

- 1 **PERFUME COMPOSITIONS**
- 2 .With preservative, stabilizer,
 or fixative (e.g., retarding
 evaporation)
- 3 .With specified extender (e.g.,
 solely to increase volume)
- 4 .Nonliquid or encapsulated
- 5 .Animal or plant extract active
 ingredient
- 6 .Cyano containing active
 ingredient
- 7 .Boron, metal, or acyclic sulfur
 containing active ingredient
- 8 .Ring containing active
 ingredient
- 9 ..Spiro
- 10 ..Nitrogen in the ring
- 11 ..Chalcogen in the ring
- 12 ...Plural chalcogens in the ring
- 13 ...Polycyclo ring system having
 the chalcogen containing ring
 as one of the cyclos
- 14 ..Polycyclo carbocyclic ring
 system
- 15 ...Oxygen double bonded directly
 to the ring system
- 16 ...Carbonyl bonded directly to
 the ring system
- 17 ...The ring system is bicyclo
- 18 ..Carbonyl attached indirectly
 to the ring system by nonionic
 bonding
- 19 ...Oxygen single bonded directly
 to the ring system
- 20 ..Benzene ring
- 21 ..Acyclic carbonyl containing
- 22 ..Six-membered alicyclic ring
- 23 ...Oxygen bonded directly to the
 ring
- 24 ..Carbonyl bonded directly to
 the ring
- 25 .Oxygen containing active
 ingredient
- 26 ..The oxygen is part of a
 carbonyl group
- 27 ...The carbonyl is part of an
 aldehyde or ketone group
