AI BODY

Reg. No. 7,605,475

Registered Dec. 17, 2024

Corrected Jul. 15, 2025

Int. Cl.: 9, 41, 42

Service Mark

Trademark

Principal Register

AIBODY.IO Limited (UNITED KINGDOM limited company (Ltd.))
2-4 Sampson Street
London, UNITED KINGDOM E1W1NA

CLASS 9: Downloadable computer software for managing files in the fields of healthcare and digital physiology; downloadable computer software platforms for application development; downloadable computer software for creating avatars and digital representations of the human body for use in the fields of healthcare and medical research; downloadable computer software using Artificial Intelligence (AI) in the fields healthcare and medical research for creating a digital replication of a patient's heart; downloadable computer software using Artificial Intelligence (AI) in the fields healthcare and medical research for creating a digital replication of a patient's heart based on a 2-dimensional transthoracic echocardiogram; downloadable computer software using Artificial Intelligence (AI) in the field of digital physiology for creating avatars and digital representations of the human body; downloadable machine learning software for creating avatars and digital representations of the human body for use in the field of medical services; downloadable machine learning software for creating avatars and digital representations of the human body for the purposes of wellness guidance and medical research in the field of healthcare; downloadable machine learning software for creating avatars and digital representations of the human body in the field of digital physiology; downloadable simulation software for creating computer simulations of medical procedures; downloadable training software for creating medical training programs; downloadable software for simulating the human body for use by medical professionals, students and institutions; downloadable software for training featuring interactive and simulated medical training modules, virtual patient scenarios, medical case studies and AI-driven medical simulations; downloadable software for performing data analytics and performance evaluation in the field of medical training; downloadable software for creating virtual patient cases, medical procedures, and surgeries; downloadable software for simulating medical scenarios and emergency situations; downloadable software for viewing and creating virtual reality (VR) and augmented reality (AR) medical simulations; downloadable software for simulating patient interactions, medical diagnoses, and treatment planning using artificial intelligence; downloadable databases in the field of healthcare and digital physiology; downloadable interactive databases in the field of healthcare and digital physiology; downloadable electronic books, journals, manuals and magazines in the field of healthcare and digital physiology

CLASS 41: Educational services, namely, conducting classes, seminars, conferences and workshops in the field of healthcare and digital physiology; training services in the field

Coke Moya-Snead

Acting Director of the United States Patent and Trademark Office

of healthcare and digital physiology; training services in the field of healthcare and digital physiology for medical and healthcare professionals; training services in the field of healthcare and digital physiology provided via simulators; education services, namely, conducting classes, seminars, conferences and workshops in the field of medical services; education services, namely, conducting classes, seminars, conferences and workshops in the field of healthcare; conducting educational support courses in the field of healthcare and digital physiology for medical and healthcare professionals; provision of training courses in the field of healthcare and digital physiology; arranging and conducting of colloquiums, conferences, congresses, seminars, symposiums and workshops in the field of healthcare and digital physiology; providing educational content and materials, namely, online non-downloadable instructional videos, e-learning modules in the nature of online courses, and online non-downloadable educational publications in the nature of books, journals and magazines in the field of medical education and training; publication of online books, journals and magazines; providing online non-downloadable electronic publications in the nature of books, journals, manuals and magazines in the field of healthcare and digital physiology; information, consultancy and advisory services in relation to the aforesaid services

CLASS 42: Scientific and technological services and research and design relating thereto, namely, scientific laboratory services; design and development of computer hardware, software, and computer software platforms; installation, maintenance, and updating of computer software and computer software platforms; design, development, installation, maintenance and updating of computer software for medical simulation; database development services; maintenance of database systems; software as a service (SaaS) services featuring software for creating training materials for educational purposes in the field of medical education and training; platform as a service (PaaS) featuring computer software platforms for creating training materials for educational purposes in the field of medical education and training; information technology services for the medical and healthcare industries, namely, providing technology information in the field of medical education and training; medical research; consultancy in the field of artificial intelligence technology; research in the field of artificial intelligence technology; information, consultancy and advisory services in relation to the aforesaid services

PRIORITY CLAIMED UNDER SEC. 44(D) ON UNITED KINGDOM APPLICATION NO. UK00003967367, FILED 10-13-2023, REG. NO. UK00003967367, DATED 01-05-2024, EXPIRES 10-13-2033

The mark consists of the stylized wording "AI BODY".

No claim is made to the exclusive right to use the following apart from the mark as shown: AI

SER. NO. 98-227,013, FILED 10-17-2023

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
