**Reg. No. 3,550,317**

**Registered Dec. 23, 2008**

**Corrected Jul. 08, 2025**

**Int. Cl.: 7, 9, 11**

**Trademark**

**Principal Register**

E.G.O. Elektro-Gerätebau GmbH (GERMANY)  
Blanc-und-Fischer-Platz 1-3  
75038 Oberderdingen  
GERMANY

CLASS 7: Household machines, namely, electric mixers for beverages; household appliances, namely, electric cookware and bakeware, namely, food processors and mixers; appliances, namely, clothes washing machines, dishwashers; electric clothing pressing machines; dry-cleaning machines; paper coating and cutting machines; replacement parts for the aforementioned goods

CLASS 9: Apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electric current for use with household appliances and in commercial kitchens and for professional laundries, namely, foil and tubular elements, namely, circuits for heat and electricity conduction, voltage regulators, potentiometers, thermal sensors, electronic components, namely, digital transmitters and optical data links; electrical, electronic and mechanical switches, electronic controls for motors, water heater controls, charging appliances for rechargeable equipment, all for controlling, supervising, limiting, and regulating power, time, liquid level, sound level and temperature for electrical devices and apparatus for warming, cooking, baking, grilling, deep frying, infusion of beverages, heating, ironing, washing, drying, dishwashing, ventilating, air conditioning, cooling, water heating, temperature adjusters for the motor vehicle industry, namely, automotive measuring instruments in the form of water temperature gauges and exhaust gas temperature gauges, temperature indicators and sensors; climate control systems consisting of digital thermostats, air conditioning, heating, ventilation and drying control devices; thermostats; electric control panels for household appliances and household machines, namely, system control panels for ovens, washers and dryers, freezers; markers for the position of control elements, namely, electronic indicator boards; optical and acoustical indicators, namely, electric luminescent display panels and liquid crystal displays for indicating set time and power, indicating working state and function, working conditions, working state and indication of functionability; attenuators; electric current switches; proximity switches, namely, electronic motion sensitive switches and proximity sensors; opto-couplers, namely,

*Coke Mogn Smeut*

Acting Director of the United States Patent and Trademark Office

charged coupling devices; sensors, electronic data relays for sensors, namely, thermo-relays; decision circuits, namely, delay circuits; electric resistors, namely, thick film resistors; frequency meters and switches, namely, high frequency filters and low frequency filters, and a programmable logic controller with output features for digital devices, namely, amplifiers; plug-in attachments, namely, electrical resistance heating wires and electrical controllers therefor; temperature, pressure, and proximity sensors comprised of immersion tubes and protecting tubes for sensors; replacement materials and replacement parts for the aforementioned products, namely, plastic conduit for electrical installation, appliance electric plugs and sockets for heaters, binding posts, connecting pieces, insulated electrical wiring, resistors, optical and acoustical indicators

CLASS 11: Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, electrical hot plates, induction heating system comprised of heating rods, heating rings and radiators; gas and electric stoves, electrical hot plates, heating element inserts for electric stoves, electric toasters, electric warming plates, electric pressure cookers, electric egg cookers, electric baking ovens, electric deep fryers, hot water heaters, electric coffee and tea makers for commercial and domestic use, automatic bread bakers for domestic use, instantaneous hot water heaters, through flow hot water heaters; electric tubular radiators and electric flat tube radiators for heating buildings; heating cartridges, namely, for portable thermoelectric cooling and heating unit for food and beverages; foil heating systems and surface heating systems comprised of electric heaters with heating elements made up of thin metal foil, thick film resistors, thick film heating elements; catalytic reheaters, namely, inserts for appliances for cooking, baking, heating, ventilating, and electrical boiling apparatus for making rice and beverages; electrical heating devices for industrial and household purposes, namely, space heaters, drying stoves and heating stoves and heating apparatus for galvanic baths and other baths, heating radiators for the heating of buildings, heat exchangers; grill and deep frying devices, namely, deep fat fryers, electric grills, barbecue grills; power indicator lamps sold as parts of electric cooking and heating devices; replacement parts for the aforementioned products

OWNER OF U.S. REG. NO. 650824, 1158878, 1143165, 1869209, 2481099, 2481100

PRIORITY DATE OF 05-18-2004 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 0858681 DATED 11-18-2004, EXPIRES 11-18-2034

SER. NO. 79-014,150, FILED 11-18-2004

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.**

**NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.**
