CLASS 3: Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; bleaching preparations and other substances for laundry use and dishwashing, namely, laundry detergents, dishwashing detergents, laundry bleach, laundry wax, laundry soap; cleaning, polishing, scouring and abrasive preparations; depilatory creams; depilatory lotions; wax strips for removing body hair; soaps for brightening textiles; detergents, namely, laundry detergents, dishwashing detergents; non-medicated soaps; laundry starch; laundry blueing; laundry preparations, namely, laundry detergents, laundry fabric conditioner, laundry pre-soak, laundry additives for water softening, laundry soap; carpet cleaners; shampoos; fabric softeners; grease removing preparations, namely, grease removers for household use; cleaning preparations; deodorants for personal use; hair lotions; dentifrices; toothpastes; exfoliants, namely, exfoliant creams, exfoliant gels; depilatory preparations; depilatory waxes; cosmetic hair regrowth inhibiting preparations; polishing preparations for kitchen and glassware; stove-top cleaning preparations; rinse agents for machine dishwashers; dishwashing preparations; bleaching salts for use in machine dishwashers; combination cleaner, freshener and deodorizer for machine dishwashers; stain removing preparations; glass and metal cleaning preparations; window cleaning preparations; anti-static preparations for household purposes; drain and sink cleaning preparations; perfumery, essential oils, cosmetics; non-medicated preparations for the care of the body and skin, namely, non-medicated skin care preparations in the form of ointments, creams, gels, lotions, oils, balsams, powders and sprays for use on the body and skin; nonmedicated mouth washes and preparations for dental hygiene, namely, non-medicated dental rinse; products to clean dentures, namely, denture cleaner, denture polishes; perfuming preparations for the atmosphere, namely, scented room sprays; potpourri, essential oils, room perfume sprays; cloths, wipes, tissues and sponges

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

impregnated with cleaning preparations, polishing preparations, or detergents for cleaning for household use; cosmetic preparations for body and beauty care; cosmetic preparations for the care, cleansing and embellishment of the skin in the form of creams, gels and lotions; skin and hair emollients; skin moisturisers; anti-aging creams; cosmetic and beauty preparations, namely, beauty care cosmetics; non-medicated moisturizing skin creams, lotions, mousses and gels; skin cleansing preparations; bleaching preparations all for personal cosmetic use; laundry preparations for dry cleaners, namely, dry cleaning preparations; decalcifying and descaling preparations for household purposes; dishwashing preparations in the nature of dishwasher additives for softening water, preventing limescale accumulation on the dishwasher and on crockery and glassware and for increasing the power of dishwashing detergent; cleaning preparations for vitroc ceramic and kitchen surfaces; rust removing preparations; cleaning preparations which prevent the build-up of stains and limescale; nonmedicated skin care preparations, in the form of creams, gels and mousses, for use before, during and after shaving or hair removal; depilatory wipes impregnated with depilatory preparations; impregnated wipes and pads for skin care, namely, wipes and cosmetic pads impregnated with a skin cleanser; preparations for perfuming or fragancing the air, namely, scented room sprays; cloths impregnated with a detergent for cleaning, polishing, scouring or bleaching

