**Reg. No. 7,490,665**

**Registered Sep. 03, 2024**

**Corrected Mar. 18, 2025**

**Int. Cl.: 17, 19, 20**

**Trademark**

**Principal Register**

REHAU Industries SE & Co. KG (GERMANY LIMITED PARTNERSHIP)  
Helmut-Wagner-Strasse 1  
95111 Rehau  
GERMANY

CLASS 17: Adhesive bands other than stationery and not for medical or household purposes; anti-glare plastic films for windows; artificial resins, semi-processed; carbon fibers, other than for textile use; caulking materials;; clutch linings; collars of rubber for fastening pipes; compressed air pipe fittings, not of metal; connecting hose for vehicle radiators; non-metallic connectors for pipes, namely for pipes used in plumbing and drainage systems; cords of rubber; non-metallic couplings for flexible pipes; couplings of rubber for pipes; draught excluder strips; draught excluder strips of rubber; draught excluders being sealing and insulating materials for windows; elastic threads, not for use in textiles; non-metallic elbow joints for flexible pipes; expansion joint fillers; extruded plastic in the form of bars, blocks, pellets, rods, sheets and tubes for use in manufacturing; extruded plastics in the form of bars, blocks, pellets, rods, sheets and tubes for use in manufacturing; fiberglass fabrics for insulation; fiberglass for insulation; filtering materials of semi-processed films of plastic; filtering materials of semi-processed foams of plastic; fittings, not of metal, for flexible pipes; fittings, not of metal, for rigid pipes; flanged elbow hoses, not of metal; flexible hoses of plastic; flexible hose pipes of rubber; flexible pipes, not of metal; flexible pipes, tubes and hoses, not of metal; flexible plastic pipe insulation; flexible plumbing pipes of plastic; floating anti-pollution barriers; foils of metal for insulating; garden hoses; pipe gaskets; pipe gaskets for industrial use; seals, not of metal, for plumbing and drainage systems pipe connections; non-metallic hose connectors; couplings, not of metal, for hoses; hose pipes made of plastic; hose pipes made of rubber; hose pipes made of textile materials; hoses of textile material; hydraulic hoses of plastic; identification couplings of plastic for pipes; identification couplings of rubber for pipes; industrial hoses of plastic; injection moulding plastics, namely semi-processed plastics for use in injection molding; insulated pipe supports, not of metal; non-metallic insulated pipes used in plumbing and drainage systems; insulating fabrics; insulating materials; insulation for under-ground pipes and tanks; insulation jackets for industrial pipes; insulators for railway tracks; jackets for pipes; joint packings for pipes; joint sealants, other than for ships; junctions, not of metal, for flexible pipes; junctions, not of metal, for rigid pipes; laminated plastic films for use on windows; non-metal elbows for pipes; non-metal elbows for rigid pipes; non-metal fittings for pipes; non-metal pipe gaskets; non-metal pipe couplings and joints; non-metal pipe muffers; non-metallic couplings for rigid pipes; non-metallic flexible hoses made of polyvinylchloride for irrigating plants; flexible hoses, not of metal; hose pipes, not of metal for irrigating plants; insulating pipe muffers, not of metal; insulating jackets for pipes, not of metal; non-metallic microporous hoses

