

Multifactor Authentication With QR Code Functionality

- 1 In the *Sign in with Okta FastPass*, type your **email address** and select **Next**.

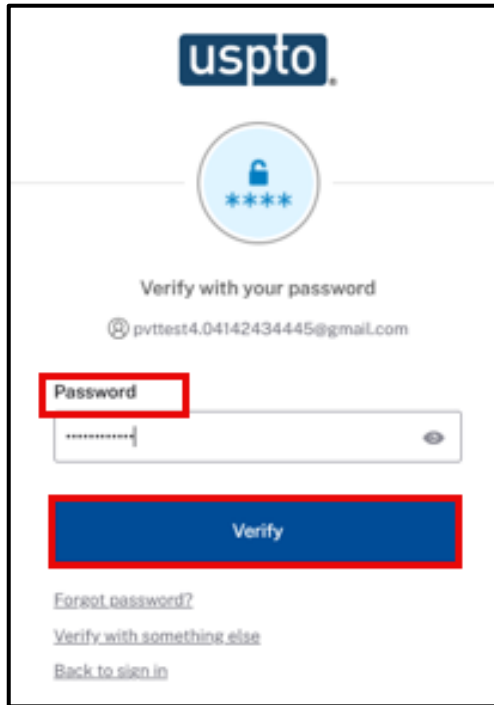

The image shows the USPTO sign-in interface. At the top is the 'uspto' logo. Below it is the heading 'Sign in'. There is a button labeled 'Sign in with Okta FastPass' with a blue checkmark icon. Below this button is the text 'OR'. Underneath is the 'Email address' label, followed by a text input field containing 'pvttest4.04142434445@gmail.com'. Below the input field is a checkbox labeled 'Keep me signed in'. At the bottom of the main form area is a large blue button labeled 'Next'. Below the button are three links: 'Unlock account?', 'Help', and 'Create a USPTO.gov account'.

- 2 In the *Verify it's you with a security method* screen, press **Select** next to **Password**.

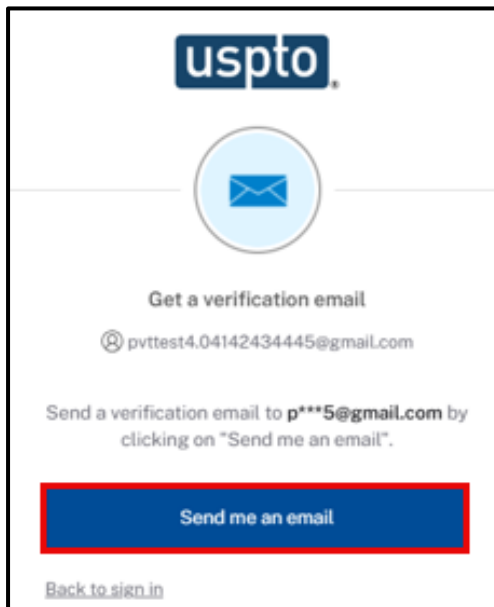

The image shows the USPTO verification screen. At the top is the 'uspto' logo. Below it is the heading 'Verify it's you with a security method'. Underneath is the email address 'pvttest4.04142434445@gmail.com'. Below the email address is the text 'Select from the following options'. There are two options: 'Email' with a blue envelope icon and 'Password' with a blue key icon. Each option has a 'Select' button next to it. The 'Select' button for 'Password' is highlighted with a red box. Below the options is a link 'Back to sign in'. At the bottom of the screen is a disclaimer: 'By signing in, I certify to the USPTO's Terms of Use and USPTO Privacy Policy.' followed by a paragraph of legal text and a link to 'USPTO website terms of use'.

- 3** Type your **Password** then click **Verify**.

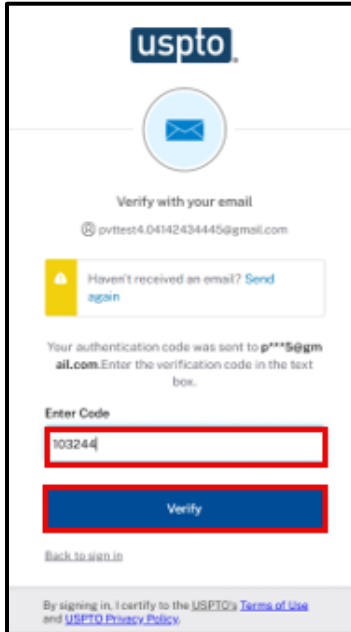

The screenshot shows the USPTO password verification interface. At the top is the 'uspto' logo. Below it is a circular icon with a padlock and four asterisks. The text 'Verify with your password' is centered, followed by the email address 'pvttest4.04142434445@gmail.com'. A red box highlights the 'Password' label above a text input field containing masked characters. Another red box highlights the blue 'Verify' button. At the bottom, there are three links: 'Forgot password?', 'Verify with something else', and 'Back to sign in'.