CLASS 5: Dietetic food adapted for medical or veterinary use; dietetic substances, namely, dietary supplements adapted for medical or veterinary use; food for babies; dietary supplements for human beings and animals; medical plasters; materials for dressings, namely, medical dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; dietetic substances adapted for medical use, namely, dietetic beverages adapted for medical use, dietetic sugar for medical use, dietetic sugar substitutes for medical use; medicinal drinks; mineral water for medical purposes; malted milk beverages for medical purposes; dietetic albuminous foodstuffs adapted for medical purposes; cereals adapted for medical purposes; medicinal tonic, namely, nutritionally fortified beverages for medical purposes; pharmaceutical preparations for treating gastrointestinal disorders; infants' and invalids' foods adapted for medical use; infant formula; lactose free infant's formula; milk powder for babies; food and beverages for babies and infants; lacteal flour for babies; paediatric nutritive beverages for medical purposes; dietetic foods and beverages adapted for medical use to be administered by tube; vitamins and vitamin preparations; dietary supplements consisting of vitamins; prenatal vitamins; gummy vitamins; health food supplements for persons with special dietary requirements; health food supplements made principally of vitamins; health food supplements made principally of minerals; dietary and nutritional preparations, namely, dietary and nutritional supplements; dietary and nutritional supplements; dietary food supplements; herbal supplements; mineral nutritional supplements; medicated food supplements; minerals, namely, mineral supplements and mineral preparations for medical purposes; nutritional food additives for medical purposes in the nature of natural food extracts derived from fish, meat, vegetables, plants, fruits, herbs; nutritional supplement energy bars; nutritional supplement meal replacement bars for boosting energy; nutritional supplement drink mix adapted for medical use as a meal replacement; electrolyte replenishment preparations; pain relief medication; pain relief preparations; lubricant gels for use as a personal lubricant; tissues impregnated with insect repellent; nutritional food additives, namely, antioxidants for medical purposes; preparations for supplementing the body with essential vitamins and microelements; anti-oxidants obtained from herbal sources for medical purposes being nutritional food additive; probiotic nutritional supplements; probiotic preparations for medical use to help maintain a natural balance of flora in the digestive system; dietary fibre to aid digestion; cedar wood for use as an insect repellent; medicated skin care preparations; medicated preparations for the care of the skin; insecticides and miticides; insect repellents; preparations for destroying and repelling vermin; air deodorizing preparations, air purifying preparations; deodorants and deodorizing preparations other than for personal use, namely, room deodorants; odour neutralizing preparations for general use on various surfaces; vitamin preparations; disinfectants for household use or for hygiene or

sanitary purposes; preparations for the disinfection of dentures; denture adhesives; medicated mouth washes; contact lens cleaning preparations; bactericidal skin cleansing preparations; preparations and substances for neutralising, controlling or reducing allergens, namely, air purifying preparations and sanitizing preparations for household use; disinfecting preparations having disinfecting properties; sponges and disposable wipes impregnated with disinfecting substances; disinfectant solutions for use in wiping surfaces; Nutritional supplements comprised of omega-3 fatty acids, phospholipids and antioxidants for promoting health; radioactive substances for medical purposes; gases for medical purposes; chemical conductors for electrocardiograph electrodes; disinfectants for hygiene purposes; nutritive substances for microorganisms, for medical purposes; dietetic beverages adapted for medical purposes; breast-nursing pads; teeth filling material; nutritional supplements in the form of processed fruit-based snack foods; the aforementioned goods excluding those specifically for first aid

CLASS 8: Hand tools and hand-operated implements, namely, nail clippers, cuticle pushers, tweezers, nail and cuticle scissors, orange sticks, foot files, foot scrapers ; table cutlery; side arms, except firearms, namely, swords and hunting knives; razors; hair cutting and removal implements, namely, hair clippers, hair trimmers, hair cutting scissors, shears; electric razors; blades for electric razors; foot care implements, namely, foot files; foot care implements, namely, electronic foot files; roller heads for electronic foot files being foot care implements; shaving blades; epilators being epilatory appliances; hair removal devices, namely, epilatory appliances; hand instruments for use in shaving or depilation, namely, epilatory appliances, non-electric shavers; spatulas for spreading hot wax and depilatory preparations; electric pedicure sets; pedicure implements, namely, nail files, nail clippers, cuticle pushers, tweezers, nail and cuticle scissors; pedicure tools

