Director of the United States
Patent and Trademark Office

booths to smartphones and correcting sizes and background colors of the images; downloadable computer application software for data management in mobile phones and personal digital assistants, namely PDAs; downloadable computer software for data management; computer hardware; tablet computers; personal digital assistants; computer hardware, namely, monitors; data processing equipment, namely, scanners; blank USB flash drives; computer peripherals; mobile phones; smartphones; digital cameras; photography cameras; camera lenses; camera tripods; flashlights for photography; camera cases; self-service certificate photographing machines, namely, cameras, photographic cameras for the instant production of pictures; charging type photo booths with automatic photographing function, namely, stand-alone pay-for-use interactive photo booths and photo kiosks for capturing, printing and uploading digital and photographic images; photo print making machines with automatic photographing function and the capability of providing downloadable photo image, namely, photo printers; photo booths with automatic photographing function and the capability of providing downloadable photo image, namely, stand-alone pay-for-use interactive photo booths that take users' photographs and allow users to print photograph; photo print making machines with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image, namely, photo printers; stand-alone pay-for-use interactive photo booths with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image; photo print making machines with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards, namely, stand-alone pay-for-use interactive photo booths; photo booths with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards, namely, stand-alone pay-for-use interactive photo booths; automatic digital photographing machines, namely, digital cameras; image correction IC, namely, integrated circuits, chips for cameras, video cameras and image scanners; contactless integrated circuit cards; integrated circuit cards; digital photo frames; computers; electronic machines, apparatus and their parts, namely, electronic computer order terminals and wireless electronic devices for connecting printers and computers, namely, computer peripherals; photo-developing machines, namely, processing machines in photography; photo-enlarging machines, namely, enlargement machines in photography; photo-finishing machines, namely, photo glazing machines and photo matte finish machines; photographic apparatus and instruments, namely, cameras, flashlights, stands for photographic apparatus, viewfinders in photography, filters for use in photography, shutters in photography

CLASS 16: Ink ribbons and ink ribbon cassettes for digital photo printers; ink ribbon sheets for digital photo printers; ink ribbons and ink ribbon cassettes for card printers; ink ribbon sheets for card printers; ink ribbons and ink ribbon cassettes for sublimation printers; ink ribbon sheets for sublimation printers; ink ribbons and ink ribbon cassettes for bar code printers; ink ribbon sheets for bar code printers; ink ribbons and ink ribbon cassettes for computer printers; ink ribbon sheets for computer printers; ink ribbons and ink ribbon cassettes for heat transfer printers; ink ribbon sheets for heat transfer printers; ink ribbons; ink ribbon sheets; ink ribbon cassettes; ink-jet printing papers; printing papers; dye-sublimation printing papers; heat transfer printing papers; heat transfer paper; transfer stickers; plastic coated dye-sublimation printing papers; laminated papers; synthetic papers; paper and cardboard; printed cards, namely, birthday and blank note cards; printed greeting cards; photo albums; photograph stands; printed publications, namely, newsletters, leaflets, pamphlets, brochures, catalogues and manuals all featuring information about printers for commercial use; prints in the nature of printed photographs; printed photo books in the nature of books containing customized printed photographs and images in the fields of family, friend, pet, landscape, trip, resort and personal hobby; printed photographs

CLASS 40: Photograph printing; printing of photographic images from digital media; photographic enlarging; providing information relating to photographic printing;

photographic film development; rental of machines and apparatus for film development, photograph printing, photograph enlargement or photograph finishing; rental of printing machines and apparatus; bookbinding; printing; providing information relating to printing; 3D printing for others; rental of photo print making machines [and photo book making machines] ; paper treating and working; printing of digitally stored pictures and photographs

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 10-19-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1682945 DATED 03-28-2022, EXPIRES 03-28-2032

No claim is made to the exclusive right to use the following apart from the mark as shown: "AMERICA"

SER. NO. 79-349,620, FILED 03-28-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
