SENSIMO

Reg. No. 7,636,492

Registered Jan. 07, 2025

Corrected Jul. 15, 2025

Int. Cl.: 9, 10, 42, 44

Service Mark

Trademark

Principal Register

Uman Sense AB (SWEDEN LIMITED LIABILITY COMPANY)
Medicon Village,
Scheeleorget 1 SE-223 81 Lund
SWEDEN

CLASS 9: Downloadable and recorded software for application management and integration, document management and integration, and database management and integration, and for creating searchable databases of information and data; downloadable and recorded medical software for controlling and managing patients and patient medical information; downloadable and recorded software for health monitoring and for the detection of stroke; downloadable and recorded software for health monitoring and for the detection of stroke to be used within the field of sensors and alarms for discovery of illness or injury; downloadable and recorded software to be used for patient health monitoring within the field of medical apparatus and instruments * , namely software to be used in bracelets for medical purposes, for calling for help in case of illness or injury, and for monitoring of patients, and monitoring and tracking the rehabilitation of patients * ; downloadable and recorded software to be used * in bracelets for personal use for calling for help in case of illness or injury, for monitoring of patients, and for monitoring and tracking the rehabilitation of patients * [within the field of sensors and alarms for calling for help in case of illness or injury;] downloadable and recorded software to be used * in bracelets for personal use * [within the field of sensors and alarms] for discovery of illness or injury; downloadable and recorded application software for * mobile phones for indicating stroke symptoms, stroke detection and rescue, and rehabilitation * [patient health monitoring for mobile phones; downloadable and recorded application software for cloud computing services for patient health monitoring;] downloadable and recorded application software for * wireless devices in the field of indicating stroke symptoms, stroke detection and rehabilitation; sensors and detectors, namely a personal bracelet system for indicating stroke symptoms, stroke detection and rehabilitation; * alarm sensors * for personal alarm apparatus, devices and systems; * electric * alarms for personal alarms and alarm systems * [alarm bells

CLASS 10: Medical apparatus and instruments, namely, wearable bracelets for medical purposes for calling for help in case of illness or injury * , and for monitoring of patients, and monitoring and tracking the rehabilitation of patients; measuring devices for medical use, namely a device consisting of bracelets for personal use in the field of indicating stroke symptoms, stroke detection and rehabilitation, monitoring of patients, monitoring and tracking the rehabilitation of patients; monitoring sensors and alarms integrated into bracelets for personal use in case of risk of stroke in the field of indicating stroke symptoms, stroke detection and rehabilitation, monitoring of patients, monitoring and tracking the rehabilitation of patients; sensors and alarms integrated into bracelets for personal use for calling for help in case of stroke in the field of indicating stroke symptoms, stroke detection and rehabilitation, monitoring of patients, monitoring and tracking the rehabilitation of patients * [wearable bracelets for monitoring vital signs of patients for medical purposes; wearable bracelets for medical purposes for monitoring and tracking the rehabilitation of patients, and wearable bracelets for medical purposes

Coke Mogn Smeist

Acting Director of the United States Patent and Trademark Office

for health monitoring and the detection of stroke; diagnostic apparatus for medical purposes, namely, medical diagnostic apparatus for testing for stroke and providing indication of an early stroke; measuring devices for medical use, namely, wearable monitors and meters used to measure biometric data for medical use, and wearable monitors used to measure biometric data for detecting and measuring stroke; patient monitoring sensors and alarms, namely, apparatus for indication of stroke; patient monitoring sensors and alarms, namely, monitoring sensors and alarms in case of risk of stroke; patient monitoring sensors and alarms, namely, sensors and alarms for calling for help in case of stroke]

CLASS 42: : Computer programming in the medical field * , namely for communication systems for physical bracelets for indicating stroke symptoms, stroke detection and rehabilitation; * design and development of medical technology * , namely, physical bracelets for indicating stroke symptoms, stroke detection and rehabilitation; * design and development of medical diagnostic apparatus * , namely, physical bracelets for indicating stroke symptoms, stroke detection and rehabilitation; * software design and development * , namely, software for physical bracelets for indicating stroke symptoms, stroke detection and rehabilitation *

CLASS 44: : [Medical services;] medical equipment rental; * medical equipment rental, namely rental of bracelets for personal use for indicating stroke symptoms, stroke detection or rehabilitation; * medical information services provided via the internet; physical rehabilitation * by means of physical bracelets; * medical alarm monitoring services, namely, monitoring of patients; medical services, namely, monitoring and tracking the rehabilitation of patients; health counselling; dietary and nutritional guidance

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 06-17-2022 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1707655 DATED 12-15-2022, EXPIRES 12-15-2032

SER. NO. 79-360,326, FILED 12-15-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
