United States Patent and Trademark Office

ARKANIA

Reg. No. 7,601,844

Registered Dec. 17, 2024

Corrected Jun. 10, 2025

**Int. Cl.: 6, 7, 8, 9, 10, 12, 13,
16, 20, 28, 35, 37, 38, 40, 42**

Service Mark

Trademark

Principal Register

CYBERGUN (FRANCE Société anonyme)

40 boulevard Henri Sellier

F-92150 SURESNES

FRANCE

CLASS 6: Transportable buildings of metal; buildings of metal, transportable; boxes of common metal; industrial metal packaging containers; containers of metal for storage of goods, liquid and fuel; containers of stainless steel for storage of goods, liquid and fuel; containers of aluminum for storage of goods, liquid and fuel; pressurized containers of metal for storage of goods, liquid and fuel; common metals and alloys thereof; building materials of metal, namely, cladding of metal for building and brackets of metal for building; acoustic panels of metal, namely, building panels of metal incorporating acoustic insulation; materials of metal for railway tracks; non-electric cables and wires of metal; pipes of metal; scaffolding of metal; monuments of non-precious metal; registration plates of metal; wire rope slings

CLASS 7: Machine tools for compacting powder materials, crushing rock; industrial robots for machine tools; automatic cargo handling machines; packaging machines; assembly stations, namely, assembly machines for liquid crystal display devices; elevators; motors and engines other than for land vehicles; machine couplings and transmission components other than for land vehicles; agricultural implements other than hand-operated, namely, coulters, hay balers; agricultural machines, namely, harvesters, threshers; air suction machines for industrial use; woodworking machines, namely, sanding machines, saw-tooth setting, brushing machines, table saw; concrete, pumps; electric hand drills; electric screwdrivers; clippers, namely, plywood clipping machines; bulldozers; grinding machines for tool grinding and internal grinding, wood grinding; centrifugal machines; electric knives; sorting machines for industry, namely, sand sorting machines; saw machines; printing machines for commercial or industrial use; drilling machines

CLASS 8: Hand-operated hand tools and implements, namely, hand-operated abrading instruments and hand-operated air pumps; cutlery, namely, table cutlery and scalers; table forks; spoons being tableware, for tea; side arms, other than firearms, namely, swords, hunting knives; razors; shearers

CLASS 9: Missile test benches for assessing the performance and reliability of missile systems; apparatus and instruments for measuring, sighting and simulation for shooting, namely, sighting telescopes for firearms; measuring and aiming apparatus and instruments for replica weapons for shooting simulation, namely, telescopic gun sights for use with replica and simulated firearms for training purposes; dot sights, namely, telescopic gun sights for firearms and non-telescopic gun sights for firearms; electronic components, namely, optical transmitters, optical receivers, digital transmitters, optical transceivers, optical data links; computers; tablet computers; smartphones; electronic book readers; recorded software for use in database management, use in electronic storage data; downloadable, recorded game software; protective masks, namely, dust

Coke Mogn Smeut

Acting Director of the United States Patent and Trademark Office

protective masks, gas masks; lasers not for medical use; computer monitors and, voice, display monitors; audiovisual apparatus, namely, audiovisual receivers; telecommunication apparatus, namely, modems; electric or electronic control apparatus in the nature of combinations of computer and multiprocessor chips and electric sensors and regulating apparatus in the nature of combinations of computer and multiprocessor chips and electric sensors, all for replica weapons for virtual shooting; computer peripheral devices; carbon dioxide detectors; electric wires; electric relays; clothing for protection against accidents, irradiation and fire; bullet-proof vests; protection devices in the nature of boot covers and gloves for personal use against accidents; fire extinguishers; spectacles; 3D spectacles; virtual reality headsets; eyewear; spectacle cases; mechanisms for coin-operated apparatus; cash registers; calculating machines; downloadable computer software for use as an electronic wallet; diving suits, gloves and masks; bags adapted for laptop computers; smart watches; electric batteries; charging stations for electric vehicles; diagnostic apparatus not for medical use, namely, diagnostic apparatus for testing industrial hardware * ; none of the aforementioned products being for or in relation to software and communication programs for encrypting messages and managing the use of a public key infrastructure (the public key infrastructure being an encryption mechanism generated by a software program) *

CLASS 10: Surgical apparatus and instruments; medical apparatus and instruments for use in treating temporomandibular joint disorder (TMJ), respiratory diseases, rheumatoid arthritis; dental, and veterinary apparatus and instruments for use in treating temporomandibular joint disorder (TMJ), respiratory diseases, rheumatoid arthritis; artificial teeth, eyes, limbs; orthopedic articles, namely, orthopedic bandages, orthopedic belts; suture materials; clothing especially for operating rooms; surgical drapes; massage apparatus; prostheses for breast, hand; artificial implants; armchairs for medical or dental use; bed pans; basins for medical use; special furniture specifically made for medical use; surgical cutlery; orthopedic footwear; walkers for disabled persons, namely, medical walkers

