicides]

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For [Insurance, namely, insurance brokerage, insurance agencies, insurance administration; financial affairs and monetary affairs, namely, financial information, management and analysis services; real estate affairs, namely, assessment and management of real estate, real estate agency services]

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For [Abdominal belts, abdominal pads for medical use, abdominal towels for medical and surgical use, aerosol dispensers for medical use, aerosol masks for medical use, air filters for medical ventilators, air mattresses for medical purposes, air pillows for medical purposes, anatomic pathology specimen collection kit comprising glass slides, centrifuge tubes, formalin jars, coupling jars, insert to hold slides and jars, absorbent cloth, and instructions, all for medical use, apparatus for dispensing non-medical oxygen and aromatherapy that also utilizes light, sound, mild vibration for relaxation therapy, apparatus for physical training for medical use, athletic ankle braces for medical use, autoclaves for medical use, back supports for medical purposes, bags for medical waste, belts for attaching medical monitors to patients, belts for medical purposes, blood collection kit comprised of blood collection bag, holder for medical sample tubes and vials, and medical sample tubes and vials, blood component separation apparatus for medical purposes, blood pressure and diabetic diagnostic medical devices, body rehabilitation apparatus for medical purposes, braces for limbs and joints for medical use, breast warmer pads for medical purposes, breath gas analyzers for medical diagnostics, canes for medical purposes, carrying cases specially adapted for holding or carrying portable medical oxygen cylinders, cases fitted for medical instruments and/or for use by doctors], ceiling service units specially adapted for mounting medical apparatus, [for feeding electricity to medical apparatus and for supplying signals and/or liquids and/or gases to and transferring signals and/or liquids and/or gases from medical apparatus, cell culture apparatus for medical use, namely, cell culture chambers, cervical pillows for medical use, chemically activated hot and cold gel packs for medical purposes, clothing extension support devices for use during pregnancy for medical purposes, coatings sold as an integral component of medical stents and other implantable medical devices, compression socks for medical or therapeutic use, computer controlled automatic injection system for injecting medical fluids during the process of diagnosis of a condition in an individual or during computed tomography (CT) procedures, computer displays and computer monitors and controllers therefor used in direct association with medical diagnosis apparatus during the process of diagnosis of a condition in an individual, computerized medical recording and analysis apparatus for the diagnosis and treatment of arrhythmias, containers especially adapted for the disposal of medical instruments, syringes and other contaminated medical waste, containers especially made for medical waste, containers for medical waste, containers for solutions used for the treatment of renal insufficiency, namely, bags, pouches, cartridges, rigid and semi-rigid containers for concentrates and solutions in solid or liquid form for medical use, cooling apparatus used for medical and surgical equipment used during medical and surgical procedures, coverings for medical exam tables, cryoprobes for treatment of tumors, cytometers for medical diagnostic use, dental and medical drill bits for cutting teeth or bone, dental products, namely, plastic material for fabricating complete and partial denture liners/relines and for fabricating gaskets for overdentures, devices for measuring blood sugar for medical purposes, devices for monitoring blood glucose for medical purposes, displays, monitors and controllers for medical fluid injectors, namely, computer displays and computer monitors and controllers therefor used in direct association with medical diagnosis apparatus, displays, monitors and controllers for medical fluid injectors, namely, computer displays and computer monitors and controllers therefor used in direct association with medical fluid injectors, disposable bottle liners for use with medical apparatus, disposable headrest covers for medical and dental examination chairs, disposable medical sterilization

pouches, drainage tubes for medical purposes, dropper bottles for administering medication, sold empty, droppers for administering medication, sold empty, dropping pipettes for medical purposes, drug delivery patches sold without medication, ear plugs for medical purposes, elastic stockings, electric automatic moist heating pad for medical purposes, electric blankets for medical purposes, electro-surgical motors being part of surgical and medical apparatus and instruments for use in general surgery, electrochemical sensors for determination of analyte concentrations in fluids for medical purposes, electrodes for medical use, electroencephalography kit consisting of an electrode headset, a digital recorder and transmitter, a tablet computer monitor, and instructions for use in medical settings including emergency departments, ambulances, intensive care units, and offices, electromagnetic drug delivery apparatus for medical use, electromagnetic medical diagnostic imaging apparatus, electromedical rehabilitative and pain management products for clinical and home use, namely, electrical nerve and muscle stimulators, ultrasonic stimulators, magnet therapy stimulators and laser therapy stimulators, Elizabethan collars for dogs, emergency medical equipment, namely, headboards, ergometers for medical testing purposes, eye charts for medical examination use, feeding cups, filters for medical purposes, namely, blood and respiratory, finger guards for medical purposes, fitted sleeve for filled compressed gas cylinder used for medical purposes to identify the contents of the cylinder, flow cytometers and flow-based analyzers providing cell and particle analysis, detection, or counting for medical, clinical, medical diagnostic, and therapeutic uses, flow cytometers for medical diagnostic uses, foam positioning pads for medical and physical therapy use, forceps for medical use, gloves for medical purposes, gloves for medical purposes, namely, latex and disease prevention, gloves for medical use, goods of metal for medical use, namely, screws, plates, pins and pivots, gynecological medical instruments for examining women's reproductive organs, headlight lens modules for medical and surgical use, heat and moisture exchanger for medical use, heat lamps for medical use, heaters and warmers used for medical and surgical equipment used during medical and surgical procedures, heating cushions for medical purposes, heating pads for medical purposes, hematology analyzers for medical diagnostic uses, human face protectors, namely, transparent face shields for use in the medical and dental fields, humidification apparatus for medical purposes, humidifiers for medical use, hyperbaric oxygen chambers for medical purposes, ice bags for medical purposes, immunochemical testing apparatus for medical use, in-ear monitors for medical purposes, infant sleep positioner cushions for medical or therapeutic purposes, namely, for preventing disorders, inhalers for medical purposes, injection needles for medical use, instrument and apparatus systems for medical diagnostic uses consisting of flow cytometers, hematology analyzers, sample preparation device, and related data management software sold as a unit, integrated medical examination systems comprising medical devices and computer software for information management for use in web-based physical examination and assessment of patients for clinical settings, irrigators for medical use, kits for the application of ice bags for medical purposes comprised of plastic ice bags for medical purposes, plastic film, handle for the application of plastic film, plastic bag sealer, plastic bag dispenser, knives for medical use, laser pointers for medical use,] lasers for medical purposes, lasers for medical use, lasers for surgical and medical use, [latex medical gloves, light emitting diode (LED) apparatus for lighting, incorporated into medical instruments, light emitting diode (LED) devices for energy-efficient replacement of standard tungsten-filament lighting incorporated into hand-held medical instruments, light-based medical devices, namely, a light emitting diode (LED) device for increasing the human body's own production of collagen, loupes for medical purposes, namely, magnifying glasses that fit on the user's face in the manner of eyeglasses, lower body alignment apparatus for medical purposes, luminescent labels for medical applications for use during procedures or in medical environments that are dark or have lower light levels, magnets for medical purposes, magnifying glasses, for medical examination purposes, that fit on the user user's face in the manner of eyeglasses, magnifying glasses, for medical purposes, that fit on the user's face in the manner of eyeglasses, magnifying loops for medical purposes, masks for use

by medical personnel, massage apparatus, mastectomy bras for medical purposes, maternity support belts for medical purposes, medical and dental apparatus for dimensional measurement, namely, 3D scanner for human body, medical and dental sterilizers, medical and surgical apparatus and instruments, namely, devices used in orthopedic surgery to position surgical instruments, implants and/or patients' limbs,]medical and surgical apparatus and instruments, namely, orthopedic[fixation device used in orthopedic transplant and/or implant surgery,] medical and surgical apparatus and instruments, [namely, vertebral osteosynthesis staple-shaped apparatus and instruments, medical and surgical catheters, medical and surgical cutters for cutting human or animal tissue and organs, medical and surgical knives and cutters for cutting human or animal tissue and organs, medical and surgical knives for cutting human or animal tissue and organs, medical and surgical laparoscopes and catheters, medical and therapeutic device and apparatus, namely, a force and motion sensing apparatus and assisted exercise machine for the rehabilitation of hands, wrist, ankles, arms, legs, neck affected by neuromuscular diseases, disorders, or injuries for home or clinical use, medical apparatus and instrument for diagnostic use, namely, apparatus for medical diagnostic testing in the fields of cancer or other tissue-based diagnostic testing, cytology and cell-based testing, medical apparatus and instruments for diagnostic radio pharmaceutical use, namely, needles, inhalers, radiation detectors; medical apparatus and instruments for monitoring blood properties and respiratory events, medical apparatus and instruments for monitoring oxymetory, gas analysis, vital signs, blood properties and respiratory events and software sold therewith as a unit, medical apparatus and instruments for treating cardiovascular disease, medical apparatus and instruments for treating Osteoarthritis, osteoporosis, osteotraumatic injuries, degenerative bone diseases and Joint diseases, medical apparatus and instruments for use in orthopedic surgery, medical apparatus and instruments for use in positron emission tomography (PET) imaging, medical apparatus and instruments for use in positron emission tomography (PET) imaging used to monitor brain, heart and metabolic functions, medical apparatus and instruments for use in surgery, medical apparatus and instruments relating to neurovegetative reactivity, medical apparatus and instruments, namely, a handheld ultrasound unit for cardiac diagnosis, screening and cardiovascular patient follow-up, medical apparatus and units for dosage, measuring and monitoring, namely, drug delivery devices and systems, medical apparatus for detecting cancer, medical apparatus for detecting rapid eye movement and other physiological conditions in a sleeping person indicative of dreaming and for inducing partial awakening so as to cause a state of lucid dreaming, medical apparatus for diagnosing or treating respiratory conditions, medical apparatus for diagnosing or treating respiratory conditions, namely, respiratory aspirators; medical apparatus for diagnosing suspected heart attacks, medical apparatus for facilitating the inhalation of pharmaceutical preparations, medical apparatus for intravenous administration of fluids, namely, fluid warmers, medical apparatus for introducing pharmaceutical preparations into the human body, medical apparatus for monitoring vital signs of patients, medical apparatus for preventing or reversing heart failure, medical apparatus for treating congestive heart failure, medical apparatus to improve cardiac performance through aortic flow therapy, medical apparatus, namely, a spinal fusion device, medical apparatus, namely, adhesive tape for sealing plastic ice bags, medical apparatus, namely, an ear wash device in the nature of a container to be filled with appropriate fluid by the user for flushing ear wax from the ear, medical apparatus, namely, an extremity garment donning assist device for use by physically handicapped persons, medical apparatus, namely, an injectable oxygen delivery system comprising an oxygen device which produces nanobubbles and nanobatteries to prevent or treat eye disease, medical apparatus, namely, bi-level positive airway pressure (BPAP) devices, medical apparatus, namely, blood pump system for use in artificial liver support, medical apparatus, namely, continuous positive airway pressure (CPAP) devices, medical apparatus, namely, dispensers for plastic ice bags, medical apparatus, namely, electric heating devices for curative treatment, medical apparatus,

namely, electric vaporizer for upper respiratory conditions, medical apparatus, namely, electric vaporizer that emits menthol for treatment of upper respiratory conditions, medical apparatus, namely, fetal and maternal vital sign and physical distress monitors, medical apparatus, namely, handheld devices containing a foam swab for obtaining buccal cells, medical apparatus, namely, implantable ports, medical apparatus, namely, infusion and injection devices for administering drugs, medical apparatus, namely, invasive and non-invasive ventilation apparatus and instruments, medical apparatus, namely, ladder-type device to assist physically handicapped individuals in transferring from one position to another, medical apparatus, namely, lung ventilators with monitoring capability, medical apparatus, namely, marking pens for use in surgical procedures, medical apparatus, namely, non- or low-compression devices for holding thermal packs to the breasts, medical apparatus, namely, plastic film for use in the application of ice bags, medical apparatus, namely, plastic handles for use in the application of plastic film around ice bags, medical apparatus, namely, respiratory equipment and monitors therefor, medical apparatus, namely, system for use in artificial organ support, medical apparatus, namely, therapeutic devices for delivering specifically engineered pressure and gas mixtures for medical benefit, medical apparatus, namely, tick removal devices, medical apparatus, namely, timing devices for uterine contractions, medical apparatus, namely, variable positive airway pressure devices (VPAP), medical apparel, namely, women women's garment for use in medical examination and treatment, medical bags adapted for and sold with medical, surgical and veterinary instruments, medical bags designed to hold medical instruments, medical braces for knee, ankle, arm, leg, medical braces, namely, spring-loaded chest to leg brace used to support the body during physical activity, medical compression stockings and tights, medical cutting devices, medical device and surgical instrument for use in diagnosis and surgery of the gastro-intestinal tract, medical device for accessing subcutaneous structures of the human body for the purpose of administering medical treatment, medical device for detecting cancer, medical device for percutaneous intraluminal emplacement of coronary bypass grafts, medical device for treating cancer, medical device for treating lymphedema, medical device used for the acquisition of physiological data for polysomnography, medical device, namely, a device for improving cardiac Performance though aortic flow therapy, medical device, namely, a device for measuring arterial blood flow in the eye, medical device, namely, a device for measuring body position during sleep, medical device, namely, a device for measuring leg movements during sleep, medical device, namely, a remote manipulation system consisting of a robotic arm, knob, deflection lever, and buttons, to facilitate remote catheterizations, medical device, namely, a small cushioned rope embedded with activated charcoal to be worn across a person's anus for minimizing the sound and odor of flatulence, medical device, namely, a telerobotic system consisting of a motorized catheter positioner having rotational and translational movement capability and a tele-robotic controller with rotation, translation and deflection control buttons, to facilitate remote catheterizations, medical device, namely, breast localization wire and parts and fittings therefor, medical device, namely, carbon dioxide indicators, medical device, namely, chemiluminescent light for use in endoscopic exams, medical devices and apparatus, namely, hernia mesh and component of hernia mesh, and parts and fittings for all of the aforesaid goods, medical devices and apparatus, namely, hernia mesh, memory coil, a memory coil as a component of hernia mesh, and parts and fittings therefor, medical devices and apparatus, namely, medical guidewires and parts and fittings therefor, medical devices and apparatus, namely, mesh graft for pelvic floor reconstruction, medical devices and apparatus, namely, surgical implants comprised primarily of artificial material and also incorporating processed animal tissue for use in plastic reconstructive surgery, and repair, reinforcement or buttressing of soft tissue, and parts and fittings therefor, medical devices and apparatus, namely, ultrasound imaging apparatus, scanners and needle guides, and parts and fittings therefor, medical devices and apparatus, namely, vacuum assisted breast biopsy system and parts and fittings therefor, medical devices for amputees, namely, supports and extensions, medical devices for dosimetry purposes in the field of radiotherapy, medical

devices for kegel exercises, namely, pelvic floor exercisers for use to treat symptoms of urinary incontinence and for therapeutic purposes, medical devices for monitoring blood properties and respiratory events, medical devices for monitoring oxymetory, gas analysis, vital signs, blood properties and respiratory events and software sold as a unit therewith, medical devices for monitoring oxymetory, gas analysis, vital signs, blood properties and respiratory events and system that transmit the data through the Internet, medical devices for monitoring vital signs, blood properties and respiratory events, medical devices for nonsurgical cosmetic treatments, medical devices for obtaining body fluid samples, medical devices for treating congestive heart failure, medical devices for treating vascular bifurcations, medical devices for use in cannulation or to stem the flow of traumatic bleeding, namely, tourniquets, medical devices to treat intravascular sites, medical devices used in colostomy procedures to collect waste materials, medical devices, namely, bone mineral densitometer (BMD) machines, medical devices, namely, devices for measuring wounds, medical devices, namely, devices for spinal disc repair in the nature of an apparatus used in spinal disc repair procedures, medical devices, namely, devices for spinal disc repair in the nature of spinal disc implants made from artificial substances, medical devices, namely, drinking cups for use by patients with swallowing disorders, medical devices, namely, hand-held motorized, vibrating devices used near injection sites for reducing pain during hypodermic needle injections, medical devices, namely, infusion pumps for delivering measured amounts of solutions into the bloodstream over time, medical devices, namely, intravascular implants comprised of artificial material, medical devices, namely, minimally invasive devices for abdominal aortic aneurysms repair, medical devices, namely, minimally invasive neurovascular devices for the treatment of neurological conditions, medical devices, namely, myocardial ischemia scanning devices, medical devices, namely, patient monitors and patient sensors for monitoring and measuring blood properties and respiratory events, medical devices, namely, pulse oximeters, medical devices, namely, radiation devices in the nature of ultraviolet, visible, or infra-red light boxes for counteracting the effects of viruses, bacteria and pathogens in the blood and blood components, medical devices, namely, spinal cross connectors, medical devices, namely, spinal implants composed of artificial materials, medical devices, namely, surgical devices that facilitate the identification, Separation or ablation of biologic tissues, medical devices, namely, tubing and bag assembly set and other similar or related devices, which process and treat human platelets with clinical medical reagents for the purpose of enabling the refrigerated storage of human platelets for blood groups for use in blood transfusions, medical devices, namely, tubing and valve assembly set and electromechanical fluidic instrument, and other similar or related devices, which process human red blood cells with clinical medical reagents for the purpose of converting blood groups for use in blood transfusions, medical devices, namely, tubing and valve assembly set and electromechanical fluidic instrument, and other similar or related devices, which process human whole blood for the purpose of separating human blood components for use in blood transfusions and washing human red blood cells with clinical medical reagents for use in blood transfusions, medical diagnostic apparatus for detecting cancer, medical diagnostic apparatus, analytical apparatus for medical purposes and blood pressure measuring apparatus, medical diagnostic instruments for the analysis of body fluids, medical dose meter that measures the total radiation dose received by a patient during a diagnostic procedure, medical electrodes, medical endotracheal tube with securing device, medical equipment accessories, namely, electrodiagnostic automated constant current sinusoid waveform euroselective sensory nerve testing devices, namely, disposable electrodes, medical equipment for pediatric patients, namely, multiple position safety seat, medical equipment, namely, computed tomography (CT) apparatus, medical examination gloves, medical examination lamps, medical fluid injectors, medical gloves, medical gowns, medical guidewires, medical guidewires and parts and fittings therefor, medical hearing instruments and parts of such devices, medical hosiery, namely, leotards, medical hosiery, namely, support pantyhose,

