Subject: Satellite Offices

Sir:

I was surprised along with many of my colleagues that Detroit was selected as a satellite office. The five regions of domestic applications and I assume customers in order of their size are as you well know; Greater New York; Greater SF Bay; Greater Los Angeles; Greater San Diego and Greater Boston. Establish five satellite offices there.

Most successful businesses, including patent firms, locate in the general vicinity of their clients/customers. The satellite PTO offices should not be a jobs program for unemployed automotive engineers or any other workforce element. Service to the stake holders must always be the driving force.

Personally, I prefer Santa Fe, New Mexico, to Detroit.
