Reg. No. 6,473,432

Registered Sep. 07, 2021

Corrected Jul. 23, 2024

Int. Cl.: 9, 37, 40, 42

Service Mark

Trademark

Principal Register

Enedo Oyj (FINLAND LIMITED LIABILITY COMPANY)
Martinkyläntie 43
FI-01720 Vantaa
FINLAND

CLASS 9: Apparatus and instruments for accumulating and storing electricity; apparatus and instruments for controlling electricity; electric and electronic components, namely, AC/DC power supplies, battery chargers, DC UPS back-up power supplies, configurable multi-output power supplies, high power LED power supplies, medical grade power supplies, AC/DC converters, DC/AC inverters; [measuring, detecting and monitoring instruments, indicators and controllers, namely, LED Drivers and electronic devices for measuring, detecting, monitoring, regulating and converting electricity, electric current, and electronic signals;] [all of the foregoing for providing power supply solutions for the rail and transportation, LED Lighting, utility and energy, industrial, military horticulture, marine, and building automation and security industries] * ; all of the aforesaid goods for providing power supply solutions only for professionals in rail and transportation, medical, LED lighting, energy, industrial, utility infrastructure, military, horticulture, marine, building automation, information technology and security industries, and in the manufacturing industries of automated systems, electronic and technological goods *

CLASS 37: Maintenance, repair and installation of apparatus and equipment for electricity charging and storage, electricity control devices and equipment, electrical and electronic components [, measuring devices, monitoring and surveillance devices, sensors and controls; charging of electric vehicles] * ; all of the aforesaid services only for professionals in transportation, medical, lighting, energy, utility infrastructure, military, horticulture, marine, building automation, information technology and security industries, and in the manufacturing industries of automated systems, electronic and technological goods *

CLASS 40: Sub-assembly of electrical components for others; custom assembling of products for others * ; all of the aforesaid services only for professionals in transportation, medical, lighting, energy, utility infrastructure, military, horticulture, marine, building automation, information technology and security industries, and in the manufacturing industries of automated systems, electronic and technological goods *

CLASS 42: [Scientific and technological services, namely, scientific research, analysis, and testing of power supply systems for use in the rail and transportation, medical, LED lighting, utility and engineering, industrial, military, horticulture, marine, and building automation and security industries; technological research in the field of power supply

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

systems; scientific services and design relating thereto, namely, research and design in the field of power supply systems;] technological services and design relating thereto, namely, research and design in the field of power supply systems [; scientific research; software design and development; design and development of computer hardware; industrial analysis and research services in the field of power supply solutions for the rail and transportation, LED Lighting, utility and energy, industrial, military horticulture, marine, and building automation and security industries] * ; all of the aforesaid services only for professionals in transportation, medical, lighting, energy, utility infrastructure, military, horticulture, marine, building automation, information technology and security industries, and in the manufacturing industries of automated systems, electronic and technological goods *

The color(s) black, dark blue, and red is/are claimed as a feature of the mark.

The mark consists of the stylized wording "ENEDO" in dark blue with a black outline above the black stylized wording "RESHAPING ELECTRICITY" with a red arrow like design appearing to the right of the wording. The color white represents background or transparent areas only and is not claimed as a feature of the mark.

PRIORITY DATE OF 11-29-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1554870 DATED 05-29-2020,
EXPIRES 05-29-2030

SER. NO. 79-295,689, FILED 05-29-2020

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
