

United States of America

United States Patent and Trademark Office

Reg. No. 5,585,580

Registered Oct. 16, 2018

Amended Mar. 25, 2025

Int. Cl.: 9

Trademark

Principal Register

HashiCorp, Inc. (DELAWARE CORPORATION)
Suite 575
101 Second Street
San Francisco, CALIFORNIA 94105

CLASS 9: Computer hardware and computer software programs for the integration of text, audio, graphics, still images and moving pictures into an interactive delivery for multimedia applications; Computer network interface devices; Computer operating programs; Computer operating programs and computer operating systems; Computer operating programs, recorded; Computer operating systems; Computer programmes for document management; Computer programs for editing images, sound and video; Computer programs for network management; Computer programs for searching the contents of computers and computer networks by remote control; Computer software and firmware for operating system programs; Computer software development tools; Computer software for computer system and application development, deployment and management; Computer software for application and database integration; Computer software for authorising access to data bases; Computer software for authorising access to databases; Computer software for controlling and managing access server applications; Computer software for creating searchable databases of information and data; Computer software for database management; Computer software for document management; Computer software for encryption; Computer software for organizing and viewing digital images and photographs; Computer software for processing digital images; Computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; Computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; Computer software for the field of warehousing and distribution, to manage transactional data, provide statistical analysis, and produce notifications and reports; Computer software for use in database management; Computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; Computer software for use in the safeguarding of

Coke Moye Sneed

Acting Director of the United States Patent and Trademark Office

digital files, including audio, video, text, binary, still images, graphics and multimedia files; Computer software for wireless content delivery; Computer software for generating and providing reports and computer performance information to others that allows them to analyze, optimize, govern, and manage computing activities and instructional user guides sold as a unit; Computer software for use in generating and providing reports containing information about computer security, performance, costs, storage and usage; Computer software for use in managing, analyzing, optimizing, provisioning, monitoring, and scaling of computer resources that may be downloaded from a global computer network; Computer software platforms for use in generating and providing reports containing information about computer security, performance, costs, storage and usage; Computer software that assists computers in deploying parallel applications and performing parallel computations; Computer software to automate data warehousing; Computer software to maintain and operate computer system; Data compression software; Compiler software; Computer anti-virus software; Computer operating software; Computer software for administration of computer local area networks; Decoder software; Downloadable cloud-based software for generating and providing reports and computer performance information to others that allows them to analyze, optimize, govern, and manage computing activities; Downloadable computer software for use in generating and providing reports containing information about computer security, performance, costs, storage and usage; Downloadable cloud-computing software for generating and providing reports and computer performance information to others that allows them to analyze, optimize, govern, and manage computing activities; Electronic communications systems comprised of computer hardware and software for the transmission of data between two points; Mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for collection and management of data; Recorded computer operating programs; Wireless digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment

FIRST USE 4-28-2015; IN COMMERCE 4-28-2015

The mark consists of an inverted triangle with 7 squares in the middle forming a rectangle and one of the squares in the middle below.

SER. NO. 87-832,347, FILED 03-13-2018

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