CLASS 9: Scientific apparatus and instruments, namely, laboratory glassware, laboratory storage tubes; research apparatus and instruments, namely, microscopes; navigation apparatus and instruments, namely, marine compasses and marine depth finders; surveying apparatus and instruments; photographic apparatus and instruments, namely, cameras and exposure meters; cinematographic apparatus and instruments; audiovisual apparatus and instruments, namely, televisions, video cameras; optical apparatus and instruments, namely, optical readers, optical scanners and optical sensors; weighing apparatus and instruments; measuring apparatus and instruments, namely, bevels, angle finders, and distance measuring apparatus; signalling apparatus and instruments, namely, signal bells and signal buoys; detecting apparatus and instruments, namely, smoke detectors; testing apparatus and instruments, namely, metal compression testing machines; inspecting apparatus and instruments, namely, laser scanners for industrial inspection; life-saving rescue apparatus and instruments, namely, life jackets and life preservers; and teaching apparatus and instruments, namely, medical teaching mannequins; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; downloadable media, namely, audio files, video recordings, and multimedia files, all featuring information in the fields of pre-natal care, hygiene, public health, sanitation, and protection against germs and viruses, respiratory infection and health care, relief and treatment of respiratory tract infections, sore throats, common colds, influenza, coughs and allergies, respiratory and pulmonary conditions, home cleaning products, fabric care products, air freshening products, food, personal care, health care and dish care; recorded media, namely, audio files, video recordings, and multimedia files, all featuring information in the fields of pre-natal care, hygiene, public health, sanitation, and protection against germs and viruses, respiratory infection and health care, relief and treatment of respiratory tract infections, sore throats, common colds, influenza, coughs and allergies, respiratory and pulmonary conditions, home cleaning products, fabric care products, air freshening products, food, personal care, health care and dish care, recorded on optical discs; downloadable and recorded computer software featuring information, advice and recommendations in the fields of health, medicine, diet and nutrition, personal care, pre-natal care, infant care, hygiene, public health,

sanitation and protection against germs, viruses, infections and minor illnesses, including information, advice and recommendations in relation to health care and medical products, personal care products, pre-natal care products, infant care products, household products, cleaning products, air freshening products and food and drinks; blank digital or analogue recording and storage media, namely, blank electronic storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; downloadable and recorded artificial intelligence software for healthcare for database management; downloadable and recorded health monitoring software for monitoring patient vital signs; diagnostic apparatus for testing food; downloadable electronic databases in the field of consumer products; electronic databases in the field of consumer products, recorded on computer media; electronic advertising display being signage; downloadable and recorded health monitoring software for monitoring patient medical records, detecting levels of probiotics, prebiotics, postbiotics and symbiotics in blood, fecal matter, and saliva, electronic storage of data relating to the levels of probiotics, prebiotics, postbiotics and symbiotics detected in blood, fecal matter and saliva; downloadable electronic publications in the nature of newsletters, journals, pamphlets and booklets delivered by e-mail featuring information, advice and recommendations in the fields of health, medicine, diet and nutrition, personal care, pre-natal care, infant care, hygiene, public health, sanitation and protection against germs, viruses, infections and minor illnesses, including information, advice and recommendations in relation to health care and medical products, personal care products, pre-natal care products, infant care products, household products, cleaning products, air freshening products and food and drinks; downloadable home automation software for developers and customers for operating internet-enabled and connected lighting apparatus and home security alarms; downloadable mobile application software for home automation for operating internet-enabled and connected lighting apparatus and home security alarms; devices and monitoring devices for household and kitchen appliances and equipment, namely, home automation hubs comprised of voice-activated speakers, computer hardware, and downloadable software for controlling networked household and kitchen appliances in the internet of things (IoT); recorded machine readable data carriers, namely, encoded integrated circuit cards containing programming used to monitor the functioning of household appliances; downloadable computer software platform enabling auto-replenishment of household cleaning products; instruments, indicators and controllers for measuring, detecting and monitoring pollution levels in the environment, namely, pollutant sensors; mobile, portable and wearable electronic instruments for measuring, monitoring and detecting pollution levels in the environment; downloadable software for the provision of information relating to the environment and air pollution; downloadable software for learning and storing personalised information regarding pollution levels in and information regarding air quality in the immediate environment; audio and video baby monitors; electronic monitoring devices, namely, baby monitors; motion detectors and motion sensors; cameras; electric measuring apparatus, namely, electric thermometers not for medical use; infrared sensors; temperature sensors; electric and electronic video surveillance installations, namely, cameras; safety and security devices for monitoring changes in temperature in the human body, namely, remote infrared and temperature sensors; downloadable computer software for the purpose of human temperature monitoring; computer monitors; downloadable software applications for human temperature monitoring; electronic baby monitoring devices, namely, baby monitors; downloadable software and downloadable software applications for mobile phones, computers and handheld computers, all for collecting data on vital statistics for medical and surgical applications; downloadable software for data collection for medical purposes; none of the aforesaid relating to computer games, video games, computer games software, video games software, computer games entertainment or video games entertainment