*Coke Moya Smead*

Acting Director of the United States Patent and Trademark Office

for use in agriculture; non-metallic microporous hoses for use in horticulture; seals, not of metal for windows; non-metallic window profiles for window frames; packing materials of rubber or plastics; packing, stopping and insulating materials; padding materials of rubber or plastics; clips of plastic for pipes used in plumbing and drainage systems; junctions, not of metal, being parts of rigid water pipes; non-metallic pipe extensions; pipe couplings and joints, not of metal; pipe couplings and joints, not of metal being parts of rigid water pipes; pipe fittings comprised primarily of plastic; pipe gaskets; pipe insulation; pipe joint compound; pipe joint sealant; pipe joint tape; pipe jointing compounds for preventing leakage; pipe jointing compounds for sealing pipe threads; non-metallic pipe linings; non-metallic pipe linings for sealing pipes; non-metallic pipe spacers; insulated pipe support sleeves of rubber; pipe thread tapes for sealing; pipe joints, not of metal; pipe wrappings for insulation purposes; pipes made of synthetic flexible material; plastic fibers, not for textile use; plastics in extruded form for use in manufacture; plastic plumbing hoses; plastic sheeting for agricultural purposes; plastic substances, semi-processed; plastics in the form of sheets, films, blocks, rods and tubes for use in manufacturing; plastics in the form of blocks for use in manufacturing; plastics in the form of plates for use in manufacturing; plastics in the form of rods for use in manufacturing; plastics in the form of sections for use in manufacturing; plastics in the form of strips for use in manufacturing; plastics substances, semi-processed, in the form of sheets, films, blocks, rods and tubes; porous irrigation hoses; reflective plastic films for use on windows; reinforcing materials, not of metal, for pipes; rings of rubber for use as pipe connection seals; rubber sleeves for protecting parts of machines; tubes and pipes of rubber; sealant compounds for joints; sealing and insulating materials; non-metallic sealing assemblies being sealing materials; non-metallic sealing profiles; non-metallic sealing rings for pipe fittings; non-metallic seals for pipes; seals for pipe connections; self-adhesive tapes, other than stationery and not for medical or household purposes; semi-processed plastics; shaped strips of foam rubber for use as draught seals in windows; shaped strips of rubber for use as draught seals in windows; shaped strips of rubber for use as seals in the manufacture of windows; shaped strips of rubber for use in the manufacture of windows; shock absorbing buffers of rubber for industrial machinery; silicon rubber pipes; sleeves of rubber for protecting parts of machines; soundproofing materials; non-metallic sprinkling pipes for a fire extinguishing system; stuffing of rubber or plastic; substances for insulating buildings against moisture; synthetic resins in rod form for use in manufacture; synthetic rubber; thermally insulated pipes made of plastic; threads of plastic for soldering; threads of plastic materials, not for textile use; threads of rubber, not for use in textiles; tinted plastic films for use on windows; translucent flexible material for insulating windows made of polymers; valves of india-rubber or vulcanized fiber; washers of rubber or vulcanized fiber; watering hose; watertight rings for plumbing pipes; weatherstrip-ping compositions for windows; non-metallic weather strips for windows; weatherstripping sealants in the nature of caulk; window masking films; non-metallic window seals in the form of compressions seals; window stops of rubber; polymer underfloor insulations

CLASS 19: Angle irons, not of metal; floor access covers, not of metal; armoured windows having non-metallic frames; balcony enclosures, not of metal; balusters, not of metal; balustrades, not of metal; beacons, not of metal, non-luminous; beams, not of metal; blinds outdoor, not of metal and not of textile; branching pipes, not of metal; building glass; building panels, not of metal; non-metallic transportable buildings; buildings, transportable, not of metal; casement windows, not of metal; ceilings, not of metal; cladding, not of metal, for windows; cladding, not of metal, for building; coloured window glass for building; cornices, not of metal; waste pipes, not of metal, for building installations; dome shaped skylight windows, not of metal; door casings, not of metal; door frames, not of metal; door panels, not of metal; doors, not of metal; gates, not of metal; windows, not of metal; window ventlights, not of metal; drain channels, not of metal; drain covers, not of metal; drain gullies, not of metal; drain pipes, not of metal; drain traps , not of metal or plastic; ducts, not of metal, for ventilating and air-conditioning installations; electronically controlled skylights, not of metal; outdoor blinds, not of metal; fences, not of metal; fire resistant collars for pipes,

