

Install Okta Verify on Windows

UNITED STATES
PATENT AND TRADEMARK OFFICE ®

- 1 Make sure you have an account set up at <https://my.uspto.gov/>. After your account is set up, on the sign in page, select “Log in with USPTO.gov account”.

A screenshot of the USPTO sign-in form. At the top is the 'uspto' logo. Below it is the 'Sign in' heading. There are two main options: 'Sign in with Okta FastPass' (which is selected with a blue checkmark) and 'Email address' (which is highlighted with a blue border). Below the email input field is a checkbox for 'Keep me signed in'. At the bottom is a large blue 'Next' button. Below the button are three links: 'Unlock account?', 'Help', and 'Create a USPTO.gov account'.

- 2 On this next screen, select Download here.

Click "Open Okta Verify" on the browser prompt

Didn't get a prompt?

3

After downloading the application, it will appear in your Downloads folder. Double click on the application and a prompt will appear, "Do you want to allow this app to make changes to your device?" Click yes. Select the box "I agree" to License terms and conditions, and select Install

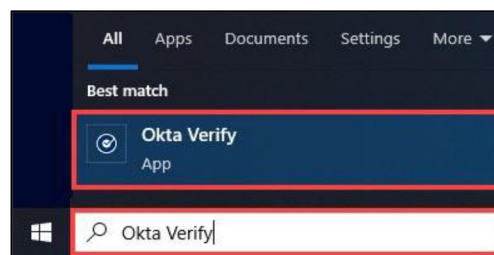

- 4 You will then see a pop-up window. Select Finish and proceed with further steps.

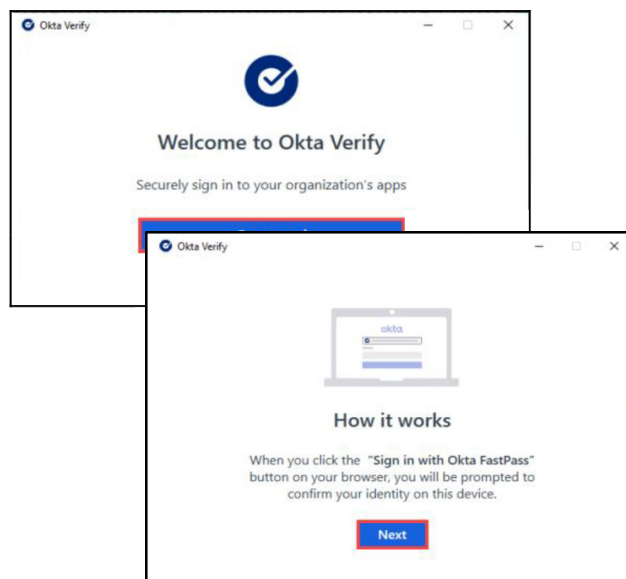

- 5 In the Search Windows box, type Okta Verify, then select Okta Verify.

You can also select the Windows key button and type in Okta Verify in the search bar to find the application.

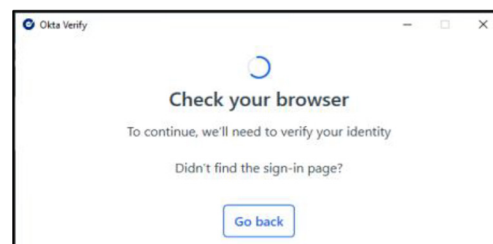

- 6 From the Welcome to Okta Verify screen, click Get Started, then click Next.

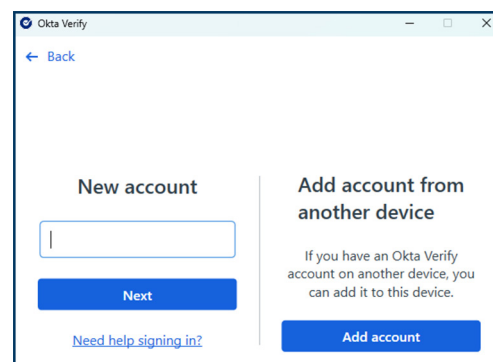

- 7 From the First, enter your sign-in URL screen. Enter auth.uspto.gov. Click Next.

Wait a moment for Okta Verify to automatically open your web browser.

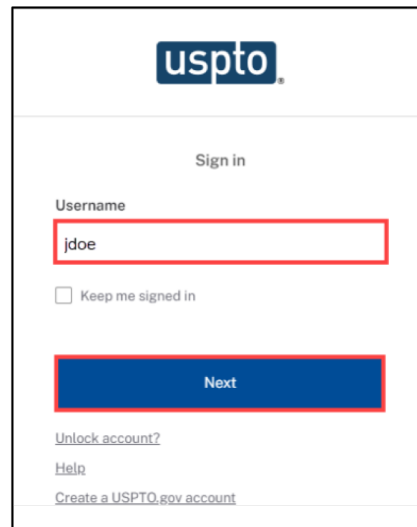

Some may see a new account window pop up and can type in https://auth.uspto.gov and click next.

- 8 Once the web browser opens, in the username field enter your email address, and select Next.