- 4** Once your password has been verified, you will be prompted to request a verification email. In the *Get a Verification email* screen, click **Send me an email**.

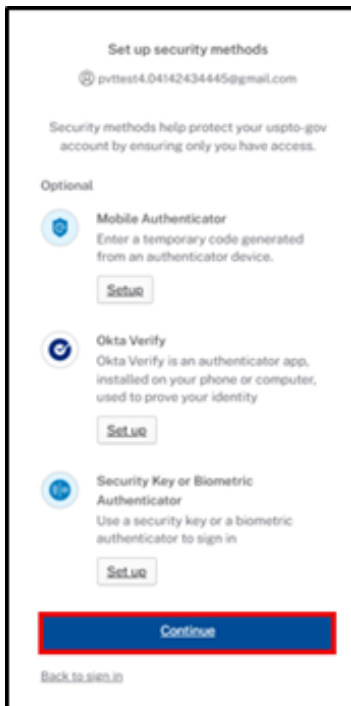

The screenshot shows the USPTO 'Get a verification email' screen. At the top is the 'uspto' logo. Below it is a circular icon with an envelope. The text 'Get a verification email' is centered, followed by the email address 'pvttest4.04142434445@gmail.com'. Below this, it says 'Send a verification email to p***5@gmail.com by clicking on "Send me an email"'. A red box highlights the blue 'Send me an email' button. At the bottom, there is a link: 'Back to sign in'.

- 5** Check your email for the **Authentication Code** and type it in the **Enter Code** field and select **Verify**.

The screenshot shows the 'Verify with your email' screen on the USPTO website. At the top is the USPTO logo. Below it is an email icon and the text 'Verify with your email'. The email address 'pvttest4.04142434445@gmail.com' is displayed. A yellow button with an envelope icon says 'Haven't received an email? Send again'. Below this, it says 'Your authentication code was sent to p***5@gmail.com. Enter the verification code in the text box.' There is a text input field labeled 'Enter Code' containing '103244'. Below the field is a blue 'Verify' button. At the bottom left is a link 'Back to sign in'. At the bottom, there is a footer with the text 'By signing in, I certify to the USPTO's Terms of Use and USPTO Privacy Policy.'

- 6** Select the setup **security method** of your choice and select **Continue**.

The screenshot shows the 'Set up security methods' screen on the USPTO website. At the top is the text 'Set up security methods' and the email address 'pvttest4.04142434445@gmail.com'. Below this is the text 'Security methods help protect your uspto-gov account by ensuring only you have access.' and the word 'Optional'. There are three security methods listed: 'Mobile Authenticator' with a 'Setup' button, 'Okta Verify' with a 'Setup' button, and 'Security Key or Biometric Authenticator' with a 'Setup' button. At the bottom is a blue 'Continue' button. At the bottom left is a link 'Back to sign in'.

7

Scan the **QR code** from your mobile phone using your preferred authenticator app, then select **Next**.

The screenshot shows the 'uspto' logo at the top. Below it, the heading 'Set up security methods' is followed by the email address 'pvttest4.04142434445@gmail.com'. A message states: 'Security methods help protect your uspto-gov account by ensuring only you have access.' The section 'Scan QR code' includes instructions: 'Launch your authenticator app and choose Add Account → select the option to scan a barcode or QR code.' A QR code is displayed in a red box. Below the QR code is a link 'Can't scan?'. At the bottom, there are two buttons: 'Next' (highlighted with a red box) and 'Continue'. A link 'Back to sign in' is at the very bottom.

8

If you are unable to scan the **QR code**, manually enter the **provided key** into your preferred authenticator app. After completing the setup, select **Next** to continue.

This screenshot is similar to the previous one, showing the 'uspto' logo, the heading 'Set up security methods', the email address 'pvttest4.04142434445@gmail.com', and the security message. The 'Scan QR code' section has the same instructions. The QR code is present but not highlighted. Below it is the 'Can't scan?' link. A new section 'Manual entry code' is highlighted with a red box, showing the code 'VSXBEICN HKDJCNOR'. Below this is the 'Next' button (highlighted with a red box). The 'Back to sign in' link is at the bottom.

- 9** Open your authenticator app on your mobile device and enter the **six-digit code**. Select **Verify** to continue.
