United States Patent and Trademark Office

Ultimate Speed

Reg. No. 7,357,765

Registered Apr. 16, 2024

Corrected Sep. 03, 2024

Int. Cl.: 6, 9, 19, 20

Trademark

Principal Register

Lidl Stiftung & Co. KG (GERMANY KOMMANDITGESELLSCHAFT (KG))
Stiftsbergstraße 1
74172 Neckarsulm
GERMANY

CLASS 6: Non-mechanical cable drums of metal; pillars of metal for buildings; structural stands of metal for mounting electromobility articles

CLASS 9: [Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electric current; electric power distribution apparatus;] electric connectors, namely, industrial connectors; electric connectors with auxiliary contacts; electric sockets, electric connector sockets, electric plugs, appliance plugs, test plugs, phase modifiers, earth cable junction boxes, empty housings, strip terminals, connection terminals; electrical sockets; electronic locks; [electronic controllers; electronic control systems for machines;] * current * rectifiers; electric power regulating apparatus; power distributing boxes; power supply aggregates in the nature of power supplies and generators; electrical power supplies; electronic power controllers; [electrical and electronic control apparatus and instruments; electric control devices for energy management; measuring apparatus and instruments, namely, instruments for measuring length, distance measuring apparatus; apparatus and instruments for conducting electricity, namely, electric conductors; equipment and fittings for charging electric vehicles, in particular charging stations, charging cables, electric plugs, connectors and test equipment for charging electric cars; chargers for electric batteries; electric vehicle charging systems consisting primarily of battery chargers; electrical apparatus, namely, charging stations and other devices for charging and controlling electric vehicles; electronic load modules; battery chargers and charging cables for electric vehicles; batteries for vehicles; batteries, electric batteries and replacement parts therefor; electric batteries for powering electric vehicles; electric accumulators and replacement parts therefor; fuel cells and replacement parts thereof; rechargeable electric batteries; electric batteries for vehicles; batteries and battery chargers for electric vehicles; electric power connectors to charge electric vehicles; electric accumulators, voltage regulators, aerials, electric batteries and mounts; mounts specially adapted for battery chargers; downloadable and recorded software for monitoring the voltage and temperature of motor vehicle batteries; downloadable mobile apps for monitoring the voltage and temperature of motor vehicle batteries; downloadable and recorded computer software for the operation of charging stations for charging electric vehicles and other electrical loads and associated electricity generation systems; downloadable and recorded software and hardware for wireless power transfer for use in charging motor vehicles; downloadable and recorded computer software applications to locate charging stations; domestic power stations, in particular photovoltaic installations with inverters and electricity trading; solar batteries; solar battery chargers; photovoltaic apparatus and installations for generating solar electricity; automotive measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges;] magnetic cards, namely, magnetic identifying cards

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

and magnetically encoded key cards; integrated circuit cards; magnetically encoded charge cards; personal identity cards, namely, encoded identity cards, biometric identity cards; bags specially adapted for storing charging cables, charging systems and plugs; electric signs [, batteries for use in hearing aids; button batteries for hearing aids; electric charging cables; sensors, namely, temperature sensors, alarm sensors; detectors, namely, motion detectors, infrared detectors; monitoring instruments, namely, battery monitors, alarm monitoring systems; and sensors and detector units for use in controlling the actuation and operation of automotive safety apparatus and equipment; protective and signalling apparatus and equipment, namely, articles of protective clothing for wear by motorcyclists for protection against accident or injury; luminous beacons for safety or warning purposes; alarms, namely, burglar alarms, sound alarms; warning equipment, namely, electronic warning lights; warning bells; warning triangles; electronic warning horns; alarm monitoring systems; alarm sensors; alarm signalling transmitters; alarm signalling receivers; alarm sirens; acoustic alarms; alarm bells, electric; electric alarms; sirens]

CLASS 19: Non-metal pillars for building

CLASS 20: Showcases in the nature of furniture; display stands; signboards of metal or plastics; fasteners, non-metallic, namely, bolts, nails, rivets, screws; stands for fixing electromobility articles, not of metal; non-mechanical cable drums of non-metallic materials

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 05-02-2022 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1722077 DATED 10-18-2022, EXPIRES 10-18-2032

SER. NO. 79-366,568, FILED 10-18-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