CLASS 12: Vehicles, namely, bicycles, motorcycles, cars, trucks, buses, mobility scooters for disabled people; electric vehicles, namely, cars, bicycles; apparatus for locomotion by land, air, water, namely, passenger carrying automobiles; tractors; mopeds; bicycles; handling carts, off-loading carts; carts; suspension shock absorbers for vehicles; vehicle bodies; anti-skid chains for vehicles; vehicle chassis; vehicle bumpers; sun-blinds adapted for motorized land vehicles; safety belts for vehicle seats; tires

CLASS 13: Firearms; weapons, namely, guns, pistols, rifles, submachine guns and machine guns with projectiles propelled by compressed air, gas or electric motors; weapons, namely, guns, pistols, rifles, submachine guns and machine guns and replica weapons, namely, guns, pistols, rifles, submachine guns and machine guns replicas for shooting simulators in the nature of non-shooting weapons, namely, guns, pistols, rifles, submachine guns and machine guns all for simulating the firing of a projectile for use in shooting simulators; ammunition and projectiles; sights, other than telescopic sights, for firearms; gun cases; explosives; pyrotechnics; firecrackers; fireworks; signal rockets

CLASS 16: Printed manuals, printed reports, printed technical sheets and printed documents in the field of industrial processes; printed instructional or teaching material in the field of operation of tool and industrial equipment; printed newsletters in the field of industry processes; printed pamphlets in the field of industry processes; bookbinding material, namely, bookbinding tape; stationery; adhesives for stationery or household purposes; artists' materials, namely paintbrushes; office requisites except furniture, namely, staplers; printing type; paper; cardboard; boxes made of cardboard or paper; printed posters; coin and event albums; blank note cards; printed books in the field of industrial processes and operation of tool and industrial equipment; printed calendars; writing instruments; engravings or lithographic works of art; paintings, framed or unframed; drawings; drawing instruments; bags of paper or plastic materials for packaging; garbage bags of paper or of plastics

CLASS 20: Packaging containers of plastic; composite packaging containers, not of metal, namely, composite packaging of plastic; boxes and cases of wood or plastic; packaging containers of plastic materials; furniture; mirrors; picture frames; works of art

made of wood, wax, plaster or plastic materials; cushions; shelves; armchairs; seats; mattresses; plate racks; boxes of wood

CLASS 28: Scale model vehicles and aircraft; toy guns, toy pistols, toy rifles, toy submachine guns and toy machines guns, toy model vehicles, toy aircraft, toy guns, toy pistols, toy rifles, toy submachine guns and toy machines guns and replica toy weapons; toy pistols; toy air pistols; toy models, namely, guns, pistols, rifles, submachine guns and machines guns; projectiles for toy model and replica weapons, namely, BBs; marbles for games; ammunition for paintball guns; toy pistols; replicas of explosives, namely, toy explosive grenades; models, namely, toy guns, toy pistols, toy rifles, toy submachine guns and toy machines guns and replicas of weapons, namely, toy guns, toy pistols, toy rifles, toy submachine guns and toy machines guns for virtual shooting, for use with a target, for use with an electronic display device; paintball guns; targets; electronic targets; clay pigeons; clay pigeon traps; caps for toy pistols; percussion caps being toys; toys, namely, detonating caps; spare parts for model and replica toy weapons, namely, replacement parts therefor; camouflage screens; nets for sports; toy figurines; dolls; games, namely, darts and game apparatus, namely, other than those designed for use with an external display screen or monitor; baseballs, bowling gloves; protective padding for playing boxing, airsoft, paintball; toys, namely, guns; controllers for game consoles; artificial Christmas trees; appliances for gymnastics; fishing tackle; balls for games; billiard tables, cues and balls; card games, parlor games; sailboards; surfboards; rackets; snowshoes; skis; robots as toys; apparatus for games, namely, toy sights designed for use with replica toy weapons for virtual shooting; electronic game apparatus adapted for use with an external display screen or monitor

