The Deputy Commissioner, or, in the event of a vacancy in that office, the Assistant Commissioner senior in date of appointment, shall fill the office of Commissioner during a vacancy in that office until the Commissioner is appointed and takes office. The Commissioner of Patents and Trademarks, the Deputy Commissioner, and the Assistant Commissioners shall be appointed by the President, by and with the advice and consent of the Senate. The Secretary of Commerce, upon the nomination of the Commissioner, in accordance with law, shall appoint all other officers and employees.

(d) The Commissioner of Patents and Trademarks shall be an Assistant Secretary of Commerce and shall receive compensation at the rate prescribed by law for Assistant Secretaries of Commerce.

(e) The members of the Trademark Trial and Appeal Board of the Patent and Trademark Office shall each be paid at a rate not to exceed the maximum rate of basic pay payable for GS-16 of the General Schedule under section 5332 of title 5.

### 35 U.S.C. 6. Duties of Commissioner.

He may, subject to the approval of the Secretary of Commerce, establish regulations, not inconsistent with law, for the conduct of proceedings in the Patent and Trademark Office.

(b) The Commissioner, under the direction of the Secretary of Commerce, may, in coordination with the Department of State, carry on programs and studies cooperatively with foreign patent offices and international intergovernmental organizations, or may authorize such programs and studies to be carried on, in connection with the performance of duties stated in subsection (a) of this section.

(c) The Commissioner, under the direction of the Secretary of Commerce, may, with the concurrence of the Secretary of State, transfer funds appropriated to the Patent and Trademark Office, not to exceed \$100,000 in any year, to the Department of State for the purpose of making special payments to international intergovernmental organizations for studies and programs for advancing international cooperation concerning patents, trademarks, and related matters. These special payments may be in addition to any other payments or contributions to the international organization and shall not be subject to any limitations imposed by law on the amounts of such other payments or contributions by the Government of the United States.

All comments, suggestions, and briefs received within a time specified in the notice will be considered before adoption of the proposed amendments which may be modified in the light thereof.

(b) Oral hearings may be held at the discretion of the Commissioner.

## 1001.01 Modes of Exercising Authority

The Commissioner's authority to review and supervise the work of the Office is exercised by the promulgation of the Rules of Practice; issuance of orders, notices and memoranda stating Office policies and modes for effectuating these policies; decisions on petitions by applicants, and by the designation of particular cases which must be submitted to the Commissioner or other officials authorized by the Commissioner. The present chapter deals with the latter two items.

1002

37 CFR 1.181(g) states, “The Commissioner may delegate to appropriate Patent and Trademark Office officials the determination of petitions.”

The various delegations to various Office officials are set forth in this Chapter.

**1002 Petitions to the Commissioner**

*37 CFR 1.181. Petition to the Commissioner.*

(a) Petition may be taken to the Commissioner (1) from any action or requirement of any examiner in the *ex parte* prosecution of an application which is not subject to appeal to the Board of Patent Appeals and Interferences or to the court; (2) in cases in which a statute or the rules specify that the matter is to be determined directly by or reviewed by the Commissioner; and (3) to invoke the supervisory authority of the Commissioner in appropriate circumstances. For petitions in interferences, see § 1.644.

(b) Any such petition must contain a statement of the facts involved and the point or points to be reviewed and the action requested. Briefs or memoranda, if any, in support thereof should accompany or be embodied in the petition; and where facts are to be proven, the proof in the form of affidavits or declarations (and exhibits, if any) must accompany the petition.

(c) When a petition is taken from an action or requirement of an examiner in the *ex parte* prosecution of an application, it may be required that there have been a proper request for reconsideration (§ 1.111) and a repeated action by the examiner. The examiner may be directed by the Commissioner to furnish a written statement, within a specified time, setting forth the reasons for his decision upon the matters averred in the petition, supplying a copy thereof to the petitioner.

(d) Where a fee is required for a petition to the Commissioner the appropriate section of this part will so indicate. If any required fee does not accompany the petition, the petition will be dismissed.

(e) Oral hearings will not be granted except when considered necessary by the Commissioner.

(f) Except as otherwise provided in these rules, any such petition not filed within 2 months from the action complained of, may be dismissed as untimely. The mere filing of a petition will not stay the period for reply to an Examiner's action which may be running against an application, nor act as a stay of other proceedings.

(g) The Commissioner may delegate to appropriate Patent and Trademark Office officials the determination of petitions.