medical hosiery, namely, elastic hose supporters, knee high hose, thigh high hose, medical ice packs, medical image processors, medical imaging apparatus in the field of iridology, scierology, rayid and eyology, medical imaging apparatus incorporating medical imaging software, medical implant apparatus, namely, healing caps made of artificial matter, medical implants of artificial material in particular for anchoring Joint capsule components and ligament tendon structures, medical implants, namely, a polymer gel that is injected into the vas deferens tube for contraceptive purposes, medical instrument for cardiovascular diagnostics, medical instrument organizer specially fitted with pockets adapted for holding medical instruments, medical instruments and apparatus, namely, delivery apparatus for fibrin sealant, medical instruments and devices, namely, external fixators, medical instruments for cutting tissue, medical instruments for interstitial thermotherapy of biological tissue, medical instruments for intraluminal emplacement of stents or of synthetic stent grafts, namely, stent orsynthetic stent graft delivery systems, medical instruments for percutaneous tracheostomy, medical instruments for recording heart activity, medical instruments for use in performing biopsies, medical instruments for use in surgery, medical instruments to measure blood pressure, cardiac output and otherphysiological and cardiovascular parameters, medical instruments, namely, biosensors for detecting infectious diseases,] medical instruments, namely, orthopedic apparatus and instruments, [medical introducers, medical intubation equipment, medical leads, namely, pulse generator leads, medical needles and introducers, medical operating lamps, medical patient treatment chairs, medical products, namely, biofeedback sensors, medical products, namely, respiratory sensors, medical products, namely, therapeutic mattress support, medical products, namely, therapeutic mattresses, beds, seats and cushions, medical radiation apparatus, medical scissors, medical screw connections, medical skin abraders, medical specimen bags for holding body tissue samples for testing purposes, medical specimen cups, medical spittoons, medical stents, medical stretchers, medical supply organizer specially adapted for holding medical instruments and pharmaceuticals for use in pediatric resuscitation, medical syringes, medical table sheets for examining tables and operating tables, medical test kits for diabetes monitoring for home use, medical testing devices for measuring hearing loss in patients, namely, audiometers, medical trays for surgical instruments for surgical and pain clinics, medical treatment apparel, medical tubing for transfusion, draining, administering drugs, medical ultrasound apparatus, medical ultrasound apparatus to assist in the placement of central line catheters, medical ventilator tubing and tubing connectors, medical ventilators, medical wearing apparel, namely, caps, medical wearing apparel, namely, scrub pants, medical wearing apparel, namely, scrub tops, medical wearing apparel, namely, shoes, medical x-ray apparatus, medical x-ray film, medical, surgical and orthopaedic implants made of artificial materials, meters for medical use, namely, for measuring pulse, mittens for medical use, mounts for medical x-ray negatives, mounts for x-ray negatives for medical purposes, mouth exerciser for use in exercising and strengthening mouth and facial muscles for medical and beauty benefits, mouth guards for medical purposes, nebulizer for administering medication in the form of a mist inhaled into the lungs, for treatment of respiratory diseases, needles for medical purposes, needles for medical use, neonatal products, namely, enteral safety system comprising oral dispensers, oral extension tubes and enteral feeding tubes, oral syringes and containers for breast milk or formula sold as a unit, nitrile gloves for medical use, non-medicated adhesive sheets for removing ticks, non-medicated compresses, nuclear spin tomographs for medical purposes, occlusive suits for medical purposes, organoleptic diagnostic testing apparatus for medical, dental or cosmetic use, oxygen concentrators for medical applications, oxygen inhalers for medical purposes sold empty, oxygen masks for medical use, paper bags and envelopes for sterilizing medical instruments, patient medical monitors for monitoring blood pressure and heart rate, patient medical monitors, namely, monitors for surgical stimulation, analgesia and hypnotic related responses, pediatric breathing masks for medical purposes, permeable plastic films for medical use, phototherapeutic apparatus for medical purposes, phototherapeutic apparatus for medical purposes, namely, a led (light-emitting diode) light source for medical and

aesthetic skin treatments, physical exercise apparatus, for medical purposes, physical rehabilitation, physical therapy and sports medicine equipment all designed specifically for medical use, namely, shoulder stretcher using a cable, physical rehabilitation, physical therapy and sports medicine equipment all designed specifically for medical use, namely, shoulder stretcher using resistance cables, plastic bags for transmitting medical specimens, portable medical devices used for breathing exercises, namely, portable devices used for endogenous breathing exercises and for respiratory muscle training, portable medical devices with sensors to monitor the physical movements of a patient wearing or carrying the device, postnatal girdles for medical purposes, post-surgical bras for medical purposes, post-surgical girdles for medical purposes, posture correction device, namely, an adjustable harness to correct one's posture for medical purposes, pregnancy girdles for medical purposes, probes for medical purposes, protective cases for medical inhalers, protective gloves for medical use, quartz lamps for medical purposes, radiological apparatus for diagnostic and medical purposes, namely, a helium-3 polarizer used for magnetic resonance imaging (MRJ) of the lungs, radiological apparatus for diagnostic and medical purposes, namely, magnetic resonance imager, radiological apparatus for medical purposes, respiratory masks for medical purposes, rigid and flexible medical endoscopes, sample preparation device for medical diagnostic uses, sanitary masks for dust isolation for medical purposes, sanitary masks for dust prevention for medical purposes, sanitary masks for medical purposes, sanitary masks for medical wellness purposes, slings for medical use, splints, steam sterilizers for medical use, sterilization units for medical instruments, sterilization units for medical purposes, stirrups for use with medical examination tables, suction cups for medical purposes, support belts for use during pregnancy for medical purposes, support mattresses for medical use, supporters for medical purposes, supports for general medical use, supports for ankle, wrist, leg, knee, arm for medical use, surgical and medical apparatus and instruments for use in general surgery,] surgical and medical apparatus and instruments for use in orthopedic surgery, [surgical and medical implant devices composed of artificial materials, namely, vertebral staple-shaped implants, surgical apparatus and instruments for medical, dental or veterinary use, synthetic plastic medicated protective boots for equine hoofs, syringes for medical purposes and for injections, telemetry devices for medical applications, textile covers for medical ventilator tubing, textile covers for straps on facially oriented medical device, textile headgear specially adapted for use with medical ventilator mask interfaces, therapeutic weighted products, namely, weighted blankets, lap pads and vests designed for clinical and home use to provide proprioceptive input to the body, thermometers for medical purposes, thermotherapy apparatus for medical purposes, thread for medical use, toilets adapted for medical patients or for use by handicapped persons, traction apparatus for medical use, transdermal drug delivery patches sold without medication,] trolleys for medical equipment [, ultrasonic bone densitometer wit computer, printer, and computer software for use therewith, sold as a unit, for medical diagnostic use, ultrasonic medical diagnostic apparatus, ultrasound probe for medical use, ultraviolet lamps for medical purposes, urinals, urinals for medical purposes, UV lamps for medical applications, vacuum pumps for medical purposes, vascular access ports for medical use, veterinary imaging products, namely, digital video camera connected to a tapered probe useful in viewing ear canals or other cavities of animals for diagnosis and treatment, vibrating apparatus used to stimulate muscles and increase strength and physical performance for health and medical purposes, viscous gel polymer sold as a component of finished custom cushioned medical and therapeutic devices and equipment, namely, therapeutic braces, neo-natal care pouches, polymer custom cushioned orthotic inserts for footwear, walking aids, warming device for stabilizing infant body temperature for medical purposes, water beds for medical purposes, water traps for separating liquid and bacterial/viral components from a gas sample withdrawn from a breathing gas of a patient before conducting the gas sample to a medical gas analyzer, x-ray apparatus for medical use, x-ray appliances for dental and medical use, x-ray photographs for

medical purposes, x-ray tubes for medical purposes]

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For [Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes, eggs, milk and milk products excluding ice cream, ice milk and frozen yogurt; edible oils and fats]

International Classes 29 - Primary Classes **US Classes** 46 **International Class Title** Meats and Processed Foods

For Bleaching preparations and other substances, namely,[color-brightening chemicals, namely, laundry detergent, essential oils as perfume, laundry glaze, laundry detergents, laundry bluing, laundry bleach, laundry soap, laundry fabric conditioner, laundry wax, laundry pre-soak, laundry starch for laundry use; cleaning, polishing, scouring and abrasive preparations;] soaps; [perfumery, essential oils,] cosmetics, hair lotions; dentifrices

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Chemicals used in industry, science, research and development in bio-science and life-science[and photography, as well as in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering preparations and soldering chemicals, chemical substances for preserving foodstuffs; tanning substances, namely, tanning agents and tanning enzymes for use in the tanning of leather, adhesives used in industry]

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For [Advertising; business management; business administration; office functions; * all aforementioned services except wholesale and retail services regarding furniture, especially kitchen furniture, parts of furniture, especially kitchen furniture, kitchen utensils, and regarding apparatuses and boxes for kitchen and household use; advertising, business management, business administration and office functions regarding medical office equipment, clinic equipment, laboratory equipment, clean room equipment and pharmacy equipment *]

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For [Agricultural, horticultural and forestry products and grains not included in other classes, namely, shrubs; natural turf; rough cork; fodder; unsawn timber; saplings; undressed timber; non-debarked timber; raw cocoa beans; hay; fresh culinary herbs; bulbs for agricultural purposes; bulbs for horticultural purposes; unworked or partly worked material palm tree leaves; raw timber; unprocessed grain; potted dwarfed bonsai trees; cut Christmas trees; sugar cane; unprocessed seeds for agricultural use; living plants, namely, weeds for human or animal consumption; trees; raw or unprocessed oats; live bushes; raw mulch; raw bark; agricultural grains for planting; top soil; live animals; fresh fruits and vegetables; unprocessed cereal seeds; unprocessed edible seeds; plant seeds; crop seeds; sowing seeds; grass seeds; seeds for fruit and vegetables; seeds for agricultural purposes; seeds for horticultural purposes; flower seeds; pumpkin seeds; wheat seed; natural plants and flowers, malt for brewing and distilling]

International Classes 31 - Primary Classes **US Classes** 1, 46 **International Class Title** Natural Agricultural Products

For [Building construction, repair of buildings, installation services of elevators and lifts, installation of building scaffolds. installation of heating ventilating and air conditioning systems]

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For [Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee, flour and preparations made from cereals, namely, ready to eat cereal derived food bars, cereal based snack foods, bread, pastry and confectionery, namely, confectionery made of sugar, frozen confectionery; edible ices; honey, treacle; yeast, baking-powder; salt, mustard; vinegar, sauces as condiments, namely, mayonnaise, ketchup and relish, spices; ice]

International Classes 30 - Primary Classes **US Classes** 46 **International Class Title** Staple Foods

For [Abacuses, accounting machines, namely, automated billing machines for processing accounting information, accumulator boxes, accumulator jars, electric accumulators, electric accumulators for vehicles, acid hydrometers, acidimeters for batteries, acoustic conduits, acoustic couplers, acoustic sound alarms, actinometers, adding machines, aerials, aerometers, electronic agendas, air analysis apparatus, electric alarm bells, alarms, namely, fire alarms, alcoholometers, alidades, altimeters, ammeters, amplifiers, amplifying tubes, amplifying valves, amusement apparatus adapted for use with an external display screen or monitor, anemometers, video disks and video tapes with recorded animated cartoons, anode batteries, anodes, answering machines, antennas, anticathodes, anti-dazzle spectacles, anti-glare glasses, anti-glare visors, electricity anti-interference devices, namely, filters for radio interference suppression, anti-theft warning apparatus, namely, theft alarms excluding anti-theft alarms for vehicles, optic apertometers, electricity connection armatures, asbestos clothing for protection against fire, asbestos gloves for protection against accidents, asbestos screens for firemen, apparatus and instruments for astronomy, namely, telescopes and reflectors for telescopes; lenses for astrophotography, electric devices for attracting and killing insects, audiovisual teaching apparatus, namely, computers and computer monitors, automated teller machines, protective suits for aviators, azimuth instruments, namely, surveying instruments, precision balances, steelyards balances, balancing apparatus, namely, scales and balances, meteorological balloons, bar code readers, barometers, electric batteries, electric batteries for vehicles, batteries for lighting, batteries for pocket lamps, battery boxes, battery chargers, battery jars, luminous beacons, signal bells, warning device bells, betatrons, binoculars, signalling lights blinkers, namely, flashing safety lights, blueprint apparatus, namely, photocopying machines, fire boats, boiler control instruments, magnetic encoded identification bracelets, electricity branch connection boxes, breathing apparatus, except for artificial respiration, namely, for underwater swimming, bullet-proof vests, marking and signaling buoys, electric buzzers, cabinets for loudspeakers, coaxial cables, electric cables, fiber cables, optic fiber cables, junction sleeves for electric cables, calculating disks, namely, removable external storage disks using flash memory media having a universal wired or wireless interface, calculating machines, calibrating rings, namely, calibration devices for calibrating optical emission spectrometers; slide calipers, camcorders, cinematographic cameras, photography cameras, capacitors, electric power capacity measures, capillary tubes for laboratory use,magnetic encoded cards, namely, magnetically encoded identification cards, carpenters' rules, blank photographic carriers for dark plates, prerecorded compact disks featuring animated cartoons, cases especially made for photographic apparatus and instruments, namely, camera cases, eyeglass cases,cases fitted with dissecting instruments not for medical use, pince-nez cases, cash registers, cassette players, cathodes, cathodic anti-corrosion apparatus, namely, cathodes, electricity cell switches, centering apparatus for photographic transparencies, central processing units for processors, eyeglass chains, chargers for electric batteries, chemistry apparatus and instruments, namely, chromatography apparatus for laboratory use, DNA chips,