not of metal; flashing, not of metal, for building; floor boards, not of metal; floor drainage channels in the nature of non-metallic construction materials, namely floor drain bases and grates for collecting; floor drains in the nature of nonmetallic construction materials, namely floor drain bases and grates for collecting; floor tiles, not of metal; floors, not of metal; folding doors, not of metal; non-metallic frames for glazed doors; non-metallic frames for glazed windows; framework for building, not of metal; French balcony enclosures, not metal; furrings of plastics for use in building; geotextiles; girders, not of metal; glass covers for commercial freezing equipment; glass door lites; glass door lites for refrigerating and freezing equipment; glass lites for windows; window glass for building, other than vehicle window glass; sheet glass for windows for building; glass panels for building; glass for glazing buildings; glass panels for windows; greenhouse frames, not of metal; green-houses, transportable, not of metal; grout; gutter pipes not of metal; gutters, not of metal; non-metal hips for roofing; horticultural frames, not of metal; insect screens, not of metal, for windows; insect screens not of metal; insulated water pipes, not of metal; insulating glass for building; interior non-metal window shutters; jalousies, not of metal; joists, not of metal; laths, not of metal; latticework, not of metal; lighting slabs, not of metal, for building; lintels, not of metal; sets of non-metal louvered windows and shutters; lumber; manhole covers, not of metal; mantlepieces; manufactured timber; moldable wood; moldings, not of metal, for building; mortar for building; non-metal drains for use in construction of basement waterproofing system; non-metal railings for balconies; non-metal sewer pipes; non-metal window frames; non-metal window jambs; non-metal window sashes; non-metal window screens; non-metal window shutters; non-metal window sills; non-metal windows; air pipes, not of metal, for buildings, in the nature of non-metal air conditioning ducts for building; non-metallic pipes for roof drainage installations; non-metallic rigid pipes for construction purposes; palisades, not of metal; pantiles, not of metal; parquet floor boards; parquet flooring; partitions, not of metal, for building; penstock pipes, not of metal, for building; pilings, not of metal, for building; water pipes, not of metal; plaster; plastic conduits for drainage; plastic pipes for conveying natural gas; water-pipes of plastic; plastic window frames; rigid water-pipes of plastic; plate glass windows, for building; platforms, prefabricated, not of metal; canopies being building structures, not of metal and not of textile; posts, not of metal; posts, not of metal, for electric power lines; pre-insulated non-metallic welded pipes for building; railway sleepers, not of metal; rainwater drainage systems comprised of polymers; rainwater hoppers, not of metal; rainwater reservoirs, not of metal; rainwater tanks, not of metal; rigid pipes and valves for building, not of metal; rigid pipes, not of metal; rigid pipes, not of metal, for building; rigid underdrainage pipes, not of metal, for building; roof coverings, not of metal; window fanlights and ventlights, not of metal; roof flashing, not of metal; skylights, not of metal; skylights of plastic; roofing slates; roofing, not of metal; safety glass for building purposes; sash windows, not of metal; scaffolding, not of metal; plastic liners for sewer pipes; non-metallic sewers for stormwater sewer system; flexible shingle, non-metal; shutters, not of metal; non-metallic skylight frames for buildings; slabs, not of metal, for building; sliding doors for commercial chest freezers; sliding doors for refrigerating and freezing equipment; sliding doors, not of metal; modular stables, not of metal; stained glass windows; handrails, not of metal, for stairs; stair-treads, not of metal; staircases, not of metal; rainwater storm manholes of concrete; stringers being parts of staircases, not of metal; tile floorings, not of metal; tiles, not of metal, for building; trellises, not of metal; veneer wood; veneers made of polymeric materials for furniture; vinyl siding; vinyl windows; wainscoting, not of metal; wall claddings, not of metal, for building; wall linings, not of metal, for building; wall tiles, not of metal, for building; water-pipe valves, not of metal or plastic; window facades, not of metal; window glass for building; non-metallic window sashes; window sills, not of metal; stained-glass windows; wood window frames; dado rails, not of metal; laminate flooring, not of metal; duckboards, not of metal; interior window shutters, not of metal

CLASS 20: Benches; indoor window blinds; bolts, not of metal; cabinet work; cases of wood or plastic; chairs; chests of drawers; chests, not of metal; clamps, not of metal, for fixing windows; clips made of plastics for pipes; clips, not of metal, for cables and

