**Reg. No. 7,483,946**

**Registered Aug. 27, 2024**

**Amended Mar. 25, 2025**

**Int. Cl.: 9, 42, 45**

**Service Mark**

**Trademark**

**Principal Register**

APRYSE SOFTWARE INC. (CANADA CORPORATION)

555 Burrard Street,

Suite 1735, PO Box 254

Vancouver BC, CANADA V7X 1M8

CLASS 9: Downloadable computer software for displaying, annotating, editing, redacting, cropping, combining, compressing, validating, comparing, flattening, form-filling and signing of electronic documents and documents in portable document format (PDF); downloadable computer software for encryption; downloadable computer software for use in the encryption and decryption of electronic documents and documents in portable document format (PDF), audio files, video files, text files, graphic files and multimedia files; downloadable computer software for processing digital images, electronic documents and documents in portable document format (PDF); downloadable optical character recognition software; downloadable intelligent character recognition software; downloadable check-mark recognition software; downloadable form processing software for document form processing and text form processing featuring fixed form processing and semi-structured documents and forms processing; downloadable document recognition software; downloadable software for electronic document conversion to and from portable document format (PDF) formats; downloadable software for converting electronic documents and images between joint photographic experts group (JPG), portable network graphics (PNG), Digital Imaging and Communications in Medicine (DICOM), text document (TXT) files, slide presentation format, rich text format (RTF), portable document format (PDF), portable document format archive (PDF/A), Extensible Markup Language (XML), HyperText Markup Language (HTML), spreadsheet file format, High Efficiency Image Container (HEIC); downloadable portable document format (PDF) conversion software; downloadable portable document format (PDF) creation software; downloadable scanning software and image processing software; downloadable computer software for document storage of digital files and files in joint photographic experts group (JPG), portable network graphics (PNG), Digital Imaging and Communications in Medicine (DICOM), text document (TXT) files, slide presentation format, rich text format (RTF), portable document format (PDF), portable document format archive (PDF/A), Extensible Markup Language (XML), HyperText Markup Language (HTML), spreadsheet file format, and High Efficiency Image Container (HEIC) formats; \* all of the foregoing excluding computer software for the primary purpose of business management, accounting, collection and analysis of business information, franchise management, payroll preparation, credit management, collection of payments, payment processing, management of membership subscriptions and plans, personnel recruitment, marketing goods and services, booking of health and fitness classes, booking of health and fitness instructors and personal trainers, and for collection and analysis of health information \*

Acting Director of the United States Patent and Trademark Office

CLASS 42: Data conversion of computer programs and data not physical conversion, duplication of computer programs, calibration, creating and maintaining web sites for others, computer programming, computer software design, computer systems analysis, computer system design, consultancy in the design and development of computer hardware, conversion of data or documents from physical to electronic media, engineering; installation of computer software, graphic arts designing, industrial design, maintenance of computer software, packaging design, recovery of computer data, research and development of new products for others, surveying, technical project studies, namely, conducting scientific feasibility studies in the field of image recognition, technical research in the field of image recognition, updating of computer software for others; cloud computing featuring computer software for displaying, annotating, editing, redacting, cropping, combining, compressing, validating, comparing, flattening, form-filling and signing of electronic documents and documents in portable document format (PDF); cloud computing featuring computer software for encryption; cloud computing featuring computer software for use in the encryption and decryption of electronic documents and documents in portable document format (PDF), audio files, video files, text files, graphic files and multimedia files; cloud computing featuring computer software for processing digital images, electronic documents and documents in portable document format (PDF); cloud computing featuring optical character recognition software; cloud computing featuring intelligent character recognition software; cloud computing featuring check-mark recognition software; cloud computing featuring form processing software for document form processing and text form processing featuring fixed form processing and semi-structured documents and forms processing; cloud computing featuring document recognition software; cloud computing featuring software for electronic document conversion to and from portable document format (PDF) formats; cloud computing featuring software for converting electronic documents and images between digital files and files in joint photographic experts group (JPG), portable network graphics (PNG), Digital Imaging and Communications in Medicine (DICOM), text document (TXT) files, slide presentation format, rich text format (RTF), portable document format (PDF), portable document format archive (PDF/A), Extensible Markup Language (XML), HyperText Markup Language (HTML), spreadsheet file format, and High Efficiency Image Container (HEIC) formats; cloud computing featuring portable document format (PDF) conversion software; cloud computing featuring portable document format (PDF) creation software; cloud computing featuring scanning software and image processing software; cloud computing featuring software to permit document storage and retention of digital files and files in joint photographic experts group (JPG), portable network graphics (PNG), Digital Imaging and Communications in Medicine (DICOM), text document (TXT) files, slide presentation format, rich text format (RTF), portable document format (PDF), portable document format archive (PDF/A), Extensible Markup Language (XML), HyperText Markup Language (HTML), spreadsheet file format, and High Efficiency Image Container (HEIC) formats; application service provider services featuring software for real time file collaboration on digital files in all supported formats; interactive digital document hosting services, namely, cloud computing featuring software for use in facilitating multi-site file collaboration among users, which allow users to publish and share their own content in all supported formats on-line; \* all of the foregoing excluding cloud computing software for the primary purpose of business management, accounting, collection and analysis of business information, franchise management, payroll preparation, credit management, collection of payments, payment processing, management of membership subscriptions and plans, personnel recruitment, marketing goods and services, booking of health and fitness classes, booking of health and fitness instructors and personal trainers, and for collection and analysis of health information \*

CLASS 45: Copyright management; intellectual property consultancy; intellectual property monitoring services for anti-counterfeiting purposes, namely, anti-counterfeiting consulting in the field of document authentication and tracking; licensing of intellectual property

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 09-23-2022 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1724359 DATED 12-01-2022, EXPIRES 12-01-2032

SER. NO. 79-367,446, FILED 12-01-2022

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
