Proposed Fee for LOP's.... I didn't think you guys could get any more corrupt. A federal investigation needs to take place. Not only are you approving trademarks for things like DOGS, but you are also going to charge people fees to file letters of protest to protect themselves from THE VERY FRIVOLOUS TRADEMARKS YOU GUYS ARE PAID OFF TO APPROVE?! Here is an idea: DO YOUR JOBS and stop approving frivolous trademarks! This fee isn't to offset costs of reviewing LOPS. This fee is a deterrent to people keeping YOU IN CHECK. If you really wanted to do good, you would charge a fee for every trademark filed that was found non-functional due to ornamental use. You are fooling no one.
