K2 Management

Reg. No. 7,272,959

Registered Jan. 16, 2024

Corrected Jan. 21, 2025

Int. Cl.: 35, 37, 42, 45

Service Mark

Principal Register

K2 MANAGEMENT A/S (DENMARK Limited company)

Hasselager Centervej 27, st.

DK-8260 Viby J

DENMARK

CLASS 35: Business management assistance and commercial consulting in the renewable energy sector; advisory services relating to business risk management; business management and business development and operational assistance of energy projects in the renewable energy sector * ; all the aforementioned services not in relation to the production, sale and marketing of components for photovoltaic or solar thermal energy systems or plants *

CLASS 37: Construction management or supervision services in the renewable energy sector; management or supervision of contractors installing wind turbines, wind turbine foundations, electrical infrastructure including substations, transmission lines, transformers, operations and maintenance facilities, solar array installations including solar panels, solar mechanical structures, electrical infrastructure including substations, distribution and transmission lines and transformers for construction projects in the renewable energy sector; Construction management services, namely, coordination of construction projects and construction project management for projects in the renewable energy sector; construction services, namely, grading, excavation, installation of onshore wind turbine foundations and preparation for installation of solar arrays, substations and other electrical infrastructure, installation of offshore wind turbines including installation of monopiles for turbine foundations, cable lay, construction of offshore substations, and installation of electrical equipment and other ancillary equipment on substations, installation of onshore substations and transmission line services for projects in the renewable energy sector; Construction supervision for projects in the renewable energy sector; advisory services in the field of installation, repair and maintenance of renewable energy production facilities in the renewable energy sector; construction supervision of renewable energy production facilities in the renewable energy sector; consultancy services for the repair, maintenance and servicing of energy construction projects and machinery, namely, wind turbines, solar arrays, and their component parts, operations and maintenance facilities used in connection with energy construction projects in the renewable energy sector * ; all the aforementioned services not in relation to the production, sale and marketing of components for photovoltaic or solar thermal energy systems or plants *

CLASS 42: Technological consultancy and engineering in the field of renewable energy projects; Conducting scientific feasibility studies; Scientific study and research in the field of wind and solar conditions and their effect on construction sites; technological consultancy in the fields of energy production and use; technological analysis, namely, analyzing the energy yield, analysis of suitable equipment for a particular plant site, site permitting, and land control; design and development of software for evaluation and monitoring of solar energy yield from solar systems; provision of information in the field of scientific research and technical project studies relating to the use of natural

energy; engineering consulting in the renewable energy field; engineering services, namely, technical project planning in the renewable energy field; engineering and design services for the development of construction projects in the renewable energy sector; technological consultancy and quality assessment of functionality in the field of renewable energy construction projects; monitoring of technical functions of renewable energy production facilities * ; all the aforementioned services not in relation to the production, sale and marketing of components for photovoltaic or solar thermal energy systems or plants *

CLASS 45: Legal services in the field of renewable energy construction projects; arbitration, mediation and dispute resolution services in the renewable energy sector; contract legal assistance in the renewable energy sector; safety consultancy services in the field of renewable energy construction projects; safety consulting services in the field of renewable energy construction projects * ; all the aforementioned services not in relation to the production, sale and marketing of components for photovoltaic or solar thermal energy systems or plants *

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 09-01-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1672110 DATED 02-28-2022, EXPIRES 02-28-2032

No claim is made to the exclusive right to use the following apart from the mark as shown: "MANAGEMENT"

SER. NO. 79-345,020, FILED 02-28-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