CLASS 10: Surgical apparatus and instruments; Surgical apparatus and instruments, namely, protective gloves for medical use; dental apparatus and instruments, namely, X-

ray apparatus for dental imaging; medical imaging apparatus; artificial limbs, eyes and teeth; orthopaedic articles, namely, orthopedic support bandages, cushions for the heels and under-heels, orthopedic boot inserts, foot rings and foot supports; suture materials; therapeutic and assistive devices adapted for persons with disabilities, namely, crutches and slings; massage apparatus; sexual activity apparatus, devices and articles, namely, vibrators, benwa balls, butt plugs, tongue rings, penis rings, rings for genital stimulation, and vibrating rings; contraceptive appliances being contraceptive apparatus; orthopaedic insoles; orthopaedic cushions; orthotic insoles for footwear; orthopaedic compression supports; compression socks for medical or therapeutic use; compression hosiery; graduated compression hosiery; medical support hosiery; orthopaedic and therapeutic support hosiery for medical use; hosiery for medical, surgical and/or prophylactic purposes, namely, elastic hose supporters, knee high hose, thigh high hose; medical and surgical compression socks; medical ventilators; respirators for medical purposes being apparatus for artificial respiration; orthopaedic, orthotic, chiropody, and foot care apparatus and instruments, namely, medical apparatus for the separation and the straightening of the toes, medical apparatus to prevent hardening of skin calluses and inflammation of the toes, medical apparatus for measuring, examining and taking impressions of the feet; physical exercising apparatus for exercising the foot for medical purposes; orthopaedic articles, namely, orthopedic support bandages, cushions for the heels and underheels, orthopedic boot inserts, foot rings and foot supports; instruments and apparatus for placing bandages, namely, slings; apparatus for the fixing of fingers and toes, namely, device for bone setting and straightening of fingers and toes; medical apparatus for measuring, examining and taking impressions of the feet; massage apparatus, namely, body massagers; electrically-operated body massagers; massage apparatus, namely, foot massagers; therapeutic apparatus and appliances for massaging; massage apparatus, instruments and appliances; electric and electronic massage apparatus, instruments and appliances; personal massagers, namely, massaging apparatus for personal use; sexual activity apparatus, devices and articles, namely, vibrators; vibrating rings being sex toys; marital aids, being sex toys; sex toys; sex aids being sex toys; contraceptive prophylactic devices, namely, intrauterine contraceptive devices; condoms; stockings for varicose veins; aids for the correction of the feet, being orthopedic supports for the arch of the foot; protective apparatus against the hardening of areas of skin calluses and inflammation of the toes, namely, orthopedic soles; orthopedic cushions for the heels and under-heels; orthopedic metatarsal cushions; orthopedic boot inserts, orthopedic foot rings and orthopedic foot supports; orthopedic shoe insoles, orthopaedic insoles, disposable orthopedic insoles, deodorized insoles for orthopaedic footwear; medical imaging apparatus; infrared diagnostic apparatus for medical purposes; electromagnetic diagnostic imaging apparatus for medical purposes; diagnostic measuring apparatus for the purpose of temperature monitoring for medical purposes; medical electronic monitoring instruments for vital signs and temperature; respiration monitors; medical devices, namely, breathing sensors; measuring devices and instruments adapted for the purpose of health and temperature monitoring, namely, thermometers and pulse oximeters; heart monitors; baby monitoring sensors and alarms for medical use being patient monitoring systems; infant respiratory monitors; orthopedic insoles; the aforementioned goods excluding those specifically for first aid

