## United States Patent and Trademark Office

# BALLUFF

**Reg. No. 7,458,986**

**Registered Jul. 30, 2024**

**Corrected Mar. 04, 2025**

**Int. Cl.: 9**

**Trademark**

**Principal Register**

BALLUFF GmbH (GERMANY LIMITED LIABILITY COMPANY)

Schurwaldstr. 9

73765 Neuhausen

GERMANY

CLASS 9: Temperature sensors, pressure sensors, acceleration sensors, path sensors, position sensors, magnetostrictive sensors, magnetically coded sensors, flow rate sensors, inclination sensors; inductive detectors, capacitive detectors, optoelectronic detectors, magnetic field detectors, magnetically coded detectors, ultrasound detectors, inclination detectors, pressure detectors, temperature detectors, flow rate detectors, position detectors, and path detectors; position switches namely, electric switches; series switches namely, electric switches; inductive, optoelectronic, capacitive, magnetic-field-dependent proximity switches namely electric switches and sensors; rotary encoders; electrical displacement transducers; temperature sensors, pressure sensors, acceleration sensors, path sensors, position sensors, magnetostrictive sensors, magnetically coded sensors, flow rate sensors, inclination sensors, and ultrasound sensors for bus systems; signal evaluation sensors and electronic circuits, in particular for measuring position, displacement, rotational speed, angular position, speed, acceleration, time; displacement measuring systems comprised of inductive sensors, capacitive sensors, optoelectronic sensors, magnetic field sensors, ultrasound sensors, magnetically coded sensors, magnetostrictive sensors, position sensors, path sensors, displacement measuring sensors, and cameras, and specifically adapted parts thereof; [ precision electric switch mechanisms and specifically adapted parts thereof; ] sensor bodies for sensors and switches; connection parts for electrical lines being electrical connectors; electrical couplers and connecting elements being electrical connectors for electrical circuits; ultrasonic sensors; angle coders namely, angle sensors; incremental, absolute and multiturn encoders

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 10-04-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1679644 DATED 03-31-2022, EXPIRES 03-31-2032

SEC.2(F)

SER. NO. 79-348,227, FILED 03-31-2022

Acting Director of the United States Patent and Trademark Office

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
