United States Patent and Trademark Office

GREENTRIC

Reg. No. 6,976,258

Registered Feb. 14, 2023

Corrected Mar. 05, 2024

Int. Cl.: 9

Trademark

Principal Register

HD Hyundai Electric Co., Ltd. (REPUBLIC OF KOREA CORPORATION)
477, Bundangsuseo-ro,
Bundang-gu, Seongnam-si Gyeonggi-do
REPUBLIC OF KOREA

CLASS 9: Pre-recorded CDs featuring music; medical laboratory research instruments for DNA analysis apparatus; LED signs; downloadable computer software for SCADA (Supervisory Control And Data Acquisition) systems, namely, to monitor and control power generation; gas alarms; electronic control valves, being gas shut-off apparatus; gas masks; gas sensors for measuring concentration; electric gas insulated switchgear; egg-candlers; warning alarms, namely, smoke alarms; calculating machines [and data processing apparatus] ; electric relays; high voltage circuit breaker; optical character recognition apparatus and instruments except for glasses and photographic apparatus; life-saving rafts; surge protectors; electronic control systems for machines; recorded computer game software; digital books downloadable from the internet in the field of electric power solution, energy solution and marine technology; network servers; downloadable network operating system programs; exposed camera films; power control panels, namely, electric control panels; digital information processors, namely, signal processors; digital electric lock; electric reactors; metronomes; biochips for research or scientific purposes; semi-conductors; luminous or mechanical road signs; protective industrial boots; electric power distribution machines; switchboards; distribution transformers; measuring apparatus for voltage, electric current, temperature of battery; [bus ducts, namely, electrical ducts;] transformers; [electric power converters;] current converters; [electric voltage converters;] shunt reactors, namely, high voltage reactors; processed glasses, not for building, namely, optical lenses made of glass; ear protectors and ear protecting devices for industrial purposes, namely, protective ear covering shields; surge protecting outlet; ship to shore communications apparatus, namely, radio transmitters and receivers; downloadable computer software for controlling and monitoring a ship's general machinery, namely, pumps, compressors, tank levels, ventilation, hydraulic units, cranes, door sensors, fire sensors; fire boats; fire trucks; laboratory robots; eye glasses; ozonisers; welding helmets; remote control apparatus for electric power controllers, transformers, circuit breakers, inverters and electric power distribution machines; satellite television receiving apparatus; downloadable computer application software for controlling and monitoring a ship's general machinery, namely, pumps, compressors, tank levels, ventilation, hydraulic units, cranes, door sensors, fire sensors for mobile phones; inverters; breathing apparatus for underwater swimming; electric switchgear; electric door bells; wireless controllers to monitor the functioning of other electronic devices, excluding gaming apparatus; apparatus for measuring electric energy consumption; electrified fences; electric batteries for powering electric vehicles; electricity measuring apparatus and instruments; electric cables, wires, conductors and connection fittings therefor; electric circuit interrupters; meters for measuring electric power; electronic power supplies;

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

electronic power transformers for amplification; apparatus for diagnosing electrical power installations and instruments for diagnosing electrical power installations, namely, for checking and testing the functioning of electrical power supplies, electric power control panels, electric power distribution units and transformers; apparatus and instruments for diagnosing electrical power installations, namely, apparatus for measuring, monitoring and analyzing electricity consumption; electric power controllers; voltage regulators; electronic signaling whistles; electronic consumer coupons downloadable from a global computer network; batteries and battery chargers; apparatus for recording, transmission or reproduction of information; abacuses; low and medium voltage circuit breakers; circuit breakers; rechargers for electric accumulators; T-squares for measuring; voltage measuring apparatus; downloadable computer operating system software; computer game cartridges; computers; computer servers; downloadable computer software platforms for the control, monitoring and alarming of vessel and ship systems via a remote user interface; downloadable computer software to maintain and operate computer systems; inverter used in solar power generation; downloadable telecommunications software for transmission, switching, reception and processing of voice calls; communications equipment, namely, wireless communication devices for voice, data or image transmission; electronic parking lot ticket dispensers; video conference phones; fire pump control valves; clothing for protection against chemicals; revolution indicators for use in measuring voltage

The color(s) green is/are claimed as a feature of the mark.

The mark consists of the letters "GREENTRIC" in green and the top left and bottom right of the letter "N" has pointed edges.

PRIORITY DATE OF 06-30-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1613799 DATED 07-15-2021,
EXPIRES 07-15-2031

SER. NO. 79-320,552, FILED 07-15-2021

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