integrated circuits chips for digital video compression and decompression, impedance choking coils for use in electrical apparatus, chromatography apparatus for laboratory use, time recording apparatus chronographs, cigar lighters for automobiles, cinematographic cameras, editing appliances for cinematographic films, exposed cinematographic film, circuit breakers, electric circuit closers, cleaning apparatus for phonograph records, namely, phonographic record cleaning kits comprised primarily of replacement stylus needles and also including cleaning solution and brushes, cleaning apparatus for sound recording discs, namely, magnetic head cleaners, clinometers, nose clips for divers and swimmers, time clocks, time recording devices, namely, time clocks, clothing especially made for laboratories, namely, clothing for protection against accidents, irradiation and fire, clothing for protection against fire, electric coils, electromagnetic coils, holders for electric coils, automatic vending machines and mechanisms for coin-operated apparatus, coin-operated gates for car parks or parking lots, coin-operated mechanisms for television sets, electric collectors, namely, accumulators, electric apparatus for commutation, namely, commutators, compact disc players, audio-video blank compact discs, blank compact discs read-only memory, comparators, directional compasses, measuring instrument compasses, computer game programs, computer keyboards, computer memories, recorded computer operating programs, computer peripheral devices, recorded computer programs, namely, for use as a spreadsheet and for data management, downloadable software for computer programs for use as a spreadsheet and data management, recorded computer software for use in data management, computers, printers for use with computers, condensers, capacitors, optical condensers, electric conductors, lightning conductors, acoustic conduits, electricity conduits, electric connections, connections for electric lines, electric connectors, contact lenses, containers for contact lenses, electric contacts, electric contacts of precious metal, containers, namely, cover glass for microscope slides, electric control panels, electric converters, insulated copper electrical wire, corrective glasses and contact lenses, cosmographic instruments, namely, zenith telescopes, counterfeit coin detectors, namely, coin acceptors for separating good coins from counterfeits, Geiger counters, acoustic couplers, data processing equipment couplers, electric couplings, covers for electric outlets, laboratory crucibles, laboratory cupels, current rectifiers, electric arc cuffing apparatus in the nature of circuit breakers, switches and fuse-switch disconnectors, cyclotrons, photography darkroom lamps, portable photography darkrooms, magnetic data media, namely, blank magnetic disks and blank magnetic data carriers, optical data media, namely, blank optical data carriers, data processing equipment, decompression chambers, demagnetizers for magnetic tapes, densimeters, densitometers, detectors, namely, metal detectors for industrial or military purposes, smoke detectors, diagnostic apparatus, not for medical purposes, namely, for the detection of path pathogens for laboratory or research use and for testing food, acoustics diaphragms as part of acoustic speakers, diaphragms for scientific apparatus in the nature of filters for the separation of different molecules, photography diaphragms, dictating machines, microscopy diffraction apparatus, electric regulators and dimmers for electric lights, electric discharge tubes, other than for lighting, blank optical discs, disk drives for computers, blank magnetic disks, distance measuring apparatus, distance recording apparatus, namely, distance measuring apparatus and laser distance measurers, distillation apparatus for scientific purposes, namely, laboratory filters and steam sterilizers for laboratory use, electricity distribution boards, electricity distribution boxes, electricity distribution consoles, automatic distribution machines, namely, automatic electrical power distribution units; divers apparatus, namely, divers' masks, diving suits, DNA chips, dog whistles, electric door closers, electric door openers, machines for dispensing pre-determined dosages of medication, dosimeters, drainers for use in photography, namely, drying apparatus for photographic prints, dressmakers' measures, namely, tape measures; disk drives for computers, photography drying racks, electricity duets, DVD players, dynamometers, ear plugs for divers, editing appliances for cinematographic films, sand glasses, egg timers, egg-candlers, electric arc cutting apparatus, electric door bells, electric installations for the remote control of industrial Operations, electric loss indicators, namely,

electronic monitors and monitor modules for monitoring electric current and electrical signals, electric welding apparatus, namely, welding transformers, electricity conduits, materials for electricity mains, namely, wires and cables; electrified fences, electrified conductor rails for mounting spot lights, electro-dynamic apparatus for the remote control of railway points, namely, radio transmitters and receivers for remote controls and radio controls; electro-dynamic apparatus for the remote control of signals, namely, transmitters and receivers for remote controls and radio controls; electrolysers, electromagnetic coils, electronic notice boards, electronic pens, visual display units, namely, electronic display interfaces for electronic pens, electronic pocket translators, downloadable electronic publications, namely, magazines, brochures in the field of science, art, business; electronic tags for goods, electroplating apparatus for electroplating purposes, elevator operating apparatus, namely, electronic controller to manage the power, movement and functions of an elevator; magnetic encoded cards, namely, magnetic encoded identification bracelets; magnetic encoders, photography enlarging apparatus, epidiascopes, ergometers not for medical purposes, photographic exposure meters, light meters, namely, spectrographs; fire extinguishers; eyeglass cases, eyeglass chains, eyeglass cords, eyeglass frames, eyeglasses, eyepieces, namely, spectacles; instruments containing eyepieces, namely, microscopes, telescopes; eyeshades, workmen's protective face-shields for protective helmets, facsimile machines, coin acceptors for separating good coins from counterfeits, electrified fences, laboratory apparatus for fermentation, fiber optic cables; film culling apparatus, namely, editing appliances for cinematographic films, exposed cinematographic films; filters for respiratory masks, lens filters for ultraviolet rays and for photography, fire alarms, fire beaters, namely, fire blankets; fire boats, fire engines, fire escape ladders, fire extinguishing apparatus, fire hose nozzles, photography flash-bulbs, luminous signals, namely, flashing safety lights; photography flashlights, electric flat irons, swim floats for bathing and swimming for safety, blank floppy computer disks; fluorescent screens, non-explosive fog signals, namely, rescue flares, highway flares; food analysis apparatus, namely, diagnostic apparatus for testing food; frames for photographic transparencies, apparatus to check franking, frequency meters, fuel dispensing pumps for service stations, self-regulating fuel pumps, furnaces for laboratory use, laboratory furniture; metal alloy wires for electrical fuses; electrical fuses; galena crystal detectors for use in electronics, galena crystals, namely, metal detectors; galvanic batteries, galvanic cells, galvanizing apparatus, namely, galvanometers; apparatus for games adapted for use with an external display screen or monitor; garments for protection against fire, gas testing instruments, gasoline gauges, namely, gas meters; gasoline pumps for service stations, gasometers, coin-operated gates for car parks; fuel gauges, glass covered with an electrical conductor; graduated glassware, glazing apparatus for photographic prints, namely, thermal printers, and heat sealing machines for photographic prints; gloves for divers, gloves for protection against accidents, gloves for protection again against x-ray's for industrial purposes, goggles for sports, gradient indicators, namely, level indicators; grids for batteries, electrically heated hair-curlers, hands free kits for phones, recording head cleaning tapes for video recorders; headphones, heat regulating apparatus, namely, thermostats; electronic heliographic apparatus for recording the duration and intensity of sunshine; protective helmets, protective helmets for sports, riding helmets; hemline markers, namely, distance measuring apparatus for measuring the distance from the ground also containing a marking instrument; high tension batteries, high-frequency apparatus, namely, switches; holders for electric coils, hologram apparatus; horns for loudspeakers, hydrometers, hygrometers, magnetic encoded identification bracelets, identification sheaths for electric wires, identification threads for electric wires, magnetic encoded identity cards; electric igniting apparatus for igniting at a distance, namely, remote control starters for vehicles; indinometers, incubators for bacteria culture, electricity indicator boards and/or panels, quantity indicators, namely, level indicators, speed indicators, water level indicators, electrical inductors, electric devices for attracting and killing insects, blank smart cards; blank integrated circuit cards, electronic integrated circuits,

intercommunication apparatus, namely, intercoms;interfaces for computers, electricity inverters, invoicing machines, namely, adding machines; ionization apparatus, not for the treatment of air, for static electricity elimination; electric flat irons, accumulator jars, measuring jigs, juke boxes for computers, musical juke boxes, electricity junction boxes, junction sleeves for electric cables, kilometer recorders for vehicles, knee-pads for workers, protective clothing especially made for use in laboratories; lactodensimeters, lactometers, photography darkroom lamps, magic lanterns, optical lanterns, laptop computers, lasers, not for medical purposes, namely, lasers for measuring, lasers for industrial use; appliances, namely, slide calipers for measuring the thickness of leather, lens hoods, lenses for astrophotography, optical lenses, letter scales, levelling instruments, namely, levelling staffs; level indicators for determining the horizontal levels, life belts, life buoys, life jackets, life nets, life saving apparatus and equipment, namely, life-saving rafts, lift operating apparatus, namely, remote controls for lifts, light conducting filaments, traffic light apparatus, traffic-light apparatus, light-emitting electronic pointers, lighting ballasts, batteries for lighting, lightning arresters, lightning rods, electricity limiters, electric locks; electric loss indicators, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals; loudspeakers, magic lanterns, blank magnetic data carriers, magnetic encoders, magnetic tape units for computers, blank magnetic tapes for tape recorders, magnetic wires, magnets, decorative magnets, magnifying glasses, electric make-up removing appliances, namely, magnifying lenses; resuscitation mannequins, teaching apparatus, namely, multimedia projectors, manometers, marine compasses, marine depth finders, marking buoys, marking gauges, protective masks not for medical purposes, antenna masts for wireless aerials, material testing instruments and machines, namely, apparatus for testing gas, liquids and solids; mathematical instruments, namely, calculators, tape measures as measuring apparatus; electric measuring devices, namely, antenna parameter measuring apparatus, and watt meters; measuring glassware, gravity, length, and resistance measuring instruments; measuring spoons, mechanical signs, megaphones, mercury level sensors, metal alloy wires for electrical fuses, metal detectors for industrial or military purposes, meteorological balloons, meteorological instruments, meters, namely, flow meters, water meters and frequency meters; metronomes, micrometer gauges, micrometer screws for optical instruments, micrometers, microphones, microprocessors, cover glass for microscope slides, microscopes, microtomes, mileage recorders for vehicles also known as odometers; inspection mirrors for inspecting work, mirror optics, namely, mirror and star diagonals; modems, money counting and sorting machines, electronic monitors and monitor modules for monitoring electric current and electrical signals, computer hardware monitors, computer programs monitors, namely, computer software for use in monitoring factory man manufacturing processes; fire engines, computer mouse, data processing equipment, mouse pads, coin-operated juke boxes, nautical apparatus and instruments and naval signalling apparatus, namely, electric navigational instruments; navigation instruments for vehicles; electronic navigational instruments, needles for record players, neon signs, nets for protection against accidents, safety nets, notebook computers, electronic notice boards, fire hose nozzles, optical objectives lenses, observation instruments, namely, surveying rods and telescopes; octants, ohmmeters, optical apparatus and instruments, namely, optical character readers, optical condensers, optical data media, namely, optical discs;] [optical fibers,] [optical glass, optical goods, namely, optical lamps and optical lanterns, oscillographs; microwave ovens for laboratory experiments,oxygen transvasing apparatus, namely, ozonisers; mouse pads, parking meters, particle accelerators, pedometers, magnifying lenses, magnifying peepholes for doors, computer peripheral devices, periscopes, personal Stereos, petrol gauges, metered petrol pumps for service stations, phonograph records, photographic, electrostatic and thermic photocopiers, drying apparatus for photographic prints, glazing apparatus for photographic prints, namely, thermal printers and heat sealing machines for photographic prints; centering apparatus for photographic transparencies, namely, slide framing apparatus; photometers, phototelegraphy apparatus, photovoltaic cells, apparatus and instruments for physics, namely, distance measuring devices, and instruments for detecting

and measuring two-dimensional distribution of force and pressure; pince-nez, pince-nez cases, pince-nez chains, pince-nez cords, pince-nez mountings, pipettes, plane tables being a surveying instrument, planimeters, photography carriers for dark plates, plates for batteries, DVD players, plotters, ear plugs, electric plugs, electric sockets and other contacts for electric connections, namely, electrical connectors; plumb bobs, plumb lines, pocket calculators, batteries for pocket lamps, light-emitting electronic pointers, polarimeters, portable telephones, postage stamp meters, precision balances as weighing apparatus, precision measuring apparatus, namely, pressure gauges, automatic indicators of low pressure in vehicle tires, pressure indicator plugs for valves, pressure indicators, pressure measuring apparatus, namely, instruments for measuring distribution of pressure; printed circuits, printers for use with computers, prisms, probes for testing integrated circuits for scientific purposes, data processors, computer programs for use in data management; downloadable software for use in data management; computer game programs, recorded computer operating programs; projection apparatus, namely, projection screens; protective clothing and eyewear for protection against irradiation; protection devices for personal use against accidents, namely, protective helmets, protective helmets for sports, protective face masks, protective suits for aviators; voltage surge protectors, protractors, downloadable electronic publications, namely, magazines in the field of electronics, computers; punch card machines for offices, electric door bell, pyrometers, quantity indicators, namely, level indicators; photographic drying racks, radar apparatus, radio pagers, radiological apparatus for industrial purposes, namely, industrial x-ray apparatus in the nature of testing equipment for determining industrial flaws; radiology screens for industrial purposes, namely, video screens, fluorescent screens, flat panel display screens, projection screens; radios, vehicle radios, radiotelegraphy sets, radiotelephony sets, railway traffic safety appliances, namely, flashing safety lights, luminous safety beacons and safety markers; range finders, bar code readers, chip card readers, optical character readers, audio and video-receivers, telephone receivers, apparatus for changing record player needles, namely, phonographic record cleaning kits comprised primarily of replacement stylus needles and also including cleaning solution, brushes and wrenches; record players, distance measuring apparatus, electricity reducers, reflecting discs for wear, for the prevention of traffic accidents, refractometers, luminaire refractors, cash registers, regulating apparatus, namely, electric relays, photography shutter releases, remote control apparatus, namely, remote controls for radios, televisions and stereos; electric installations for the remote control of industrial operations; electro-dynamic apparatus for the remote control of railway points, namely, radio transmitters and receivers for remote controls; electro-dynamic apparatus for the remote control of signals, namely, radio transmitters and receivers for remote controls, electric resistances, respirators other than for medical purposes, namely, for filtering air; respirators other than for artificial respiration, respiratory masks, other than for artificial respiration for non-medical purposes; safety restraints, other than for vehicle seats and sports equipment; resuscitation mannequins; retorts and retorts stands for use in high temperature chemical reactions, revolution counters for tallying the elapsed revolutions of a piece of apparatus; rheostats, riding helmets; road signs, luminous or mechanical; rods for water diviners, levelling surveying rods, roentgen apparatus not for medical purposes, namely, testing equipment for determining industrial flaws, roentgen films, exposed; protection devices against roentgen rays, not for medical purposes, namely, protection masks and clothing for protection against chemicals and radiation; rulers, namely, drafting rulers, graduated rulers, drawing rulers; measuring and side rules; saccharometers, namely, hydrometers for determining the amount of sugar in a solution; safety nets, safety restraints, other than for vehicle seats and sports equipment, safety tarpaulins, salinometers, satellite navigational apparatus, namely, a global positioning system; satellites for scientific purposes, scales, lever scales, Scanners for data processing equipment, namely, bar code readers; screens for photoengraving, namely, photography projection screens; screw-tapping gauges, electric heat sealing machines for

sealing plastic packaging; self-regulating controlled volume fuel pumps; semi-conductors, sextants, sheaths for electric cables, shoes for protection against accidents, irradiation and fire, lens or camera photography shutters, sighting telescopes for firearms, signal bells, signal magic lanterns, signalling buoys, signalling panels, luminous or mechanical; signal whistles; road sign signals, luminous or mechanical; transmitters of electronic signals; signs, luminous; simulators for the steering and control of vehicles; sirens; apparatus for measuring the thickness of skins, namely, slide calipers and pocket calipers for measuring; junction sleeves for electric cables, slide calipers, slide projectors, slide-rules, photographic slides, slope indicators as a surveying instrument; blank smart cards, smoke detectors, electrical sockets, electrical plugs and other electric contacts out of electric connections; electrically heated socks; solar batteries, solderers' helmets; soldering apparatus, electric; electric soldering irons; electromagnetic switch solenoid valves, sonar, sound alarms, sound locating instruments, namely, sound amplifiers; sound recording apparatus; blank sound recording carriers, namely, blank sound recording discs, blank sound recording strips; sound reproduction apparatus, sound transmitting apparatus, sounding apparatus and machines, namely, recording and sound reproducing apparatus and instruments; sounding leads, namely, electrical connections for transmission of sound; audio cables as sounding lines; spark-guards, namely,] [safety goggles] [and face-protection shields; speaking tubes, namely, an attachment to an audio speaker for diffusing and distributing sound as it is transmitted from the speaker; spectacle cases, spectacle frames, spectacle glasses, spectacles, spectrograph apparatus, spectroscopes, speed checking apparatus for vehicles, namely, odometer speed indicators; photography speed measuring apparatus, speed regulators for record players, namely, electronic speed controllers; spirometers to measure spirit levels; photography spools, sprinkler systems for fire protection, stage lighting regulators, apparatus to check stamping mail, namely, postage stamp meters; stands for photographic apparatus, jump starter cables for motors; automatic steering apparatus for vehicles, namely, laser object detectors for use on vehicles, and vehicle wheel alignment machines; personal stereos, stereoscopes, stereoscopic apparatus, namely, stereoscopes; stills for laboratory experiments, blank sound recording strips, styli needles for record players, sulphitometers, sunglasses, surveying machines and instruments, surveying chains, surveying instruments, surveyors levels, swimming belts, swimming jackets, switchboards, electricity switch boxes, electric switches, tachometers, tape recorders, magnetic tape units for computers, demagnetizers for magnetic tapes, taximeters, namely, distance measuring apparatus for taxicabs; teaching apparatus, namely, projection screens; teeth protectors for non-medical use and for protection against accidents, telegraph wires, automatic telegraph apparatus, telemeters, telephone apparatus, telephone receivers, telephone transmitters, telephone wires, portable telephones, teleprinters, teleprompters, telerupters, telescopes, sighting telescopes for firearms, teletypewriters, television apparatus for projection purposes, automated teller machines, temperature indicators, electronic payment terminals; laboratory test tubes, testing apparatus not for medical purposes, namely, apparatus for testing gas, liquids and solids; electric theft prevention installations, namely, theft and burglar alarms; theodolites, thermionic lamps and tubes, thermionic valves, namely, for radio; thermometers, not for medical purposes; thermostats, thermostats for vehicles, thread counters, identification threads for electric wires, electronic parking lot ticket dispensers, time recording apparatus, automatic time switches, namely, electrical switches; tone arms for record players; totalizators; reflecting discs for wear for the prevention of traffic accidents; traffic-light apparatus, electricity transformers, electronic transistors, transmitters of electronic signals, telecommunication transmitters, telecommunication transmitting sets comprised of transmitters and receivers for audio and video signals for transmission over twisted pair cables; photographic transparencies, transparency projection apparatus, tripods for cameras, electric discharge tubes other than for lighting; automatic turnstiles, rinometers, namely, hydrometers for measuring the specific gravity of urine; vacuum gauges as an automotive measuring instrument; radio vacuum tubes, variometers, namely, electrical inductors to measure variations in terrestrial magnetism; vehicle breakdown warning triangles,

