

1 R	MISCELLANEOUS	22 F	...Tilting mechanism includes flexible operator means (e.g., cable)
1 A	.Auxiliary dump body mounted in nondumping body	22 J	...Jack-knife linkage actuated by hydraulic means
1 B	.Dump body includes flexible or movable bottom part to facilitate dumping	22 P	...Plural, simultaneously operated fluid cylinder means
1 H	.Means for heating dumping body	22 A	...Rotary piston type
1 SG	.Wheel splash guards movable responsive to body tilting	22 B	...Cam means in cooperation with fluid pressure means
1 V	.Vibrator means to facilitate removal of material	22 D	...Pivotally connected (non-jack-knife type) linkage actuated to effect tilting
1 C	.Motor driven carts having forwardly dumping body	21 R	..Vehicle-motor controlled
1 T	.Toy dump trucks	21 V	...Tilting mechanism includes flexible operator means (e.g., cable)
2	HAND TRUCKS AND BARROWS	19 B	..Booster device for initial tilting movement
3	.Single wheel	19 V	..Tilting mechanism includes flexible operator means, (e.g., cable)
4	SLEDS	23 R	..With cover or endgate control
5	TWO-WHEEL	23 MD	..Motor operated endgate opening means
6	.With cover or end gate control	23 M	..Motor operated endgate latch means
7	WITH LOAD-DELIVERING CHUTE	23 S	..Combined latch and endgate opening means
8 R	PLURAL LOAD UNITS	23 A	..Automatic (non-motor) endgate latch mechanism
8 H	.Hopper type body	23 B	...Including cam actuator means
8 T	.Multiple dumping vehicles connected in tandem	23 F	...Including flexible operating member
9	ROTATING ABOUT VERTICAL AXIS AND TILTING	23 D	..Automatic, positive, non-motor endgate opening means
10	ROTATING TO OVERTURN ABOUT FIXED AXIS	23 DF	...Including flexible operating member
11	ELEVATING AND TILTING	23 C	..Dump body covers, control means therefor
12	SLIDING AND TILTING	23 TT	..Miscellaneous tilting trucks
13	.Side delivery only	17 B	.Brace or prop to support tilted load body
14	.Operating mechanism	17 S	.Vehicle includes means to stabilize or level body while dumping
15	..Vehicle-motion controlled	17 SG	.Ground engaging
16	..Vehicle-motor controlled	17 T	.Tractor dumping attachments
17 R	TILTING	24	HOPPER TYPE
17.5	.Tilting about plural or shifting fulcrums	25	.Pivoted sections
17.6	..Selectively tiltable in different directions	26	.Tilting bottom
17.7	...Side or end delivery	27	.Bottom opening
17.8	...Progressive fulcrum points	28	..Removable bottom boards
18	.Side delivery only	29	..Hinged doors
19 R	.Operating mechanism		
20 R	..Vehicle-motion controlled		
20 A	...Motion effecting means mounted on fifth wheel		
22 R	..Fluid-pressure operators		
22 AE	...Fluid pressure actuator associated with fifth wheel mechanism		
22 C	...Control means for hydraulic tilting mechanism		

30 ...Transversely hinged only
31 ...Longitudinally hinged only
32Parallel swinging
33Oppositely swinging
34Inwardly only
35 ROutwardly only
36Vertically movable
37Closing equalizers
35 MMotor operated doors
