

87	<b>PORTABLE SHELTER (I.E., TENT OR CANOPY)</b>	125	...Flexible structure
88.01	.Canopy supported by vehicle	126	....Collapsible as a unit
88.02	..Carriage	127	....Hollow rod section (e.g., for internal cord means)
88.03	..Self-propelled vehicle	128	...Collapsible
88.04	...Carrier associated with handle bar or front frame post	129	....Having guide rail means
88.05	..Automobile	130	....Having link means
88.06	...Structure associated with wheel	131	.....Lazy tong type
88.07	...Carrier associated with roof or trunk lid	132	....Bows pivot on central axis
88.08	...Carrier associated with bumper	133	.....Multiple bows connected at substantially one point
88.09	...Canopy protects exposed interior section of automobile structure	134	....Having folding base
88.1	..Travel trailer (e.g., passenger-vehicle-pulled type) with awning	135	....Having central hub
88.11	...Carrier including roller	136	...Arch member
88.12	....Roller extends with awning	137	...Having floor or base member
88.13	.Tent supported by vehicle	138	...Break-down type arch member
88.14	..Carrier associated with roof or trunk lid	139	..Telescoping and foldable
88.15	...Tent detachable from vehicle	140	...Having adjustable locking means
88.16	...Tent structure associated with roof or trunk lid	141	..Telescoping
88.17	....And adjunct structure	142	...Having adjustable locking means
88.18	.....Forming multiple enclosure (e.g., additional enclosure)	143	..Foldable
90	.Shelter suspended from diverse support means	144	...Having link means
91	.With heating, lighting, or ventilating	145	....Lazy tong type
92	..Heating	146	....With stopping means
93	..Ventilating	147	...Having plate or hub pivoting means
94	...Of shelter roof	148	...Having floor or base member with pivot means therein
95	.Convertible (i.e., from shelter to diverse object or from one type of shelter to another type of shelter)	149	....Base member pivotable
96	.Combined	150	.....Forming case
97	.Plural shelters, shelter having plural compartments, or plural sectional covering	151	...Having supporting member with pivot means therein
98	.Umbrella-type	152	...Means rotates on vertical axis
99	.Center-pole supporting-type	153	...Member swings to supporting position
100	.Cone-shaped type (e.g., tepee)	154	.....Single pivot
121	.Framework	155	...Having additional frame (e.g., shades) tilting relative to member
122	..Truss type	156	..External-type frame
123	..Having integral tensioning member	157	..Parallelogram type
124	..Arch-shaped or dome type	158	...Upwardly extending roof structure
		159	....Having central hub
		160	....Inclined top cover
		161	..Having means engaging disparate article
		114	.Shelter pole
		115	.Cover for shelter
		116	.Floor or base structure

117	.Closure, viewing window, awning, or sunshade	39	...Sliding
		40	...Spring
118	.Stake	41	...Modified runner
119	.Cover fastening	42	...Stick hinge locked
120.1	.Accessory or adjunct	43	...Turning
120.2	..Adjusting means	44	..Tip
120.3	..Connector	48	.Drip cups
120.4	...For ropelike structure	65	<b>CANES, STICKS, CRUTCHES, AND WALKING AIDS</b>
15.1	<b>UMBRELLA</b>		
16	.Combined	66	.Combined and convertible
17	..With cane	67	.Walker type
18	..With imitation cane case	68	.Crutches
19	..With independent stick	69	..Extensible
19.5	.Having quick assembly feature (e.g., emergency umbrella)	70	..Remote control ground exchangeable tips
20.1	.Nonsymmetrical, axially offset, or inclined canopy	71	..Arm engaging
20.2	.Inflatable	72	..Handholds
20.3	.Mechanically operated	73	..Armrests
21	.Suspended	74	.Folding
22	.Self-opening and closing	75	.Telescopic
23	..Tensioned rib and stretcher	76	.Separable handle
24	..Handle release	77	.Tips
25.1	.Collapsible in length	78	..Exchangeable (e.g., conventional to spiked)
25.2	..Lazy tong	79	...Reversible
25.3	..Including three segment rib	80	...Relatively movable spiked and conventional elements
25.31	..Including pivoted rib having two segments	81	...Spiked element housed within conventional elements
25.32	...Two pivot link	82	..Shock absorbing
25.33	...Multiple sliders	83	...Fluid
25.34	...Folding stretcher	84	..Pivoting, rocking, or swivelling
25.4	..Handle or stick	85	..Roller
25.41	...Hollow handle case	86	..Yieldable material
26	..Sliding rib		
27	.Auxiliary frame brace		
28	.Runners and notches		
29	.Rib and stretcher joints		
30	..T-head and socket		
31	.Ribs and stretchers		
32	.Discreet rib-stretcher connector or geat	900	<b>CROSS-REFERENCE ART COLLECTIONS</b>
33.2	.Cover or lining feature	901	<b>WORKER OR SPECTATOR SHELTER</b>
33.4	..Fastener	901	<b>HUNTING BLIND OR ICE-FISHING SHELTER</b>
33.41	...For detachable cover or lining	902	<b>DRESSING SHELTER(E.G., BEACH OR BATHING)</b>
33.5	..Rib tip fastener or structure	903	<b>ROLLER-OPERATED CANVAS</b>
33.6	..Having protector for cover at rib-to-stick joint	904	<b>SEPARATE STORAGE MEANS OR HOUSING FOR SHELTER</b>
33.7	..With ventilator or viewing window	905	<b>METHOD OF ERECTING SHELTER</b>
33.71	...Transparent	906	<b>ARCHED STRUCTURE</b>
34.2	.Having storing case	907	<b>COVER STRETCHER</b>
37	.Retainers	908	<b>SUPER TENT OR CANOPY</b>
38	..Runner	909	<b>FITTING</b>

- 910 ILLUMINATED CANE OR UMBRELLA
- 911 CANE FOR THE BLIND
- 912 WHEELED FRAMEWORK
- 913 FLACCID COVER MADE OF NETTING