vehicle radios, navigation apparatus for vehicles in the nature of on-board computers; vending machines, verniers, namely, weighing equipment in the nature of graduated scales; vests, namely, bulletproof vests, life vests; blank video cassettes, video game cartridges, video recorders, video screens, video telephones, blank videotapes, photographic viewfinders; viscosimeters, voltage regulators for vehicles, voltage surge protectors, voltmeters, voting machines, silicon slices wafers, bullet-proof waistcoats; walkie-talkies, photography washing trays, water level indicators, water wings, wave meters, weigh bridges as a weighing instrument; weighing apparatus and instruments, weighing machines, test weights, electric welding apparatus, namely, electrically powered welding torches; electrically powered arc welding torches, welding electrodes, signal whistle alarms, wind socks for indicating wind direction, electricity wire connectors, antenna masts for wireless aerials, electric wires, fuse wires of metal alloys, telephone wires, word processors, workmen's protective face-shields, wrist rests for use with computers, exposed x-ray films, x-ray photographs, other than for medical purposes, x-rays producing apparatus and installations, not for medical purposes, namely, industrial X-ray apparatus in the nature of testing equipment for determining industrial flaws; protection devices against x-rays, not for medical purposes, namely, protective clothing for protection against irradiation; x-rays tubes not for medical purposes]

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For [Medical services; veterinary services; hygienic and beauty care for human beings or animals, agriculture, horticulture and forestry services, namely, agricultural advice, compost spreading, application of fertilizer and agricultural chemicals for others, pest control services for agriculture, horticulture or forestry]

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For [Treatment of materials, namely, chemical treatment of textiles, fuel treatment services]

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For [Industrial oils and greases;] [industrial lubricants] [; dust binding compositions; fuels including motor spirit and illuminants; candles and wicks for lighting]

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Scientific and technological services and research [and design relating thereto in the field of computer networking hardware, computer hardware and software; industrial analysis and research services in the field of chemistry, biology, bacteriology, cosmetics, genetics, pharmacy, bioscience, industrial fluids; design and development of computer hardware and software]

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

RELATED PROPERTIES INFORMATION

International Registration 1213482 **International Registration Date** Mar. 13, 2013 **Claimed Ownership of US Registrations** 1016503, 1291859, 1531626 and others

GOODS AND SERVICES INFORMATION

For Key rings in the nature of trinkets or fobs of precious metal or precious stones; [jewelry for use as personal ornaments, excluding cuff links; cuff links; shoe ornaments of precious metal;] clocks [and watches; buckles for watchstraps]

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For [Buckles for clothing; eyelets for clothing; elastic tape; ribbons; armbands; insignias for wear not of precious metal, namely, embroidered patches for clothing; badges for wear not of precious metal, namely, ornamental novelty badges; brooches for clothing; special sash clips for obi, namely, obi-dome; bonnet pins not of precious metal; ornamental adhesive patches for jackets; brassards; hair ornaments; buttons; shoe ornaments not of precious metal; shoe eyelets; shoe laces; metal fasteners for shoes and boots; embroidered emblems]

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For [Handbag frames; purse frames; horse shoes;] handbags; all-purpose carrying bags, drawstring pouches; [key pouches; jewelry pouches;] umbrellas and their parts [; walking sticks; canes; metal parts of canes and walking-sticks; handles for canes and walking-sticks]

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For [Automated cell culture machines and apparatus for medical use, namely, machines for diluting samples, growing cultures in liquid, plating cultures, placing cultures in wells, and controlling temperature of cultures; medical machines and apparatus, namely, Medical apparatus and instruments for use in surgery and Body rehabilitation apparatus for medical purposes;] surgical robots; robots for medical purpose, namely, robots for administering pharmaceutical preparations

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For [Unloading tipplers for tilting railway freight cars; pusher and puller cars for mining; ropeway conveyor for cargo or freight handling in the nature of aerial conveyers; traction engine;] non-electric prime movers for land vehicles, namely, internal combustion machines and fuel injection devices for internal combustion engines; shafts, axles or spindles for land vehicles; axle bearings and wheel bearings for land vehicles; shaft couplings or connectors for land vehicles; power transmissions and gearing for vehicles; shock absorbers for land vehicles; suspension springs for motor cars; brakes for land vehicles; anti-theft alarms for vehicles; AC motors or DC motors for land vehicles not including their parts; vessels, namely, boats and ships, and their structural parts and fittings; [air-cushion vehicles;] automobiles, namely, utility vehicles, all terrain vehicles, side by side vehicles and their structural parts and fittings; two-wheeled motor vehicles, namely, motorcycles, mopeds and scooters, and bicycles and their structural parts and fittings; carts; [adhesive rubber patches for repairing tubes or tires; baby carriages or prams; rickshaws; wheelbarrows; horse drawn carriages; bicycle trailers, namely, riyakah;] trailers; steam turbines for vessels; aircraft; parts and fittings for aircraft, namely, fuselages, and structural parts of aircraft, namely, nacelles; personal water crafts, namely, small powerboats, personal jet boats, water scooters, and their structural parts and fittings; screw propellers for vessels; vessel control gears, namely, steering gears; helicopters and their structural parts and fittings; unmanned aerial vehicles; electric railway cars; locomotives; [fitted heated hatch covers for railway cars to prevent entry of water and moisture;] railway rolling stock and their structural parts and fittings; seats of railway cars; luggage racks for railway cars; seats for railway cars; bodies for railway cars; wheels for railway cars; undercarriages for railway cars; chassis for railway cars; hand straps for railway cars; doors for railway cars; railway couplings; transmission components for land vehicles, namely, transmission belts, transmission mechanisms, transmission cases, and transmission chains; [floating production, storage and offloading vessel;] high speed railway vehicles; electric locomotives; subway rail cars or underground railway cars; railway passenger cars. reduction gear for vessels; [sleighs and sleds for vehicle; parachutes; latches being structural parts or fittings of railway rolling stock; launches;] ground support equipment for air vehicles, namely, dollies and carts

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Amusement park rides; toys, namely, model toy vehicles, ride-on toys, radio controlled toy vehicles, scale model kits, toy robots, toy cars; dolls; [go games; Japanese chess in the nature of shogi games; Japanese playing cards, namely, utagaruta; dice; Japanese dice games, namely, sugoroku; dice cups; diamond games, namely, puzzles; chess games; checkers; dominos; playing cards; Japanese playing cards, namely, hanafuda; mah-jong; amusement and arcade game machines, video game machines; billiard equipment; sports equipment other than for climbing, namely, chest protectors, sport balls, protective supports for joints, shoulder, and back;] sports equipment for surfing, water-skiing and scuba diving, namely, water skis [; fishing tackle]

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For [Wheel loaders and their structural parts and fittings; load-haul-dump vehicles; concrete paving machines and their structural parts and fittings; mining machines and apparatus, namely, drills for the mining industry and truck mills for mining purposes and their structural parts and fittings; loading-unloading machines and their structural parts and fittings; construction machines and apparatus and their parts and fittings, namely, truck bed-mounted material handling machinery primarily for use in the construction materials delivery industry, namely, hydraulic extendable material conveyors, mechanical extendable

material conveyors, and truck bed material lifting platforms, and their structural parts and fittings; snow ploughs and their structural parts and fittings; Lumbering band saws; Woodworking machines, namely, Woodworking saw-tooth setting machines, Wood drilling, grinding, milling, and planting machines; veneer or plywood making machines and apparatus, namely, plywood and veneer clipping, drying, finishing, gluing, and jointing machines; plowing machines and implements other than hand-held tools, namely, plows; cultivating machines and implements, namely, power-operated or engine-driven cultivators; harvesting machines and implements, namely, combine harvesters, harvest drying machines, and timber harvesting machines; plant fiber processing machines and implements for making agricultural aids of crude vegetable fibrous materials; fodder presses; fodder cutting machines or feed cutters; fodder mixing machines or feed mixers; cake-fodder crushing machines or feed mills; non-electric prime movers not for land vehicles other than water mills and wind mills, namely, air turbines, gasoline engines and fuel injection devices for internal combustion engines; pneumatic or hydraulic machines and instruments, namely, pneumatic and hydraulic pumps, pneumatic and hydraulic conveyors, pneumatic and hydraulic transporters; cam shafts, shafts for pumps, and transmission shafts, not for land vehicles; axles for machines, not for land vehicles; Spindles being parts of machines, not for land vehicles; engine bearings and bearings as parts of machines, not for land vehicles; shaft couplings or connectors not for land vehicles; power transmissions and gearing for machines not for vehicles; shock absorbers for machines, not for land vehicles; springs being parts of machines, not for land vehicles; brakes for machines, not for land vehicles; valves being parts of machines, not for land vehicles; lawnmowers; starters for motors and engines; AC motors and DC motors other than for land vehicles; AC generators or alternators; DC generators; brush cutter; engine-driven hedge trimmer; agricultural machinery, namely, combines, harvesters, threshers, tillers, cultipackers, and seed sowers; agricultural implements other than hand-operated, namely, disk harrows, seeders, and fertilizer spreaders; gas turbines not for land vehicles; generators of electricity; small-sized gas turbines for activating pumps, not for land vehicles; mobile electric power generators; waste compacting machines and apparatus, namely, waste compactors; waste crushing machines; washing or cleaning machines for LCD, integrated circuits, semiconductors, and solar panels; machines for manufacturing liquid crystal displays; semiconductor manufacturing machines; integrated circuit manufacturing machines; solar battery manufacturing machines; plastic processing machines; laser metalworking machines; glass working machines; textile making up machines; textile bonding machines; power-operated floor lifting machines; pneumatic transporters; sorting machines for industry; vibration sieving machines for industrial use; metalworking machines and metalworking tools; material supplying devices for metalworking, namely, automatic material dispensing machines; washing machine for industrial machines and parts; solar power electricity generators; solid state electrical power generator; biomass-powered electricity generators; natural gas engines not for land vehicles; industrial waste disposal machines and apparatus, namely, machine tools for removing waste material, waste material conveying machines, and waste crushing machines; waste recycling equipment, namely, machines for separating recyclable materials, and machinery for the mechanical recycling of synthetic resinous materials; hydro power electricity generators; hydroelectric turbines; wind turbines; tidal energy generator, namely, hydroelectric electricity generators; power washing machines for washing aircraft; vehicle washing installations; automatic luggage handling manipulator machines for airports; baggage handling equipment, namely, conveyors, for airport use; chemical processing machines and apparatus, namely, blending machines, dissolving machines, separating machines, extracting machines, and filtering machines; ; fuel tanks for internal combustion engines other than for land vehicles; exhaust gas treatment equipment, namely, exhausts for rocket engines other than for land vehicles; machines for installation, construction, cleaning and/or remediation of pipelines, namely, pipe cleaning and clearing machines for the use in cleaning of pipelines, machine tools for

use in repairing pipelines, pipeline construction equipment, namely, hydraulic pipe bending machines, bending dies and molds for use with machine tools and bending sets, pneumatic wedge mandrels, hydraulic wedge mandrels, power operated pipe rollers, pneumatic line-up clamps, boring machines, ditch pumps in the nature of centrifugal pumps, pipe layers, welding tractors, pipe wrapping machines, pipe handling machines, hydraulic excavators motor graders, hydraulic pipe clamps and hooks being parts of machines, and structural parts [therefore] * therefor *; waste disposing and recycle processing equipment, namely, machines for separating recyclable materials; equipment for making fly ash bricks from incinerated waste by cement, namely, compression moulding machines; stone-working machines; crushing machines for forming cement; crushing machines for refining nonferrous metals; waste disposing equipment, namely, machines to compact or crush pyrolyzed, carbonized, or incinerated waste; tunnel boring machines; shield tunneling machines; pneumatic or hydraulic transporters for heavy loads; reduction gear for turbines; turbines not for land vehicles; organic rankine cycle turbo generator; organic rankine cycle turbo generator unit in the nature of turbines for power generation; steam turbines; Diesel engines not for land vehicles and their parts and fittings; electricity generators and their parts and fittings; superchargers or turbochargers for industrial purposes and their parts and fittings; couplings for machines not for land vehicles; connecting rods for machines, motors and engines, not for land vehicles; turbo blowers for motors and engines not for specified purposes; air compressors and electric compressors not for specified purposes; steam compressors; centrifugal compressors not for specified purposes; robotic machines, namely, robotic arms for industrial purposes; industrial robots; propulsion mechanisms other than for land vehicles, namely, aeronautic engines, marine propulsion engines, turbo-prop engines, internal combustion engines, and maglev linear motors; hydraulic door openers and closers for railway vehicles; electric door openers and closers for railway vehicles; pumps for machines not for specified purposes; hydraulic motors; hydraulic transmissions, other than for land vehicles; hydraulic cylinders as machine parts; hydraulic metalworking machines and hydraulic metalworking machine tools; hydraulic mining machines and apparatus, namely, hydraulic drills for the mining industry and hydraulic truck mills for mining purposes; hydraulic construction machines and apparatus, namely, Truck bed-mounted hydraulic material handling machinery primarily for use in the construction materials delivery industry, namely, hydraulic extendable material conveyors, and hydraulic truck bed material lifting platforms; hydraulic loading-unloading machines; washing installations for bearings of railway rolling stock; multi-purpose high pressure washers; net hauling machines for fishing; food or beverage processing machines; painting machines, painting apparatus, namely, paint sprayers and paint spray guns; gasoline engines not for land vehicles; steam engines for vessels; jet engines not for land vehicles; rocket engines not for land vehicles; hydraulic valves; hydraulic actuators; hydraulic control apparatus for non-electric prime movers for machines; servo motors not for land vehicles; hydraulic controls for metalworking machines and tools; hydraulic controls for mining machines and apparatus; pulp-making, papermaking or paper- working machines; printing or bookbinding machines; sewing machines; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines; packaging or wrapping machines; power-operated potters' wheels; machines and apparatus for manufacturing rubber goods, namely, injection and compression moulding machines for manufacturing tires and industrial part;] parts for non-electric prime movers for land vehicles, namely, internal combustion land vehicle engine parts, namely, connecting rods, coils, distributor caps and distributor rotors; adhesive tape dispensing machines; automatic stamping machines; electric washing machines for industrial purposes; machines and machine tools for repairing and fixing leaks, namely, Machine for repair, polishing, buffing and scratch removal on industrial part and vehicles; mechanical parking systems; food mixing machines for commercial use; food peeling machines for commercial use; dish washing machines for industrial purposes; food cutting, chopping and slicing machines for commercial use; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; curtain

drawing devices electrically operated; hydraulic pumps not for specific purposes; machine elements not for land vehicles, namely, turntables and their rotating devices, shock prevention devices for machines, and ball transfer units; waste processing machines using plasma enhanced melter processes; thrusters for vessels; propulsion equipment for vessel, namely, propellers and trolling plates; lifting jacks other than hand-operated, for floorboards using air-pressure

