To Whom It May Concern,

First, thank you so much for your effort to implement the AIA. I have a question regarding Prioritized Examination. Is it the same as Priority Examination for Important Technologies under section 25 of AIA? If so, why there are two separated titles for each on this page [http://www.uspto.gov/aia\\_implementation/patents.jsp](http://www.uspto.gov/aia_implementation/patents.jsp)? According to my understanding, the final rules of Prioritized Examination already went into effect in 2011, while section 25 of AIA will take effect in September 2012, am I right? If the two examinations are different, what is the corresponding rule in AIA for Prioritized Examination? Thank you so much for your time and answer!

Sincerely,  
Li Dai