*37 CFR 1.182. Questions not specifically provided for.*

All cases not specifically provided for in the regulations of this part will be decided in accordance with the merits of each case by or under the authority of the Commissioner, and such decision will be communicated to the interested parties in writing. Any petition seeking a decision under this section must be accompanied by the petition fee set forth in § 1.17(h).

*37 CFR 1.183. Suspension of rules.*

In an extraordinary situation, when justice requires, any requirement of the regulations in this part which is not a requirement of the statutes may be suspended or waived by the Commissioner or the Commissioner's designee, *sua sponte*, or on petition of the interested party, subject to such other requirements as may be imposed. Any petition under this section must be accompanied by the petition fee set forth in § 1.17(h).

*37 CFR 1.184. Reconsideration of cases decided by former Commissioners.*

Cases which have been decided by one Commissioner will not be reconsidered by his successor except in accordance with the principles which govern the granting of new trials.

Petitions on appealable matters ordinarily are not entertained. See MPEP § 1201.

The mere filing of a petition will not stay the period for replying to an examiner's action which may be running against an application, nor act as a stay of other proceedings (37 CFR 1.181(f)). For example, if a petition to vacate a final rejection as premature is filed within 2 months from the date of the final rejection, the period for response to the final rejection is not extended even if the petition is not reached for decision within that period. However, if the petition is granted and the applicant has filed an otherwise full response to the rejection *within the period for response*, the case is not abandoned.

37 CFR 1.181(f) provides that any petition under that rule which is not filed “within 2 months from the action complained of may be dismissed as untimely.” Often, the “action complained of”, for example, a requirement for a new drawing, is included in the same letter as an action on the merits of the claims, the latter having a 3-month period for response. Under such circumstances, if applicant requests reconsideration, under 37 CFR 1.111(b), of the requirement for a new drawing, the examiner's action on this request, if adverse, establishes the beginning of the 2-month period for filing the petition. The petition must be filed within this period even though the period for response to the rejection of the claims may extend beyond the 2-month period. The 2-month period is not extendible under 37 CFR 1.136(a) since the time is within the discretion of the Commissioner.

Form Paragraph 7.99 may be used where an insufficient fee was filed with a petition.

¶ 7.99 *Petition Dismissed, Proper Fee Not Submitted*

Applicant's petition under 37 CFR [1] filed [2] is DISMISSED because the proper petition fee of [3] required under 37 CFR 1.17 has not been submitted.

**Examiner Note:**

(1) Petitions under 37 CFR 1.48 for correcting inventorship require a fee as set forth in 37 CFR 1.17(h).

(2) Petitions to suspend action under 37 CFR 1.103, to withdraw an application from issue under 37 CFR 1.313, and for consideration of an amendment under 37 CFR 1.312 after payment of the issue fee, require a fee as set forth in 37 CFR 1.17(i)(1).

(3) Petitions for an extension of time under 37 CFR 1.136(a) require varying fees. See 37 CFR 1.17(a) – (d).

**1002.01 Procedure**

Petitions, together with the respective application files, are sent to the official having the delegated authority to decide the petition. The petition may be referred to the examiner for a formal statement under 37 CFR 1.181(c) or for an informal memorandum, MPEP § 711.03(d).

Where a formal statement under 37 CFR 1.181(c) is made, a copy thereof is mailed to the petitioner by the examiner unless the examiner is otherwise directed, and the file and petition, accompanied by the original copy of his statement, are returned to the official handling the petition. If an informal memorandum is requested, no copy thereof is mailed to the petitioner by the examiner.

After the decision has been rendered, the decision is entered on the "Contents" of the file wrapper which is then returned to the primary examiner, who will act in accordance with the decision.

### **1002.02 Delegation of Authority To Decide Petitions**

Petitions to the Commissioner are decided in accordance with the following delegation of authority.

In any case in which the authority to decide the petition has been delegated as indicated in MPEP §§ 1002.02(a), (b), (f), (g), (j) and (o), the decision may be viewed as a final agency decision for the purposes of court review where such review is proper.

In accordance with 37 CFR 1.181(g), the authority to decide petitions to the Commissioner, not otherwise delegated, has been delegated to various Office officials. Generally, these officials will decide petitions as specified in the following sections for the effective operation of the Office. Also listed are certain petitions which are not, strictly speaking, to the Commissioner but have been committed by statute or rule to the designated officials.

Authority not herein delegated has been reserved to the Commissioner and may be delegated to appropriate officials on an ad hoc basis.
