MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a three-dimensional configuration of the exterior of a laundry facility, having black walls. The exterior of the laundry facility is generally rectangular in shape and includes windows and doors, with the windows and doors having black paneling around each. The exterior of the laundry facility includes a rectangular signboard with the outline of a frame around the perimeter of the signboard. Each set of the doors on the exterior of the laundry facility has a large single pane window above the door. There are black vertical dividing columns between the doors and the windows. A decal of a clothesline with various types of clothing hanging from the clothesline features across the tops of the windows. Some of the windows feature circular decals. In the lower part of one window is a circular decal with a design of an outline of a container with ripples on the surface, and the wording WASH above the circle. In the lower part of another window is a circular decal with a single line square with a circle inside, and the wording DRY above the circle. In the lower part of another window is a circular decal with various curved lines, and the wording FOLD above the circle. In the lower part of a further window is a circular decal with the wording DROPOFF following the upper curve of the circle and the wording SERVICE following the lower curve of the circle, and the wording SAME DAY in the middle with horizontal lines under and over the wording SAME DAY. Below each circular decal is a black monogram banner decal. The lower end of each window without a circular decal includes a black monogram banner decal. The broken lines depicting the outline of the building, doors and windows indicate placement of the mark on the goods and are not part of the mark. **Color Claimed** The color(s) black is/are claimed as a feature of the mark. **Disclaimer** WASH DRY FOLD DROPOFF SAME DAY SERVICE

For Medical services; Cultured cell bank services for medical transplantation; Nursing, medical; Health center services; Remote monitoring of medical data for medical diagnosis and treatment; Medical screening; Medical assistance; Medical analysis services for diagnostic and treatment purposes provided by medical laboratories; Telemedicine services; Palliative care; Medical treatment using cultured cells; Medical clinic services; Pharmacy advice, namely, advice regarding the preparation of prescriptions in pharmacies; providing medical information; Regenerative medicine services; Stem cell bank services; medical and health assessment services relating to DNA, genetics and genetic testing; providing information on prevention and treatment of viral diseases, infectious diseases, cardiovascular diseases, metabolic disorders, endocrine diseases, cardiovascular diseases, cardiopulmonary diseases, neoplastic diseases, liver diseases, eye diseases, respiratory diseases, neurological diseases, musculoskeletal diseases, digestive diseases and immune system diseases and disorders; medical services for the treatment of medical diseases, illnesses and conditions in the therapeutic areas of central nervous systems (CNS), endocrine disorders, musculoskeletal, anti-viral, pain control, sexual dysfunction, anti-addictive, respiratory and allergies; performing diagnosis of viral infections and providing information relating thereto; medical consultancy in the field of medical advice on managed public health care services and providing medical information relating thereto; providing advice and information on the prevention of pet diseases; providing medical advice and information on disease prevention; providing medical information via the cable and computer communication network; consultancy relating to medical services; consultancy relating to medical services for animals; providing medical information on biotechnology; Medical diagnosis and treatment via the regenerative medicine; Medical treatment using cell culture; genetic testing for medical diagnosis and treatment; medical diagnosis of bone injuries and cancer via the X-ray photographs analysis; Outsource service provider in the field of X-ray technician services and X-ray examination for medical purposes; providing blood tests for medical purposes; provision of data relating to the results of blood tests and blood analysis for medical purposes; medical blood tests provided in-home to patients; consultancy and information services relating to health care; introduction of medical institutions in the nature of hospitals for health management, namely, hospital services and providing information in the field of managed healthcare services; providing medical information regarding health examinations; healthcare for animals and providing information thereof; dietary and nutritional guidance; Animal breeding; Veterinary services; grooming beautification for animals; nursing care; beauty care services; providing information about beauty; make-up application services; Beauty consultation services in the selection and use of cosmetics; Massage and therapeutic Shiatsu massage; chiropractic services; Moxibustion; medical treatment for dislocated joints, sprain, and bone fractures; Bodywork therapy; Acupuncture; providing medical information using website or electronic bulletin boards via the computer or mobile phone; providing medical information using text messaging services; provision of medical information; collection and analysis of medical information for the purpose of medical treatment; medical consultancy on prescribing and wearing cultured skin for the treatment of skin conditions; providing medical information and consultancy on long-term care; medical consultancy on nursing care for the elderly, sick and physically handicapped; providing medical information to provide effective treatment by evaluation of recovery programs for patients during the recovery phase of illness; rental of medical imaging apparatus for medical use; Rental of medical apparatus and instruments; consultancy relating to medical examination services

