

United States of America

United States Patent and Trademark Office

Reg. No. 7,424,000

Registered Jun. 25, 2024

Corrected Jan. 28, 2025

Int. Cl.: 1, 2, 9, 17

Trademark

Principal Register

artience Co., Ltd. (JAPAN CORPORATION)
2-1, Kyobashi 2-chome,
Chuo-ku Tokyo 104-8377
JAPAN

CLASS 1: Chemicals used in industry; carbon in the form of carbon nanotubes; chemicals for use in the manufacture of battery electrodes; chemicals for use in the manufacture of batteries; chemicals for use in the processing of plastics; adhesives for industrial purposes; conductive adhesives for use in industry; unprocessed plastics for industrial use; unprocessed synthetic resins; dispersions of plastics for use in the manufacture of colorants, pigments, printing inks, electrodes, adhesives, paints, primer, building materials, sizing preparations and coating agents; unprocessed synthetic resins for use in the manufacture of plastic molding compounds; conductive pastes, namely, electrically conductive pastes; electrically conductive pastes for electromagnetic shielding in electronic products; conductive polymers for electromagnetic shielding in printed circuit boards being chemicals and unprocessed plastics, namely, polymers for electronic materials

CLASS 2: Pigments; colorants; paints; printing ink; conductive inks; conductive inks for electromagnetic shielding in electronic products; conductive paints; conductive paints for electromagnetic shielding in electronic products

CLASS 9: Batteries; solar batteries; electric batteries; dry cells; fuel cell electrodes; electrodes for batteries; electrodes for solar batteries; electric wires and cables; personal digital assistants in the shape of a watch; smartphones; computers; computer hardware; computer memory devices; computer circuit boards; color filters for liquid crystal displays; computer peripheral devices; downloadable computer software for selecting and matching colors; downloadable computer software for use in printing and print output management; downloadable computer graphics software; computer software for selecting and matching colors, recorded; computer software for use in printing and print output management, recorded; computer graphics software, recorded []; electric

Acting Director of the United States Patent and Trademark Office

conductors]

CLASS 17: Electrical insulating materials; adhesive-coated plastic films, other than for wrapping, for use in commercial or industrial manufacturing; adhesive-coated plastic tapes, other than for wrapping, for industrial and commercial use; adhesive-coated plastic sheets, other than for wrapping, for use in manufacture; semi-processed plastic products with adhesives; electromagnetic shielding films; electromagnetic shielding tapes; electromagnetic shielding sheets; electromagnetic shielding films with adhesives; electromagnetic shielding tapes with adhesives; electromagnetic shielding sheets with adhesives; sealing and insulating material for electromagnetic shielding; conductive films and sheets made from plastic for use in the manufacture of circuit boards, circuit board units and electronic parts therefor; thermal conductive films and sheets made from plastic for use in the manufacture of circuit boards, circuit board units and electronic parts therefor; electrical insulation sheets and films; plastic films for electrical insulation; electrical insulation sheets and films with a conductive layer; electrical insulating materials with a conductive layer; anti-glare plastic film for use on windows, vehicle windows, greenhouses, glass houses, television display screens, computer display screens, and smart phone display screens; plastic films for use on windows, vehicle windows, greenhouses, glass houses, television display screens, computer display screens, and smart phone display screens for protection against infrared rays or ultraviolet rays; adhesive tapes, other than for medical purposes, stationery or household purposes; semi-processed plastic as semi-finished products in the form of pellets, rods, foils, foams, fibers, films and sheets; conductive tapes for electromagnetic shielding in electronic products; conductive adhesive tapes for industrial use; conductive sheets for electromagnetic shielding in electronic products; plastic conductive sheets for use in the manufacture of printed circuit boards and display panels; conductive films for electromagnetic shielding in electronic products

The mark consists of a stylized letter "a" with a tail formed by two shaded squares.

PRIORITY DATE OF 11-11-2022 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1722104 DATED 11-21-2022,
EXPIRES 11-21-2032

SER. NO. 79-366,580, FILED 11-21-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
