1001 Statutory Authority of Commissioner [R-43]

35 U.S.C. 3. *Officers and employees.* (a) There shall be in the Patent and Trademark Office a Commissioner of Patents and Trademarks, a Deputy Commissioner, two Assistant Commissioners and not more than fifteen examiners-in-chief. The Deputy Commissioner, or in the event of a vacancy in that office, the Assistant Commissioner senior in date of appointment, shall fill the office of Commissioner during a vacancy in that office until a Commissioner is appointed and takes office. The

Commissioner of Patents and Trademarks, the Deputy Commissioner, and the Assistant Commissioners shall be appointed by the President, by and with the advice and consent of the Senate. The Secretary of Commerce, upon the nomination of the Commissioner in accordance with law, shall appoint all other officers and employees.

(b) The Secretary of Commerce may vest in himself the functions of the Patent and Trademark Office and its officers and employees specified in this title and may from time to time authorize their performance by any other officer or employee.

(c) The Secretary of Commerce is authorized to fix the per annum rate of basic compensation of each examiner-in-chief in the Patent and Trademark Office at not in excess of the maximum scheduled rate provided for positions in grade 17 of the General Schedule of the Classification Act of 1949, as amended.

35 U.S.C. 6. *Duties of Commissioner.* The Commissioner, under the direction of the Secretary of Commerce, shall superintend or perform all duties required by law respecting the granting and issuing of patents and the registration of trademarks; and he shall have charge of property belonging to the Patent and Trademark Office. He may, subject to the approval of the Secretary of Commerce, establish regulations, not inconsistent with law, for the conduct of proceedings in the Patent and Trademark Office.

1001.01 Modes of Exercising Authority [R-43]

The Commissioner's authority to review and supervise the work of the Office is exercised by the promulgation of the Rules of Practice; issuance of orders, notices and memoranda stating Office policies and modes for effectuating these policies; decisions on petitions by applicants, and by the designation of particular cases which must be submitted to the Commissioner or other officials authorized by the Commissioner. The present chapter deals with the latter two items.

Rule 181, paragraph (g), states "The Commissioner may delegate to appropriate Patent and Trademark Office officials the determination of petitions under this rule, with the exception of petitions under rule 183."

1002 Petitions to the Commissioner [R-43]

Rule 181. Petition to the Commissioner. (a) Petition may be taken to the Commissioner (1) from any action or requirement of any examiner in the ex parte prosecution of an application which is not subject to appeal to the Board of Appeals or to the court; (2) in cases in which a statute or the rules specify that the matter is to be determined directly by or reviewed by the Commissioner; and (3) to invoke the supervisory authority of the Commissioner in appropriate circumstances.

(b) Any such petition must contain a statement of the facts involved and the point or points to be reviewed and the action requested. Briefs or memoranda, if any, in support thereof should accompany or be embodied in the petition; and where facts are to be proven, the proof in the form of affidavits or declarations (and exhibits, if any) must accompany the petition.

(c) When a petition is taken from an action or requirement of an examiner in the ex parte prosecution of an application, it may be required that there have been a proper request for reconsideration (rule 111) and a repeated action by the examiner. The examiner may be directed by the Commissioner to furnish a written statement, within a specified time, setting forth the reasons for his decision upon the matters averred in the petition, supplying a copy thereof to the petitioner.

(d) No fee is required for a petition to the Commissioner except in the case of a petition to revive an abandoned application (rule 137) or for the delayed payment of an issue fee (rule 317).

(e) Oral hearings will not be granted except when considered necessary by the Commissioner.

(f) Except as otherwise provided in these rules, any such petition not filed within two months from the action complained of, may be dismissed as untimely. The mere filing of a petition will not stay the period for reply to an examiner's action which may be running against an application, nor act as a stay of other proceedings.

(g) The Commissioner may delegate to appropriate Patent and Trademark Office officials the determination of petitions under this rule, with the exception of petitions under rule 183.

