### THAT'S LIFE IN FLOW

**Reg. No. 7,417,607**

**Registered Jun. 18, 2024**

**Corrected Feb. 25, 2025**

**Int. Cl.: 9, 42**

**Service Mark**

**Trademark**

**Principal Register**

Agfa HealthCare NV (BELGIUM CORPORATION)  
Septestraat 27  
Mortsel, BELGIUM 2640

CLASS 9: Downloadable computer software for recording, working-up, managing and transferring medical data in a web browser; downloadable computer software for simplifying enterprise wide multispecialty imaging, with critical results notification workflows and tools to enhance mobile collaboration within a medical environment; downloadable computer programs and computer software for supporting workflows and processes in a medical environment or in a specific department of such institutions such as hospital information systems, clinical information systems, laboratory information systems, image archiving and communication systems, radiological information systems, cardiologic information systems; downloadable computer software for document management; downloadable computer software for quality management, namely, software for improving the consistency of patient information; downloadable computer software for protocol management, namely, software for tracking documents to ensure that all audit and certification standards for information systems are met; downloadable computer software for providing an image and information management platform for medical radiology delivering of integrated solutions for improving the workflow across the multiple stages of patient care; downloadable database management computer software for use in a medical environment; downloadable computer software with data warehousing capable of combining and harmonizing different heterogeneous sources and to deduct and export new derived data and indicators; downloadable computer software for managing resource allocation, improving productivity, optimizing resources and providing clinical confidence with patient-centric contextual intelligence speeding up of medical diagnosis; downloadable computer software for workflow management that is empowered by artificial intelligence enabling collaboration between departments and across geographies; workflow centric downloadable computer software platform for reducing complexity, increasing agility and scale on demand that offers fast, simplified access to a single and comprehensive patient imaging record enabling viewing and sharing medical images and medical imaging data across departments and sites; downloadable business intelligence computer software for the analysis of medical imaging records and related information; downloadable computer software for workflow management for setting up, performing, monitoring and integrating a variety of artificial intelligence algorithms for boosting productivity, efficiency and precision diagnostics in a medical environment; recorded and downloadable computer software for connecting to a server containing

client data units; downloadable integration computer software for sharing medical imaging with third parties; downloadable unified imaging software platform providing picture archiving and communication systems (PACS), reporting, advanced medical-diagnostic image processing, integration of clinical information, results distribution and analytics of medical-diagnostic images and data

FIRST USE 10-00-2022; IN COMMERCE 10-00-2022

CLASS 42: Design, development, programming and maintenance of a communication software platform for medical use on the internet; software as a service featuring software for delivering multimedia patient records in a healthcare facility; software-as-a-Service (SaaS) featuring software to simplify enterprise-wide multi-specialty imaging with workflows for notification of critical results and tools to enhance mobile collaboration within a medical environment; software-as-a-Service (SaaS) featuring software allowing for searching for correlations between data and to perform previsions; software as a service solution featuring software for transmission of medical patient records in a healthcare facility in the form of digital images, text, audio and video recordings; software-as-a-Service (SaaS) featuring software for access to medical images and related information across multiple distributed sources; software-as-a-Service (SaaS) featuring software for search analysis of medical images, records and related information; software-as-a-Service (SaaS) featuring software for setting up, performing, monitoring and integrating a variety of artificial intelligence algorithms for boosting productivity, efficiency and precision diagnostics in a medical environment; software-as-a-Service featuring software for connecting to a server containing client data units; Computer services, namely, integration between in-house developed software and 3rd party software used at the customer; software as a Service (SaaS) featuring software for a workflow centric platform that enhances and speeds up medical-diagnostic image and data acquisition and retrieval, optimizes system efficiency and performance and allows collaboration across departments, hospitals or regions; software as a Service (SaaS) featuring software with a unified imaging platform providing picture archiving and communication systems (PACS), reporting, advanced medical-diagnostic image processing, integration of clinical information, results distribution and analytics of medical-diagnostic images and data

FIRST USE 10-00-2022; IN COMMERCE 10-00-2022

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY CLAIMED UNDER SEC. 44(D) ON EUROPEAN UNION APPLICATION NO. 018791433, FILED 11-08-2022

SER. NO. 97-771,037, FILED 01-27-2023

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
