FEE DEFICIENCY PAYMENT**(please complete this section if you are correcting prior payments that were erroneously made in the small entity amount)**

☐ Applicant or patentee asserts that small entity status was previously established in good faith, and that small entity status either was established in error, or the USPTO was not notified of a loss of entitlement to small entity status through error. See 37 CFR 1.28(c).

As required by 37 CFR 1.28(c)(2), you MUST ITEMIZE the fee deficiency. Please use the chart below to itemize the amounts for the above-identified application or patent. If you need more space to list the fees, please submit multiple forms. See below and the instructions on page 3.

Fee Description or Type	Current Fee Amount [◇]	Amount Previously Paid	Date Previously Paid	Deficiency Owed
Total Deficiency Owed (sum of all entries in "Deficiency Owed" column)				

[◇] The "current fee amount" refers to the undiscounted rate listed on the current USPTO fee schedule on the date this paper is submitted and the deficiency is paid in full. The USPTO fee schedule is available at www.uspto.gov/Fees. For more information about correcting errors in small entity status, see section 509.03(b) of the MPEP. The MPEP is available at www.uspto.gov/MPEP.

NOTIFICATION OF LOSS OF SMALL ENTITY STATUS
Instructions for Small Entity Fee Deficiency Calculation

[Page 3 of 3; this page is not to be submitted to the USPTO]

Small entity status permits reductions to fees for filing, searching, examining, issuing, appealing and maintaining patent applications and patents. The current USPTO fee schedule reflects which specific fees are subject to small entity status reductions.

All fees in the present application that were paid in an unentitled reduced amount due to an erroneous entity status need to be itemized in terms of current fee amount for the corrected entity status, amount previously paid for each fee, payment date for each previously paid fee and the deficiency owed for each previously paid fee. Then all fee payment deficiencies need to be added together to determine the total deficiency owed. The deficiency payment must include the deficiency for all the itemized fees in a single application or patent paid in an unentitled reduced amount due to the erroneous entity status assertion. Where more than one application or patent is involved, separate submissions for payment of the total deficiency determined for each application or patent is required. A stepwise instruction for itemization of the total deficiency payment for a single application or patent is as follows:

- (i) Audit the fee history of the application for fees paid in an unentitled reduced amount by consulting the current USPTO fee schedule to determine whether each fee paid was subject to an entity status discount. The current USPTO fee schedule can be found at www.uspto.gov/learning-and-resources/fees-and-payment/uspto-fee-schedule.
- (ii) List each current fee amount due in the "Current Fee Amount" column based upon the proper entity status for each previously paid fee identified in step (i).
- (iii) List the amount paid in the "Amount Previously Paid" column, for each fee identified in step (i) that was paid in an unentitled reduced amount due to an erroneous entity status assertion.
- (iv) List the date each previously paid fee was paid in the "Date Previously Paid" column.
- (v) Subtract the fee amount listed in each row's "Amount Previously Paid" box from the corresponding amount listed in the "Current Fee Amount" box for each row, and place the difference in the "Deficiency Owed" box for that row. Repeat this calculation for each row, until all rows have been addressed.*
- (vi) Add up all the amounts listed in the "Deficiency Owed" column and place it in the "Total Deficiency Owed" box at the bottom of the "Deficiency Owed" column; and
- (vii) Go to the "Fee Deficiency Payment" section on page two and follow the payment instructions for the method of payment chosen to pay the amount listed in the "Total Deficiency Owed" box.

* When the fee amount listed in the "Amount Previously Paid" box was subject to a fee decrease as reflected in the "Current Fee Amount" box, the amount that must be listed in the "Deficiency Owed" box is the same amount listed in the "Amount Previously Paid" box. See 37 CFR 1.28(c)(2)(i).