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For [Heating boilers; heat exchangers not parts of machines; nuclear reactors; ventilators for removing flammable gas for nuclear power facilities; gasification furnaces for industrial purposes; pyrolysis furnaces for waste disposal; garbage incinerators; pressure vessels, specially adapted for nuclear reactors; heating furnaces for chemical plants; coal drying apparatus for coke ovens, namely, drying apparatus for chemical processing; tube dryers as parts of industrial coal ovens for drying coke and high moisture brown coal; drying apparatus for industrial chemical processing; flue gas desulfurization units for treatment of gases for industrial purposes; purification installations for sewage, sewage treatment plants, sewage disposal plants, methane fermentation reactors for sewage disposal purposes, sludge filtering units as parts of sewage treatment plants; water purification installations; calcining furnaces for industrial purposes; clinker coolers as parts of kilns for use in the cement industry; rotary kilns for industrial purposes; electric furnaces for industrial purposes; ventilation installations and apparatus, namely, turbine ventilators and ventilation hoods; ionization apparatus for the treatment of air or water; light-emitting diodes (LED) electric lamps and LED light fixtures; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; milk sterilizers; industrial furnaces; industrial furnaces, namely, furnaces for waste carbonization, waste disposal incinerators, and waste disposing machines for pyrolyzing hazardous substances; forage drying apparatus; air-conditioning apparatus for industrial purposes; freezers for household purposes; freeze drying equipment, namely, lyophilizers; electric laundry dryers for industrial purposes; hair driers and steamers for use in beauty salons; cooking apparatus and installations for industrial purposes, namely, industrial cooking ovens and rice cookers; industrial dish drying apparatus and installations, namely, industrial dish-drying machines; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; solar water heaters; water purifying apparatus; tap water faucets; plumbing fittings, namely, level controlling valves for tanks and pipe line cocks]

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Installation, check, repair or maintenance of gas turbines, power generators; repair or maintenance of power generation plants; repair or maintenance of boilers; repair or maintenance of heat exchangers; repair or maintenance of nuclear power plants; repair or maintenance of waste disposal plant; repair or maintenance of washing or cleaning apparatus for LCD, panel, semiconductors, solar batteries or fiber-reinforced plastics; repair or maintenance of processing equipment for LCD, panels, semiconductor, solar battery or fiber reinforced plastics; repair or maintenance of fiber processing plant; repair or maintenance of movable floor lifting machines and apparatus; repair or maintenance of vibration sieving machines for industrial use; repair or maintenance of metal working machines and tools; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of material supplying devices for metalworking; repair or maintenance of washing apparatus; repair or maintenance of fairground ride apparatus; repair or maintenance of solar power units; repair or maintenance of power generation system; repair or maintenance of electricity transporting or distributing equipment and apparatus; repair or maintenance of medical machines and apparatus; repair or maintenance of automated cell culture machines and apparatus;

repair or maintenance of hydro power units; repair or maintenance of wind turbines; repair or maintenance of tidal energy generator; repair or maintenance of aircraft washing installation; repair or maintenance of handling system for luggage, baggage or cargo at airport; repair or maintenance of hold baggage screening machines; repair or maintenance of hold baggage screening system comprised of baggage screening machines and computer hardware; repair or maintenance of waste carbonization processing plant; repair or maintenance of chemical plants; repair or maintenance of tube dryer for industrial use; repair or maintenance of drying apparatus for industrial use; repair or maintenance of flue gas desulfurization plants; repair or maintenance of reservoirs of metal; repair or maintenance of metal storage containers; repair or maintenance of trailers; repair or maintenance of fire fighting facility; repair or maintenance of rocket-launching facility; repair or maintenance of pipelines; repair or maintenance of waste incineration plant; repair or maintenance of methane gas fermentative treatment facility; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of waste treatment plant; repair or maintenance of sewage treatment equipment; repair or maintenance of sludge treatment equipment; repair or maintenance of water purification installations; repair or maintenance of cement plant; repair or maintenance of nonferrous metal plants; repair or maintenance of waste disposing equipment; repair or maintenance of mining machines and apparatus; repair or maintenance of construction machines and apparatus; repair or maintenance of tunnel boring machines; repair or maintenance of shield machines; repair or maintenance of materials conveying machines; repair or maintenance of aircraft hangars; repair or maintenance of transporters for heavy loads; repair or maintenance of industrial robots; repair or maintenance of robots for medical purpose; repair or maintenance of vessels; repair or maintenance of offshore platforms; shipbuilding; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of plowing machines and implements other than hand-held tools; repair or maintenance of cultivating machines and implements; repair or maintenance of harvesting machines and implements; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of fodder presses; repair or maintenance of fodder cutters; repair or maintenance of fodder mixers; repair or maintenance of fodder mills; repair or maintenance of electric power converter; repair or maintenance of logistic systems for hospitals that are comprised of computer hardware; repair or maintenance of biomass power generation plant; repair or maintenance of personal water crafts

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For [Electronic power controllers for controlling power consumption; Electronic power controllers for controlling power source; solar batteries; photovoltaic solar panels; electrical controlling devices; computer software for controlling generators; computer software for monitoring and managing power consumption;] power distribution or control machines and apparatus, namely, power distributing boxes; electric power converter; [contactless or isolated electric power transporting equipment and apparatus, namely, Power supply connectors and adaptors for use with portable electronic devices, Uninterruptible electrical power supplies; battery charging apparatus, namely, charging stations for charging electric vehicles; laboratory apparatus and instruments for the exchange of substances and heat; testing equipment for measuring the temperature, pressure, position or form of workpieces in a machine tool; electronic machines and apparatus, namely, semi-conductor elements, electronic circuits, computers, industrial X-ray machines, magnetic object detectors, seismic exploration machines, echo sounders, ultrasonic flaw detectors, ultrasonic sensors, electron microscopes; automated cell culture machines and apparatus for laboratory use, namely, machines for diluting samples, growing cultures in liquid, plating cultures, placing cultures in wells,

and controlling temperature of cultures; computer hardware and software system for managing hospital logistics for professionals in the field of medicine;] fire fighting simulators comprised of smoke generators and fire extinguishing water detectors; [computer programs for operating equipment for aircraft hangars;] simulators of the steering, control and maintenance for land, aerial or marine vehicles; wind-tunnel testing apparatus, namely, wind-tunnels for aerodynamics testing of land vehicles and airplanes; [calibration devices for automatically calibrating precision balances; automatic balance calibration machines;] testing apparatus in the nature of a wind tunnel; [controllers for manometers; constant temperature controllers for industrial or laboratory use; thermal conditioning apparatus for pressure transducer for industrial or laboratory use;] simulators of the steering and control for land, aerial or marine vehicles; [measuring or testing machines and instruments of performance for airplanes, namely, Aircraft test boxes for testing power supply and electrical system and ultrasonic equipment used to test or inspect damage to aircraft;] electric or magnetic meters and testers of performance of airplane, namely, altimeters, circuit testers, aircraft airspeed sensors, electromagnets for testing performance of engines in airplanes; [computers and computer software to measure performance of airplane; test bench equipment for testing air vehicles, namely, ultrasonic equipment used to test or inspect damage to aircraft;] simulators for the flight training of air vehicles; [simulators for the weapon and tactical training of air vehicles;] simulators for the maintenance training of air vehicles; battery; power converter; electrical power supplies, voltage stabilizing power supplies; electrical storage batteries for railway vehicles; capacitors for electricity distribution and for electricity distribution control; nickel-metal hydride storage batteries for power generating systems; nickel-hydrogen electrical storage cells; rechargeable electric batteries; accumulators for electricity distribution and electricity distribution control; machines for distributing or controlling power, namely, power controllers; [electrical power distribution blocks and units;] electrical distribution systems, namely, power distribution panels; video camera controllers; camera stabilizer; security cameras; telecommunication devices and apparatus, namely, computer hardware for telecommunications, telecommunication devices in the nature of navigation apparatus for vehicles, remote control telemetry machines, and navigation and telemetry data recorders; hold baggage screening machines and systems, namely, airport security and baggage scanning system comprising electronic x-ray scanners, and video cameras and recorders; machines for collecting electric current for railway cars; electronic controllers for controlling the power supply and distribution of aircraft

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For [Rental of automated cell culture machines and apparatus for medical use; rental of medical machines and apparatus]

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For [Nuclear fuel reprocessing]

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Outerwear, namely, coats; sweaters and sweatshirts; shirts and t shirts; [nightwear;] underwear; [swimwear or bathing suits; bathing caps or swimming caps; camisoles;] t-shirts; clothes for sports, namely, shirts, underwear, [shorts,] pants; [clothes for marine sports, namely, shirts, underwear, shorts, pants; masquerade costumes; sleep masks; aprons; collar protectors for wear;] socks and stockings; [puttees and gaiters; fur stoles; shawls;] scarves; [Japanese style socks, namely, tabi; Japanese style socks, namely, tabi covers;] gloves and mittens; neckties; [neckerchiefs; bandanas or neckerchiefs;]

thermal supporters clothing, namely, shirts, pants, coats, [dresses;] mufflers; [ear muffs; nightcaps;] headgear for wear, namely, caps, and hats; [garters; sock suspenders; suspenders or braces; waistbands;] belts for clothing; footwear other than boots for sports; [Japanese style wooden clogs, namely, geta; Japanese style sandals, namely, zori; boots for sports; windsurfing shoes]

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Computer software design, computer programming, or maintenance of computer software serving with logistic system in hospital; providing temporary use of on-line non-downloadable software for programming a programmable electronic controller for operating machinery; computer software design, computer programming, or maintenance of computer software; computer software design for programmable controller, computer programming for programmable controller, or maintenance of computer software for programmable controller [; testing, inspection or research of pharmaceuticals, cosmetics or foodstuff;] providing temporary use of on-line non-downloadable software for use in database management [; rental of automated cell culture machines and apparatus for laboratory use]

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Reservoirs of metal; industrial storage tanks of metal at low heat; refrigerated and cryogenic storage tank of metal for industrial use; tanks of metal for storages of liquid fuel; metal storage containers; [offshore drilling platforms made primarily of metal;] loading and unloading pallets of metal; turn-tables of metal for load handling; traversers of metal for load handling; [artificial fish reefs of metal;] poultry cages of metal; paint spraying booths of metal; metal molds for forming cement products;] railway points; [road signs of metal not luminous nor mechanical;] beacons of metal non-luminous; [industrial water storage tanks of metal; [liquefied gas storage tanks of metal; gas storage tanks of metal; internal floating lids of aluminum for use with gas or liquefied gas storage tanks;] metal [pulleys, springs and] valves not including machine elements; metal junctions for pipes; metal flanges; metal keys for locks [; metal cotter pins]

Mark Literal(s) TRUSCO PRO TOOL SKILLED PROFESSIONALS NEED PROFESSIONALLY QUALIFIED TOOS. THIS LINE OF PRODUCTS BRINGS MANUFACTURERS ALL THE ADVANTAGES OF USIHG EXCELLENT EQUIPMENT, AND WILL SATISFY EACH AND EVERY USER IN THE WORKPLACE.

CASE IDENTIFIERS

Serial Number 79177295 **Application Filing Date** Oct. 02, 2015 **Registration Number** 5158353 **Registration Date** Mar. 14, 2017 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Sep. 20, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the word "TRUSCO" in large white font over the smaller white language "PRO TOOL". Beneath this appears the following language in white: "Skilled professionals need professionally qualified tools. This line of products brings manufacturers all the advantages of using excellent equipment, and will satisfy each and every user in the workplace.". This all appears on a black rectangular background, beneath which on the left appears a green square, and to the right a long red rectangle. **Color Drawing** Yes **Color Claimed** The color(s) black, white, red and green is/are claimed as a feature of the mark. **Disclaimer** "PRO TOOL"

GOODS AND SERVICES INFORMATION

For Clocks and watches, fancy key rings of precious metals, clocks and watches with timers, stopwatches, wall hanging clocks, parts and fittings for all the aforesaid goods

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Tar and pitch, non-metallic minerals for building or construction, ceramic building materials, namely, ceramic tiles, ceramic floor tiles, ceramic roofing tiles, ceramic wall tiles, and ceramic knobs, bricks and refractory products, namely, refractory cement and concrete, and refractory sealant, plastic building materials, namely, plastic pipe supports, plastic floorboards, plastic tiles, plastic wallboards, plastic water conduits for drainage and irrigation, pipe fittings comprised primarily of plastic, multilayer panels of plastic for use in building, flooring or wall-claddings of synthetic materials, asphalt and asphalt building and construction materials, namely, asphalt roof coatings, asphalt paving compositions, and asphalt-based

coatings and sealants for use on roofs, walls and pavements, rubber building or construction materials, namely, rubber flooring and rubber cove bases, and rubber tiles, plaster for building purposes, lime building materials, building or construction materials of plaster, namely, plaster fences, plaster guardrail, plaster pergolas, plaster louvers, plaster decks, and plaster for use in building, and plaster boards, prefabricated building materials, not of metal, namely, prefabricated non-metal buildings and prefabricated non-metal storage sheds, geotextiles for prevention of earth collapse or landslides, plastic security windows allowing communication, cement and products made therefrom, namely, cement, portland cement, fireproof cement coatings, cement fillers for use in roofing, cement mixes, cement mortar pipes, cement mortar roofing tiles, cement mortar slates, building timber, building stone, building glass, artificial fish reefs not of metal, hen-houses and poultry cages not of metal, water-pipe valves not of metal or plastics, non-metal road signs, non-luminous non-metal beacons, mooring bitts and bollards not of metal, letter boxes of masonry, non-metal joinery fittings, nonmetal transportable greenhouses for domestic use, gravestones and tomb plaques not of metal, diving platforms not of metal, stone sculptures, marble sculptures, non-metallic minerals for building or constructions, parts and fittings for all the aforesaid goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Shuttles for making fishing nets, hosiery loom needles, needles, eyelets for clothing, hook and loop fastening tapes, ribbons, knitted raschel lace fabrics, embroidery lace fabrics, tufts and tassels, semi-finished, braids, knitting sticks, namely, knitting needles, sewing boxes, sewing thimbles, pin and needle cushions, needle cases, armbands, ornamental novelty insignias for wear not of precious metal, badges for wear, not of precious metal, namely, ornamental novelty badges, buckles for clothing, brooches for clothing, special sash clips for obi (obi-dome), bonnet pins not of precious metal, heat adhesive ornamental patches for use on the fronts of jackets, brassards, hair ornaments, buttons, artificial flowers, false beards, false moustaches, non-electric hair curlers, other than hand implements, shoe ornaments, not of precious metal, shoe eyelets, shoe laces, metal fasteners for shoes and boots, human braiding hair, electric hair-curlers, other than hand implements, knitted cord and braids, namely, laces for footwear, shoe strings, decorative cords, starched braids, twist braids, parts and fittings for all the aforesaid goods

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For Canada balsam, copal, sandarac, shellac, turpentine for use as a paint thinner, dammar, mordant dyes, raw natural resins, namely, pine gum resins, wood preservatives, dyestuffs, pigments, paints, printing inks, colorants, anti-rust greases, nonferrous metals in foil or powder form for use in painting, decorating, printing and art, precious metals in foil or powder form for use in painting, decorating, printing and art