CLASS 35: Advertising services; commercial business management; commercial administration of the licensing of the goods and services of others; providing office functions; business management and organization consultancy; company audits services, namely, business auditing; organizing and conducting trade show, special events for commercial purposes; organization and conducting of exhibitions for commercial or advertising purposes; retail or wholesale store services featuring hardware, machine tools, tools, simulators for shooting, scientific, electronic, computer or technology apparatus, electric or electronic components, surgical or medical apparatus and instruments, vehicles, handling carts, unloading carts, carts, vehicle parts and components, handling carts, unloading carts, carts, weapons, printed products, manuals, reports, technical sheets and documentation, containers of metal or not of metal, scale models, model and replica toy weapons, projectiles and ammunition for model and replica toy weapons; mail order or online retail store services and, wholesale store services featuring hardware, machine tools, tools, simulators for shooting, scientific, electronic, technological or computer apparatus, electric or electronic components, surgical or medical apparatus and instruments, vehicles, handling carts, off-loading carts, carts, vehicle parts and components, handling carts, off-loading carts, carts, weapons, printed products, manuals, reports, technical sheets and documentation, containers of metal or not of metal, scale models, model and replica toy weapons, projectiles and ammunition for model and replica toy weapons; dissemination of advertising material; arranging newspaper subscription services for third parties; arranging subscriptions to telecommunication services for others; accounting services; photocopying services; employment agency services; business management for freelance service providers; computerized file management services; traffic optimization for websites; online advertising on a computer network; rental of advertising time on all communication media; publication of advertising texts; rental of advertising space; dissemination of advertisements; advice regarding communication, namely, advertising services; public relations; advice regarding communication, namely, public relations services

CLASS 37: Providing information and advice with respect to building construction; construction consultancy; building construction supervision; machine installation, maintenance and repair; installation and maintenance of missile test benches, measuring, aiming or shooting simulation apparatus and instruments, scientific, electronic and technological apparatus and instruments in the nature of chips and sensors, medical apparatus and instruments, weapons and replica weapons; breakdown assistance in the nature of missile test benches, measuring, aiming or shooting simulation apparatus and

instruments, scientific, electronic and technological apparatus and instruments in the nature of chips and sensors, vehicles, handling carts, off-loading carts, carts, machine tools, industrial tools, medical apparatus and instruments, weapons and replica weapons; rental of construction equipment; Rental of machine tools; masonry; plastering; plumbing; roofing services; installation of building insulation services; demolition of buildings; cleaning of building interior surfaces; cleaning of building exterior surfaces; window cleaning; vehicle cleaning; disinfecting of office buildings, airplanes, industrial machine-tools for others; retreading of tires; repair of tires by vulcanization; office machine and equipment installation, maintenance and repair; installation, maintenance and repair of computer hardware; maintenance and repair of timepieces and chronometric instruments; repair of locks; furniture restoration; shipbuilding

CLASS 38: Telecommunications services, namely, leasing of telecommunication lines; providing information with respect to telecommunications; communications by computer terminals; communications by fiber-optic networks; communications by radio or telephone; cellular telephone communication; providing user access to global computer networks; providing forums online; providing access to databases; electronic bulletin board services; Providing connections by telecommunications to a global computer network; news agencies, namely, the transmission of news items to news reporting organizations; news agencies for electronic transmission; rental of telecommunication apparatus; radio broadcasting; television broadcasting; teleconferencing and video conferencing services; electronic messaging services; rental of access time to global computer networks * ; none of the aforementioned services being for or in relation to software and communication programs for encrypting messages and managing the use of a public key infrastructure (the public key infrastructure being an encryption mechanism generated by a software program) *

CLASS 40: Treatment of materials by means of laser beams, and cryogenic processing; welding glass, polishing glass, grinding, sawmill planing, sawing services, and cutting of cloth, fabric, textiles, metals; refining services, namely, fuel refining; galvanizing; tin plating; Treatment of materials by vulcanization; glass blowing; boiler making; decontamination of hazardous materials; sorting of waste and recyclable raw material; waste treatment; recycling of trash and waste; providing information with respect to treatment of materials; printing house services in the nature of printing services; gilding services; cloth, textiles dyeing services; textile treatment in the nature of mothproofing; air purification; production of energy; photographic printing; photographic film development; silkscreen printing

CLASS 42: Research and development of new products for * third parties * [others] ; conducting of technical project studies, namely, conducting scientific feasibility studies; technical * assessments * [evaluations] concerning design, namely, engineering design services; energy auditing; design of computers for third parties; software design; software development; software development and design; software installation; software maintenance; updating of software; software rental for shooting simulations; computer programming; computer system analysis; computer system design; consultant services with respect to computer hardware design and development; digitization of documents; Software as a Service (SaaS) featuring software for use in database management, for service desk management, for accounting; advice regarding information technology; server hosting; motor vehicle roadworthiness testing; graphic arts design services; styling, namely, interior styling services; industrial design services; electronic data storage; architectural services * ; none of the aforementioned services being for or in relation to software and communication programs for encrypting messages and managing the use of a public key infrastructure (the public key infrastructure being an encryption mechanism generated by a software program) *

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 12-09-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1704245 DATED 06-09-2022, EXPIRES 06-09-2032

The wording ARKANIA has no meaning in a foreign language.

SER. NO. 79-358,839, FILED 06-09-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
