L A V O .  
F O R L I F E

**Reg. No. 7,369,247**

**Registered Apr. 30, 2024**

**Corrected Dec. 10, 2024**

**Int. Cl.: 6, 9, 11**

**Trademark**

**Principal Register**

Lavo Hydrogen Storage Technology Pty Ltd (AUSTRALIA Proprietary Limited Company)  
Unit 704,  
97-99 Bathurst Street Sydney NSW 2000  
AUSTRALIA

CLASS 6: Metal containers for storage and transport of goods; containers of metal for storing liquids during transportation; relocatable general purpose metal storage units; apparatus made of metal for the storage of liquid gases, namely, metal storage tanks; storage modules made of metal namely, metal storage containers, metal storage sheds, metal fluid storage tanks, general purpose metal storage containers; storage apparatus of metal namely, metal storage containers, metal storage sheds, metal fluid storage tanks, general purpose metal storage containers; steel fabricated units for use in storing and transporting gas cylinders, namely, metal storage and transport containers; containers of metal for liquid fuel; hydrogen storage tanks and reservoirs of metal

CLASS 9: Scientific apparatus and instruments, namely, a hydrogen battery system and parts and fittings therefor, namely, fuel cells, converter, battery, hybrid inverter, electrolyzers to produce hydrogen gas using electrical energy, water purifying apparatus and electronic controller modules, all integrated with hydride containers for storage of hydrogen gas in solid state, and sold as a unit, in the field of hydrogen battery systems; apparatus for conducting, switching, transforming, accumulating, regulating or controlling the distribution of electricity, namely, a hydrogen battery system and parts and fittings therefor, namely, fuel cells, converter, battery, hybrid inverter, electrolyzers to produce hydrogen gas using electrical energy, water purifying apparatus and electronic controller modules, all integrated with hydride containers for storage of hydrogen gas in solid state, and sold as a unit, in the field of hydrogen battery systems; batteries; battery chargers \* excluding battery charging apparatus for vehicles and bikes \* ; battery charging apparatus for vehicles and bikes; battery housing covers, namely, covers and containers specially adapted to transport and store hydrogen batteries; battery packs; power packs, namely, hydrogen-based portable power packs for the production of power and energy; battery systems and equipment for storage and supply of power to entire dwellings, buildings and man-made fixtures, namely, hydrogen battery systems and parts and fittings therefor, namely, fuel cells, converter, battery, hybrid inverter, electrolyzers to produce hydrogen gas using electrical energy, water purifying apparatus and electronic controller modules, all integrated with hydride containers for storage of hydrogen gas in solid state, and sold as a unit, in the field of hydrogen battery systems; downloadable computer software for use in managing, controlling, monitoring and optimising functionality of fuel cells, converters, batteries, hybrid inverters, electrolyzers to produce hydrogen gas using electrical energy, water purifying apparatus and electronic controller modules, all integrated with hydride

*Katherine Kelly Vidal*

Director of the United States  
Patent and Trademark Office

containers for storage of hydrogen gas in solid state, and sold as a unit, in the field of hydrogen battery systems; downloadable computer software for use in managing hydrogen battery systems; [ headwear for sporting activities, specifically adapted for protection against injury, namely, protective sports helmets; ] clothes incorporating reflective material for prevention of accidents; electronic equipment for the electrolysis of water into hydrogen, namely, electric power supplies; fuel cells

CLASS 11: Barbecues; barbecue apparatus, namely, barbecues, grills, and smokers; apparatus for cooking, namely, cooktops, microwave ovens, industrial ovens, wood burning stoves, barbecues, grills and cooking ranges; bicycle lamps and lights; [ bicycle reflectors for attachment to spokes or frame; ] directional lights for bicycles

The mark consists of the literal element "LAVO" in stylized font with two enclosed circles on each side of the letter "O" and the wording "FOR LIFE" in smaller stylized font below.

PRIORITY DATE OF 09-11-2020 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1592020 DATED 10-27-2020,  
EXPIRES 10-27-2030

SER. NO. 79-311,256, FILED 10-27-2020

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