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Custom manufacture of pharmaceuticals; Custom manufacture of chemical products; Custom processing of chemicals, pharmaceuticals, agricultural preparations, epidemic prevention preparations, quasi-drugs, and cosmetics; Custom manufacture of culture media, buffers, and reagents; Custom processing of therapeutic cells; custom manufacture and processing of human cells for medical purposes; custom manufacture and processing of human cells for scientific and research purposes; custom distillation and processing of chemical products, and consultancy and provision of information relating thereto; custom manufacturing and processing of protein arrays and chemicals, and consultancy and provision of information relating thereto; custom manufacture of soaps, cosmetics and perfumery, and consultancy and provision of information relating thereto; custom manufacture of peptide synthesis; custom manufacture of compound synthesis; custom extraction, purification and synthesis of medical products, namely, custom manufacture of medical preparations; custom manufacture of medicinal preparations and substances; custom manufacture of dietary supplements for humans; custom processing and manufacture of cells, viruses and genes; custom processing of medical materials, namely, surgical implants; custom processing and manufacture of genetically modified cells and vectors for production of human, animal and synthetic proteins; custom processing and manufacture of genetically modified cells and carriers for production of human, animal and synthetic proteins; custom processing and manufacture of biological products, namely, cells, viruses, genes and proteins; custom processing and manufacture of biomolecules including cells, viruses, genes and proteins; custom processing and manufacture of vectors, cultured cells and recombinant proteins for use in the field of biotechnology; custom processing and manufacture of biopharmaceuticals for use in manufacturing process; custom manufacture of cells for use in gene-manipulated DNA, biomass, cells, viruses, pathogens for scientific, research, medical and laboratory use; custom processing of genes of cells for use in gene-manipulated DNA, biomass, cells, viruses, pathogens for scientific, research, medical and laboratory use; custom processing and manufacture of biopharmaceuticals; custom processing and manufacture of biopharmaceuticals using biomass; custom manufacture of chemical substances for use in the field of life science, namely, pharmaceuticals and agricultural chemicals; rental of chemical processing machines; waste processing and treatment, namely, medical waste treatment, incineration of waste; custom processing of artificial limbs or artificial teeth; custom processing of medical materials; custom processing of chemical reagents

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Computer software design, computer programming, and maintenance of computer software; providing technology information relating to computer technology, automobile technology and industrial machine technology; testing, inspection or research of new pharmaceutical products, cosmetics or foodstuffs; research and development service of new products in the field of cytology; Cell culture services for scientific and research purposes, for others; Cell culture services for pharmaceutical and medical research purposes, for others; testing, inspections, research or development related to cell culture and tissue culture; research and development of new pharmaceutical products; research and development of new products in the field of life science; medical and scientific research and development of new products in the field of healthcare; technological research and development of new products in the field of healthcare; technological research and development of new products in the field of life science; provision of information on web portals relating to research and development of biopharmaceuticals that are manufactured using biological treatment and bioproduction platforms; research, development and consultancy relating to biotechnology, specifically in the fields of development of biological treatment products and bioproduction platforms in the nature of scientific use of living cells to develop products all for use in the manufacture of biopharmaceuticals; design and