pipes; closures, not of metal, for containers; collars of plastic for fastening pipes; construction kits consisting of parts to be fitted in commercial chest freezers; containers, not of metal for transport; display counters being furniture; crates; cupboards; curtain holders, not of textile material; curtain hooks; curtain rails; curtain rings; curtain rods; curtain rollers; curtain tie-backs in the nature of non-textile curtain holders; deck chairs; decorative edging strips of plastic for use with window fittings; decorative wall plaques of plastic; desks; dinner wagons; display boards; display stands; display stands for shop windows; divans; door fittings, not of metal; window fittings, not of metal; gate fittings, not of metal, namely gate latches, gate stops or gate handles; doors for furniture; doors made of glass for furniture; drain traps being valves of plastic, other than parts of machines; padded armchairs; edgings of plastic for furniture; filing cabinets; furniture; furniture casters, not of metal; furniture fittings, not of metal; furniture of metal; furniture partitions of wood; furniture shelves; mirrors, picture frames; garment covers in the nature of storage racks; glass furniture, namely tables; hand-operated non-metal garden hose reels; handling pallets, not of metal; non-metallic hinges for doors and windows; hinges, not of metal; hinges, not of metal, for fastening pipes; holders for fixing window coverings and sashings, namely, tie-backs in the nature of textile curtain holders; hooks, not of metal, for clothes rails; horizontal slatted venetian indoor blinds for windows; hose clamps, not of metal; hose clips, not of metal; hose hangers, not of metal; index cabinets; indoor window blinds; kits of parts for assembly into articles of furniture, namely cabinets or shelves; kits of parts for assembly into display cases; latches, not of metal; lecterns; loading pallets, not of metal; lockers; magazine racks; mechanisms for lifting windows, being non-metal, non-electric window cranks; mechanisms for locking windows, not of metal, non-electric; mechanisms for rolling windows, being non-metal, non-electric window cranks; mechanisms for sliding windows, not of metal, non-electric, namely running tracks; metal indoor window blinds; mirror tiles; mirrors; non-metal window trims; clips, not of metal, for pipes; nuts, not of metal; office furniture; packaging containers of plastic; partitions of wood for furniture; cotter pins, not of metal; pipe fasteners, pipe connectors and pipe holders, non-metallic; clips of plastics, for cables and pipes; sleeves and couplings of plastic for fixing pipes; plastic window handles being window cranks; plate racks; poles, not of metal; pulleys of plastics for blinds; luggage racks being furniture; reeds; reels, not of metal, non-mechanical, for flexible hoses; reservoirs, not of metal nor of masonry; rivets, not of metal; rollers, not of metal, for windows; runners, not of metal, for sliding doors; sash fasteners, not of metal, for windows; window openers and closers being window cranks, not of metal, non-electric; saw horses; school furniture; screens; screws, not of metal; sealing caps, not of metal; seats; seats of metal; settees; shelves for file cabinets; shelves for storage; shelves for typewriters; shoulder poles; showcases being furniture; sideboards; signboards of wood or plastics; silvered glass being mirrors; slatted indoor blinds; slatted indoor blinds for windows; stag antlers; stair rods; non-metal stakes for plants or trees; staves of wood; steps ladders, not of metal; stools; table tops; tables; taps, not of metal, for casks; transparent doors for furniture, not of metal; transparent doors of glass for furniture; transport pallets, not of metal; trestles tables; serving trolleys; trolleys for computers being furniture; typing desks; valves, not of metal, other than parts of machines; vats, not of metal; vice benches; non-metallic wall mounted hose supports; wall plugs, not of metal; water inlets in the nature of plastic valves for water pipes being other than machine parts; water outlets in the nature of plastic valves for water pipes being other than machine parts; water regulating valves of plastic for water pipes; water-pipe valves of plastic; winding spools, not of metal, non-mechanical, for flexible hoses; indoor window blinds; window closers, not of metal, nonelectric being window cranks; window fasteners, not of metal; fittings for window glazing, not of metal; non-metallic window handles being window cranks; window openers, being window cranks, not of metal, non-electric; window pulleys, not of metal; indoor window shades; window stops of plastic; wood window handles; writing desks; furniture panels being cedar panels for use as drawer liners; work surfaces; pipe collars, not of metal; window hardware being guards; pipe clamps of rubber

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

Word designation in standard characters in Cyrillic.

PRIORITY DATE OF 07-08-2022 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1729206 DATED 12-29-2022,  
EXPIRES 12-29-2032

The transliteration of the non-Latin characters in the mark is: REHAU.

SER. NO. 79-369,389, FILED 12-29-2022

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
