DRIVE+

Reg. No. 7,378,105

Registered May 07, 2024

New Cert. Apr. 22, 2025

Int. Cl.: 7, 12

Trademark

Principal Register

SMARTPARTS SA (SWITZERLAND LIMITED LIABILITY COMPANY)
CHEMIN DU CHATEAU-BLOCH 11
LE LIGNON GENEVA, SWITZERLAND 1219

CLASS 7: Machines for chiseling stone, metal; Compressing machines; Machines for coupling hose pipes; Crushing machines for industrial purposes; Degreasing machines for use on metal; Galvanizing machines; Machine tools for chiseling metal, compressing, coupling hose pipes, crushing, degreasing, filing, filtering, and galvanizing; Motors and engines, except for land vehicles; Machines and machine parts except for land vehicles, namely, compressed air pumps, alternators, anti-pollution devices for engines, axles for machines, ball rings for bearings for industrial machines, engine bearings, ball bearings for motors and engines, except for land vehicles, bearing brackets, bushings being parts of machines, bearings for transmission shafts, belts for machines, belts for engines, calenders being machines, feed lines for carburetors, carburetors, catalytic converters, machine clack valves, compressed air engines, compressed air pumps, air compressors, connecting rods for machines and motors except for land vehicles, hydraulic control cables for machines and motors except for land vehicles, pneumatic controls for machines and motors except for land vehicles, hydraulic controls for machines and motors except for land vehicles, hoods being parts of machines, crank shafts for machines and motors except for land vehicles, crankcases for machines and motors except for land vehicles, cranks being parts of machines, cylinder heads for engines except for land vehicles, cylinders for machines, cylinders for engines except for land vehicles, hydraulic door openers, pneumatic door openers, electric door closers, electric door openers, hydraulic door closers, pneumatic door closers, drilling heads being power drill bits, centering drilling bits being parts of machines, machine drums being containers for use with motors and engines, except for land vehicles, dynamo brushes, dynamo belts, dynamos, ejectors being parts of injection molding machines, hydraulic motors, exhaust manifolds for engines except for land vehicles, silencers for engines except for land vehicles, fan belts for engines except for land vehicles, fans for engines except for land vehicles, filters to clean cooling air for engines except for land vehicles, filters being parts of automotive machines and motors except for land vehicles, forge blowers, fuel economizers being enhancement parts for internal combustion engines in the nature of fuel treatment devices for engines except for land vehicles, fuel dispensing pumps for service stations, self-regulating engine fuel

Coke Moya Smeat

Acting Director of the United States Patent and Trademark Office

pumps, generators of electricity, glow plugs for Diesel engines, grease rings being non-metal gaskets for machines, heat exchangers being parts of machines, igniting devices for internal combustion engines being spark plugs, ignition magnetos for engines, fuel injectors for engines except for land vehicles, power-operated jacks being machines, pneumatic jacks, gaskets for internal combustion engines, journal boxes and journals, kick starters for motorcycles, grease pumps, lubricating pumps being parts of machines, mufflers for engines, piston rings, pistons for engine cylinders, pistons for engines, pistons being parts of machines or motors except for land vehicles, electric machines for polishing wood, metal, power hammers, pressure reducers being parts of machines, pressure regulators being parts of machines, back pressure valves being parts of machines, pump diaphragms, pumps being parts of machines or motors except for land vehicles, electric pumps, power-operated rack and pinion lifting jacks, cooling radiators for engines, regulators being parts of machines, roller bearings for machines, needle bearings, shock absorber plungers being parts of machines, spark plugs for internal combustion engines, speed governors for machines and motors except for land vehicles, springs being parts of machines, starters for engines, stators, steam traps being valves, taps being parts of machines or engines except for land vehicles, transmissions for machines, turbochargers, universal joints other than for land vehicles, valves being parts of machines, winches, and winch motors; Electric devices, namely, electric window closers; Electric window openers; Hydraulic window openers; Hydraulic window closers; Hydraulic controls for machines; Pneumatic window closers; Pneumatic window openers

CLASS 12: Structural and replacement parts for land, air, and water vehicles, namely, air pumps, air bags being safety devices for automobiles, anti-skid chains, anti-theft devices for vehicles, anti-theft alarms for vehicles, armored vehicles, automobile engine hoods, automobile anti-skid chains, automobile chassis, automobile tires, automobile bodies, axle journals being axle bearings, axles, balance weights for vehicle wheels, bodies for vehicles, brake linings, brake shoes for vehicles, brake segments, brake pads for automobiles, brake discs for vehicles, brakes for vehicles, bumpers for automobiles, caissons, caps for vehicle gas tanks, casings for pneumatic tires, cigar lighters for automobiles, hydraulic circuits for vehicles, clutches for land vehicles, connecting rods for land vehicles other than parts of motors and engines, couplings for land vehicles, covers for vehicle steering wheels, crankcases for land vehicle components other than for engines, direction signals for vehicles, doors for vehicles, driving motors for land vehicles, driving chains for land vehicles, engine support mounts for land vehicles, engines for land vehicles, freewheels for land vehicles, gear boxes for land vehicles, gearing for land vehicles, head-rests for vehicle seats, headlight wipers, hoods for vehicle engines, vehicle folding roof hoods, horns for vehicles, hub caps, hubs for vehicle wheels, jet engines for land vehicles, luggage carriers for vehicles, luggage nets for vehicles, motor cars; electric motors for land vehicles; mudguards; non-skid devices for vehicle tires, namely, anti-skid chains, studs, and anti-skid textile covers for vehicle tires; Propulsion mechanisms for land vehicles, namely, engines and electric motors; rearview mirrors; reduction gears for land vehicles; Electric reversing alarms for vehicles; rims for vehicle wheels; safety belts for vehicle seats; safety seats for children, for vehicles; Fitted seat covers for vehicles; Security harnesses for vehicle seats being safety seat belts for vehicle seats; shock absorbing springs for vehicles; shock absorbers for automobiles; ski carriers for cars; covers for spare wheels; Anti-skid spikes for vehicle tires; spoilers for vehicles; steering wheels for vehicles; sun-blinds adapted for automobiles; suspension shock absorbers for vehicles; tailboard lifts being parts of land vehicles; pneumatic tires; torque converters for land vehicles; torsion bars for vehicles; trailer hitches for vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; transmissions for land vehicles; all-terrain vehicle tracks; treads for retreading tires; inner tubes for pneumatic tires; turbines for land vehicles; tires for vehicle wheels; undercarriages for vehicles; upholstery for vehicles; valves for vehicle tires; vehicle wheels; vehicle chassis; vehicles bumpers; vehicle running boards; vehicle wheel spokes; vehicle suspension springs; vehicle seats; Fitted covers for vehicles; vehicle windows; Automobile windshields; Vehicle parts, namely, windshield wipers

OWNER OF SWITZERLAND , REG. NO. 678202, DATED 09-23-2015, EXPIRES
08-25-2025

The mark consists of the wording "DR!VE+" in a stylized font.

SER. NO. 97-830,649, FILED 03-09-2023

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