CLASS 11: Apparatus and installations for lighting, namely, lamps and lighting fixtures; apparatus and installations for heating, namely, radiators, immersion heaters, floor heating apparatus, electric space heaters; apparatus and installations for cooling, namely, air conditioners, beverage cooling apparatus; steam generating apparatus and installations, namely, steam generators; apparatus and installations for cooking, namely, cooking ovens, electric stoves, gas ranges; drying apparatus and installations, namely, nail drying machines, hair drying machines, laundry drying machines, clothes dryers; ventilating apparatus and installations, namely, ventilating exhaust fans; apparatus and installations for water supply and sanitary purposes, namely, sinks, toilets, bathtubs, showers; disinfection apparatus, namely, disinfectant apparatus for medical purposes; apparatus for disinfecting water; water filtration apparatus, namely, apparatus for decalcifying water; air freshener dispensing systems comprised of electric air deodorizing apparatus; air freshener plug-ins, namely, plug-in diffusers for air

deodorizers; air deodorising apparatus; air purifying apparatus; water softening units; apparatus and instruments for purifying or freshening the atmosphere, namely, electric air deodorizers, air purifiers, dispensing units for room deodorants, electric air deodorizers for toilets; dehumidifying apparatus, namely, dehumidifiers; electrical powered air purifiers for the neutralization, reduction or control of allergens; oil burners for domestic use

CLASS 21: Household and kitchen utensils and containers not of precious metal or coated therewith; cookware and tableware, namely, pots and pans, saucepans, skillets, double boilers, steamers and steamer baskets, non-electric griddles, dutch ovens, pot lids, plates, saucers, cups and bowls; combs and bath sponges, cleaning sponges, kitchen sponges; brushes, namely, cosmetic brushes, dishwashing brushes, crumb brushes, lint brushes, hair brushes, nail brushes; brush-making materials; articles for cleaning purposes, namely, cloths and sponges; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware, namely, beverage glassware, glassware for everyday use, namely, cups, plates, non-electric kettles, and jars, porcelain mugs, plates, cups, saucers, and bowls, earthenware mugs, plates, cups, saucers, and bowls; carpet-cleaning brushes; non-electric carpet shampoo applicators in the nature of shampoo brushes; household gloves for cleaning purposes; dental floss; dental floss dispensers; battery powered dental flossers; small domestic containers, namely, plastic storage containers for domestic use; toilet utensils, namely, toilet brushes; toothbrushes; apparatus in the nature of a brush for cleaning dental braces; non-electric carpet sweepers, mops; brooms; cloths for polishing; dusters and dusting cloths; steelwool; scouring pads; cleaning rags, dusters; cloths for cleaning and polishing; polishing leather; dispensers and dispensing apparatus, namely, dispensers for cleaning preparations, plug-in diffusers for air deodorizers; candle holders; nonmetal oil cans sold empty; perfume burners; steel wool pads impregnated with saponaceous preparations

CLASS 29: Meat, preserved fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs; milk, cheese, butter, yogurt and other milk products, excluding ice cream, ice milk and frozen yogurt; dairy products, namely, cheese, dairy-based beverages, dairy-based dips, low fat dairy spreads, cream, yogurt; milk substitutes; oils and fats for food; powdered milk; dried milk for food; milk powder for nutritional purposes; soya-based beverages being milk substitutes; milk-based snack foods, namely, cheese and cheese-based snack foods; fruit-based snack foods; nut-based snack foods; snacks made from fruit, namely, fruit-based snack foods; snacks made from vegetables, namely, vegetable-based snack foods; snacks made from dairy products, namely, cheese and cheese spreads; fruit-based meal replacement bars; nut-based meal replacement bars; dairy-based dips; fruit purees; vegetable purees; milk; meat extracts; seaweed extracts for food; foods prepared from fish, namely, tuna salad, fish sausage; vegetables, tinned; jams; processed betel nuts; preparations for making soup; powdered eggs; soya milk; milk products, excluding ice cream, ice milk and frozen yogurt; fruit jellies; nuts, prepared; dry edible mushrooms; sausage casings, natural or artificial

