Subject: "Post-grant review" provisions of the AIA (Chapter 32) -- request to volunteer

Dear USPTO,
Regarding the "Post-grant review" provisions of the AIA (Chapter 32), is the PTO preparing rules on how such post-grant reviews will be implemented? If so, are practicing patent attorneys from private law firms being encouraged to participate in this process? If so, I would like to volunteer to participate in these activities. Can you please let me know who I can contact about this?
Thanks very much,
Dale Barr