development of computer platforms relating to biological treatment and bioproduction for use in the manufacture of biopharmaceuticals; Software as a service (SAAS) services, namely, hosting computer software for others for use in custom design and order of assay, nucleic acids and reagents in the fields of nucleic acid sequence analysis, genotyping, medical diagnosis, veterinary medicine diagnosis, clinical diagnosis, medical research, veterinary medicine research, diagnostic research, clinical research, drug discovery, drug discovery research, medical experimental research, veterinary medicine and research, life science, biology science, microbiology, biotechnology, agriculture, forensic medicine, food safety, metagenomics and genetics; scientific laboratory services relating to the isolation and cultivation of human tissues and cells; Culturing of cells for scientific research purposes; Research of induced pluripotent stem cells; Stem cell research services; Gene therapy research; Development of gene-based medicines; testing the functionality of machines, machine apparatus and machine instruments; testing functionality of medical machines; providing temporary use of online computer programs for managing data networks; rental of server memory space via a computer communications network; cloud computing featuring software for use in the preservation, analysis and sharing of information in the field of medical evaluation services; cloud computing featuring software for document processing; providing temporary use of online non-downloadable computer software for operating software for accessing and using a cloud computing network; rental of operating software for accessing and using cloud computing networks; server hosting; hosting software platforms for virtual reality-based virtual worlds on the Internet; information technology (IT) consultancy relating to installation, maintenance and repair of computer software; consultancy and information services relating to information technology architecture and infrastructure; providing temporary use of online computer software for data processing; medical research services, and consultancy thereof; electronic data storage using computers; electronic data storage of sound, data and image; services of biotechnical, chemical and pharmacological laboratories, namely scientific and technological research relating to the production of chemicals and biotechnological products for use in preparing pharmaceutical and veterinary preparations, as well as providing expert advice on the subject; biotechnology research; scientific research, namely, carrying out early evaluations in the field of new medicines as part of scientific research; development of new pharmaceutical preparations, medicines and medicaments being medicines; providing technological services, namely technological consultancy and scientific research in the field of development of new pharmaceutical products for use in the health care industries; scientific research in the field of pharmaceutical product evaluation as part of scientific research and analysis; research and development in the pharmaceutical field, namely, into new pharmaceutical products; scientific research and development with regard to medicines; scientific research and development of test products used in evaluating new medicines; scientific research; scientific research in the field of new medicines and provision of information relating thereto; software as a service (SaaS) featuring software for use in custom design and order of assay, nucleic acids and reagents in the fields of nucleic acid sequence analysis, genotyping, medical diagnosis, veterinary medicine diagnosis, clinical diagnosis, medical research, veterinary medicine research, diagnostic research, clinical research, drug discovery, drug discovery research, medical experimental research, veterinary medicine and research, life science, biology science, microbiology, biotechnology, agriculture, forensic medicine, food safety, metagenomics and genetics; software as a service (SaaS) featuring software for use in database management, for service desk management, for accounting, for use in image analysis and data analysis in the medical and biotechnology fields, for use in conducting medical examinations, diagnosis and treatment, namely, for analyzing medical data to provide suggested clinical interpretations for medical treatment purposes, for information management, data collection and data analysis for medical purposes, and for use by healthcare providers for reviewing, monitoring and communicating of medical images for the primary diagnosis, treatment and care of patients ; platform as a service (PaaS) featuring software for use in custom design and order of assay, nucleic acids

and reagents in the fields of nucleic acid sequence analysis, genotyping, medical diagnosis, veterinary medicine diagnosis, clinical diagnosis, medical research, veterinary medicine research, diagnostic research, clinical research, drug discovery, drug discovery research, medical experimental research, veterinary medicine and research, life science, biology science, microbiology, biotechnology, agriculture, forensic medicine, food safety, metagenomics and genetics; platform as a service (PaaS) featuring computer software platforms for use in database management, for use as a spreadsheet, for word processing, for use in image analysis and data analysis in the medical and biotechnology fields, for use in conducting medical examinations, diagnosis and treatment, namely, for analyzing medical data to provide suggested clinical interpretations for medical treatment purposes, for information management, data collection and data analysis for medical purposes, and for use by healthcare providers for reviewing, monitoring and communicating of medical images for the primary diagnosis, treatment and care of patients; providing temporary use of online computer programs for constructing platforms for providing service software applications; providing online non-downloadable software that performs scientific or technological data analysis using artificial intelligence in the field of pharmaceutical and medical research; providing online non-downloadable software that performs information processing using artificial intelligence; providing technological advice relating to computer software that utilizes artificial intelligence; design and development of computer software that utilizes artificial intelligence; image analysis, namely, conducting magnetic resonance imaging interpretation and analysis for the petroleum industry; video analysis, namely, forensic analysis of surveillance video for scientific research purposes; rental of computer software for document processing and computer hardware; rental of computer programs for document processing, for use in database management, for service desk management, for accounting, for use in image analysis and data analysis in the medical and biotechnology fields, for use in conducting medical examinations, diagnosis and treatment, namely, for analyzing medical data to provide suggested clinical interpretations for medical treatment purposes, for information management, data collection and data analysis for medical purposes, and for use by healthcare providers for reviewing, monitoring and communicating of medical images for the primary diagnosis, treatment and care of patients; electronic data storage and electronic data back-up services; design and development of operating software for accessing and using cloud computing networks; design, creation, and maintenance of computer programs for information management; maintenance of database software; hosting software platforms for virtual reality-based virtual worlds on the internet and communication networks; electronic storage of data, drawings, documents, digital photographs, music, images, videos and electronic data by cloud computing; Technological advisory services relating to machine engineering analysis; providing information, consultancy, and advices relating to computer program performance and operation methods; technological advisory services relating to machine engineering analysis, namely, technical project planning for the design engineering of machines, apparatus, instruments and systems composed of such machines, apparatus and instruments; testing the functionality of industrial machines and equipment; designing of machines, apparatus, instruments (including their parts) or systems composed of such machines, apparatus and instruments; design and development of computer hardware, software and software for database management; data encryption and decoding services; data analysis on technical matters, namely, data automation and collection service using proprietary software to evaluate, analyze and collect service data; industrial research in the field of chemical reagents; product testing for products in the scientific field; energy auditing; consultancy in the field of energy measurement to improve energy efficiency; computer information processing consulting, namely, technical consulting and information updates on industrial process control computer software; design and development of electronic data security systems; rental of computers; digitization of documents in the nature of scanning; electronic data storage; computer technology consultancy; off-site data backup;

monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access to ensure proper functioning; computer system design; computer software design; updating of computer software; maintenance of computer software; duplication of computer programs; data encryption services; conversion of data or documents from physical to electronic media; monitoring of computer systems for detecting unauthorized access or data breach; Hosting the web sites of others on a computer server for a global computer network; rental of computer software featuring software for use in custom design and order of assay, nucleic acids and reagents in the fields of nucleic acid sequence analysis, genotyping, medical diagnosis, veterinary medicine diagnosis, clinical diagnosis, medical research, veterinary medicine research, diagnostic research, clinical research, drug discovery, drug discovery research, medical experimental research, veterinary medicine and research, life science, biology science, microbiology, biotechnology, agriculture, forensic medicine, food safety, metagenomics and genetics; quality control for others, namely, providing quality control information on data collection results, data analysis results and data storage results of electronic data; providing temporary use of online non-downloadable software for data log collection, analysis and storage; quality control for others, namely, providing quality control information on collection results, analysis results and storage results of data logs; providing temporary use of online non-downloadable software for the collection, analysis and storage of big data and for providing information on collection results, analysis results and storage results of big data; providing temporary use of online nondownloadable computer software for scientific and technical analysis of data using artificial intelligence (AI); providing temporary use of online nondownloadable computer software for corporate data analysis and report creation; providing temporary use of online non-downloadable software for the collection, analysis and temporary storage of electronic data; providing temporary use of online nondownloadable computer software for document processing; design, development, maintenance, update and rental of computer software for document processing; providing information on the design of computer hardware and software for document processing; installation and maintenance of computer programs for document management; design, creation and maintenance of computer software for document processing; computer programming services in the field of electronic data security; consultancy and advice on the design and development of electronic data security systems; information processing using computers, namely, data conversion of electronic information; electronic information data conversion from physical to electronic media using computers; remote access monitoring of computer systems used for document processing to ensure proper functioning; remote monitoring services of computer programs used for document processing to detect and restrict unauthorized access of these systems by others; providing temporary use of online nondownloadable document management application software; Application service provider (ASP) featuring computer software for health management performed by managing body weight, body fat percentage and body composition information; Providing computer websites featuring technology enabling users to track health management by managing weight, body fat percentage and body composition information; rental of measuring apparatus; rental of laboratory apparatus and instruments; providing temporary use of online nondownloadable computer programs with artificial intelligence functions for health management by managing weight, body fat percentage and body composition information; consultancy and advice on designing computer programs using artificial intelligence; consultancy in the field of biotechnology testing and research; Creating and maintaining web sites for others; Internet security consultancy; Website design consultancy; Development of computer platforms; Monitoring of computer system operation by remote access; Design of computer-simulated models; Computer security consultancy; Information technology (IT) support services, namely, troubleshooting of computer software problems; Creating and maintaining websites for others; Software engineering services for data processing; Data security consultancy; Telecommunication network security consultancy; User authentication services using blockchain technology for cryptocurrency translations; Computer programming of smart contracts on a blockchain;

