HYSTAR

Reg. No. 7,525,481

Registered Oct. 08, 2024

Corrected Apr. 08, 2025

Int. Cl.: 7, 9, 11, 37, 40, 42

Service Mark

Trademark

Principal Register

Hystar AS (NORWAY AS)
c/o DNV, Veritasveien 5
N-1363 HØVIK
NORWAY

CLASS 7: Pumps and dispensers for liquified gas and gas in gaseous form; electrolysis installations for use in the production of green hydrogen; fuel dispensing pumps for service stations; hydrogen dispensing pumps for service stations; compressed air pumps; pumps as parts of machines, engines or motors; pumps for machines; self-regulating fuel pumps for engines * ; none of the aforementioned goods consist of or are related to industrial vehicles or parts for industrial forklift trucks *

CLASS 9: Fuel cell systems, namely, fuel cell stacks, power controllers, power inverters, and energy storage devices, namely, batteries; electrolysis apparatus for laboratory use; Devices and instruments for transforming electrical energy into hydrogen as an energy carrier, namely, proton exchange membrane electrolyzers; parts and accessories for proton exchange membrane electrolyzers namely, electrolyzer stacks for transforming electrical energy into hydrogen as an energy carrier; pumps for use in the generation, transmission, distribution, supply, and storage of hydrogen; valves for use in the generation, transmission, distribution, supply, and storage of hydrogen; transmitters for use in the generation, transmission, distribution, supply, and storage of hydrogen; filters for use in the generation, transmission, distribution, supply, and storage of hydrogen; sensors for use in the generation, transmission, distribution, supply, and storage of hydrogen; downloadable software for use in apparatus and instruments for use in the generation, transmission, distribution, supply and storage of hydrogen; downloadable application software for mobile devices for use in the generation, transmission, distribution, supply, and storage of hydrogen; downloadable software applications for use with mobile devices for use in the generation, transmission, distribution, supply, and storage of hydrogen; downloadable computer software applications for use in the generation, transmission, distribution, supply, and storage of hydrogen

CLASS 11: Industrial treatment installations for use in the production, transmission, distribution, supply and storage of hydrogen; equipment and components for the production of hydrogen, namely, hydrogen generators

CLASS 37: Construction of services for hydrogen fuel infrastructure and systems; assembly, construction, installation, service, maintenance and repair of electrolysis devices and equipment and components for the production of hydrogen; providing technical assistance, advice and information in connection with assembly, construction, installation, service, maintenance and repair of electrolysis devices and equipment and components for the production of hydrogen; construction and maintenance of gas stations and filling installations; vehicle service station services; filling services for

Acting Director of the United States Patent and Trademark Office

motor vehicles and fuel cell vehicles, namely, vehicle service stations; fueling of hydrogen gas for vehicles

CLASS 40: Hydrogen generation services; treatment of semi-manufactured products by means of electrolysis; processing of chemicals and gas; production of hydrogen; production of power and electricity from renewable resources; consulting and consulting services related to the generation of hydrogen; production of hydrogen gas via electrolysis

CLASS 42: Design and planning of hydrogen fuel infrastructures in natural structures and buildings; development of hydrogen infrastructures, hydrogen filling installations and electrolysis installations; industrial analysis and research in renewable energy sources; technological engineering, consulting, research and development services all related to hydrogen

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 12-21-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1674620 DATED 05-10-2022, EXPIRES 05-10-2032

SER. NO. 79-346,067, FILED 05-10-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