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Dental floss, unworked or semi-worked glass not for building, mangers for animals in the nature of troughs for livestock, poultry rings, cooking skewers, tub brushes, metal brushes, namely, dusting brushes, tub brushes, brushes for pipes, ship-scrubbing brushes, containers of glass or ceramic, namely, drinking glasses, glass bowls, cooking pots and pans, non-electric, coffee pots, non-electric, not of precious metal, Japanese cast iron kettles, non-electric (tetsubin), non-electric kettles, portable coldboxes, nonelectric, rice chests, food preserving jars of glass, drinking flasks for travelers, vacuum bottles in the nature of insulated flasks, ice pails, whisks, non-electric, cooking strainers, pepper pots; sugar bowls; salt shakers not of precious metal, egg cups not of precious metal, napkin holders; napkin rings not of precious metal, serving trays not of precious metal, toothpick holders not of precious metal, colanders, Japanese style cooked rice scoops (shamoji), hand-operated coffee grinders

and pepper mills, cooking funnels, Japanese style personal dining trays or stands (zen), bottle openers, drinking straws, cooking graters, tart scoops, pan-mats, chopsticks, chopstick cases, ladles and dippers in the nature of cleaning tools, cooking sieves and sifters, chopping boards for kitchen use, rolling pins for cooking purposes, cooking grills, toothpicks, citrust juicers, namely, lemon squeezers, waffle irons, non-electric, cleaning tools and washing utensils, namely, cleaning cottns, cleaning sponges and pads, dusting or cleaning cloths, cleaners for removing particles, brooms, mops, clothes, drying hangers, drying racks for laundry, laundry baskets, laundry bins for domestic or household use, clothes pins, clothes-pegs, clothing stretchers, dust bins, dust gloves, dust pans, dusters, dusting brushes, rails and rings for towels, and pails, ironing boards, tailors' sprayers, namely, empty spray bottles, stirrers for hot bathtub water (yukakibo), bathroom stools, bathroom pails, candle extinguishers; candlesticks not of precious metal, cinder sifters for household purposes, coal scuttles, fly swatters, mouse traps, flower pots, dishes for hydroponnic horticulture purposes, namely, hydroponic garden kit comprising growing containers, nutrient containers, container containing plant growing media, nutrient drip ring and electrical motorized air pump, watering cans, feeding vessels for pets, brushes for pets, bird cages, bird baths, clothes brushes, chamber pots, toilet paper holders, piggy banks, boxes of metal for dispensing paper towels for household use, boot jacks, soap dispensers, flower vases and bowls not of precious metal, upright signboards of glass or ceramics, incense burners, shoe brushes, shoe horns, handy shoe shiners in the nature of shoe polish and shine, shoe trees in the nature of stretchers, pots and pans for out door cooking use, namely, portable pots and pans for camping, pig bristles, brushes, namely, toilet brushes, nail brushes, tooth brushes, brushes for footwear, clothes brushes, scrubbing brushes, wire brushes not being machine parts, floor brushes, tar brushes long-handled, washing brushes, cleaning brushes for household use, brushes for washing up, scraping brushes, and pot cleaning brushes, boxes for household or kitchin use not of precious metal, namely, containers for household or kitchen use not of precious metal, stainless steel containers for preserving food and beverages, namely, cooking pots and pans, bowls, pails, drinking flasks for travellers, vacuum bottles, and household containers for foods, cooking bowls, namely, mixing bowls, wash bowls not parts of sanitary installations, can crushers for kitchen use, non-electric, adhesive rollers for dusting, namely, lint rollers, cleaning tools for wiping, of non-woven textile fabrics, in the form of sheets and cotton cleaning swabs for commercial uses, plungers for clearing blocked drains, buckets, water tanks for live fish and their fittings, hand-operated feed-water pumps for household purposes, namely, manually actuated pump dispensers for attachment to containers for use in dispensing liquids, electric feed-oil pumps for household purposes, namely, electrically actuated pump dispensers for attachment to containers for use in dispensing oils, cosmetic and toilet utensils other than electric toothbrushes, namely, nail brushes, hair brushes, soap boxes, automatic soap dispensers, paper towel dispensers, and dispensers for cleaning and disinfecting solutions, rubber-coated work gloves, rubber work gloves, vinyl-coated work gloves, vinyl work gloves, leather work gloves, cotton work gloves, gloves for household purposes, pot stands, polishing cloth, parts and fittings for all the aforesaid goods

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Bath mats for washrooms, namely, plastic and rubber bath mats, fabric bath mats, tatami mats in the nature of Japanese rice straw mats, artificial turf, floor coverings, wall hangings not of textile, gymnastic mats, wallpaper, shock-absorbing mats for prevention of furniture from fallings, namely, shock-absorbing floor mats, parts and fittings for all the aforesaid goods

International Classes 27 - Primary Classes **US Classes** 19, 20, 37, 42, 50 **International Class Title** Floor Coverings

For deodorants for clothing, textiles and rooms, de-germing and sterilizing preparations for kitchen use, pharmaceuticals, veterinary and sanitary preparations in the nature of antiseptics, biocides, disinfectants, mothballs, herbicides, mosquito repellent coils, sanitary preparations for medical use, oiled paper for medical purposes, capsules sold empty for pharmaceuticals, gauze for dressings, empty capsules for pharmaceuticals, eye patches for medical purposes, ear bandages, menstruation bandages, menstruation tampons, sanitary napkins, sanitary panties, absorbent cotton for medical purposes, adhesive plasters for medical purposes, bandages for dressings, collodion for pharmaceutical purposes, breast-nursing pads, deodorants for industrial use for toilet, garbage disposer fresheners; deodorants for clothing and textiles; room deodorants, degerming and sterilizing preparations for medical use, cotton swabs for medical use, disposable sterilizing wipes impregnated with disinfecting chemicals for use wiping toilet seats

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Handbag frames, purse frames, industrial packaging containers of leather, clothing for domestic pets, bags and the like, namely, all-purpose carrying bags, back packs, boston bags, bum bags, waist bags, carryalls, carrying cases, drawstring bags, duffle bags, handbags, shoulder bags, and tool bags sold empty, pouches and the like, namely, waist pouches, tool pouches sold empty, drawstring pouches, leather pouches, and pouches of textile, vanity cases not fitted, umbrellas, parasols, and their parts, walking sticks, canes, metal parts of canes and walking-sticks, handles for canes and walking-sticks, saddlery, unworked and semi-worked leather and fur, horseshoes not of metal, stirrups of metal, parts and fittings for all the aforesaid goods

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For pacifiers for babies, ice bag pillows for medical purposes, triangular bandages in the nature of compression bandages, elastic bandages, support bandages, supportive bandages, surgical catguts, feeding cups for medical purposes, dropping pipettes for medical purposes, teats, medical ice bags, medical ice bag holders, baby bottles, nursing bottles in the nature of vacuum bottles for nursing, finger guards for medical purposes, contraceptives, non-chemical, in the nature of intra-uterine contraceptive devices and condoms, artificial tympanic membranes, ear plugs for noise reduction, ear plugs for sleeping, ear plugs for soundproofing, esthetic massage apparatus for industrial use, medical machines and apparatus, namely, irrigators for medical use, lavage apparatus for therapeutic purposes, clinical thermometers, massage apparatus for medical purposes, medical apparatus for introducing pharmaceutical preparations into the human body, medical devices for closing wounds, patient stretchers, pulse meters, sphygmomanometers, urinals for medical purposes, bed pans, ear picks, sanitary masks for medical purposes, surgical purposes, sanitary purposes, virus isolation purposes, pollen isolation purposes, and dust prevention, ear plugs for swimming, parts and fittings for all the aforesaid goods

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Ropeways for cargo or freight handling, unloading tipplers for tilting railway freight cars, mine-car pushers, mine-car pullers, traction engines, non-electric prime movers for land vehicles not including their parts, namely, mufflers for motors and engines being parts of machines, compressed air engines, all being for land vehicles, transmission components for land vehicles, namely, shock absorbing springs for vehicles, transmissions for land vehicles, bearings, cams, couplings, valves, gears, roller chains, all being for land vehicles, parachutes, anti-theft alarms for vehicles, wheelchairs, vessels and their parts and fittings, namely, air pumps for vessels, automobiles and their parts and fittings, namely, automobile door handles, steering wheels for vehicles, fork lift trucks, steering wheels for automobiles, wheels for automobiles, gear lever knobs, tres, handle bar grips, handle bars, brake levers, and shift levers, cigar lighters for automobiles, two-wheeled motor vehicles and their parts and

fittings, namely, tires of two-wheeled motor vehicles, bicycles and their parts and fittings, namely, bicycle stands, bicycle pumps, baskets adapted for bicycles, bicycle tires, bicycle brakes, bicycle saddles, bicycle mudguards, bicycle handlebars, baby carriages, rickshaws, sleighs for transport purposes; sleds, wheelbarrows, carts, horse-drawn carriages, bicycle trailers, adhesive rubber patches for repairing tubes or tires, casters for trollery, namely, wheels being vehicle parts

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Pastes and other adhesives for stationery or household purposes, sealing wax, printers' reglets in the nature of interline leads, printing type, addressing machines, ink ribbons, automatic stamp affixing machines, namely, franking machines, electric staplers for offices, envelope sealing machines for offices, stamp obliterating machines, drawing instruments, typewriters, office check writing machines, mimeographs, relief duplicators in the nature of duplicating machines, paper shredders (for office use), franking machines, rotary duplicators, marking templates, decorators' paintbrushes, industrial packaging containers of paper, food wrapping plastic film for household use, garbage bags of paper for household use, garbage bags of plastics for household use, printed paper patters, tailors' chalk, banners of paper, flags of paper, hygienic hand towels of paper, towels of paper, table napkins of paper, hand towels of paper, handkerchiefs of paper, baggage tabs, namely, paper tags not in the nature of luggage tags, table cloths of paper, paper and cardboard, stationery, paintings and calligraphic works, photographs, photograph stands, printed matter, namely, newspapers, photographs, magazines, books, printed periodicals, newsletters, and brochures all in the fields of machines and tools, hand-held labeling devices, house painters' rollers, paint roller brushes, paintbrushes, plastic films for wrapping, dust-free papers in the nature of papers, note books, copier paper, adhesive tapes for office or stationery use, adhesive tape dispensers in the nature of office requisites, whiteboards, desk mats, parts and fittings for all the aforesaid goods

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Metalworking machines and tools in the nature of saws and cutters, electric arc welding machines, electric metal cutting machines by arc, gas and plasma, electric arc welding apparatus, mining machines and apparatus, namely, cutter loaders, coal cutting machines, oil-well pumping machines, rock drills, well drilling machines, mining drill sharpeners, mine borers, coal loaders, truck mills, coal ploughs, construction machines and apparatus, namely, concrete mixers, asphalt spreaders, crushing machines, centrifugal machines, compressors for machines, grinding machines, hoppers, bulldozers, graders, extracting machines, mixing machines, excavators, loading-unloading machines, fishery machines, namely, net hauling machines, chemical processing machines, namely, chemical compounds mixers being machines, drying machines, water-oil separating machines, textile machines, namely, machines for dyeing textiles, textile bonding machines, textile scotching machines and apparatus, food and beverage processing machines, lumbering, woodworking, or veneer or plywood making machines and apparatus, namely, electric glue guns, saws being machines, cutting machines, wood cutting machines, pulp refining machines, papermaking machines, paper-working machines and apparatus in the nature of paper coating and cutting machines, printing or bookbinding machines for industrial purposes, sewing machines, agricultural machines, namely, cultivators, harvesters, seeders; agricultural implements other than hand-operated, namely, corn huskers, disc harrows, shoe making machines, leather tanning machines, tobacco processing machines, glassware manufacturing machines, painting machines, packaging and wrapping machines, power-operated potters' wheels, plastic processing machines, semiconductor manufacturing machines, rubber manufacturing machines, stone working machines, non-electric prime movers not for land vehicles, namely, mufflers for motors and engines being parts of machines, compressed air engines, all being not for land vehicles, pneumatic or hydraulic

machines and instruments, namely, water pumps, air pumps, compressed air pumps, vacuum pumps, oil pumps, adhesive tape dispensing machines, vending machines, valves or machine parts in the nature of joints for gasoline pumps for service stations, automatic stamping machines, machines and apparatus for repairing other machinery, namely, pneumatic grease guns, mechanical parking systems, vehicle washing installations, power operated spray guns for disinfecting, insecticides and deodorants and not for agricultural purposes, machine elements not for land vehicles, in the nature of bearings, cams, couplings, valves, gears, roller chains, all being not for land vehicles, lawnmowers, curtain drawing devices, electrically operated, electric door openers, industrial waste compacting machines, waste crushing machines, electric washing machines for industrial purposes, food mixing machines for commercial use, food peeling machines for commercial use, dishwashing machines for industrial purposes, food cutting, chopping and slicing machines for commercial use, electric wax-polishing machines for industrial purposes, vacuum cleaners for industrial purposes, starters for motors and engines, motors, namely, alternating current motors and direct current motors not for land vehicles, as well as parts for such motors, alternators in the nature of AC generators, DC generators, dynamo brushes, lathes for metalworking, milling machines for metalworking, drilling machines for metalworking, threading machines, boring machines for metalworking, metal sawing machines, cutting machines for metalworking, metalworking machine tools, oil hydraulic presses for metalworking, mechanical presses for metalworking, shearing machines for metal working, bending machines for metalworking, secondary metal forming machines, cutting blow pipes, gas-operated, soldering blow pipes, gas-operated, gas welding machines, electric welding machines, air blast machines for cleaning machines and a surface, compressed air tools, namely, air drills, air hammers, air screwdrivers, air brushes for applying paint, handheld pneumatic drills, handheld pneumatic hammers, handheld electric grinders, handheld electric sanders, handheld electric drills, hand-operated electric screwdrivers, hand-operated electric buffers, hand-operated electric wrenches, power-driven hand-held tools, namely, drills, hammers, grinders, sanders, cutters, sharpening wheels for grinders, being parts of machines, knurling tools, namely, knurling cutters, counter sinks, taps being machine tools, chasers being machine tools, power drill bits being machine tools, thread milling cutters being machine tools, turning point tools being machines tools in the nature of metal-cutting tools, broaches being machine tools, power machine tools, namely, end mills, milling cutters being machine tools, power machine tools, namely, reamers, cutting tools for machinery in the nature of cutting guides, cemented carbide cutting tools, cemented carbide tips, cemented carbide tools for cutting, diamond pointed metal-cutting tools, abrasive sanding tools for metalworking in the nature of electric sanders, abrasive sanding disks for power-operated grinders, internal grinding machines consisting of stones for metalworking, machine tools, namely, clamps for metalworking machines and tools for use in the precision clamping of work pieces, chucks for power drills being parts of machines, electromagnetic chucks for metalworking machines and tools, namely, for power drills, ultrasonic de-burring and cleaning machines in the nature of electric de-burring tools for removing burrs from a machined edge, metalworking machines and tools, using ultrasonic vibration, namely, cutting machines for metalworking, electric vibrators being machine tools for molding and casting, concrete vibrators, concrete paving machines, electrical concrete drills, concrete construction machines; concrete finishing machines; concrete placing machines, rammers, ground surface finishing and compacting machines, cranes, mechanical hoisting, and solids and wastes conveying machines, vibrating belt conveyors; vibrating hydraulic conveyers, belt conveyors, roller conveyors, conveyors, winches, chain blocks in the nature of chain conveyors, hoists, hoisting and winding gears being parts of machines, lifting apparatus in the nature of machines for loading and unloading, movable lifts in the nature of car lifts, hydraulic lift tables and mechanical lifts, car lifts; mechanical lifts' hydraulic lifts, work lifts in the nature of car lifts, hydraulic lift tables and mechanical lifts, elevators, power jacks, automatic warehousing systems in the nature of loading and unloading machines, clamps, namely, clamps used for holding piece parts on machine tool tables, drying machines for

chemical processing, dust collecting machines for chemical processing, oil and water separating machines for chemical processing, separating machines for chemical processing; electrical ultrasonic cleaning units for industrial use for machines and parts of machines, cleaning apparatus for chemical processing in the nature of electric floor polishing machines, electric shoe polishers, high pressure washers, electric vacuum cleaners, steam cleaning machines, agitators for chemical processing, chain saws, wood milling tools in the nature of wood milling machines, wood lathes, wood drilling machines, power-operated sprayers for agricultural purposes, power-operated tip saws for mowing machines, plowing machines and implements in the nature of plows and plow blades, motorized cultivators, agricultural machines, namely, harvesters, plant fiber processing machines used in agriculture for processing crude vegetable fibrous materials, fodder presses, feed cutters in the nature of fodder cutting machines, feed mixers in the nature of fodder mixing machines, feed mills in the nature of cake-fodder crushing machines, spray guns for painting, wrapping machines, namely, heat sealing machines for wrapping foods or other goods for industrial purposes, wrapping machines, packing machines, strapping machines, sheaf-binding machines, sealing machines for industrial purposes, engine or motor mufflers, not for land vehicles, mufflers for motors and engines, air filters for tubes or pipes used for compressed air engines and not for land vehicles, compressed air engines not for land vehicles, lubricant oil pumps for use in motors, engines and land vehicles, high pressure pumps and electrically-driven pumps for use with oil, electric pumps being parts of machines, engines and motors, electric pumps, vacuum pumps, hot-air blowers, power-operated blowers, machine parts, namely, air nozzles for spraying compressed air, compressed air machines, air dryers for the removal of water vapor from air compressors, filters for air compressors, being parts of machines, electric compressors, washing machines for industrial parts in the nature of water supply pipes or drain pipes of building structures, high pressure washing machines for industrial use, electric floor washing machines for industrial use, dust collecting machines for industrial use, ultrasonic washing machines for household purposes and their parts, electric floor washing machines for household purposes, high pressure washing machines for household purposes, electric blower-and-dust collecting machines for household purposes, electric can compressors for household purposes, dish washing machines for household purposes, electric wax-polishing machines for household purposes, washing machines for household purposes, washing machines for household purposes, vacuum cleaners for household purposes, electric food blenders for household purposes, car maintenance machines and apparatus, namely, pneumatic grease guns, automatic electrostatic-paint sprayers, lifting jacks other than hand-operated, hangers being parts of machines, namely, pulleys being parts of machines, flexible shaft couplings, shafts in the nature of cam shafts, shaft couplings for machines, not for land vehicles; axles for machines and not for land vehicles; spindles being parts of machines and not for land vehicles, bearings being parts of machines and not for land vehicles, shaft couplings and connectors as parts of machines and not for land vehicles, pulleys being parts of machines, electric actuators, toothed wheels and gears being parts of machines and not for land vehicles, cams being parts of machines and not for land vehicles, reduction gears being parts of machines and not for land vehicles, roller chains being parts of machines and not for land vehicles, power transmissions and gearing for machines and not for land vehicles, shock absorbers for machines and not for land vehicles, springs being parts of machines and not for land vehicles, brakes being parts of machines and not for land vehicles, automatic control valves being parts of machines and not for vehicles, valves as machine components and not for land vehicles, tip saws as parts for electric lawnmowers, machines for collecting chlorofluorocarbons from refrigerators, air conditioning equipment, and other machines which output this gas, chlorofluorocarbon recycling machines, electric can compressors for industrial use, brush-shaped and self-discharging machines for removing electricity from plastics, films and printed-circuit boards, emergency power generators, mobile electric power generators, hoists of metal, electric soldering irons, electric soldering devices in the

