Protest

Now the PTO must patent in during 1 year for filling fee \$400 for small business.

They want to announce it AS PRIORITY examination (Track 1) one year and take \$1090 !!!!

We protest against increasing of the filling fee for an individual inventors and for a small business in Track 1..

The filling fee the PTO can request in Track 3 only AFTER the applicant will ask the examination.

The USPTO (or LOC) must free to publish in Internet the applicatuion of Track 3 and the time for Track 3 must be 10-18 years.