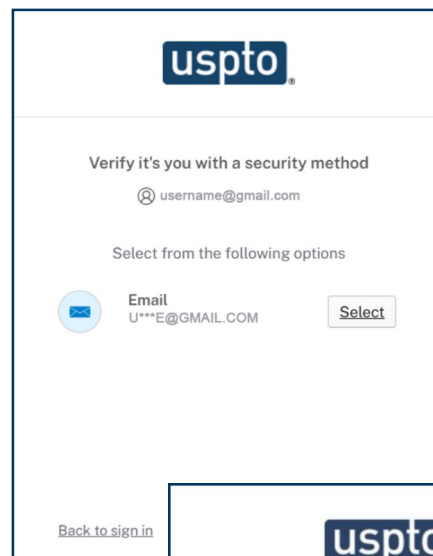

Example: jdoe

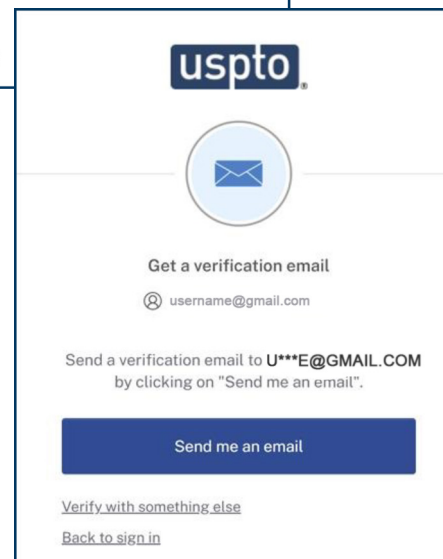

The image shows the USPTO sign-in page. At the top is the 'uspto' logo. Below it is the heading 'Sign in'. There is a 'Username' label above a text input field containing 'jdoe'. Below the input field is a checkbox labeled 'Keep me signed in'. A blue 'Next' button is highlighted with a red border. At the bottom are links for 'Unlock account?', 'Help', and 'Create a USPTO.gov account'.

- 9 Select email and follow the prompts until your verification is confirmed.

Select Send me an email.

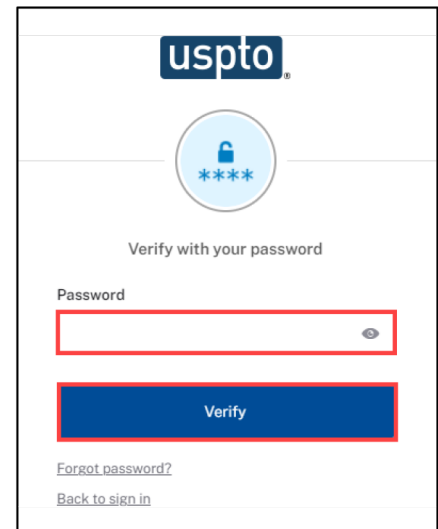

The image shows the USPTO verification page. At the top is the 'uspto' logo. Below it is the heading 'Verify it's you with a security method'. There is a user icon and the email 'username@gmail.com'. Below that is the text 'Select from the following options'. There is a blue circle with an envelope icon next to the text 'Email U***E@GMAIL.COM'. A 'Select' button is to the right. At the bottom left is a link 'Back to sign in'.

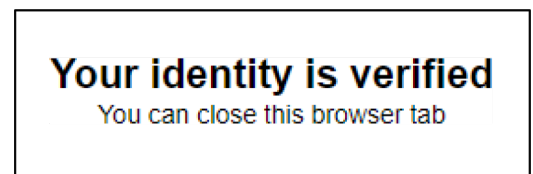

The image shows the USPTO page for getting a verification email. At the top is the 'uspto' logo. Below it is a large blue circle with an envelope icon. Below that is the heading 'Get a verification email'. There is a user icon and the email 'username@gmail.com'. Below that is the text 'Send a verification email to U***E@GMAIL.COM by clicking on "Send me an email"'. A blue 'Send me an email' button is highlighted. At the bottom are links for 'Verify with something else' and 'Back to sign in'.

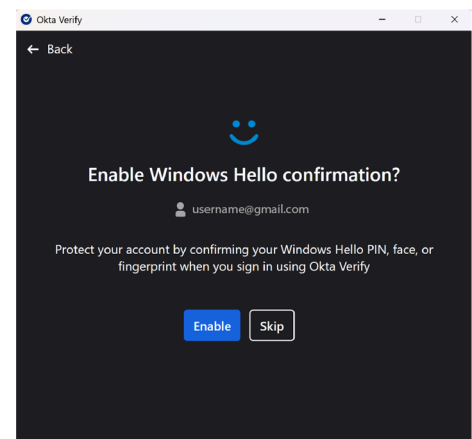

- 10** Once you have entered the verification code, enter USPTO.gov account password, then click Verify.

A screenshot of the USPTO login verification page. At the top is the 'uspto' logo. Below it is a circular icon with a blue padlock and four asterisks. The text 'Verify with your password' is centered. There is a 'Password' label above a red-outlined text input field. Below the input field is a blue 'Verify' button, also with a red outline. At the bottom, there are two links: 'Forgot password?' and 'Back to sign in'.

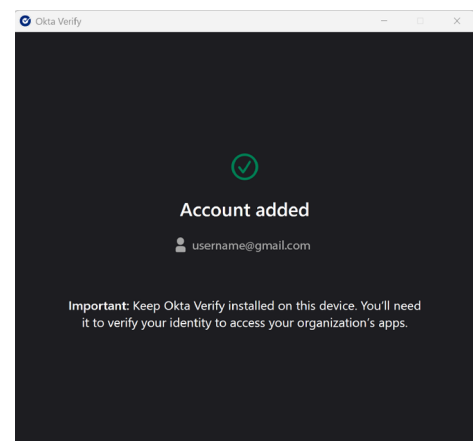

- 11** Once you see the verified message in the browser you can close the browser tab and navigate back to Okta Verify to finish setting up your account.

- 12** When you see the prompt to enable Windows Hello, select Skip.

- 13** When you skip that prompt, you'll see Account added. Your setup is complete.