nature of electric soldering apparatus, electric de-soldering irons, electric de-soldering devices in the nature of de-soldering irons, plasma cutting machines, gas-operated soldering irons, parts and fittings for all the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For raw or partly worked material in the nature of Meerschaum, yellow amber, loading pallets not of metal, beehives in the nature of hive boxes or honeycombs, hairdressers' chairs, barbers' chairs, valves of plastic being other than machine parts, storage tanks not of metal or masonry, containers for transport, not of metal, curtain fittings, namely, curtain rails, hooks, rings and rods, curtain roller, hinges, screws, nails, wedges, nuts, tacks, bolts, rivets and casters, all being not of metal, metal-substitute plastic fasteners in the nature of window fasteners, sash fasteners, door fasteners, non-metal fasteners, namely, nails, wedges, nuts, screws, tacks, bolts, rivets and casters, washers of plastic for use with mechanical equipment, for industrial or household use, and for tightening of screws and bolts, non-electric locks not of metal, furniture, namely, cushions, desks, chairs, Japanese floor cushions (zabuton) pillows, mattresses, straw plaits, industrial packaging containers of wood, bamboo or plastics, embroidery frames and hoops, nameplates and door nameplates not of metal, flagpoles, hand-held flat fans, hand-held folding fans, nonmetal garden stakes for plants or trees, beds for household pets, dog kennels, nesting boxes for small birds, nonmetal step ladders and ladders, letter boxes not of metal or masonry, hat hooks not of metal, shopping baskets, namely, baskets for transporting goods for commercial purposes, water tanks of plastic for household purposes, hanging boards in the nature of plastic Japanese style pegboards using positional hooks, tool boxes not of metal, towel dispensers not of metal, fixed, furniture, furniture in the nature of indoor window blinds, blinds of reed, rattan or bamboo (sudare) bead curtains for decoration, wind chimes, oriental single panel standing partition (tsuitate), oriental folding partition screens (byoubu), benches, advertising balloons, upright signboards of wood or plastics, imitation artificial model food samples made of plastic, funerary urns, cradles, infant walkers, mannequins, costume display stands, sleeping bags for camping, picture frames, plaster sculptures, plastic sculptures, wooden sculptures, Japanese food wrapping sheets of wood as materials, plaits made of unworked or partly worked ferns, bamboo unworked or partly worked, namely, bamboo blinds and curtains, bamboo skins used as industrial packaging containers of bamboo, rattan, raw or partly worked reeds, raw or partly worked rushes, onigaya hay, unworked or partly worked sedge, raw or partly worked material, namely, tusks, whalebones, sea shells, cowry shells and crustacean shells, ivory, unworked or partly worked, animal horns, animal teeth, tortoiseshell, unworked or partly worked, animal bone, unworked or partly worked, containers, not of metal or paper, for storage or transport, curtain rails, non-metal, metal-substitute plastic clamps, non-metal fastening anchor plugs of plastic, hooks, not of metal, door handles, not of metal, reels, not of metal, non-mechanical, for flexible hoses, hand-operated reels, not of metal, for hoses, keyboards for hanging keys, key boxes of wood, hanger racks in the nature of hangers for clothes, wall-hanging mirrors, steel racks, namely, coat racks, plate racks, storage racks, ready-to-assemble racks of metal, namely, coat racks, plate racks, storage racks, rotary display racks, serving trolleys, steel boxes for storing documents, namely, storage racks, office cabinets, filing cabinets, roller cabinets for tools, chests of drawers and cabinets, or metal for tools, roller work benches equipped with tool chests, work benches, telephone stands, namely, telephone tables, pamphlet display stands in the nature of display stands, furniture, namely, chair stools, partition furniture, indoor partition screens, furniture panels and frames in the nature of display stands, storage racks, display boards of wood or plastics, outdoor dustbin, Japanese cloth screens with black-and-white stripes Kuroshiro-maku, Japanese cloth screens with red-and-white stripes Kohaku-maku, cord reels, namely, non-metal storage reels for electrical lights, parts and fittings for all the aforesaid goods

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Toilet units consisting of toilet bowl and seat, bath installations, drying apparatus for chemical processing, recuperators for chemical processing, steamers for chemical processing, evaporators for chemical processing, distillers for chemical processing, heat exchangers for chemical processing, milk sterilizers, industrial furnaces, atomic piles in the nature of nuclear reactors, forage drying apparatus, boilers, other than parts of machines, namely, electric boilers, heating boilers, industrial boilers, air-conditioning apparatus for industrial purposes, freezing machines and apparatus, namely, refrigerating or freezing showcases, freezers, electric refrigerators for household purposes, ice machines, refrigerating machines, water coolers, electric laundry dryers for industrial purposes, electric hair driers; electronic facial steamers; sauna bath installations, cooking equipment for industrial purposes, namely, cooking ovens, electric hot plates, electric rice cooker, electric industrial dish dryers, dish disinfectant apparatus for industrial purposes, tap water faucets, liquid level controlling valves for tanks, plumbing fittings, namely, pipe line cocks, waste water treatment tanks for industrial purposes, septic tanks for industrial purposes, garbage incinerators for industrial purposes, solar water heaters, water purifying apparatus, washers for water taps, gas water heaters for household use, non-electric cooking heaters for household purposes in the nature of gas grills, and gas burners, kitchen worktops, kitchen sinks, ice chests for household purposes, not for carrying with, ice-cooling refrigerators for household purposes, household tap-water filters, bathtubs and the like, namely, baths, bathtubs, bath installations, standing paper lanterns, portable paper lanterns, gas lamps, oil lamps, lamp chimneys, warming pans, non electric, nonelectric pocket warmers, namely, chemically-activated heating packets for warming hands not for medical purposes, stick fuel for Japanese pocket warmers (kairo-bai), hot water bottles for warming one's feet in bed, toilet stool units with a washing water squirter, disinfectant dispensers for toilets, toilet bowls, seating for use with Japanese style toilet bowls, namely, toilet seats, waste water treatment tanks for household purposes, septic tanks for household purposes, heating and cooling packs filled with chemical substances that react when required to warm or cool the body, not for medical purposes, non-electric heating apparatus in the nature of Japanese charcoal heaters for household purposes, electric lamps and other lighting apparatus in the nature of electric lamps, pocket serch lights, and fluorescent lamps, devices, for industrial use, to separate and collect oil mists and dusts emitted in factories, namely, air filters for industrial installations, ventilation fans for commercial and industrial use; portable electric fans; electric fans, air conditioners, LED lamps, electric hand drying apparatus for washrooms, immersion heaters, household electrothermic appliances in the nature of air purifiers; hot plates; electric cooking ovens, gas stoves, oil stoves in the nature of space heaters for household purposes, fire pans for carrying live charcoal, fire hydrants, parts and fittings for all the aforesaid goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Anti-static preparations for household purposes, degreasing preparations for household purposes, rust removing preparations, stain removing benzine, fabric softeners for laundry use, laundry bleach, adhesives for affixing false hair, adhesives for affixing false eyelashes, laundry starch, seaweed gelatin for laundry use, paint stripping preparations, shoe and boot cream, shoe polish, polishing preparations, soaps and detergents, dentifrices, cosmetics and non-medicated toiletries, perfumery, fragrances and incense, abrasive paper, abrasive cloth, abrasive sand, artificial pumice stone for personal use, polishing paper, false nails, false eyelashes, deodorants for animals

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Plumbing flux; chemical additives for fuel injection system cleaners; adhesive materials for the building industry and tiles; degreasing and cleaning solvents; mold-release preparations; silicone fluids; chemical additives for lubricants; antistatic preparations, other than for household purposes; chemical sealants used for buildings which penetrate through walls, floors and ceilings for fire prevention; anti-static spray for electronic equipment; anti-static preparations for household purposes, adhesives for general industrial use, plant growth regulating preparations, fertilizers, ceramic glazings in the nature of a dry chemical preparation for use in the manufacture of ceramic, higher fatty acids for industrial purposes, nonferrous metals, namely, antimony, silicon, cerium, and tellurium, nonmetallic minerals, namely, sulphur, silicon, samarium, chemical preparations for use in photography, chemical test paper, artificial sweeteners, flour and starch for industrial purposes, unprocessed plastics, wood pulp for manufacturing purposes, wallpaper removing preparations, purified water for water-purifying chemicals, compressed air in the nature of carbon dioxide filled canisters for use in powering tools and air guns and in the nature of refrigerant gas for use in industrial cooling system, coolants, coolants for cutting and grinding machines, chemical agents for detecting metal flaw, sealing agents in the nature of industrial adhesives for use in coating and sealing; tire sealing compounds; chemical sealants used for buildings which penetrate through walls, floors and ceilings for fire prevention, chemical agents for repairing concretes, coating agents for automobiles in the nature of colour-brightening chemicals for industrial purposes, stain repellents, waterproofing chemical compositions, chemical products for keeping freshness of foods, with cleaning and sterilizing effects, bleaching preparations for industrial purposes, anti-electrostatic preparations other than for household use, anti-static preparations for industrial purposes, mould-release preparations, soldering fluxes, chemical agents for use as binding agents in concrete and removing acid in industrial manufacturing applications, chemical agents for cleaning dies or molds for use in the process of manufacture, cleaning agents in the nature of chemical preparations for use during the process of food and food processing, biotechnological manufacturing processes, manufacture of pharmaceuticals and building industry, putties for glasses, namely, glaziers' putty, putties for paints, namely, oil cement in the nature of putty

For [building construction; construction consultancy; construction planning; repair or maintenance of building equipment; construction supervision, construction consultancy, repair and maintenance of buildings, shipbuilding, repair or maintenance of vessels, aircraft maintenance or repair, repair of bicycles, repair or maintenance of automobiles, repair or maintenance of railway rolling stock, repair or maintenance of optical machines and instruments, repair or maintenance of photographic machines and apparatus, repair or maintenance of loading-unloading machines and apparatus, repair or maintenance of fire alarms, repair or maintenance of office machines and apparatus, repair or maintenance of air conditioning apparatus, burner maintenance or repair, repair or maintenance of boilers, pump repair or maintenance, repair or maintenance of freezing machines and apparatus, repair and maintenance of electronic machines and apparatus, repair or maintenance of telecommunication machines and apparatus, repair or maintenance of construction machines and apparatus, repair or maintenance of consumer electric appliances, repair or maintenance of electric lighting apparatus, repair or maintenance of power distribution or control machines and apparatus, repair or maintenance of power generators, repair or maintenance of electric motors, repair or maintenance of laboratory apparatus and instruments, repair or maintenance of measuring and testing machines and instruments, repair or maintenance of medical machines and apparatus, repair or maintenance of firearms, repair or maintenance of printing or bookbinding machines and apparatus, repair or maintenance of chemical processing machines and apparatus, repair or maintenance of glassware manufacturing machines and apparatus, repair or maintenance of fishing machines and instruments, repair or maintenance of metal working machines and tools, repair or maintenance of shoe making machines and instruments. repair or maintenance of industrial furnaces, repair or maintenance of mining machines and apparatus, repair or maintenance of machines and apparatus for manufacturing rubber goods, repair or maintenance of machines and systems for manufacturing integrated circuits, repair or maintenance of semiconductor manufacturing machines and systems, repair or maintenance of machines and apparatus for processing foods or beverages, repair or maintenance of machines and apparatus for lumbering, woodworking, or veneer or plywood making, repair or maintenance of textile machines and apparatus, repair or maintenance of tobacco processing machines, repair or maintenance of painting machines and apparatus, repair or maintenance of agricultural machines and implements, repair or maintenance of machines and apparatus for pulp-making, papermaking or paper-working, repair or maintenance of plastic processing machines and apparatus, repair or maintenance of packing or wrapping machines and apparatus, repair or maintenance of sewing machines, repair or maintenance of storage tanks, repair or maintenance of gasoline station equipment, repair or maintenance of mechanical parking systems, repair or maintenance of bicycle parking apparatus, repair or maintenance of industrial dishwashing machines, repair or maintenance of cooking apparatus for industrial purposes, repair or maintenance of industrial washing machines, repair or maintenance of vehicle washing installations, repair or maintenance of vending machines, repair or maintenance of power-driven floor cleaning machines, repair or maintenance of amusement machines and apparatus, repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops, repair or maintenance of water pollution control equipment, repair or maintenance of water purifying apparatus. repair or maintenance of waste compacting machines

and apparatus, repair or maintenance of waste crushing machines and apparatus, repair or maintenance of diving machines and apparatus, repair or maintenance of nuclear power plants, repair or maintenance of chemical plants, furniture restoration, umbrella repair, repair or maintenance of musical instruments, safe maintenance or repair, shoe repair, clock and watch repair or maintenance, sharpening of scissors and kitchen knives, setup or repair of locks, repair or maintenance of gas water heaters, repair or maintenance of non-electric cooking heaters, repair or maintenance of cooking pots and pans, repair or maintenance of signboards, repair of bags or pouches, repair of toys or dolls, repair of sports equipment, repair of billiard equipment, repair of game machines and apparatus, repair or maintenance of bathtubs and the like, namely, baths, bathtubs, and bath installations, repair of bidets, repair of fishing tackle, repair of spectacles, fur care and repair, namely, fur cleaning, laundering, pressing of clothing, clothing repair in the nature of mending clothing, fluffing of cotton batting for futon, repair of tatami mats, chimney sweeping, cleaning of building exterior surfaces, window cleaning, carpet and rug cleaning, floor polishing, septic tank cleaning, bathtub and bath boiler cleaning, street cleaning, storage tank cleaning, disinfecting of telephone handsets, vermin exterminating other than for agriculture, forestry or horticulture, sterilization of medical machines and apparatus, rental of construction machines and apparatus, rental of floor cleaning machines, rental of mops, rental of car-washing apparatus, rental of electric washing machines, rental of laundry dryers, rental of spin dryers for clothes, rental of mining machines and apparatus in the nature of earth moving equipment and excavators, rental of air conditioning machines and apparatus for industrial use]