Rule 182. Questions not specifically provided for. All cases not specifically provided for in these rules will be decided in accordance with the merits of each case by or under the authority of the Commissioner, and such decision will be communicated to the interested parties in writing.

Rule 183. Suspension of rules. In an extraordinary situation, when justice requires, any requirement of these rules which is not a requirement of the statutes may be suspended or waived by the Commissioner in person on petition of the interested party, subject to such other requirements as may be imposed.

Rule 184. Reconsideration of cases decided by former Commissioners. Cases which have been decided by one Commissioner will not be reconsidered by his successor except in accordance with the principles which govern the granting of new trials.

Petitions on appealable matters ordinarily are not entertained. See § 1201.

The mere filing of a petition will not stay the period for replying to an examiner's action which may be running against an application, nor act as a stay of other proceedings (rule 181(f)). For example, if a petition to vacate a final rejection as premature is filed within two months from the date of the final rejection, the period for response to the final rejection is not extended even if the petition is not reached for decision within that period. However, if the petition is granted and the applicant has filed an otherwise full response to the rejection *within the period for response*, the case is not abandoned.

Rule 181(f) now provides that any petition under that rule which is not filed "within two months from the action complained of" may be dismissed as untimely. Often, the "action complained of", for example, a requirement for a new drawing, is included in the same letter as an action on the merits of the claims, the latter having a three months period for response. Under such circumstances, if applicant requests reconsideration, under rule 111(b), of the requirement for a new drawing, the examiner's action on this request, if adverse, establishes the beginning of the two month period for filing the petition. The petition must be filed within this period even though the period for response to the rejection of the claims may extend beyond the two month period.

1002.01 Procedure [R-21]

Petitions, together with the respective application files, are sent to the Office of the Commissioner or other official having the delegated authority to decide the petition. The petition may be referred to the examiner for a formal statement under rule 181(c) or for an informal memorandum.

Where a formal statement under rule 181(c) is made, a copy thereof is mailed to the petitioner by the examiner unless the latter is otherwise directed, and the file and petition, accompanied by the original copy of his statement, are returned to the official handling the petition. If an informal memorandum is requested, no copy thereof is mailed to the petitioner by the examiner. After the decision has been rendered, the decision is entered on the

"Contents" of the file wrapper which is then returned to the primary examiner, who will act in accordance with the decision.

1002.02 Delegation of Authority to Decide Petitions [R-51]

Petitions to the Commissioner are decided in accordance with the following delegation of authority.

In any case in which the authority to decide the petition has been delegated as indicated in §§ 1002.02(a)-(m), the decision may be viewed as a final agency decision for the purposes of court review where such review is proper.

The authority to decide certain types of petitions for suspension of rules of practice under 37 CFR 1.183 of the Rules of Practice in Patent Cases and § 2.148 of the Trademark Rules of Practice has been delegated to the Assistant Commissioner for Patents and the Assistant Commissioner for Trademarks. The petitions falling within each of these delegations are set forth in the listings in §§ 1002.02(a) and (i). Certain types of such petitions falling within the authority delegated to the Assistant Commissioner for Patents have been assigned by him to the Deputy Assistant Commissioner for Patents and this assignment is reflected in the listings in § 1002.02(b).

In accordance with 37 CFR 1.181(g) the authority to decide petitions to the Commissioner, not otherwise delegated, has been delegated to various Office officials. Generally, these officials will decide petitions as specified in the following sections for the effective operation of the Office. Also listed are certain petitions which are not, strictly speaking, to the Commissioner but have been committed by statute or rule to the designated officials. Not included herein are petitions under 37 CFR, Part 100, for reconsideration of Commissioner's decisions on patent rights of government employees, since authority to act on these petitions has been reserved to the Commissioner and has not been delegated.

Authority not herein delegated has been reserved to the Commissioner and may be delegated to appropriate officials on an ad hoc basis.

Such consultation would ordinarily be confined to questions of policy as to whether the best interests of the applicant as well as the Office would be served by reopening the prosecution or extending the term to reply to the answer.

All unusual questions of practice may be referred to the group directors.
