FOREWORD

The Roster of Attorneys and Agents Registered to Practice Before the United States Patent Office is an official record of the Patent Office comprising the name, address, business or firm affiliation - if any, enrollment classification and number and bar membership of each individual accepted to practice before the Patent Office. During the past year this record was revised to accord with information furnished by attorneys, agents and firms in response to request by the Patent Office and public notice of revision of the Roster. No data is listed for individuals who failed to respond. Individuals who expressly requested to be placed in inactive status are not included in the public Roster. The Roster is maintained current with changes recorded upon receipt of notice of change from enrollees and upon direction of the Committee on Enrollment and Disbarment. It is open to public inspection in the Patent Office in Washington, D. C.

This pamphlet is an extract of the official Roster containing the names and addresses of all individuals and firms as recorded in the U. S. Patent Office on January 1, 1949. Individuals are not differentiated as to their availability or unavailability to render the public professional services.

The contents of this pamphlet are presented in three sections, as follows:

Individuals in the United States. This section includes the names and addresses of the registered patent attorneys and agents whose addresses of record are in the United States.

Individuals in Foreign Countries. This section includes the names and addresses of the registered patent attorneys and agents whose addresses of record are in a country other than the United States.

Firms. This section includes the names and addresses of all firms of patent attorneys and agents registered to practice before the U. S. Patent Office.

The items listed in each section are grouped geographically by States or Countries and in some instances by major cities within States or Countries. Listings thereunder are arranged in alphabetic order according to the surname of each individual or the first surname appearing in the name of each firm. The geographic arrangement is indicated in the Table of Contents.