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For ear plugs for divers, optical glasses, ozonisers, electrolysers, egg-candlers, cash registers, coin counting or sorting machines, electric signboards for displaying target figures and current outputs, time and date stamping machines, time recording devices in the nature of time clocks, punched card office machines, voting machines, automated billing machines for processing account information, postage stamp checking apparatus, namely, postage stamp meters, life saving apparatus and equipment, namely, life rafts, life vests, life jackets, life buyos, life nets, fire extinguishers, fire hose nozzles, fire hoses, sprinkler systems for fire protection, fire alarms, gas leak alarms, anti-theft warning apparatus in the nature of theft alarms, protective helmets, railway signals, vehicle breakdown warning triangles, luminous or mechanical road signs, computer game programs for arcade video game machines, vehicle drive training simulators, electronic sports training simulators, laboratory apparatus and instruments, namely, beakers for labotatory use, porcelain cups for laboratory use, photographic instruments and apparatus, namely, stands for photographic apparatus, reflectors for photographing, digital cameras, infrared cameras, event recorders, lens for photographic apparatus, cases for photographic apparatus, cinematographic instruments and apparatus, namely, multimedia projectors; projection screens, optical apparatus and instruments, namely, microscopes, inspection mirrors, reflectors for microscopes, prisms for microscopes, biological microscopes, magnifying glasses, body-tubes for microscopes in the nature of lens-barrels, polarizing microscopes, stereoscopes, metallurgical microscopes, borescopes, operating microscope stands, lenses for microscopes, measuring or testing machines and instruments, namely, vibration meters, moisture meters, flow meters, measuring tapes, distance meter, fire boats, fire engines, eyeglasses and goggles, namely, spectacles, programs recorded on electronic circuits and CD-ROMs for handheld games with liquid crystal displays, weight belts for scuba diving, wetsuits for scuba diving, protective helmets for sports, air tanks for scuba diving, regulators for scuba diving, phonograph records featuring music, metronomes, automatic performance programs for electronic musical instruments recorded on electronic circuits and CD-ROMs, side-rules, exposed cinematographic films, exposed side films, slide film mounts, recorded

video discs and video tapes featuring music and motion, gloves for protection against accidents, dust masks, gas masks, welding masks, fireproof garments, downloadable electronic publications in the nature of brochures, catalogues, flyers, user guides, and manuals in the fields of machines and tools, magnetic cores, resistance wires, fuel cell electrodes, power distribution or control machines and apparatus, namely, electrical power distribution units, rotary converters, phase modifiers in the nature of phase shifters for communications apparatus, batteries and dry cell, solar batteries, electric or magnetic meters and testers, namely, electric meters, electric and magnetic contacts, electric wires and cables, photo-copying machines, life saving ropes in the nature of life belt, safe belts for prevention of workers at high places from falling, namely, lanyards for safety purposes for fall protection, life belts, life saving ladders, namely, fire escape ladders, fire escapes, electric alarm bells and buzzers, electric crime prevention buzzers, personal security alarms with intrusion detection sensors, electronic gas leak detectors, signaling lights in the nature of electronic LED signs, indicator lights for telecommunication apparatus, emergency warning lights, flashing safety lights, signaling rotating lights, electronic locks, plastic tubes for transferring liquids for laboratory apparatus and instruments, laboratory tables and benches in the nature of laboratory furniture, furniture especially made for laboratories, pipettes, constant temperature incubators for laboratory use, glassware for scientific experiments in laboratories, namely, beakers being laboratory glassware, flasks for laboratory use, test tubes, thermometers not for medical purposes, measuring cups, petri dishes, funnels, porcelain ware for scientific experiments in laboratories, fiberscope for industrial use, mirrors for inspecting work not for medical purposes, magnifying glasses, microscopes, magnet holders, magnet holder mounts and magnet retainers, all for measuring or testing machines for metalworks, namely, operating microscope stands and stands for photographic apparatus, electric laser markers, spirit levels, ultraviolet meters, namely, illuminometers, water quality measuring machines, namely, pH meters, electronic moisture meters, Geiger counters; thread counters, temperature indicators, gas detectors for detecting the presence of gas, gas meters, tape measures, measuring rules, manometers in the nature of pressure gauge, level indicators, tachometers, hygrometers, illuminometers, vibration meters, flowmeters, film thickness meters, micrometers, slide calipers, measuring instruments in the nature of protractors, measuring instruments in the nature of jigs, namely, angle gauge, bore gauges, weight gauges, tension gauges, angle gauges, precision measuring machines and instruments, namely, radiation detectors, hygrometers, weighing scales, pedometers, hardness detectors in the nature of hardness testing machines, metal hardness testing machines, surveying machines and instruments, electric measuring or testing machines and apparauts, namely, digital testers for use in testing electric voltage, current and resistance, electronic data loggers, leak clamp tester, clamp meter, insulation resistance tester, earth tester, voltage detector, phase detector, static locators, static meters, battery testers, and electronic sensors, electromagnetic switches in the nature of solenoid valves, electricity terminals in the nature of electrical connections, earth terminals in the nature of electrical connectors, electrical outlets, electrical cord reels with electrical outlets, electrical power devices in the nature of power taps, electrical sockets, power supply units and their parts and accessories, electric switches with timer, electric switches, electric plugboards, fuses for electric current, electric transformers, dry cells, resistance measuring instruments, extension cords for household purposes, electrical cords with reels, earth cables in the nature of connection cables, protective covers for electric wires, protective covers for cables, electrical wiring apparatus for aerial wiring of electric wires and cables, light conducting filaments in the nature of optical fibers, optical fiber cables, electric buzzers, transceivers, loudspeakers, monitoring cameras for prevention of crimes and disasters, telecommunication devices and apparatus, namely, microphones, base stations, telecommunications transmitters, magnetic metal detectors, electronic metal detectors, printed-wiring assembly, namely, printed circuits, printed circuit boards, word processors for printing on tapes, electronic blackboards, chalkboards and copyboards, electronic desk calculators, computers and their peripherals, computer programs for use in database management,

use as a spread sheet, word processing, drawing, and measuring, electronic machines, apparatus and their parts, namely, computers, electronic control systems for machines, conductive tapes for conducting electrical charges, electromagnets, permanent magnets, ferrite magnets, alnico magnets, rare-earth magnets and other magnets, protective footwear, and their parts and accessories, namely, protective industrial boots and shoes, protective goggles for work, namely, safety goggles, dust protective goggles and masks, downloadable image file containing artwork, text, audio, video, games and Internet web links relating to sporting and cultural activities, wrist straps for prevention of electrostatic charge, used when electrical or electronic parts are changed, protective gloves against chemicals for industrial use, protective electrostatic discharge gloves, protective face masks not for medical purposes, garments for body protection against accidents, radiations, fire and heat, garments for protection against accidents in the nature of fire and chemical spills, parts and fittings for all the aforesaid goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For [Rental of air conditioning machines and apparatus for industrial use]

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For solid lubricants for industrial purposes, grease for shoes and boots, leather preserving oil and grease, fuels, mineral oils and greases for industrial purposes, not for fuel, non-mineral oils and greases for industrial purposes, not for fuel, waxes, lamp wicks, candles

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Mica, valves of rubber or vulcanized fiber not including machine elements, gaskets in the nature of adhesive sealants for general use, rings of rubber for use as pipe connection seals, graphite packing for gaskets, joint packing for pipe, and liquid gasket sealer, junctions for pipes not of metal, packings, namely, packing and insulating material, asbestos fire curtains, floating anti-pollution barriers, washers of rubber or vulcanized fiber, chemical fiber thread not for textile use, asbestos yarn, asbestos fabrics, asbestos felt, rubber cords and laces, asbestos cords and strings, asbestos nets, industrial packaging containers of rubber, rubber stoppers for industrial packaging containers, rubber lids and caps for industrial packaging containers, plastic sheeting for agricultural purposes, condenser paper, namely, insulating paper, asbestos paper, vulcanized fiber, plastic substances, semi-processed, rubber, saw or semi-worked, soundproofing materials of rock wool not for building purposes, asbestos boards, asbestos powder, caulking putty, cushioning materials of synthetic resins in the nature of rubber and plastics for wrapping, tapes for wrapping or packing, namely, adhesive packing tape for industrial or commercial use, adhesive tapes for binding, for industrial and commercial use, double-faced adhesive tapes, other than stationery and not for medical or household purposes, and instead for industrial and commercial use, adhesive tapes for protection of pipes, namely, insulation tape for use on pipes, adhesive tapes of aluminum foils and copper foils, for repairing, in the nature of foils of metal for insulating, masking tapes for painting, adhesive tapes for use in indication and identification of electrical distribution, piping, and traffic signs, namely, reflective tape for use in traffic safety and traffic management, masking tapes, pavement striping tapes and duct tapes, danger markers in the form of adhesive-coated tapes, namely, reflective tape for use in the safety, signs and marking, flexible joints of plastic, namely, flexible pipes, junctions of plastic for pipes, for use in piping of hot and cold water supply pipes, plastic hoses for plumbing use, industrial application and conveying liquids and gases, rubber hoses for industrial application; conveying liquids and gases, hoses of textile material, fabric hoses for plumbing use, industrial application and conveying liquids and gases, rubber hoses for industrial application; conveying liquids and gases, hoses of

textile material, fabric hoses for use in ventilation, plumbing use and conveying liquids, watering hoses for home gardening, watering hoses, absorbent products, namely, industrial oil absorbing mats, for the containment and clean-up of oil based chemicals and oils, electrical insulating materials, insulting tapes, flexible tubes, not of metal, flexible plastic pipes for industrial use, conveying liquids and gases, and plumbing purposes, plastic semi-worked products in the form of tapes, flexible rubber pipes, anti-vibration rubbers, insulting gloves, demarcating tapes, namely, road marking tapes and strips, parts and fittings for all the aforesaid goods

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For hand tools in the nature of hoes, digging forks, hand tools in the nature of lawn rakes, non-electric egg slices, non-electric planes for flaking dried bonito blocks, sugar tongs, can openers, nutcrackers not of precious metal, spoons, non-electric cheese slicers, non-electric pizza cutters, forks, non-electric flat irons, needle-threaders, dress markers' chalk sharpeners, hand tools in the nature of fireplace bellows, shelving cases, pedicure sets, eyelash curlers, manicure sets, diving knives, diving knife holders, ice axes, palette knives, hand saws, cutters, hand-operated pipe cutters, cutting tools for protective covers of electric wires, namely, wire, metal cutting scissors in the nature of tin shears, scissors and the like, namely, scissor blades, needle work scissors, glass cutters, bolt cutters, sire cutters, cable cutters, cable duct cutter, hand-operated pipe cutters, hand tools, namely, punches, hand tools, namely, center punches, hand tools, namely, dies, hand tools, namely, taps, hand tools, namely, wrenches, hand tools, namely, milling cutters, hand tools, namely, files, hand tools, namely, reamers, hand-operated cutting tools, tool belts, hand-operated hammers, spanners, screwdrivers, adjustable spanners, torque wrenches, die wrenches, crimp wrenches, hex key wrenches, masons' trowels, trowels and the like, namely, trowels, gardening trowels, masons' c-clamps in the nature of carpenter's clamps, vices, nippers, pliers, cutting pliers in the nature of linemans' pliers, princers and the like, namely, princers, carpenters' princers in the nature of nail pullers, nippers, shovels and the like, namely, shovels, snow shovels, forks, rakes, weed diggers, weed hoes, hand tools in the nature of scrapers, spatulas for removing paints, hand tools, namely, spatulas, non-electric caulking guns, and their parts, hand tools for removing broken taps, Japanese style carpenters' inkpots, marking snap strings to be reeled out of sumi-tsubo, namely, pressing hand tools for marking materials, chalk reels, lines for chalk reels, carpenters' inkpots and their accessories, namely, marking gauges for joinery purposes, hand tools in the nature of disk-shaped grinding stones, cutting whetstones, sharpening stones in the nature of whetstones, leather strops in the nature of razor strops, sharpening steels, hand-operated sprayers for insecticide, electric flat irons, Japanese style wooden pestles (Surikogi), Japanese style earthenware mortars (Suribachi), parts and fittings of all the aforesaid goods

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For irons and steels, non-ferrous metals and their alloys, ores of metal, metal materials for building or construction in the nature of ceiling boards and floor boards, prefabricated building assembly materials of metal, namely, prefabricated garages of metal, loading and unloading pallets of metal, turntables for load handling in the nature of metal pallets, metal traversers for load handling, artificial fish reefs of metal, poultry cages of metal, paint spraying booths of metal, metal moulds for forming cement products in the nature of cement posts, pulleys, springs and valves of metal not including machine elements, metal junctions for pipes, metal flanges, metal door hardware, namely, keys, cotter pins of metal, railway points, road signs of metal and not luminous or mechanical, non-luminous beacons of metal, reservoirs of metal, anchors, mooring bitts of metal, mooring bollards of metal, containers of metal for transport, anvils, sewage blocks, metal hardware, namely, nails of metal, wedges of metal, pegs of metal, washers of metal, nuts of metal, screws of metal, tacks of metal, plugs of metal, rivets of metal, rings of

metal, chains of metal, casters of metal, wire ropes, wire nets and gauzes, industrial packaging containers of metal, metal nameplates and door nameplates, metal chains for dogs, metal stepladders and ladders, letter boxes of metal, hat-hanging hooks of metal, water tanks of metal for household purposes, tool boxes of metal, towel dispensers of metal, metal joinery fittings, metal safes, door mats of metal, upright signboards of metal, transportable greenhouses of metal for household use, metal tombs and metal tomb plaques, hardware, namely, buckles of common metal, ferrules of metal for canes and walking sticks, crampons, carabineers of metal, rock pitons of metal, diving platforms of metal, spurs, sculptures made of -non-precious metal, metal bars for further manufacture in the nature of brazing and welding, wires of common metal, soldering wire of metal, cladded pipes of metal, flexible pipes of metal, flexible tubes of metal, hot and cold water supply pipes of metal, plumbing pipes of metal, round bar bolts of metal, prefabricated metal columns, stretchable or extendable gates of metal, metal fences, trench covers of metal, slide rails of metal, step boards of metal in the nature of metal step ladders and stools, metal materials for building or constructing car parking, namely, metal fascia and soffits, gates of metal for car parking facilities, metal parking curbs, metal materials for building or construction, namely, bicycle parking installations of metal, prefabricated carport assembly kits of metal, braces and harnesses of metal for handling loads, belts of metal for handling loads, metal flexible junctions for pipes and non-electric cables, metal junctions for hot and cold supply water pipes, surface plates of metal for metal mail plates, coil-shaped inserts of metal for reinforcing female screws, adjuster bolts of metal, hardware in the nature of metal cotter pins, ball lock pins, reinforcing pins, locks of metal, binding screws of metal; binding strips of metal, hoist rings of metal, metal hooks, hoisting hooks of metal, hooks and hardware in the nature of pulls and trim of common metal for furniture drawers, metal stoppers for bottles, metal fixtures comprising bolts and junctions for piping, metal brackets for piping, metal fasteners for piping, general purpose bins or storages of metal, metal stoppers for industrial packaging containers, metal lids and caps for industrial packaging containers, reels of metal, non-mechanical, for flexible hoses, chests of metal, metal belt slings for handling of loads, coin-operated metal gates for car parking facilities, metal belt cargo slings, nets composed primarily of metal and also loosely knitted with rope, for carrying, metal parts and fittings for all the aforesaid goods

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

For Garters, sock suspenders, braces, namely, suspenders, waistbands, belts for clothing, footwear, masquerade costumes, clothes for sports, namely, uniforms, jerseys and shirts, boots for sports, clothing, namely, working overalls, aprons, neck warmers, leg warmer, ear warmers, knee warmer, hoods, Japanese style socks (tabi), socks and stockings, thermal underwear, thermal socks, jumpers, ponchos, blousons, jackets, caps, pants, and shirts, parts and fittings for all the aforesaid goods

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Woven fabrics, knitted fabrics, felt and non-woven textile fabrics, oilcloth, gummed waterproof cloth, vinyl coated cloth, rubberized cloth, leather cloth, namely, cloth processed with leather for use in the manufacture of clothing, personal articles of woven textile not for wear, namely, bath linen, except clothing, handkerchiefs of textile, face towels of textile, and sanitary flannel, mosquito nets, bed sheets, futon quilts, futon and quilt covers of linen, futon ticks, namely, unstuffed futon covers not of paper, pillowcases, blankets, namely, bed blankets, lap blankets, blankets for outdoor use, and travelling blankets, table napkins of textile, dish towels for drying, shower curtains, banners and flags of textile, fitted toilet seat covers of textile, unfitted seat covers of textile, wall hangings of textile, curtains, table cloths not of paper, thick drop curtains, namely, draperies, shrouds, shrouds for dressing a corpse for funeral, baize, namely, billiard cloth, labels of cloth, parts and fittings for all the aforesaid goods

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Tarpaulin for ships, sails, raw textile fibers, cotton waddings for clothes, hammocks, cloth bags for storage of futons, cotton batting for futon, cordage, netting not of metal, industrial packaging containers of textile, straw wrappers for bottles, elastic bands for binding, tarpaulins not for ships, tents not for camping, outdoor sun screens, namely, tents, Japanese reed screens for protection against the wind, namely, awnings not of metal in the nature of Yoshizu, mountaineering rope, tents for mountaineering or camping, sawdust, kapok, wood shavings, wood wool, cattle hair not for brushes, raccoon dog hair not for brushes, pig bristles not for brushes, horsehair not for textile use, feathers and downs, harness, not of metal for handling loads, bands, not of metal, for wrapping or binding, string, sails for boardsailing, namely, windsurfing sails, tents, nets loosely knitted with rope for carrying, namely, commercial nets, rockfall prevention nets of textile, window awnings not of metal, non-metal belt slings, namely, nonmetal slings for loading, non-metal nets loosely knitted with rope for carrying, namely, commercial nets, parts and fittings for all the aforesaid goods
