agents for preservation of cement, moisture impregnating chemicals for cement, excluding paints and lacquers, detergents for use in manufacturing processes, starch for industrial purposes, caustic pickling agents for metals, adhesives for use in industry, formic acid, citric acid, benzoic acid, hydrochloric acid, industrial alcohols, formic aldehyde for chemical purposes, demineralized water, fluids for hydraulic circuits, alumina, gelatinous silica and silica gel, in particular as desiccants, solvents for paints, paraffin inhibitors, corrosion inhibitors, water clarifiers, foamers as chemical products for industrial purposes, scale removers, binding agents for paints, paint thinner, dyes, pigments for use in paints, lime wash, food dyes, laundry preparations, bleaching preparations, detergents, other than for use in manufacturing operations, scouring solutions, refurbishing preparations, polishing preparations, grease-removing preparations, grinding preparations, soap, ethereal oils, industrial oils, industrial grease, lubricants, dust absorbing, wetting and controlling compositions, non-chemical additives for fuel oils for combustion enhancers, non-chemical additives for fuels; provision of an online marketplace for buyers and sellers of goods and services; wholesale and retail services, namely, wholesale and retail store services in the fields of chemical products for industrial, scientific, photographic purposes, for the treatment of water, for the cosmetics industry, in particular emulsion breakers, absorption stimulators, emulsifiers as chemical products for industrial purposes, stabilizers as chemical products for industrial purposes, solubilizers as chemical products for industrial purposes, synthetic resins, unprocessed, unprocessed plastics, fire extinguishing compositions, agents for hardening and soldering of metals, chemical products for fresh storage and preservation of foods, chemical enhancers of the characteristics of food with respect to consistency of meat, namely, meat tenderizing agents, industrial salts being chemical products, flocculants for creating flocculant, tanning substances, textile and leather-impregnating chemicals, agents for preservation of cement, moisture impregnating chemicals for cement, excluding paints and lacquers, detergents for use in manufacturing processes, starch for industrial purposes, caustic pickling agents for metals, adhesives for use in industry, formic acid, citric acid, benzoic acid, hydrochloric acid, industrial alcohols, formic aldehyde for chemical purposes, demineralized water, fluids for hydraulic circuits, alumina, gelatinous silica and silica gel, in particular as desiccants, solvents for paints, paraffin inhibitors, corrosion inhibitors, water clarifiers, foamers as chemical products for industrial purposes, scale removers, binding agents for paints, paint thinner, dyes, pigments for use in paints, lime wash, food dyes, laundry preparations, bleaching preparations detergents, other than for use in manufacturing operations, scouring solutions, refurbishing preparations, polishing preparations, grease-removing preparations, grinding preparations, soap, ethereal oils, industrial oils, industrial grease, lubricants, dust absorbing, wetting and controlling compositions, non-chemical additives for fuel oils for combustion enhancers, non-chemical additives for fuels; wholesale and retail services, namely wholesale and retail store services, in the fields of chemical products for industrial, scientific, agricultural, horticultural, forestry purposes

CLASS 37: Cleaning, namely, cleaning of oil pipelines; pig cleaning, namely, removing water, scale, solids, and corrosion from pipelines; maintenance and repair of pipelines

CLASS 39: Storage, reloading, packaging and transport of chemicals, plastics and rubber for a fee; filling chemicals, namely, bottling services for third parties

CLASS 40: Recycling of operating materials, production residues respectively waste, in particular also in compliance with waste, wastewater and emission laws, regulations and official notices; waste treatment and transformation, namely, chemical treatment of waste materials, of sludges for wastewater treatment, of water for water purification and wastewater treatment as well as chemical paper treating, especially pulp bleaching, all the above treatments especially using chlorine dioxide

CLASS 42: Technical consultancy services, namely, environmental science consulting in connection with compliance with waste, wastewater and emission laws, regulations and official notices, all aforementioned services against payment; services of a physical-chemical development laboratory, namely, laboratory research in the field of chemistry

and bacteriology, related to product development; quality control, namely, water quality control services; quality inspection, namely, testing of chemicals for quality control purposes; material testing; chemical laboratory services; technical consultancy services, namely, engineering consulting in the field of environmental testing services to detect pipeline contamination

The color(s) purple and blue is/are claimed as a feature of the mark.

The mark consists of the letter "B" in purple transitioning to blue.

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