Rental of web servers; Providing virtual computer environments through cloud computing; Hosting software platforms for virtual reality-based work collaboration; Providing virtual computer systems through cloud computing; Hosting computer websites; Computer rental; Rental of data center facilities; Blockchain as a service (BaaS), namely, providing online non-downloadable software development tools for creating blockchain-based applications provided by a blockchain as a service (BAAS)

GOODS AND SERVICES INFORMATION

For Pharmaceutical preparations for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; pharmaceutical preparations and substances for the treatment of viral diseases, infectious diseases, cardiovascular diseases, metabolic disorders, endocrine disease, circulatory diseases, cardiopulmonary diseases, neoplastic diseases, liver diseases, eye diseases, respiratory diseases, neurologic diseases, digestive diseases, immune system diseases and immune system disorders; pharmaceutical preparations for the treatment of cancer and viral infections; pharmaceutical preparations for gene therapy; pharmaceutical preparations for diagnosis, treatment and prevention of alzheimer diseases; pharmaceutical preparations, veterinary preparations and sanitary preparations for use in the field of gene therapy; Dietetic preparations adapted for medical purposes, namely, gene therapy; biochemical preparations for medical and diagnostic purposes, namely, for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders,

allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; diagnostic preparations for medical or veterinary use; diagnostic preparations for diagnosis and analysis of genetic abnormalities, viral diseases, infectious diseases, circulatory diseases and cancer for medical purposes; medical diagnostic reagents; biochemical preparations for medical purposes, namely, for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; Biological preparations for medical purposes, namely, for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; Biological tissue cultures for medical purposes; biological and chemical reagents for medical or veterinary purposes, namely, for treating viral diseases, infectious diseases, circulatory diseases and cancer; Preparations of microorganisms for medical or veterinary use; reagent paper for medical purposes; biological cells for medical or veterinary use; cultured microorganisms for medical or veterinary use; Protein arrays for diagnosing cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; synthetic peptides, nucleic acids and complexes of these molecules for the treatment of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; synthetic peptides, nucleic acids and complexes of these molecules for gene therapy and for the treatment of genetic abnormalities in viral diseases, infectious diseases, circulatory diseases and cancer; gene therapy products, namely, modified cells for medical use; vectors for gene therapy, namely, biological preparations in the nature of vectors for medical use for the treatment of genetic abnormalities in viral diseases, infectious diseases, circulatory diseases and cancer; gene-manipulated cells and biological preparations in the nature of vectors for use in the manufacture of human proteins, animal proteins and synthetic proteins for medical, treatment and clinical use for the treatment of genetic abnormalities in viral diseases, infectious diseases, circulatory diseases and cancer; biological preparations for use in clinical and medical treatment using cell therapy; gene-manipulated carriers in the nature of viral

vectors and cells for use in the manufacture of human proteins, animal proteins and synthetic proteins for medical treatment and clinical medical use for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer in human beings and animals; biological preparations for veterinary purposes, namely, for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; biological preparations for the treatment of cancer; veterinary diagnostic preparations; pharmaceutical preparations for use in medical testing, namely, for diagnosis of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; vaccines; vaccine preparations; radiopharmaceuticals for use in nuclear medicine for diagnosis purposes; diagnostic radiopharmaceutical preparations; radioactive pharmaceutical preparations for in vivo diagnostics or therapeutic use in the treatment of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; liposome preparations for use in pharmaceuticals, medical or veterinary preparations being biological preparations for the treatment of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; liposome preparations being biological preparations for the treatment of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases,

