Leize

Reg. No. 5,576,537

Registered Oct. 02, 2018

Amended Oct. 15, 2024

Int. Cl.: 17

Trademark

Principal Register

SHENZHEN JIALEPU TECHNOLOGY CO., LTD. (CHINA LIMITED LIABILITY COMPANY)

319 GANGSHEN INTERNATIONAL CENTER,
XINNIU, COMMUNITY MINZHI STREET, LONGHUA DISTRICT
SHENZHEN, CHINA

CLASS 17: Acoustic and thermal insulation for use in the automotive, HVAC, appliance and commercial interior industries; acrylic in sheet form sold for further fabrication and general manufacturing; adhesive bands, other than stationery and not for medical or household purposes; adhesive plastic film for use in commercial or industrial manufacturing; adhesive polymer film for use in commercial or industrial manufacturing; artificial reef or habitat structures comprised primarily of recycled tires for positioning on sea bottoms or in man-made bodies of water for facilitating fish-gathering and culturing therein; asbestos fibers; asbestos fibres; asbestos for use in the manufacture of brake linings; asbestos packing; asbestos packing for pistons; asbestos packing for valves; asbestos packing for valves and pistons; asbestos slate; ash made of amorphous silica for use as insulation in steel manufacturing; brake lining materials, partly processed; building insulation; carpet seam tape; caulking compounds; cellular rubber; connecting hose for vehicle radiators; cords of rubber; elastic rubber-like material for use in the manufacture of fishing products and accessories; exterior wall insulation systems consisting of insulation, mesh, base coat, and finish attached to a building substrate for forming an exterior surface of the building; fiberglass fabrics for insulation; fibreglass for insulation; fillers for expansion joints; foils of metal for insulating; gasket sealer for use in plumbing; glass fibers, for insulation; glass fibres, for insulation; granulated materials, namely, granulated expanded schists, for the packing of biological filters used in water treatment and in odor treatment; gum, raw or semi-worked; industrial molten metal furnace insulation made of ceramic enamel fiber; insulating materials, namely, polyurethane foam and polyethylene foam; insulating polymeric shells, namely, macro and micro capsules containing phase change material used for thermal regulation in the manufacture of clothing, footwear and headgear; insulating refractory materials; insulation covers for industrial machinery; insulation for air conditioners; insulators for cables; liquid gasket sealer for automotive use; metal foil for insulation; neoprene, neoprene sheets and laminated neoprene sheets for further use in industrial manufacture; opaque plastic film for blocking sunlight; padding materials of rubber or plastics; pipe jointing compounds; plastic film for use in laminating paper; plastic rods and bars; plastic sheeting for agricultural purposes; plastic substances, semi-processed; polymer material in the form of resilient, macroscopic bodies shaped into

Director of the United States
Patent and Trademark Office

brick, block, or other preshaped forms, which bodies entrap hydrocarbons, chemical waste products, or bacteria; resin material with nylon mesh used in construction of thermal insulated transporters for hot and cold beverages, aprons and tablecloths; rubber material for recapping tires; rubber packing for shipping containers; rubber padding for shipping containers; rubber sealant for caulking and adhesive purposes; rubber sleeves for protecting parts of machinery; rubber sleeves for protecting parts of machines; rubber stoppers for industrial packaging containers; rubber, raw or semi-worked; sealants for buildings; sealants for pavement joints; self-adhesive tapes, other than stationery and not for medical or household purposes; semi-processed brake lining material; semi-processed thermoplastics in pellet form; shock absorbing rubber buffers for industrial machinery; shock buffers of rubber for industrial machinery; slag wool for use as a building insulator; slate asbestos; sleeves of rubber for protecting parts of machinery; sleeves of rubber for protecting parts of machines; soldering threads of plastic; sound dampening blankets; soundproofing materials for buildings; [soundproofing materials of rock wool;] stuffing of rubber or plastic; substances for insulating buildings against moisture; substrates primarily of ceramic and glass for insulation of light emitting diodes; thermoplastic and polymeric materials, including polyphenyl sulfone sold in sheet form, rods, blocks and other stock shapes, for use by third party manufacturers; thermoplastic compounds, thermoplastic elastomer resins and thermoplastic concentrates in pellet form for use in manufacturing in a wide variety of industries; threads of plastic for soldering; threads of rubber, not for use in textiles; tinted plastic film for use on windows; two component silicone rubber compound used in artistic or industrial special effects applications; urethane sealants for encapsulating splices in electrical wire; vinyl extrusions used in the manufacture of windows; vinyl urethane film covering for automobile exteriors; viscose sheets for packing, cushioning, or stuffing purposes; vulcanized fibre; watering hose; watering hoses

FIRST USE 3-12-2015; IN COMMERCE 9-1-2017

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

The English translation of "LEIZE" in the mark is "CAVE".

SER. NO. 87-297,955, FILED 01-12-2017

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
