

# Updates from the Office of Policy and International Affairs (OPIA)

Mary Critharis

Chief Policy Officer and Director for International Affairs

UNITED STATES  
PATENT AND TRADEMARK OFFICE

# Introductions

- Chief Policy Officer
- Senior Level Attorneys
  - Nancy Omelko - International focus
  - Domestic focus
- IP Attachés
  - David Kellis – Mercosur, Suriname and French Guiana and Guyana (Rio de Janeiro)
  - Juli Schwartz – Eastern and Central China, Taiwan (Shanghai)
  - Hélène Liwinski – World Trade Organization (Geneva)

# ICANN updates

- ICANN's (Internet Corporation for Assigned Names and Numbers) current and future efforts that implicate trademark-related matters include the following:
  - Access to, and disclosure of, WHOIS domain name registration record information.
  - Procedures to be followed in any future rounds discussing new generic top level domains (gTLDs). No timeline for new gTLDs has been set.
  - Protections for inter-governmental organizations' (IGOs') acronyms in gTLDs. The working group addressing the matter will issue a preliminary report for public comment in August 2021.
  - Review of the Uniform Domain Name Dispute Resolution Policy (UDRP), which will begin this fall.
- The ICANN72 23<sup>rd</sup> Annual General Meeting Virtual Policy Forum will be held on Oct. 23-28, 2021.

# Update on Madrid-related developments at the World Intellectual Property Organization

- World Intellectual Property Organization (WIPO) virtual seminar for advanced users
- Madrid Member Profiles Database Questionnaire
  - 178 questions
  - Comprehensive explanation of U.S. practice and procedure for use by Madrid System users
- Madrid System Yearly Review 2021
  - [wipo pub 940 2021- Document Link](#)
  - Statistics from calendar year 2020

# TM5

- TM5 Partners held an IT Expert Meeting earlier this week to discuss tech and the trademark registration processes. Topics included:
  - New emerging technologies (NET) and artificial intelligence (AI) to examine identifications of goods and services
  - Application of latest technologies to trademark workflows, including blockchain, AI, and machine learning
  - Telework IT initiatives to maintain examination quality while working remotely
- Working level meeting in September
- 2021 TM5 Annual Meeting scheduled for November 3-5

# Requests for attestation

- The USPTO is working with Department of State
- OPIA and IP Attachés are gathering further information from, and exploring potential flexibilities with, various foreign IP offices
- We welcome information from stakeholders including about:
  - Whether there are certain jurisdictions in which delays in obtaining attestations pose particularly difficult challenges;
  - The circumstances in which attestations are most frequently required; and
  - The types of attestation documents that are required most frequently.

# OPIA training – some highlights

- Exchange on Geographical Indications (GIs) with India
- Webinar on geographical indications with the African Regional Intellectual Property Organization (ARIPO)-USPTO
- Workshop on advanced trademark examination with Mercosur
  - Argentina, Paraguay, Uruguay

# Enforcement update