circulatory diseases and cancer; biological cell tissue culture pieces for transplant operation; medical reagents for medical purposes, namely, for medical use with skin, cartilage, cornea, liver, nerves, blood vessels and other cells; medical reagent kits consisting primarily of biological cultures in the nature of cell lines, reagents, enzyme substrates, genetically modified biochemical preparations for medical purpose for the treatment of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; cell growth media for growing cells for medical use; biological growth media for growing bacteriological cultures for medical purposes; culture media for cultivating microorganisms for medical purposes; culture media for cultivating microorganisms for sanitary inspection for medical purposes; diagnostic media for bacteriological cultures for medical purposes; cellular function activating agents for medical purposes; cells for medical use; stem cells for medical purposes; pharmaceutical cell preparations for treating cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; Capsules sold empty for medicines; capsules sold empty for pharmaceuticals; medicinal preparations and substances for the treatment of viral diseases, infectious diseases, circulatory diseases and cancer; agents for dispensing purposes, namely, drug delivery agents consisting of compounds that facilitate delivery of a wide range of pharmaceuticals; diagnostic reagents for medical or veterinary use; reagents for analysis for medical or veterinary use; reagents for medical diagnosis and medical analysis of viral diseases, infectious diseases, cardiovascular diseases and neoplastic diseases; reagents for use in medical or veterinary genetic testing; diagnostic biomarker reagents for medical purposes; diagnostic preparations for blood testing for medical purposes, namely, medical diagnostic test strips for analysis of blood; blood medical tests kits comprised of medical diagnostic test strips for analysis of blood; synthetic peptides, collagen and protein arrays produced by gene recombination for medical or veterinary use; synthetic peptides, proteins arrays and nucleic acids or complexes of these molecules for detecting gene expression and localizing proteins as well as for integrating foreign nucleic acids into the genome of living cells, for medical or veterinary purposes; biotechnological preparations for medical purposes for the treatment of cardiovascular disease, central nervous system diseases and disorders, neurological disorders, urological, urogenital disorders and, gastrointestinal disorders, musculoskeletal disorders, allergies, diabetes, hypertension, erectile dysfunction, sexual dysfunction, stroke, migraines, pain, obesity, inflammation and inflammatory disease, respiratory diseases, immunological, bacterial, viral and fungal disorders, metabolic diseases, mental illness, depression, psychosis, bone and mineral diseases, infertility, menopausal complaints, hormone deficiencies, sleep disorders, viral diseases, infectious diseases, circulatory diseases and cancer; medical biological tissue cultures for gene cell therapy; cell culture media for cultivating stem cells for medical purposes; Capsules made from gelatin sold empty for pharmaceuticals for medicinal purposes; nucleic acid sequences for medical and veterinary purposes; Oiled paper for medical purposes; adhesive tapes for medical purposes; Drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; Gauze for dressings; Empty capsules for pharmaceuticals; Eyepatches for medical purposes; Ear bandages; Menstruation bandages; Menstruation tampons; Sanitary napkins; Sanitary panties;

Absorbent cotton for medical use; Adhesive plasters for medical use; Bandages for dressings; Liquid bandages for skin wounds; Breast-nursing pads; Cotton swabs for medical use; gelatin capsules sold empty for pharmaceuticals; antibacterial substances for medical purposes, excluding for laundry or industrial purposes; dietary supplements for humans; nutritional supplements for animal foodstuffs; dietetic beverages adapted for medical purposes; dietetic food adapted for medical purposes; dietary supplements for animals; dental materials, namely, composite materials, impression materials; test kits comprising peptide substrates used in analyzing and detecting certain toxins for medical purposes for medical diagnosis; cotton swabs for medical purposes; live biological tissue intended for subsequent implantation; implants comprising living tissue; cultured preparations of microorganisms for medical purposes; cultured preparations of microorganisms for veterinary purposes; cultures of microorganisms for medical purposes; bacteria removing preparations and antibacterial preparations, other than for medical and veterinary use and not for laundry purpose, not included in pharmaceutical preparations, as ingredients included for use in the manufacture of food and antibacterial agents for industrial purposes, for use in the manufacture of food