CLASS 35: Advertising services; business management; business administration services; providing office functions; promotional services, namely, distributing multimedia advertising materials via the Internet and other computer and communications networks; online retail store services in the field of household cleaning products; electronic e-commerce services, namely, providing consumer information about products via telecommunication networks for advertising and sales purposes; advertising, marketing and public relations services, namely, advertising services; organization of exhibitions and trade fairs for commercial or advertising purposes; providing an online marketplace for customers and sellers of goods and services; business administration of consumer loyalty and incentive award programs to promote the goods and services of others; provision of business information; retail store services in the field of air freshening preparations; marketing services; commercial and industrial management assistance services; rental and leasing of vending machines; the bringing

together, for the benefit of others, of non-medicated cosmetics and toiletry preparations, nonmedicated dentifrices, perfumery, essential oils, bleaching preparations and other substances for laundry use and dishwashing, cleaning, polishing, scouring and abrasive preparations, domestic bleaching preparations for laundry use, dishwasher preparations, preparations for removing stains, carpet cleaners, soaps, detergents, decalcifying and descaling preparations, limescale removers, rust removers, fabric softeners, laundry additives, water softening preparations, grease removers, drain and sink unblocking preparations, preparations for prevention of limescale, rust or grease, non-medicated toilet preparations, skin care preparations, medicated skin care preparations, preparations for treatment of acne, depilatory preparations, pharmaceuticals, medical and veterinary preparations, sanitary preparations for medical purposes, dietetic food and substances adapted for medical or veterinary use, food for babies, dietary supplements for human beings and animals, plasters, material for dressings, material for stopping teeth, dental wax, disinfectants, preparations for destroying vermin, fungicides, herbicides, pharmaceutical preparations, medicated beverages and confectionery, contraceptive preparations and substances, spermicidal gels, liquids and creams, condoms, antiseptic preparations, anti-bacterial preparations, disinfecting preparations, articles impregnated with a disinfectant or antibacterial product, articles impregnated with an antiseptic product, insecticides, insect repellents, pesticides, rodenticides, miticides, preparations for destroying vermin, germicides, deodorants for personal use, deodorants not for personal use, air freshening preparations, air fresheners, infant formula, hand-operated hand tools and implements, cutlery, side arms except firearms, razors, electronic foot files, electric pedicure sets, nail clippers, nail files, nail scissors, computer software, surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth, orthopaedic articles, suture materials, therapeutic and assistive devices adapted for persons with disabilities, massage apparatus, apparatus, devices and articles for nursing infants, sexual activity apparatus, devices and articles, air freshener dispensing systems, household or kitchen utensils and containers not of precious metal or coated therewith, cookware and tableware, except forks, knives and spoons, combs and sponges, brushes, except paintbrushes, brush-making materials, articles for cleaning purposes, unworked or semi-worked glass except building glass, glassware, porcelain and earthenware, clothing, footwear, headgear, insoles for footwear, meat, fish, poultry and game, meat extracts, preserved, frozen, dried and cooked fruits and vegetables, jellies, jams, compotes, eggs, milk, cheese, butter, yogurt and other milk products, dairy products, oils and fats for food, meal-based nutritional products, coffee, tea, cocoa and artificial coffee, rice, pasta and noodles, tapioca and sago, flour and preparations made from cereals, bread, pastries and confectionery, chocolate, ice cream, sorbets and other edible ices, sugar, honey, treacle, yeast, baking-powder, salt, seasonings, spices, preserved herbs, vinegar, sauces and other condiments, frozen water being ice, biscuits, starch for food, raw and unprocessed agricultural, aquacultural, horticultural and forestry products, raw and unprocessed grains and seeds, fresh fruits and vegetables, fresh herbs, natural plants and flowers, bulbs, seedlings and seeds for planting, live animals, foodstuffs and beverages for animals, malt, alcoholic and nonalcoholic beverages, nutritionally fortified beverages and drinks containing dietary fibre and preparations for making up into such drinks, excluding the transport thereof, enabling customers to conveniently view and purchase those goods by means of retail stores; promotional services, namely, distributing multimedia advertising materials via the Internet and other computer and communications networks; the aforementioned services excluding those featuring first aid information and goods specifically for first aid; none of the aforesaid relating to computer games, video games, computer games software, video games software, computer games entertainment or video games entertainment

