**Reg. No. 7,376,319**

**Registered May 07, 2024**

**Corrected Jan. 28, 2025**

**Int. Cl.: 7, 8, 12, 35, 40, 42**

**Service Mark**

**Trademark**

**Principal Register**

Replique GmbH (GERMANY GmbH)

Julius-Hatry-Strasse 1

68163 Mannheim

GERMANY

CLASS 7: Parts for construction machines, especially spare parts for engines, namely, gear drives, sealings, holders, ventilator blades, and nozzles, cover parts, lids, parts for interiors, namely, waterproof and dust covers for parts for interiors, blinds, frames, handles, exterior parts, namely, chassis parts, and connectors for attachments produced on behalf of and according to the designs of original equipment manufacturers; parts for road construction machines, especially spare parts for engines, namely, gear drives, sealings, holders, ventilator blades, and nozzles, cover parts, lids, parts for interiors, namely, covers, blinds, frames, handles, exterior parts, namely, chassis parts and connectors for attachments produced on behalf of and according to the designs of original equipment manufacturers; parts for agricultural machines, produced on behalf of and according to the designs of original equipment manufacturers, namely, piston rings, pistons, bearings, bearing housings, bearings and bushings, wear rings, washers, bushings, spherical bearings, bearing pads, drive systems, conveyor systems, crankshafts and cylinder heads, cultivator points, cultivator sweeps, plough points, pumps, transaxles, derailleur, sprockets, forks, transfer cases, transmission seals, idler arms, ball joints, suspension struts, differentials, drive trains, brake shoes, disk wheels, gear wheels, axles, heel guards, fenders, shock absorbers, wheels, transmissions, cylinders, brakes, brake levers, millstones, hoods, grindstones, blades, carburetors, cylinders, mandrels, bearings, sieves, bellows, bearing inserts, roller bearings, collets, cam covers, intake manifolds, engine cases, regulators being parts of machines, spindles, cams, springs, pulleys, valves, contact points, combustion changers, dispensing valves, automotive parts, dipsticks, chutes, gear drives, stators, bushings, power valves, rocker arms, push rods, oil coolers, crankcase, butterfly valves, idling pulleys, hydraulic intensifiers, hydraulic accumulator, laminated leaf-springs, roller chains, belt pulleys, speed change gears, reduction gears, saw benches, heat exchangers, flexible shaft couplings, wear plates and strips, roll mill bearings, tie plates, pressure regulators, pressure transducers, pressure switches, fluid drive couplings, joints, joint parts for connecting sliding strips, plates and guides, distributor rotors, distributor caps, coils, connecting rods, condensers, filters, rollers, couplers and semi-couplers, fuel injectors, ignition parts, pumps, rubber tracks, air regulators, fuel and air mixture regulators, airline filters, air filters, lubricators, and regulators, wear rings, sliding blocks and machine transmission gears, turbocompressors, headers, silencers, speed governors, pumps, pier fittings and flanges, exhaust system temperature, pressure, flow sensors, engine parts, internal combustion engine parts, mechanical engine parts, chassis parts, hydraulic and pneumatic parts, machine coupling and transmission components and parts therefore, structural parts, enhancement parts; parts for agricultural machines, especially spare parts for engines, namely, gear drives, sealings, holders, ventilator blades, and nozzles, cover parts, lids, parts for interiors, namely, covers, blinds, frames, handles, exterior parts, namely, chassis parts, and connectors for attachments for

*Coke Moya Smead*

Acting Director of the United States Patent and Trademark Office

earthmoving, and construction equipment, produced on behalf of and according to the designs of original equipment manufacturers

CLASS 8: Parts for hand-operated agricultural implements, namely, handles for hand-operated hand implements, holders for hand-operated agricultural implements, attachment holders for hand-operated hand implements, connectors for water hoses in the nature of hand-operated hose crimpers, nozzles being hand-operated spray guns for spraying liquid, powdered or fibrous materials, produced on behalf of and according to the designs of original equipment manufacturers; parts for hand-operated tools, namely, handles for hand-operated hand tools, holders for hand-operated tools, attachment holders for hand-operated hand tools, connectors for electrical and cable use in the nature of hand-operated wire crimpers, casings for hand tools and handles and holders for hand tools, frames for vacuum cleaners, produced on behalf of and according to the designs of original equipment manufacturers

CLASS 12: Structural parts for automobiles, produced on behalf of and according to the designs of original equipment manufacturers; interior trim parts for automobiles, produced on behalf of and according to the designs of original equipment manufacturers; clips adapted for fastening automobile parts to automobile bodies, produced on behalf of and according to the designs of original equipment manufacturers

CLASS 35: Providing online marketplaces for buyers and sellers of goods and or services, especially, for spare parts and accessories produced on behalf of and according to the designs of original equipment manufacturers

CLASS 40: Custom 3D printing, for others, of spare parts and accessories produced on behalf of and according to the designs of original equipment manufacturers; Custom 3D printing services of spare parts and accessories produced on behalf of and according to the designs of original equipment manufacturers

CLASS 42: Software as a service (SaaS) services featuring software for managing spare parts supply, handling and fixing production parameters, order management of said parts and tracking orders, recording quality parameters and tracing of quality documents linked to the produced parts; Software as a service (SaaS) services featuring software for encrypting of production files, and handling packaging and manufacturing instructions; platform as a service (PaaS) services featuring computer software platforms for encrypted distribution of manufacturing production files; platform as a service (PaaS) services featuring computer software platforms for database management, especially for recording of process parameters during manufacturing, forwarding production files, and for producing spare parts and accessories on behalf of and according to the designs of original equipment manufacturers; none of the foregoing in the fields of urban and regional planning and development, zoning analysis and planning, urban transportation infrastructure planning and development, or local and regional regulation in connection with the foregoing

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

OWNER OF INTERNATIONAL REGISTRATION 1604614 DATED 04-29-2021, EXPIRES 04-29-2031

The English translation of REPLIQUE in the mark is REPLICA.

SER. NO. 79-316,648, FILED 04-29-2021

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