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of Two capitalized letters, "F" and "B", positioned near the top and centered within the image. These letters are in print, or, non-cursive style. These letters are overlapping, with the "F" superimposed over the "B". The top arm of the "F" is placed so that it is perfectly aligned with the starting point of the upper bowl of the "B". The middle arm of the "F" is placed unevenly over "B"; this arm covers where the upper and lower bowl of the "B" meet. The middle arm of the "F" is placed so that it slightly covers the enclosed area of the upper bowl of the "B". The upper half of the vertical stroke of the "B" is not visible above the middle arm of "F". The vertical stroke of the "B" can only be seen underneath the middle arm of "F". A thin white line runs between the overlapping portions of the letters, ensuring they are distinguishable from each other. The upper halves of the letters "F" and "B" exhibit a gradient color effect. The letter "F" transitions from orange at the top to a more transparent orange towards the center. Similarly, the letter "B" transitions from gray at the top to a more transparent gray towards the center. This gradient effect stops abruptly slightly above the midpoint of each letter, where the colors return to their initial, non-transparent orange and gray and continue uniformly to the bottom of the letters. The gradient effect stops in a curved shape. Below the letters "F" and "B", the text "formalbuilder.com" is displayed in lowercase print, or, non-cursive script. The word "formal" is colored in the same orange as the top of the letter "F", and "builder.com" is in the same gray as the top of the letter "B". Directly beneath "formalbuilder.com" is the phrase "YOUR EVENT . DELIVERED" in all capital letters, in non-cursive style, with each letter and punctuation mark spaced out evenly. This phrase is rendered in black and in a different font style from " formalbuilder.com". The entire mark is set against a plain white background. This white background is visible in the blank spaces inside the letters, such as the interior of the "o", and in the area between the overlapping portions of the letters "F" and "B", ensuring they remain visually distinct. **Color Drawing** Yes **Color Claimed** The color(s) orange, light orange, gray, light gray, black, and white is/are claimed as a feature of the mark.

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a three-dimensional configuration of product packaging comprised of a transparent flask shaped glass bottle with a gray metal cap and red and white labels. The bottle includes a short cylindrical neck in the center of the bottle shoulders and has an extruding lip. Below the neck, the bottle is etched with a Talavera inspired design, except for a rectangular area, with rounded corners, on the front and back of the bottle that is smooth for adhesion of the label. The etching on the back of the bottle includes the wording "DE MÉXICO". The gray metal cap is an elongated cylindrical shape with a rounded lip on the bottom, a tapered upper portion, and flat top. The front label is longer vertically corresponding to the shape of the bottle and includes, centered vertically, first wording "GRAN MALO" in large red letters. Directly above the wording, in smaller red lettering, is second wording "EL ÚNICO". Above the second wording is a drawing in red of two figures by a campfire, one figure is a devil and the other figure is a skeleton. The letters "GM" in red appear centered above the campfire and figures. Below the first wording appears two small red glasses half full of liquid. The outer edge of the label includes the following in Latin, "MAGNO MALO, SOLUS TUIS, QUAESUMUS, INFUNDAS MAGIA IN FAUCIBUS LIBERA NOS PERICULIS EXPECTARE NOCTE QUICUMQUE IRE BIBE IUS CUM SALTARE SUB LUMINE DOMINA LUNAM DOMINORUM, ETIAM IN AERI SEQUENTUR ASTRA" in red. The drawing of the two figures is encased by a thin red line with second wording appearing below the horizontal bottom line portion of the encasing thin red line. A second horizontal thin red line separates the second wording from the first wording and a third horizontal thin red line separates the first wording from the two small red glasses of liquid. A thin red line encases the drawing of the two figures, the first wording, the second wording, the two glasses of liquid, and the previously described thin red lines, with the Latin phrase appearing outside this thin red line. The back label is square in shape with rounded corners and includes third wording of "GRAN MALO" in

small red letters in the upper left corner. The shape of the bottle and cap are not claimed as a feature of the mark and the broken lines depicting the bottle and cap indicate placement of the mark on the good and are not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) red, white, and gray is/are claimed as a feature of the mark. **Disclaimer** "DE MÉXICO" **Translation** The English translation of "EL ÚNICO GRAN MALO" and "DE MÉXICO" and "MAGNO MALO, SOLUS TUIS, QUAESUMUS, INFUNDAS MAGIA IN FAUCIBUS LIBERA NOS PERICULIS EXPECTARE NOCTE QUICUMQUE IRE BIBE IUS CUM SALTARE SUB LUMINE DOMINA LUNAM DOMINORUM, ETIAM IN AERI SEQUENTUR ASTRA" in the mark is "The only great bad" and "from Mexico" and "Great evil, you are the only one, your servants, we beg you pour your special magic down our throats and free us from the dangers that the night awaits for those of us who are going to drink your elixir while we dance under the light of the lady moon, and the lords stars in the sky".