CLASS 41: Education services, namely, arranging and conducting classes, seminars, workshops, non-downloadable webinars, conferences, lectures, and training in the fields of hygiene, health and germ protection, food, home consumer products, sexual health and well-being and healthcare consumer products, home care, personal care and healthcare management and welfare, and distribution of training materials in connection therewith; providing of training in the fields of health, sexual health, sex education, safe

sex and healthy relationships; providing training in the field of health and wellness; Education in the nature of online and in-person classes, non-downloadable webinars and training in the field of provision, promotion, sourcing, ordering and appraisal of products and services related to hygiene, public health, sanitation, and protection against germs and viruses; publication of educational, training, advisory and instructional publications relating to hygiene, health and germ protection; publication of books, articles, journals, magazines, newsletters, and teaching, instructional and educational material, including via electronic media, the Internet and an online computer network; publication of leaflets, brochures and posters relating to hygiene, health and germ protection; education services, namely, arranging and conducting of seminars, conferences, workshops, discussion groups, lectures and other educational meetings in the fields of hygiene, health and germ protection; operating of lotteries; providing on-line, non-downloadable electronic publications in the nature of books, magazines, and brochures in the fields of hygiene, health and germ protection, sanitation, sexual practices, sexual health, pre-natal care, respiratory infection and health care, relief and treatment of respiratory tract infections, sore throats, common colds, influenza, coughs and allergies, respiratory and pulmonary conditions, home cleaning products, fabric care products, air freshening products, food, personal care, health care and dish care, healthcare management and welfare; publication of books and texts featuring educational and instructional information in the field of hygiene, public health, sanitation, protection against germs and viruses, sexual practices, sexual health, pre-natal care, respiratory infection and health care, relief and treatment of respiratory tract infections, sore throats, common colds, influenza, coughs and allergies, respiratory and pulmonary conditions, home cleaning products, fabric care products, air freshening products, food, personal care, health care and dish care, healthcare management and welfare; business training services; education services, namely, providing classes, lectures, seminars, non-downloadable webinars, conferences, workshops, and training in the fields of health, medicine, diet and nutrition, personal care, pre-natal care, infant care, hygiene, public health, sanitation and protection against germs, viruses, infections and minor illnesses via online electronic media, the Internet, or other global communications networks; digital video, audio and multimedia entertainment publishing services; online digital video publishing services; publication of texts; publication of printed matter in the nature of surveys and reviews; organisation of [games and] sports competitions related to hygiene, health and germ protection; none of the aforesaid relating to computer games, video games, computer games software, video games software, computer games entertainment or video games entertainment

CLASS 44: Medical services; veterinary services; hygienic and beauty care for human beings and animals; horticulture services, namely, pest control services for horticulture; providing health information; planting of trees; tree surgery; medical and psychological counselling services; midwife services; hospital and health care services; charitable services, namely, providing medical services; providing of medical humanitarian assistance; providing health care services to refugees, the sick, persons in danger and persons in need; information and consultancy services in relation to the aforesaid services

The color(s) pink is/are claimed as a feature of the mark.

The mark consists of a stylized pink "R" where the vertical stem of the "R" encircles the letter to form a pink spiral. The color white represents background and/or transparent areas only and is not part of the mark.

PRIORITY DATE OF 10-22-2020 IS CLAIMED

SER. NO. 79-323,101, FILED 03-24-2021

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
