Hi

I am writing to complain about the fee to challenge trademarks. Many trademarks are filed and approved when they should not be. Fro example "dogs" was just recently approved. This is an everyday word. It should not have been approved. Now if Jim's Dogs Farm was approved that would make sense. We need to be able to challenge these trademarks but a \$100 fee is just insane. There are too many trademarks that require our attention and challenge. With this new \$100 it make sit impossible to do our job. Please stop this fee issue.
